Dear [CENTER DIRECTOR NAME]:

We are excited to inform you that your center, along with others in [ENTER PROGRAM NAME], has been randomly selected to participate in the Classroom, Family and Child component of the Migrant and Seasonal Head Start (MSHS) Study!

This important nationally representative study is designed to describe the characteristics and experiences of the children and families who enroll in MSHS as well as MSHS programs and services. Your participation is important to the study's success and to helping MSHS to better serve the needs of children and families in the future.

The study is funded by the Administration for Children and Families within the U.S. Department of Health and Human Services. Abt Associates and its partners, The Catholic University of America and Westat, are conducting the study.

Onsite study activities at each selected center will last 4-5 days between spring 2017 and spring 2018. (Please see the enclosed Overview of MSHS Study Activities.) Centers that agree to participate in the onsite data collection will receive an honorarium of \$250.

During the onsite visit, the Westat team will conduct teacher and assistant teacher surveys, in-person interviews, child assessments, and classroom observations. As a thank you for their time, teachers, assistant teachers and families will be provided pre-paid gift cards. Children will receive a small toy. To help facilitate the process, we will ask you to select an onsite coordinator to work with the MSHS Study team's site supervisor to help with the recruitment of families and to schedule the study activities during the site visit. Onsite coordinators will be given a monetary incentive as well.

Your center's participation in this study is voluntary. Information that you, your staff, the parents and the children provide will be kept private to the extent permitted by law.

Please see the enclosed list of frequently asked questions for additional information on the MSHS Study, including information on monetary compensation for participants' time. We have also included a diagram that provides an overview of the MSHS Study activities.

We would like to **schedule a phone call** to provide more information about what participation would mean for your center, and to talk through any questions you might have. We will contact

you in the next week to set up a call. Please respond to this email or contact us toll-free at **XXX-XXX-XXXX** with a few times that work for you, and our team will schedule this call.

We look forward to working with you! Thank you in advance for your help with this important study!

Sincerely,

Linda Caswell, Ed.D.  
MSHS Study Director, Abt Associates
