

Accreditation of Third Party Certification Bodies
to Conduct Food Safety Audits and Issue Certifications

OMB Control No. 0910-0750
Request for Non-substantive Change to Collection

As contemplated and discussed in its final rule, *Accreditation of Third-Party Certification Bodies to Conduct Food Safety Audits and To issue Certifications* (80 FR 74570), FDA has developed an electronic system for implementation of its Third Party Certification program. To minimize burden and increase efficiency, a standardized format has been created for respondents to provide the information authorized under this collection. Accordingly we are providing screenshots of the system interface for OMB approval.
