National Center for Health Statistics
3311 Toledo Road
Hyattsville, Maryland 20782

Thank You

I want to personally thank you for helping us to construct a listing of licensed assisted living and similar residential care communities in your state. It is only through the cooperation of state officials like you that we are able to create a national list to be used in an important national survey across long-term care settings, the National Post-Acute and Long-Term Care Study (NPALS) formerly known as the National Study of Long Term Care Providers or NSLTCP. NPALS's findings will be an invaluable source of information for health care professionals, post-acute and long-term care providers, policymakers, researchers, and the general public.

Again, I appreciate the time and effort you have given in support of this study.

Sincerely,

Jennifer Madans, PhD
Acting Director, National Center for
Health Statistics
