

SUPPORTING STATEMENT – PART A

Physician Certificate for Child Annuitant – 0730-0011

A. JUSTIFICATION

1. Need for the Information Collection

10 U.S.C., “Armed Forces,” sections 1435, “Eligible Beneficiaries,” and 1447, “Definitions,” gives the Defense Finance and Accounting Service (DFAS) the authority to offer the Survivor Benefit Plan (SBP) and the Retired Serviceman’s Family Protection Plan (RSFPP), which provides for the coverage of children who are unmarried and incapable of self-support because of mental and/or physical incapacitation. In accordance with DoD Financial Management Regulation (FMR), Volume 7B, Chapter 46, “Survivor Benefit Plan – Annuity Amount and Offsets,” states that a medical certification must be submitted to DFAS every two years for an incapacitated child over 18 years of age; unless medical prognosis indicates the disability is permanent.

2. Use of the Information

The DD Form 2828, “Physician Certificate for Child Annuitant,” is required bi-annually for re-certification of annuitants that were originally determined to have a “temporary” incapacitation. The system generates the form and is mailed to the trustee or guardian of incapacitated child annuitant. The trustee or guardian is required to complete their part of the form and to obtain certification from the physician indicating that the temporary incapacitation is still valid. If form is not completed fully, a request is sent to the trustee or guardian of incapacitated child annuitant, along with the original form. This request is being submitted as part of the submission package. The trustee or guardian returns the completed form by mail to address indicated on form. DFAS reviews form to determine continued eligibility or cancellation of annuity. Technician annotates that form was received, updates disability status and when the next update is required. The form is then archived into the Retired and Annuitant Pay Information DRAS (RAPID) imaging system. If form is not returned, with physician certification, the annuity payment is suspended.

The form is available on both the DoD Forms website (<http://www.dtic.mil/whs/directives/forms/index.htm>) and the DFAS website (www.dfas.mil). The Privacy Act Statement and Agency Disclosure Notice are available to the respondent on the form.

3. Use of Information Technology

0% electronic submissions are received. This is a bi-annual re-certification of an incapacitated annuitant and requires the wet signatures of respondents. DD Form 2828 is available in fillable PDF format from the DoD Forms Repository. Respondents may complete the form online, print and mail the completed form for processing.

4. Non-duplication

The information obtained through this collection is unique and is not already available for use or adaptation from another cleared source.

5. Burden on Small Business

This information collection does not impose a significant economic impact on a substantial number of small business or entities.

6. Less Frequent Collection

If DFAS does not receive the information, entitlement is discontinued. The requirement to complete the form ensures and helps alleviate the opportunity for fraud and abuse of member benefits.

7. Paperwork Reduction Act Guidelines

This collection of information does not require collection to be conducted in a manner inconsistent with the guidelines delineated in 5 CFR 1320.5(d)(2).
