# Event descriptions (1)

| #  | Event   | Explanation   |
|----|---|---|
| 1  | GR code added to SSI record                         | SSA received an electronic notification of receipt or a paper copy of an IA authorization from your agency and added your agency's GR Code to the related SSI claim record.   |
| 2  | SSI claim denied                                    | SSA determined the claimant is not eligible for SSI benefits.   |
| 3  | GR code added – SSI record showing a denial         | SSA received an electronic notification of receipt or a paper copy of an IA authorization from your agency and added your agency's GR Code to the related SSI claim. SSA has already determined the claimant is not eligible for SSI benefits.  |
| 4  | No retroactive payments available for IAR           | SSA determined the person is eligible for SSI. Also, SSA determined no retroactive amount is available for IA reimbursement.  |
| 5  | GR code deleted from SSI record                     | SSA removed your agency's GR code from the SSI pending record because SSA erroneously recorded your agency's GR code.   |
| 6  | Changed from {0}                                    | SSA added your agency's GR Code to a SSI pending record and removed another agency's GR Code because SSA recorded the wrong GR code.  |
| 7  | Ineligible for IAR – GR code not reported timely    | SSA received an electronic notification of receipt or a paper copy of the IA Authorization for this SSI claim later than the 30-calendar-day deadline. Because your agency missed the deadline, your agency is not eligible for Interim Assistance reimbursement.   |
| 8  | Appeal filed  | SSA determined the claimant was not eligible for SSI benefits and the claimant has appealed SSA's denial determination.   |
| 9  | Unfavorable appeal decision                         | The SSI claimant appealed SSA's denial determination and SSA upheld on appeal the original denial determination.  |
| 10 | SSI making presumptive disability or blind payments | The SSI record shows this claimant is receiving payments based on the strong likelihood that the claim will be allowed. The payments are made prior to SSA's final determination of eligibility and are payable for up to 6 months. The payments are not used to determine the amount of IA reimbursement. Click on the communication description hyperlink for more information on presumptive payments. |

| #  | Event  | Explanation   |
|----|--|---|
| 11 | SSI record terminated                                    | SSA closed the SSI claim for this person on this record. Usually, the reason is that the person is no longer eligible for SSI benefits.   |
| 12 | Claimant's name has changed on SSI record                | SSA changed the person's name on the person's SSI claim. Either an error was recorded in the name or the person legally changed his/her name.   |
| 13 | Changed to {0}   | SSA replaced your agency's GR code with another agency's GR Code because SSA erroneously recorded your agency's GR Code.  |
| 14 | GR code added – SSI record showing appeal filed          | SSA determined the claimant was not eligible for SSI benefits and the claimant has appealed SSA's denial determination.   |
| 15 | SSI awarded – case review pending                        | SSA determined the person is eligible for SSI. However, SSA must review the case to determine how to distribute the retroactive SSI payments due on the claim. If SSA determines retroactive SSI money remains to reimburse the State, SSA will notify your agency requesting the amount of any IA paid.  |
| 16 | SSI case awarded – Request for IA payments State paid    | SSA determined the person is eligible for SSI. SSA will send a notification to your agency requesting any IA paid.  |
| 17 | SSI case reinstated – Request for IA payments State paid | SSA determined the person is eligible for SSI. SSA will send a notification to your agency requesting the amount of any IA paid.  |
| 18 | GR code added – SSI record showing appeal denied         | SSA received an electronic notification of receipt or a paper copy of the IA authorization from your agency and added your agency's GR Code to the related SSI record. The SSI record shows the claimant appealed SSA's denial determination and SSA upheld on appeal the original denial determination.  |
| 19 | GR code added – SSI making presumptive payments          | SSA received an electronic notification of receipt or a paper copy of the IA authorization from your agency. SSA added your agency's GR Code to the related SSI claim. The SSI record shows this claimant is receiving payments based on the strong likelihood that the claim will be allowed. The payments are made prior to SSA's final determination of eligibility and are payable for up to 6 months. | 20 | Ineligible for IAR – IA payments not reported timely | SSA received an electronic notification of receipt or a paper copy of the IA Authorization for this SSI claim later than the 30-calendar-day deadline. Because your agency missed the deadline, your agency is not eligible for Interim Assistance reimbursement. |
| 21 | { \$9,999.99 } in IA reimbursement paid              | SSA has paid the appropriate amount of the IAR to the agency.   |
| 22 | No IA due to state                                   | There are no agency IA payments during the IAR period or there is no reimbursement amount computed and due the agency.  |
| 23 | Claimant's SSN has changed on SSI record             | SSA changed the person's name on the person's SSI claim. Either an error was recorded in the name or the person legally changed his/her name.   |
| 24 | IAR payment returned to SSA                          | SSA paid the IAR amount to the agency, but for some reason, the amount was returned to SSA, usually by the agency's financial institution.  |
| 25 | State sent IA payment amount to SSA                  | The agency sent to SSA the monthly IA payment amount paid to the recipient.   |

### REQUIRED STATE ACTIONS

Complete the screen, "Enter IA Payments Made" by entering the amount of IA you paid for each listed month.

### THINGS TO REMEMBER REGARDING YOUR AMOUNT OF REIMBURSEMENT

- Federally Reimbursable Interim Assistance (IA) is assistance from state or local funds to an individual for meeting basic needs during the period (1) beginning with the first month for which such individual received an SSI dollar amount payment; or, (2) beginning with the first day for which the individual's benefits were suspended or terminated, if the individual is subsequently found to be eligible for such payments, and is paid an SSI dollar amount. Both periods end with (and include) the month the recurring payment is made.
- You may be reimbursed the assistance you paid for any month in a period as defined above for which both SSI and IA payments were made. You may not be reimbursed for any months prior to the month in which you began paying IA in this period. If a month is not listed on the screen "Enter IA Payments Made" you cannot be reimbursed for the assistance you paid for that month. If you have prepared and cannot stop delivery of the last assistance payment that you made to the individual when you received the request to report your IA payments for the individual, you may be reimbursed for that assistance payment as long as it is for a listed month.
- In cases where SSI payments are prorated, the amount you recover for that month will be prorated. You will only be reimbursed the prorated amount for the full IA payable for the month. You cannot be paid the difference between the IA prorated amount and the full IA amount from any other month in the IA period.
- Assistance payments financed in whole or part from Federal funds (e.g. TANF) do not come within the meaning of interim assistance.
- You must complete and submit the information on the screen, "Enter IA Payments Made" within 25 working days to be eligible for reimbursement. If this information is not received timely, SSA will release back payments due the SSI individual based on SSA rules. The Social Security Administration (SSA) will not reimburse you for the IA assistance you paid.
