

CHANGE OF OWNERSHIP - CONTRACT SUPPLIER NOTIFICATION FORM - 60 Day Notice

Per Article VI of the DMEPOS competitive bidding contract and §414.422(d)(1), a contract supplier is obligated to notify the Centers for Medicare & Medicaid Services (CMS) at least 60 calendar days before the anticipated date of a change of ownership (CHOW). Failure to notify CMS may result in a breach of contract.

The contracting supplier must also complete the Change of Ownership Purchaser form and submit it to the Competitive Bidding Implementation Contractor (CBIC) along with other required documents at least 30 calendar days prior to the effective date of the CHOW. There are two exceptions to this requirement. One is when a contract supplier is purchasing a non-contract supplier and the contract supplier continues to exist and remains the supplier performing under the competitive bidding contract. The other exception is a stock transfer where the business continues to exist and operate as before the sale of stock. In these situations, the contract supplier must notify the Competitive Bidding Implementation Contractor (CBIC) by mailing or faxing all pertinent information regarding the transaction. The seller must include all information sent to the National Supplier Clearinghouse (NSC), as well as any additional information necessary for assessing the impact to the seller's contract (e.g., any requests to add/remove supplier locations on the contract). The contract supplier should complete the Contract Supplier Change of Location/Information Update form if necessary to add or remove locations from the contract.
