B2	Jurisdiction	<p>Identify jurisdiction (US State, the District of Columbia, or US Territory) for which information is provided. Make a separate copy of this worksheet for each jurisdiction in which premium is earned.</p> <p>Premium should be allocated in the same fashion that it is for state reporting and premium tax purposes. Accordingly, coverage written on a non-admitted, surplus lines basis may be allocated in full to the home state of the policyholder, as defined by the Nonadmitted and Reinsurance Reform Act. This allocation approach should be followed in the other worksheets as well where information is sought concerning premium and exposures by jurisdiction, except in the case of the Geographic Exposures worksheet, which seeks information based upon where the exposures identified are located, regardless of the manner in which the premium may have been allocated.</p>

B7-B18	TRIP-Eligible Line of Coverage	<p>Commercial Lines of Insurance subject to TRIP, as per 31 CFR 50.4(w).</p> <p>These differ for purposes of state regulatory reporting on the NAIC Exhibit of Premiums and Losses (commonly known as Statutory Page 14) as follows:</p> <ul style="list-style-type: none"> • Allied Lines (Line 2.1) should not include Federal crop insurance or any other type of crop insurance privately issued or reinsured. • The figures for Workers' Compensation (Line 16) should not include Excess Workers' Compensation (identified as sub-type of insurance 16.003 on the NAIC's Uniform Property & Casualty Product Coding Matrix and otherwise reported under Line 17.3). Report Excess Workers' Compensation Premium separately as indicated. • Other Liability (Line 17) should not include Professional Errors and Omissions Liability Insurance [see 31 CFR 50.4(t)] or Excess Workers' Compensation Premium, which is entered separately as noted above. • Notwithstanding the provisions of 31 CFR 50.33, for purposes of this collection reporting insurers do not need to make the premium adjustments in connection with residual market mechanisms provided for under that rule.
C7-C18	NAIC Line (Commercial Only)	Line of Insurance number as used for state regulatory reporting purposes on the NAIC Exhibit of Premiums and Losses (commonly known as Statutory Page 14).

D7-D18	Total 2016 TRIP-Eligible DEP (all policies)	<p>Total direct earned premium (DEP) for 2016 charged for the lines in question. Generally, DEP figures are to be reported for purposes of this Worksheet as they are reported for state regulatory purposes (on Statutory Page 14), subject to the adjustments to the NAIC Line descriptions identified in connection with the instructions for Column B. To the extent an insurer does not use Statutory Page 14 for purposes of state regulatory reporting, the insurer should seek to allocate its direct earned premium in a fashion consistent with the categories identified in Column B that are derived, as modified, from Statutory Page 14, for purposes of completing these worksheets. In addition, DEP should be included in the calculations for all Worksheets only to the extent that commercial property and casualty coverage is issued for losses at the following locations: (1) Within the United States; (2) In the case of an air carrier (as defined in section 40102 of title 49, United States Code), or a United States flag vessel (or a vessel based principally in the United States, on which United States income tax is paid and whose insurance coverage is subject to regulation in the United States), losses occurring anywhere; and (3) At the premises of any United States mission.</p> <p>The figures reported in this column will be the sum of the respective figures in Columns E-G. All information in this column as well as in the following columns should be reported, by jurisdiction, on a consolidated insurer group basis, unless reporting for a single insurer.</p>
E7-E18	Total 2016 TRIP-Eligible DEP when Terrorism Risk Coverage Not Purchased	Total DEP for 2016 charged for the line in question under policies when Terrorism Risk Coverage was not purchased by the policyholder.
F7-F18	Total 2016 TRIP-Eligible DEP when Terrorism Risk Coverage Provided for Disclosed \$0 Charge	Total DEP for 2016 charged for the line in question under policies when Terrorism Risk Coverage was provided by the insurer to the policyholder for a disclosed \$0 charge.
G7-G18	Total 2016 TRIP-Eligible DEP when Terrorism Risk Coverage Premium Charged	Total DEP for 2016 charged for the line in question under policies when Terrorism Risk Coverage was provided by the insurer to the policyholder for a disclosed non-\$0 charge.
H7-H18	Total 2016 Disclosed Terrorism Risk Coverage DEP Charged	Amount of the 2016 terrorism risk DEP charged as a component of the TRIP-Eligible DEP figure in Column G.
B21	All disclosed terrorism risk premium collected in all TRIP-eligible lines, 2003-2016	Provide the total terrorism risk DEP collected in all TRIP-eligible lines for all years from 2003 through 2016, combined. B22	Years provided in C21 if not fully available for 2003-2016	If data is not available for all years (or the insurer was not writing TRIP-eligible coverage in all years), indicate the years covered by the figure that is provided (using four-digit years separated with a hyphen -- e.g., 2010-2016).
B23	Total 2015 TRIP-eligible DEP (all lines)	The requested figure for total 2015 TRIP-eligible DEP (all lines) to be reported in Cell C23 should be calculated in the same fashion as TRIP-eligible DEP for 2016 as requested in this Worksheet, only consolidated by all TRIP-eligible lines.
B24	Total 2016 Number of Policies Containing TRIP-Eligible Coverage	Provide the number of policies associated with the DEP reported in Cell C23. Only count Package or Multi-line policies containing multiple lines of TRIP-eligible coverage as single policies for purposes of the policy count that is requested in Cell B24. Because of the different basis of calculation, the total in B24 will likely not be equal to the figure in Cell L19 if you issue Package/Multi-line policies.
I7-I18	Total 2016 Number of Policies by Line (Terrorism Risk Coverage Not Purchased)	Provide 2016 policy count associated with the DEP reported in Cells E7-E18 when Terrorism Risk coverage was not purchased by the policyholder. Policy count should be based upon the number of policies incepting in 2016. Report 2016 information, by jurisdiction, on a consolidated insurer group basis, unless reporting for a single insurer. Count policies containing multiple lines of TRIP-eligible coverage as separate policies for each line.
J7-J18	Total 2016 Number of Policies by line when Terrorism Risk Coverage Provided for Disclosed \$0 Charge	Provide 2016 policy count associated with the DEP reported in Cells F7-F18 when Terrorism Risk coverage was extended by the insurer for a disclosed \$0 charge. Policy count should be based upon the number of policies incepting in 2016. Report 2016 information, by jurisdiction, on a consolidated insurer group basis, unless reporting for a single insurer. Count policies containing multiple lines of TRIP-eligible coverage as separate policies for each line.
K7-K18	Total 2016 Number of Policies by line when Terrorism Risk Coverage Premium Charged	Provide 2016 policy count associated with the DEP reported in Cells G7-G18 when Terrorism Risk coverage was provided by the insurer for a disclosed non-\$0 premium charge. Policy count should be based upon the number of policies incepting in 2016. Report 2016 information, by jurisdiction, on a consolidated insurer group basis, unless reporting for a single insurer. Count policies containing multiple lines of TRIP-eligible coverage as separate policies for each line.

Package/Multi-line Policies (Nationwide)

The data requested is for commercial multi-peril (CMP) policies only.
C	Total 2016 Number of Package/Multi-line Policies containing at least one TRIP-Eligible Line, but where No Terrorism Risk Coverage was Purchased	Report 2016 count of policies, by jurisdiction, on a consolidated insurer group basis, unless reporting for a single insurer. Only count each Package or Multi-line policy once and not once per TRIP-eligible line written under such policies. However, if a Package or Multi-line policy includes more than one jurisdiction, count the policy once per affected jurisdiction.
D	Total 2016 Number of Package/Multi-line Policies containing at least one TRIP-Eligible Line where Terrorism Risk Coverage was provided for a Disclosed \$0 Premium	Report 2016 count of policies, by jurisdiction, on a consolidated insurer group basis, unless reporting for a single insurer. However, if a Package or Multi-line policy includes more than one jurisdiction, count the policy once per affected jurisdiction.
E	Total 2016 Number of Package/Multi-line Policies containing at least one TRIP-Eligible Line where Terrorism Risk Coverage provided for a Disclosed Premium of >\$0	Report 2016 count of policies, by jurisdiction, on a consolidated insurer group basis, unless reporting for a single insurer. Only count each Package or Multi-line policy once and not once per TRIP-eligible line written under such policies. Standalone Terrorism (Nationwide)		
B3	2016 DEP for Standalone Terrorism Policies	Report 2016 information on a consolidated insurer group basis (unless reporting for a single insurer), nationwide, without reference to individual jurisdictions in which premium is earned. Enter information here if you issue "standalone" policies covering terrorism risk only, whether pursuant to TRIP, or otherwise as defined in the particular policy. Policies that cover any non-terrorism risks are not subject to this worksheet. Direct earned premium (DEP) as requested for these policies should also be otherwise included in the <i>Policies and DEP (Juris.) Worksheet</i> associated with the appropriate line of coverage.
B4	Portion of 2016 DEP for TRIP Certified Terrorism Loss Coverage	Identify the 2016 portion, if any, of the DEP disclosed in connection with the premium figure in Line 3 as being for insurance coverage subject to TRIP.
B5	Portion of 2016 DEP for Non-Certified Terrorism Loss Coverage	Identify the 2016 portion, if any, of the DEP associated with the policies encompassed by Line 3 that was charged in connection with terrorism risk insurance that is not subject to TRIP.
B6	2016 Number of Standalone Terrorism Policies Issued	Provide the 2016 policy count requested.
B7	2016 Number of Standalone Terrorism Policies Covering TRIP Loss Issued	Provide the 2016 policy count requested.
B8	2016 Total Property Insurance Exposure for Standalone Terrorism Policies Covering TRIP Loss	Provide the sum of the 2016 Property Insurance Exposure for any property coverage provided in connection with the premium figure in Line 4. This should include the total amount of the reporting insurer's exposure under the policies in question for a property loss (and thus not include amounts within an insured's deductible, etc.). To the extent the value of the insured's property is not fully insured by the policy in question, use the limits of the property insurance to which the insurer is exposed.
B9	2016 Total Liability Policy Limits for Standalone Terrorism Policies Covering TRIP Loss	Please provide the sum of the 2016 Limits of Liability for any liability coverage provided in connection with the premium figure in Line 4. Again, this figure should include the limits of the insurer's exposure, and not amounts for which the policyholder may remain responsible.

D6-D17	Total 2016 Property Insurance Exposure Subject to Terrorism Risk Coverage	<p>Report 2016 information, by jurisdiction, on a consolidated insurer group basis, unless reporting for a single insurer. Enter the amount for each jurisdiction (based on property location) individually, even if an aggregate limit may limit exposure across multiple jurisdictions. The blacked out cells indicate that no data will be reportable for that particular cell, given the intersection between the TRIP-eligible line of insurance and the exposure base in question.</p> <p>In this column, report your total property insurance exposure by line of insurance under all policies where terrorism risk coverage is provided in connection with property coverage. This should include (in this column as well as in other columns where the information is requested) the total amount of the reporting insurer's exposure under the policies in question for a property loss (and thus not include amounts within an insured's deductible, etc.). To the extent the value of the insured's property is not fully insured by the policy in question, use the limits of the property insurance to which the insurer is exposed. If the policy has an aggregate limit, use the aggregate limit; if it is subject to a per occurrence limit and not an aggregate limit, use the single occurrence limit. To the extent the policy exposure is based upon property values or annual sales and is not otherwise subject to a policy limit, use the property values or annual sales figures.</p>

Geographic Exposures (Nationwide)		
B3-B30	Region	This Worksheet seeks exposure information by various metropolitan regions (B3-B28), then for the remainder of the US (including territories) as a whole (B29). C3-C30	Description	Description of the metropolitan region (by zip code) to be used in connection with providing information. The descriptions are based upon definitions currently in use by private rating agencies. To the extent you do not track your data in this fashion, please report the information by the closest approximation of the US county and city jurisdictions involved. Although in prior sheets information is sought by where the premium is allocated for state reporting and tax purposes, the information sought in this sheet should be reported based upon where the property and workers' compensation exposures are actually located.
D3-D30	Total 2016 Payroll Subject to TRIP Coverage under Primary WC Coverage	Provide 2016 information respecting payroll figures in each identified area under primary workers' compensation coverage.

27-34	Loss to Group or Company within TRIP Deductible, Private Reinsurance Recovery, Deductible/Retention of Insureds, Claim under TRIP, Co-Pay Obligation	<p>The last series of questions seeks information as to how a particular defined loss event would likely affect the responding insurer group or reporting insurer, in terms of the total projected loss it would likely sustain (Line 28), with that amount divided into six categories: (1) deductible or retention obligation of insureds under triggered policies (Line 29); (2) net loss to group or company within TRIP deductible, net of policyholder obligations or private reinsurance (Line 30); (3) any private reinsurance recovery of amounts within the reporting insurer's deductible (Line 31); (4) projected recovery from TRIP (Line 32); (5) the net loss of the insurer group or reporting individual insurer above its deductible within the co-pay obligation (Line 33); and (6) any private reinsurance recovery of amounts above the reporting insurer's deductible within the co-pay obligation (Line 34). In terms of making these calculations, use the definitions, instructions and assumptions found in the Worksheet at Line 27. The identification of the truck bomb in question as between 2.5 and 7.5 tons is intended to permit reporting companies to use blast scenario assumptions that they would typically use in internal modeling projections. When responding to these questions, you may use the modeling assumptions that you typically use for blast scenario modeling for a blast of this size. If you do not typically employ any such scenario, please provide estimates using the parameters identified on the worksheet. It is understood that not all reporting insurers will anticipate losses under the stated scenario.</p>
