Dear Applicant:

Thank you for your interest in applying for a grant under the Alaska Native and Native Hawaiian-Serving Institutions (ANNH) program authorized under Title III, Part F, Section 371 (84.031R – Alaska Native and 84.031V – Native Hawaiian) of the Higher Education Act (HEA) of 1965, as amended.

The ANNH program provides grants to Alaska Native and Native Hawaiian-Serving Institutions to assist such institutions to plan, develop, undertake, and carry out activities to improve and expand such institutions' capacity to serve Alaska Native or Native Hawaiians.

In order to submit an application for a grant under the Title III, Part F Programs, an institution of higher education (IHE) must have been deemed an "eligible institution." The Notice Inviting Applications for the Designation as an Eligible Institution was published in the Federal Register on November 19, 2015.

For FY 2016, there is one absolute priority, two competitive preference priorities, and one invitational priority for this program. All applicants are required to address the absolute priority. The absolute priority is: Projects that support high-need students which are designed to improve their academic outcomes; learning environments; or both. Applicants that address competitive preference priority 1 may be awarded up to one point. Applicants that address competitive priority 2 may be awarded up to three points. You may only address one CPP. These competitive preference priorities are: 1) Applications supported by evidence of effectiveness that meets the conditions set out in the definition of "evidence of promise," and 2) Applications supported by evidence of effectiveness that meets the conditions set out in the definition of "moderate evidence of effectiveness." The invitational priority is: Projects that support activities that strengthen Native language preservation and revitalization at our institution of higher education. There are no points associated with the invitational priority.

For FY 2016, the ANNH program received \$3,588,546 in discretionary funding under Title III, Part F, Section 371 of the HEA. Applicants should refer to Title III, Part F for the allowable activities. In this competition, we will award Individual Development Grants only.

Applications for grants under the FY 2016 Title III, Part F, ANNH program grant competition must be submitted electronically using Grants.gov. A detailed description of this internet-based system is included in this application package. You are urged to acquaint yourself with the requirements of this system early. You may access Grants.gov through its portal page at: <http://grants.gov>.

For information (including dates and times) about how to submit your application electronically, please refer to the official Notice Inviting Applications (NIA) for New Awards for FY 2016 published in the Federal Register. The Federal Register NIA for New Awards and application instructions are included in this package.

Do not rely upon any information that is inconsistent with the guidance contained within this application package and the NIA. The NIA for the FY 2016 Title III, Part F, ANNH program is the official document, and you should not rely upon any information that is inconsistent with the guidance contained within the official document. I encourage you to read all the information contained in this package before preparing your application.

If you have questions, please contact Robyn Wood at 202-502-7437 or by email at [Robyn.Wood@ed.gov](mailto:Robyn.Wood@ed.gov) or Division Coordinator, Don Crews at 202-502-7574 or by email at [Don.Crews@ed.gov](mailto:Don.Crews@ed.gov). We appreciate your interest in the Alaska Native and Native Hawaiian-Serving Institutions Program and look forward to receiving your application.

Sincerely,

/s/

James E. Laws, Jr., Ed.D  
Director  
Strengthening Institutions Division

## Competition Highlights

### Grants.gov

1. ANNH, Part F grant applications for FY 2016 must be submitted electronically through Grants.gov at: <http://grants.gov>
2. Once you download the application package from Grants.gov, you will be working offline and saving data on your computer. Be sure to note where you are saving the Grants.gov file on your computer. You will need to log on to Grants.gov to upload and submit your application.
3. We urge you to consider the following three important administrative factors when applying for this grant program:
  - i. Register at the Grants.gov website early. The registration procedures may require 5 or more days to complete.
  - ii. Consider submitting your application 2-3 days prior to the closing date. The time it takes to upload an application will vary depending on your application and the speed of your Internet connection. The application submission process must be complete prior to the deadline for transmittal of applications.
  - iii. Remember to provide the DUNS number that was used when your organization registered with the System for Award Management (SAM), formerly the Central Contractor Registry (CCR).
4. Grants.gov does not allow applicants to “un-submit” or delete applications. Therefore, if you discover that changes or additions are needed once your application has been accepted and validated by the Department, you must “re-submit” the application. If the Department receives duplicate applications, we will accept and process the application with the latest “date/time received” validation.
5. Please note that you must submit your application by 4:30:00 p.m. (Washington, D.C. time) on or before the application deadline date. Late applications will not be accepted. We suggest that you submit your application several days before the deadline. The Department is required to enforce the established deadline to ensure fairness to all applicants. No changes or additions to an application will be accepted after the deadline date.

### Eligibility

6. All grant applicants for the Title III, Part F, ANNH program must have received FY 2016 Designation of Eligibility. Applicants failing to be deemed eligible will not have their application entered in the review process. The Notice Inviting Applications for Designation as an Eligible Institution was published on November 19, 2015.
7. Your institution's application for a FY 2016 Title III, Part F, ANNH grant MUST be in the same name provided in the FY 2016 Designation of Eligibility application, or it will be deemed not eligible to be read.

### **Allowable Activities and Program Regulations**

8. Authorized grant activities for the ANNH are listed in Title III, Part F, Section 371 of the HEA of 1965, as amended.

### **Priorities**

9. There is one absolute priority (AP) under this competition. All applicants must address the absolute priority. The absolute priority is: Projects that support high-need students which are designed to improve their academic outcomes; learning environments; or both. There are no points associated with the absolute priority.
10. There are two competitive preference priorities (CPP) under this competition. CPP 1 is worth up to 1 point. CPP 2 is worth up to 3 points. Applicants that address the competitive preference priorities can receive up to three additional points. Applicants must address the CPPs in order to receive any additional points. Applicants who do not address either of the CPPs will not receive points for the CPPs. The CPPs are: 1) Applications supported by evidence of effectiveness that meets the conditions set out in the definition of “evidence of promise; and 2) Applications supported by evidence of effectiveness that meets the conditions set out in the definition of “moderate evidence of effectiveness.”
11. Institutions should include in their Abstracts whether or not they are addressing the competitive preference priorities. If addressing either priority, the Abstract should include a link to the studies referenced.
12. There is one invitational priority (IP) under this competition. The IP is: 1) “Support Activities that strengthen Native language preservation and revitalization at our institutions of higher education.” There are no points associated with the IP.
13. We are particularly interested in applications that address these priorities; however, under 34 CFR 75.105(c)(1), we do not give an application that meets the invitational priority a competitive or absolute preference over other applications.

### **Page Limits**

14. All applicants are required to adhere to the page limit for the Project Narrative portion of the application. You must limit the section of the narrative that addresses the selection criteria to no more than 50 pages. Applicants have three extra pages to address the absolute priority; three extra pages to address one of the competitive preference priorities; and two pages to address the invitational priority.

### **Program Profile and Abstract**

15. All applicants are required to submit an ANNH Profile Form, which contains the tie-breaker information. Applicants are asked to carefully read question #4 on the Program Profile Form.

- 16.** All applicants must provide an abstract limited to one single-spaced page. The abstract must be uploaded as a PDF file only. Complete instructions for submitting the abstract are included in the Instructions for Completing the Application Package.
17. Information on the Title III, Part F ANNH program is accessible at the Department's Web site at: <http://www2.ed.gov/programs/idadesannh/index.html>.

# Grants.gov Submission Procedures and Tips for Applicants

## IMPORTANT – PLEASE READ FIRST U.S. Department of Education Grants.gov Submission Procedures and Tips for Applicants

To facilitate your use of Grants.gov, this document includes important submission procedures you need to be aware of to ensure your application is received in a timely manner and accepted by the Department of Education.

### Browser Support

The latest versions of Microsoft Internet Explorer (IE), Mozilla Firefox, Google Chrome, and Apple Safari are supported for use with Grants.gov. However, these web browsers undergo frequent changes and updates, so we recommend you have the latest version when using Grants.gov. Legacy versions of these web browsers may be functional, but you may experience issues.

For additional information or updates, please see the Grants.gov Browser information in the Applicant FAQs: <http://www.grants.gov/web/grants/applicants/applicant-faqs.html#browser>.

### ATTENTION – Adobe Forms and PDF Files Required

Applications submitted to Grants.gov for the Department of Education will be posted using Adobe forms. Therefore, applicants will need to download the latest version of Adobe Reader. Information on computer and operating system compatibility with Adobe and links to download the latest version is available on Grants.gov at this link: <http://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html>. We strongly recommend that you review these details on [www.Grants.gov](http://www.Grants.gov) before completing and submitting your application. In addition, applicants should submit their application a day or two in advance of the closing date as detailed below. Also, applicants are required to upload their attachments in .pdf format only. (See details below under “Attaching Files – Additional Tips.”) If you have any questions regarding this matter, please email the Grants.gov Contact Center at [support@grants.gov](mailto:support@grants.gov) or call 1-800-518-4726.

**NEW:** In addition to the Adobe form application package, Grants.gov now offers a new option called Workspace for application completion and submission. Workspace allows a team of registered Grants.gov applicants to use a shared online space for completing individual forms and submitting the final application. These forms can be filled out simultaneously by different users, instead of exchanging a single PDF package file via email or a flash drive as is used when completing the traditional Adobe application package. Please go to this Grants.gov link for more information and training, etc. on using Workspace: <http://www.grants.gov/web/grants/applicants/workspace-overview.html>.

- 1) **REGISTER EARLY** – Grants.gov registration involves many steps including registration on SAM ([www.sam.gov](http://www.sam.gov)) which may take approximately one week to complete, but could take upwards of several weeks to complete, depending upon the completeness and accuracy of the data entered into the SAM database by an applicant. You may begin working on your application while completing the registration process, but you cannot submit an application until all of the Registration steps are complete. Please note that once your SAM registration is active, it will take 24-48 hours for the information to be available in Grants.gov, and before you can submit an application through Grants.gov. For detailed information on the Registration Steps, please go to: <http://www.grants.gov/web/grants/register.html>. [Note: Your organization will need to update its SAM registration annually.]

Primary information about SAM is available at [www.sam.gov](http://www.sam.gov). However, to further assist you with obtaining and registering your DUNS number and TIN in SAM or updating your existing SAM account, the Department of Education has prepared a SAM.gov Tip Sheet which you can find at: <http://www2.ed.gov/fund/grant/apply/sam-faqs.html>.

- 2) **SUBMIT EARLY** – We strongly recommend that you do not wait until the last day to submit your application. **Grants.gov will put a date/time stamp on your application and then process it after it is fully uploaded.** The time it

takes to upload an application will vary depending on a number of factors including the size of the application and the speed of your Internet connection, and the time it takes Grants.gov to process the application will vary as well. If Grants.gov rejects your application (see step three below), you will need to resubmit successfully to Grants.gov before 4:30:00 p.m. Washington, DC time on the deadline date.

**Note: To submit successfully, you must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov. This DUNS number is typically the same number used when your organization registered with SAM. If you do not enter the same DUNS number on your application as the DUNS you registered with, Grants.gov will reject your application.**

- 3) **VERIFY SUBMISSION IS OK** – You will want to verify that Grants.gov received your application submission on time and that it was validated successfully. To see the date/time your application was received, log in to Grants.gov and click on the Track My Application link. For a successful submission, the date/time received should be earlier than 4:30:00 p.m. Washington, DC time, on the deadline date, AND the application status should be: Validated, Received by Agency, or Agency Tracking Number Assigned. Once the Department of Education receives your application from Grants.gov, an Agency Tracking Number (PR/award number) will be assigned to your application and will be available for viewing on Grants.gov’s Track My Application link.

If the date/time received is later than 4:30:00 p.m. Washington, D.C. time, on the deadline date, your application is late. If your application has a status of “Received,” it is still awaiting validation by Grants.gov. Once validation is complete, the status will change to either “Validated” or “Rejected with Errors.” If the status is “Rejected with Errors,” your application has not been received successfully. Some of the reasons Grants.gov may reject an application can be found on the Grants.gov site: <http://www.grants.gov/web/grants/applicants/encountering-error-messages.html>. For more detailed information on troubleshooting Adobe errors, you can review the Adobe Reader Software Tip Sheet at: <http://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html>. If you discover your application is late or has been rejected, please see the instructions below. Note: You will receive a series of confirmations both online and via e-mail about the status of your application. Please do not rely solely on e-mail to confirm whether your application has been received timely and validated successfully.

#### **Submission Problems – What should you do?**

If you have problems submitting to Grants.gov before the closing date, please contact Grants.gov Customer Support at 1-800-518-4726 or by e-mail at: [support@grants.gov](mailto:support@grants.gov) or access the Grants.gov Self-Service Knowledge Base web portal at: <https://grants-portal.psc.gov/Welcome.aspx?pt=Grants>.

If electronic submission is required, you must submit an electronic application before 4:30:00 p.m., unless you follow the procedures in the *Federal Register* notice and qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. If electronic submission is optional and you have problems that you are unable to resolve before the deadline date and time for electronic applications, please follow the transmittal instructions for hard copy applications in the *Federal Register* notice and get a hard copy application postmarked by midnight on the deadline date. (See the *Federal Register* notice for detailed instructions.)

#### **Helpful Hints When Working with Grants.gov**

Please note, once you download an application from Grants.gov, you will be working offline and saving data on your computer. Please be sure to note where you are saving the Grants.gov file on your computer. You will need to log on to Grants.gov to upload and submit the application. **You must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov.**

Please go to <http://www.grants.gov/web/grants/support.html> for help with Grants.gov. For additional tips related to submitting grant applications, please refer to the Grants.gov Applicant FAQs found at this Grants.gov link: <http://www.grants.gov/web/grants/applicants/applicant-faqs.html>.

#### **Dial-Up Internet Connections**

When using a dial up connection to upload and submit your application, it can take significantly longer than when you are connected to the Internet with a high-speed connection, e.g., cable modem/DSL/T1. While times will vary depending upon the size of your application, it can take a few minutes to a few hours to complete your grant submission using a dial up connection. **If you do not have access to a high-speed connection and electronic submission is required, you may want to consider following the instructions in the *Federal Register* notice to obtain an exception to the electronic**

**submission requirement no later than two weeks before the application deadline date.** (See the *Federal Register* notice for detailed instructions.)

### **Attaching Files – Additional Tips**

Please note the following tips related to attaching files to your application, especially the requirement that applicants **only include read-only, non-modifiable .PDF files** in their application:

- Ensure that you attach **.PDF files only** for any attachments to your application, and they must be in a **read-only, non-modifiable format**. PDF files are the only Education approved file type accepted as detailed in the *Federal Register* application notice. Applicants must submit individual .PDF files only when attaching files to their application. Specifically, the Department will not accept any attachments that contain files within a file, such as PDF Portfolio files, or an interactive or fillable .PDF file. Any attachments uploaded that are not .PDF files or are password protected files will not be read.
- Grants.gov cannot process an application that includes two or more files that have the same name within a grant submission. Therefore, each file uploaded to your application package should have a unique file name.
- When attaching files, applicants should follow the guidelines established by Grants.gov on the size and content of file names. Uploaded file names must be fewer than 50 characters, and, in general, applicants should not use any special characters. However, Grants.gov does allow for the following UTF-8 characters when naming your attachments: A-Z, a-z, 0-9, underscore, hyphen, space, period, parenthesis, curly braces, square brackets, ampersand, tilde, exclamation point, comma, semi colon, apostrophe, at sign, number sign, dollar sign, percent sign, plus sign, and equal sign. Applications submitted that do not comply with the Grants.gov guidelines will be rejected at Grants.gov and not forwarded to the Department.
- Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can result in difficulties opening the files. For reference, the average discretionary grant application package with all attachments is less than 5 MB. Therefore, you may want to check the total size of your package before submission.

Full Text of Announcement

### I. Funding Opportunity Description

Purpose of Program: The ANNH Program provides grants to eligible institutions of higher education (IHEs) that have an undergraduate enrollment of at least 20 percent Alaska Native or 10 percent Native Hawaiian students to allow such institutions to plan, develop,

undertake, and carry out activities to improve and expand their capacity to serve Alaska Native and Native Hawaiians. Examples of authorized activities for the ANNH Program are in section 317(c) of the Higher Education Act of 1965, as amended (HEA).

Priorities: This notice contains one absolute priority, two competitive preference priorities, and one invitational priority. The absolute priority is from the Department's notice of final supplemental priorities and definitions for discretionary grant programs (Supplemental Priorities), published in the Federal Register on December 10, 2014 (79 FR 73425). In accordance with 34 CFR 75.105(b)(2)(ii), the competitive preference priorities are from 34 CFR 75.226.

Absolute Priority: For FY 2016 and any subsequent year in which we make awards from the list of unfunded applications from this competition, this priority is an absolute priority. Under 34 CFR 75.105(c)(3), we consider only applications that meet this priority.

This priority is:

Supporting High-Need Students.

- (a) Projects that are designed to improve:
  - (i) Academic outcomes;
  - (ii) Learning environments; or
  - (iii) Both,
- (b) For one or more of the following groups of students:
  - (i) High-need students.
  - (ii) Students with disabilities.

- (iii) English learners.
- (iv) Disconnected youth or migrant youth.
- (v) Low-skilled adults.

Competitive Preference Priorities: For FY 2016 and any subsequent year in which we make awards from the list of unfunded applications from this competition, these priorities are competitive preference priorities. Under 34 CFR 75.105(c)(2)(i), we award one additional point to an application that meets Competitive Preference Priority 1 and three additional points to an application that meets Competitive Preference Priority 2. Applicants may address only one of the competitive preference priorities and must clearly indicate in their application which competitive preference priority they are addressing. Applicants that apply under Competitive Preference Priority 2, but whose applications do not meet the moderate evidence of effectiveness standard, may still be considered under Competitive Preference Priority 1 to determine whether their applications meet the evidence of promise standard.

In assessing the relevance of the research cited to the proposed project, the Secretary will consider, among other factors, the portion of the requested funds that will be dedicated to the evidence-based strategies or activities.

These priorities are:

Competitive Preference Priority 1 (One additional point)

Applications supported by evidence of effectiveness that meets the conditions set out in the definition of "evidence of promise."

Competitive Preference Priority 2 (Three additional points)

Applications supported by evidence of effectiveness that meets the conditions set out in the definition of "moderate evidence of effectiveness."

Invitational Priority: For FY 2016 and any subsequent year in which we make awards from the list of unfunded applications from this competition, this priority is an invitational priority. Under 34 CFR 75.105(c)(1), we do not give an application that meets this invitational priority a competitive or absolute preference over other applications.

This priority is:

Projects that support activities that strengthen Native language preservation and revitalization.

Definitions: The following definitions are from 34 CFR 77.1 and the Supplemental Priorities.

Disconnected youth means low-income individuals, ages\_14-24, who are homeless, are in foster care, are involved in the justice system, or are not working or not enrolled in (or at risk of dropping out of) an educational institution.

Evidence of promise means there is empirical evidence to support the theoretical linkage(s) between at least one critical component and at least one relevant outcome presented in the logic model for the proposed process, product, strategy, or practice. Specifically, evidence of promise means the conditions in both paragraphs (i) and (ii) of this definition are met:

(i) There is at least one study that is a--

(A) Correlational study with statistical controls for selection bias;

(B) Quasi-experimental design study that meets the What Works Clearinghouse Evidence Standards with reservations; or

(C) Randomized controlled trial that meets the What Works Clearinghouse Evidence Standards with or without reservations.

(ii) The study referenced in paragraph (i) of this definition found a statistically significant or substantively important (defined as a difference of 0.25 standard deviations or larger) favorable association between at least one critical component and one relevant outcome presented in the logic model for the proposed process, product, strategy, or practice.

High-minority school means a school as that term is defined by a local educational agency (LEA), which must define the term in a manner consistent with its State's Teacher Equity Plan, as required by section 1111(b)(8)(C) of the Elementary and Secondary Education Act of 1965, as amended. The applicant must provide the definition(s) of high-minority schools used in its application.

High-need students means students who are at risk of educational failure or otherwise in need of special assistance and support, such as students who are living in poverty, who attend high-minority schools, who are far below grade level, who have left school before receiving a regular high school diploma, who are at risk of not graduating with a diploma on time, who are homeless, who

are in foster care, who have been incarcerated, who have disabilities, or who are English learners.

Large sample means an analytic sample of 350 or more students (or other single analysis units), or 50 or more groups (such as classrooms or schools) that contain 10 or more students (or other single analysis units).

Logic model (also referred to as theory of action) means a well-specified conceptual framework that identifies key components of the proposed process, product, strategy, or practice (i.e., the active “ingredients” that are hypothesized to be critical to achieving the relevant outcomes) and describes the relationships among the key components and outcomes, theoretically and operationally.

Low-skilled adult means an adult with low literacy and numeracy skills.

Moderate evidence of effectiveness means one of the following conditions is met:

(i) There is at least one study of the effectiveness of the process, product, strategy, or practice being proposed that meets the What Works Clearinghouse Evidence Standards without reservations, found a statistically significant favorable impact on a relevant outcome (with no statistically significant and overriding unfavorable impacts on that outcome for relevant populations in the study or in other studies of the intervention reviewed by and reported on by the What Works Clearinghouse), and includes a sample

that overlaps with the populations or settings proposed to receive the process, product, strategy, or practice.

(ii) There is at least one study of the effectiveness of the process, product, strategy, or practice being proposed that meets the What Works Clearinghouse Evidence Standards with reservations, found a statistically significant favorable impact on a relevant outcome (with no statistically significant and overriding unfavorable impacts on that outcome for relevant populations in the study or in other studies of the intervention reviewed by and reported on by the What Works Clearinghouse), includes a sample that overlaps with the populations or settings proposed to receive the process, product, strategy, or practice, and includes a large sample and a multi-site sample. Note: Multiple studies can cumulatively meet the large and multi-site sample requirements as long as each study meets the other requirements in this paragraph.

Multi-site sample means more than one site, where site can be defined as an LEA, locality, or State.

Quasi-experimental design study means a study using a design that attempts to approximate an experimental design by identifying a comparison group that is similar to the treatment group in important respects. These studies, depending on design and implementation, can meet What Works Clearinghouse Evidence Standards with reservations (but not What Works Clearinghouse Evidence Standards without reservations).

Randomized controlled trial means a study that employs random assignment of, for example, students, teachers, classrooms, schools, or districts to receive the intervention being evaluated (the treatment group) or not to receive the intervention (the control group). The estimated effectiveness of the intervention is the difference between the average outcome for the treatment group and for the control group. These studies, depending on design and implementation, can meet What Works Clearinghouse Evidence Standards without reservations.

Regular high school diploma means the standard high school diploma that is awarded to students in the State and that is fully aligned with the State's academic content standards or a higher diploma and does not include a General Education Development (GED) credential, certificate of attendance, or any alternative award.

Relevant outcome means the student outcome(s) (or the ultimate outcome if not related to students) the proposed process, product, strategy, or practice is designed to improve; consistent with the specific goals of a program.

State means any of the 50 States, the Commonwealth of Puerto Rico, the District of Columbia, Guam, American Samoa, the Virgin Islands, the Northern Mariana Islands, or the Trust Territory of the Pacific Islands.

What Works Clearinghouse Evidence Standards means the standards set forth in the What Works Clearinghouse Procedures and Standards

### III. Eligibility Information

1. Eligible Applicants: (a) An IHE is eligible to receive funds under the ANNH Program if it qualifies as an Alaska Native or Native Hawaiian-Serving Institution. At the time of application, an Alaska Native-Serving Institution must have an enrollment of undergraduate students that is at least 20 percent Alaska Native (34 CFR 607.2(e)); and a Native Hawaiian-Serving Institution must have an enrollment of undergraduate students that is at least 10 percent Native Hawaiian (34 CFR 607.2(f)).

At the time of submission of their applications, applicants must certify their total undergraduate headcount enrollment and that either 20 percent of the IHE's enrollment is Alaska Native or 10 percent is Native Hawaiian. An assurance form, which is included in the application materials for this competition, must be signed by an official for the applicant and submitted.

To qualify as an eligible institution under the ANNH Program, an institution must also be--

(i) Accredited or preaccredited by a nationally recognized accrediting agency or association that the Secretary has determined to be a reliable authority as to the quality of education or training offered;

(ii) Legally authorized by the State in which it is located to be a junior college or to provide an educational program for which it awards a bachelor's degree; and

(iii) Designated as an “eligible institution” by demonstrating that it: (1) has an enrollment of needy students as described in 34 CFR 607.3; and (2) has low average educational and general expenditures per full-time equivalent (FTE) undergraduate student, as described in 34 CFR 607.4.

Note: The notice announcing the FY 2016 process for designation of eligible institutions, and inviting applications for waiver of eligibility requirements, was published in the Federal Register on November 19, 2015 (80 FR 72422). Only institutions that the Department determines are eligible, or are granted a waiver, may apply for a grant in this program.

2. a. Cost Sharing or Matching: This program does not require cost sharing or matching.

b. Supplement-Not-Supplant: This program involves supplement-not-supplant funding requirements.

You can obtain an application via the Internet using the following address: [www.Grants.gov](http://www.Grants.gov).

Individuals with disabilities can obtain a copy of the application package in an accessible format (e.g., braille, large print, audiotape, or compact disc) by contacting one of the program contact people listed in this section.

## 2. Content and Form of Application Submission:

Requirements concerning the content of an application, together with the forms you must submit, are in the application package for this program.

Page Limit: The application narrative is where you, the applicant, address the selection criteria, the absolute priority, the competitive preference priorities, and the invitational priority that reviewers use to evaluate your application. We have established mandatory page limits. You must limit the section of the application narrative that addresses:

- The selection criteria to no more than 50 pages.
- The absolute priority to no more than three pages.
- A competitive preference priority, to no more than three pages, if you address one.
- The invitational priority to no more than two pages, if you address it.

Accordingly, under no circumstances may the application narrative exceed 58 pages. Include a separate heading for each priority that you address.

For the purpose of determining compliance with the page limits, each page on which there are words will be counted as one full page. Applicants must use the following standards:

- A "page" is 8.5" x 11", on one side only, with 1" margins at the top, bottom, and both sides. Page numbers and an identifier may be within the 1" margins.

- Double space (no more than three lines per vertical inch) all text in the application narrative, except titles, headings, footnotes, quotations, references, and captions and all text in charts, tables, figures, and graphs. These items may be single-spaced. Charts, tables, figures, and graphs in the application narrative count toward the page limits.

- Use a font that is either 12 point or larger, or no smaller than 10 pitch (characters per inch). However, you may use a 10-point font in charts, tables, figures, graphs, footnotes, and endnotes.

- Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial. An application submitted in any other font (including Times Roman or Arial Narrow) will not be accepted.

The page limit does not apply to the Application for Federal Assistance (SF 424); the Supplemental Information for SF 424 Form; the Budget Information Summary Form (ED Form 524) and Budget

Narrative; and the assurances and certifications. The page limit also does not apply to the table of contents, the one-page abstract, the resumes, the bibliography, the letters of support, program profile, or the studies. If you include any attachments or appendices, these items will be counted as part of the application narrative for purposes of the page-limit requirement. You must include your complete response to the selection criteria and priorities in the application narrative.

We will reject your application if you exceed the page limits.

3. Submission Dates and Times:

Applications Available: February 26, 2016.

Deadline for Transmittal of Applications: April 26, 2016.

Applications for grants under this competition must be submitted electronically using the Grants.gov Apply site (Grants.gov). For information (including dates and times) about how to submit your application electronically, or in paper format by mail or hand delivery if you qualify for an exception to the electronic submission requirement, please refer to Other Submission Requirements in section IV of this notice.

We do not consider an application that does not comply with the deadline requirements.

Individuals with disabilities who need an accommodation or auxiliary aid in connection with the application process should contact one of the program contact persons listed under For Further Information Contact in section VII of this notice. If the

Department provides an accommodation or auxiliary aid to an individual with a disability in connection with the application process, the individual's application remains subject to all other requirements and limitations in this notice.

Deadline for Intergovernmental Review: June 27, 2016.

4. Intergovernmental Review: This program is subject to Executive Order 12372 and the regulations in 34 CFR part 79. Information about Intergovernmental Review of Federal Programs under Executive Order 12372 is in the application package for this program.

5. Funding Restrictions: We reference the regulations outlining funding restrictions in the Applicable Regulations section of this notice.

6. Data Universal Numbering System Number, Taxpayer Identification Number, and System for Award Management: To do business with the Department of Education, you must--

a. Have a Data Universal Numbering System (DUNS) number and a Taxpayer Identification Number (TIN);

b. Register both your DUNS number and TIN with the System for Award Management (SAM) (formerly the Central Contractor Registry), the Government's primary registrant database;

c. Provide your DUNS number and TIN on your application; and

d. Maintain an active SAM registration with current information while your application is under review by the Department and, if you are awarded a grant, during the project period.

You can obtain a DUNS number from Dun and Bradstreet at the following Web site: <http://fedgov.dnb.com/webform>. A DUNS number can be created within one to two business days.

If you are a corporate entity, agency, institution, or organization, you can obtain a TIN from the Internal Revenue Service. If you are an individual, you can obtain a TIN from the Internal Revenue Service or the Social Security Administration. If you need a new TIN, please allow two to five weeks for your TIN to become active.

The SAM registration process can take approximately seven business days, but may take upwards of several weeks, depending on the completeness and accuracy of the data you enter into the SAM database. Thus, if you think you might want to apply for Federal financial assistance under a program administered by the Department, please allow sufficient time to obtain and register your DUNS number and TIN. We strongly recommend that you register early.

Note: Once your SAM registration is active, it may be 24 to 48 hours before you can access the information in, and submit an application through, Grants.gov.

If you are currently registered with SAM, you may not need to make any changes. However, please make certain that the TIN associated with your DUNS number is correct. Also note that you will need to update your registration annually. This may take three or more business days.

Information about SAM is available at [www.SAM.gov](http://www.SAM.gov). To further assist you with obtaining and registering your DUNS number and TIN in SAM or updating your existing SAM account, we have prepared a SAM.gov Tip Sheet, which you can find at:

[www2.ed.gov/fund/grant/apply/sam-faqs.html](http://www2.ed.gov/fund/grant/apply/sam-faqs.html).

In addition, if you are submitting your application via Grants.gov, you must (1) be designated by your organization as an Authorized Organization Representative (AOR); and (2) register yourself with Grants.gov as an AOR. Details on these steps are outlined at the following Grants.gov Web page:

[www.grants.gov/web/grants/register.html](http://www.grants.gov/web/grants/register.html).

7. Other Submission Requirements: Applications for grants under this program must be submitted electronically unless you qualify for an exception to this requirement in accordance with the instructions in this section.

a. Electronic Submission of Applications.

Applications for grants under the Alaska Native-Serving Institutions Program (CFDA number 84.031N) and the Native Hawaiian-Serving Institutions Program (CFDA number 84.031W) must be submitted electronically using the Governmentwide Grants.gov Apply site at [www.Grants.gov](http://www.Grants.gov). Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not email an electronic copy of a grant application to us.

We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under Exception to Electronic Submission Requirement.

You may access the electronic grant application for the ANNH Program at [www.Grants.gov](http://www.Grants.gov). You must search for the downloadable application package for this program by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.031, not 84.031R or 84.031V).

Please note the following:

- When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.
- Applications received by Grants.gov are date and time stamped. Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system no later than 4:30:00 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not accept your application if it is received--that is, date and time stamped by the Grants.gov system--after 4:30:00 p.m., Washington, DC time, on the

application deadline date. We do not consider an application that does not comply with the deadline requirements. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was date and time stamped by the Grants.gov system after 4:30:00 p.m., Washington, DC time, on the application deadline date.

- The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.

- You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for this program to ensure that you submit your application in a timely manner to the Grants.gov system. You can also find the Education Submission Procedures pertaining to Grants.gov under News and Events on the Department's G5 system home page at [www.G5.gov](http://www.G5.gov). In addition, for specific guidance and procedures for submitting an application through Grants.gov, please refer to the Grants.gov Web site at: [www.grants.gov/web/grants/applicants/apply-for-grants.html](http://www.grants.gov/web/grants/applicants/apply-for-grants.html).

- You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you qualify for an exception to the electronic submission

requirement, as described elsewhere in this section, and submit your application in paper format.

- You must submit all documents electronically, including all information you typically provide on the following forms: the Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information-- Non-Construction Programs (ED 524), and all necessary assurances and certifications.

- You must upload any narrative sections and all other attachments to your application as files in a read-only, non-modifiable Portable Document Format (PDF). Do not upload an interactive or fillable PDF file. If you upload a file type other than a read-only, non-modifiable PDF (e.g., Word, Excel, WordPerfect, etc.) or submit a password-protected file, we will not review that material. Please note that this could result in your application not being considered for funding because the material in question--for example, the project narrative--is critical to a meaningful review of your proposal. For that reason it is important to allow yourself adequate time to upload all material as PDF files. The Department will not convert material from other formats to PDF.

- Your electronic application must comply with any page-limit requirements described in this notice.

- After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that

contains a Grants.gov tracking number. This notification indicates receipt by Grants.gov only, not receipt by the Department.

Grants.gov will also notify you automatically by email if your application met all the Grants.gov validation requirements or if there were any errors (such as submission of your application by someone other than a registered Authorized Organization Representative, or inclusion of an attachment with a file name that contains special characters). You will be given an opportunity to correct any errors and resubmit, but you must still meet the deadline for submission of applications.

Once your application is successfully validated by Grants.gov, the Department will retrieve your application from Grants.gov and send you an email with a unique PR/Award number for your application.

These emails do not mean that your application is without any disqualifying errors. While your application may have been successfully validated by Grants.gov, it must also meet the Department's application requirements as specified in this notice and in the application instructions. Disqualifying errors could include, for instance, failure to upload attachments in a read-only, non-modifiable PDF; failure to submit a required part of the application; or failure to meet applicant eligibility requirements. It is your responsibility to ensure that your submitted application has met all of the Department's requirements.

- We may request that you provide us original signatures on forms at a later date.

Application Deadline Date Extension in Case of Technical Issues with the Grants.gov System: If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1-800-518-4726. You must obtain a Grants.gov Support Desk Case Number and must keep a record of it.

If you are prevented from electronically submitting your application on the application deadline date because of technical problems with the Grants.gov system, we will grant you an extension until 4:30:00 p.m., Washington, DC time, the following business day to enable you to transmit your application electronically or by hand delivery. You also may mail your application by following the mailing instructions described elsewhere in this notice.

If you submit an application after 4:30:00 p.m., Washington, DC time, on the application deadline date, please contact one of the program contact people listed under For Further Information Contact in section VII of this notice and provide an explanation of the technical problem you experienced with Grants.gov, along with the Grants.gov Support Desk Case Number. We will accept your application if we can confirm that a technical problem occurred with the Grants.gov system and that the problem affected your ability to submit your application by 4:30:00 p.m., Washington, DC time, on the application deadline date. We will contact you after we determine whether your application will be accepted.

Note: The extensions to which we refer in this section apply only to the unavailability of, or technical problems with, the Grants.gov system. We will not grant you an extension if you failed to fully register to submit your application to Grants.gov before the application deadline date and time or if the technical problem you experienced is unrelated to the Grants.gov system.

Exception to Electronic Submission Requirement: You qualify for an exception to the electronic submission requirement, and may submit your application in paper format, if you are unable to submit an application through the Grants.gov system because--

- You do not have access to the Internet; or
- You do not have the capacity to upload large documents to the Grants.gov system;

and

- No later than two weeks before the application deadline date (14 calendar days or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday), you mail or fax a written statement to the Department, explaining which of the two grounds for an exception prevents you from using the Internet to submit your application.

If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. If you fax your written statement to the Department,

we must receive the faxed statement no later than two weeks before the application deadline date.

Address and mail or fax your statement to: Robyn Wood, Office of Postsecondary Education, U.S. Department of Education, 400 Maryland Avenue, SW., room 7E311, Washington, DC 20202. Fax: (202) 205-0063.

Your paper application must be submitted in accordance with the mail or hand-delivery instructions described in this notice.

b. Submission of Paper Applications by Mail.

If you qualify for an exception to the electronic submission requirement, you may mail (through the U.S. Postal Service or a commercial carrier) your application to the Department. You must mail the original and two copies of your application, on or before the application deadline date, to the Department at the following address:

U.S. Department of Education  
Application Control Center  
Attention: (CFDA Number 84.031R or 84.031V)

- (2) A legible mail receipt with the date of mailing stamped by the U.S. Postal Service.

(3) A dated shipping label, invoice, or receipt from a commercial carrier.

(4) Any other proof of mailing acceptable to the Secretary of the U.S. Department of Education.

If you mail your application through the U.S. Postal Service, we do not accept either of the following as proof of mailing:

(1) A private metered postmark.

(2) A mail receipt that is not dated by the U.S. Postal Service.

Note: The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, you should check with your local post office.

We will not consider applications postmarked after the application deadline date.

c. Submission of Paper Applications by Hand Delivery.

If you qualify for an exception to the electronic submission requirement, you (or a courier service) may deliver your paper application to the Department by hand. You must deliver the original and two copies of your application, by hand, on or before the application deadline date, to the Department at the following address:

U.S. Department of Education

The Application Control Center accepts hand deliveries daily between 8:00 a.m. and 4:30:00 p.m., Washington, DC time, except Saturdays, Sundays, and Federal holidays.

Note for Mail or Hand Delivery of Paper Applications: If you mail or hand deliver your application to the Department--

(1) You must indicate on the envelope and--if not provided by the Department--in Item 11 of the SF 424 the CFDA number, including suffix letter, if any, of the competition under which you are submitting your application; and

(2) The Application Control Center will mail to you a notification of receipt of your grant application. If you do not receive this notification within 15 business days from the application deadline date, you should call the U.S. Department of Education Application Control Center at (202) 245-6288.

#### V. Application Review Information

1. Selection Criteria: The selection criteria for this program are from 34 CFR 607.22(a) through (g). We will award up to 100 points to an application under the selection criteria; the total possible points for each criterion are noted in parentheses.

a. Quality of the applicant's comprehensive development plan. (Maximum 25 points). The extent to which--

1. The strengths, weaknesses, and significant problems of the institution's academic programs, institutional management, and fiscal stability are clearly and comprehensively analyzed and result

from a process that involved major constituencies of the institution;

2. The goals for the institution's academic programs, institutional management, and fiscal stability are realistic and based on comprehensive analysis;

3. The objectives stated in the plan are measurable, related to institutional goals, and, if achieved, will contribute to the growth and self-sufficiency of the institution; and

4. The plan clearly and comprehensively describes the methods and resources the institution will use to institutionalize practice and improvements developed under the proposed project, including, in particular, how operational costs for personnel, maintenance, and upgrades of equipment will be paid with institutional resources.

b. Quality of activity objectives. (Maximum 15 points). The extent to which the objectives for each activity are--

1. Realistic and defined in terms of measurable results; and

2. Directly related to the problems to be solved and to the goals of the comprehensive development plan.

c. Quality of implementation strategy. (Maximum 20 points). The extent to which--

1. The implementation strategy for each activity is comprehensive;

2. The rationale for the implementation strategy for each activity is clearly described and is supported by the results of relevant studies or projects; and

3. The timetable for each activity is realistic and likely to be attained.

d. Quality of key personnel. (Maximum 7 points). The extent to which--

1. The past experience and training of key professional personnel are directly related to the stated activity objectives; and

2. The time commitment of key personnel is realistic.

e. Quality of project management plan. (Maximum 10 points). The extent to which--

1. Procedures for managing the project are likely to ensure efficient and effective project implementation; and

2. The project coordinator and activity directors have sufficient authority to conduct the project effectively, including access to the president or chief executive officer.

f. Quality of evaluation plan. (Maximum 15 points). The extent to which--

1. The data elements and the data collection procedures are clearly described and appropriate to measure the attainment of activity objectives and to measure the success of the project in achieving the goals of the comprehensive development plan; and

2. The data analysis procedures are clearly described and are likely to produce formative and summative results on attaining activity objectives and measuring the success of the project on achieving the goals of the comprehensive development plan.

g. Budget. (Maximum 8 points). The extent to which the proposed costs are necessary and reasonable in relation to the project's objectives and scope.

2. Review and Selection Process: Awards will be made in rank order according to the average score received from a panel of three readers.

We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary requires various assurances including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department of Education (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

3. Tie-breaker for Development Grants. To resolve ties in the reader scores of applications for grants, the Department will award one additional point to an application from an IHE that has an endowment fund for which the current market value, per Full Time Equivalent (FTE) enrolled student, is less than the average current market value of the endowment funds, per FTE enrolled student at comparable institutions that offer similar instruction. In addition, to resolve ties in the reader scores of applications for grants, the Department will award one additional point to an application from an IHE that has expenditures for library materials per FTE enrolled student that are less than the average expenditures for library materials per FTE enrolled student at comparable institutions that offer similar instruction. We also will add one additional point to an application from an IHE that proposes to carry out one or more of the following activities--

- (a) Faculty development;
- (b) Funds and administrative management;
- (c) Development and improvement of academic programs;
- (d) Acquisition of equipment for use in strengthening management and academic programs;
- (e) Joint use of facilities; and
- (f) Student services.

For the purpose of these funding considerations, we will use the most recent complete data available (e.g., for FY 2016, we will use 2013–2014 data).

If a tie remains after applying the tie-breaker mechanism above, priority will be given to applicants that have the lowest endowment values per FTE enrolled student.

4. Risk Assessment and Special Conditions: Consistent with 2 CFR 200.205, before awarding grants under this competition the Department conducts a review of the risks posed by applicants. Under 2 CFR 3474.10, the Secretary may impose special conditions and, in appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

## VI. Award Administration Information

1. Award Notices: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally also.

If your application is not evaluated or not selected for funding, we notify you.

2. Administrative and National Policy Requirements: We identify administrative and national policy requirements in the application package and reference these and other requirements in the Applicable Regulations section of this notice.

We reference the regulations outlining the terms and conditions of an award in the Applicable Regulations section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Reporting: (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to [www.ed.gov/fund/grant/apply/appforms/appforms.html](http://www.ed.gov/fund/grant/apply/appforms/appforms.html).

(c) Under 34 CFR 75.250(b), the Secretary may provide a grantee with additional funding for data collection analysis and reporting. In this case the Secretary establishes a data collection period.

4. Performance Measures: The Secretary has established the following key performance measures for assessing the effectiveness of the ANNH Program:

(a) The percentage change, over the five-year period, of the number of full-time degree-seeking undergraduates enrolled at ANNHs. Note that this is a long-term measure, which will be used to periodically gauge performance;

(b) The percentage of first-time, full-time degree-seeking undergraduate students at four-year ANNHs who were in their first year of postsecondary enrollment in the previous year and are enrolled in the current year at the same ANNH;

(c) The percentage of first-time, full-time degree-seeking undergraduate students at two-year ANNHs who were in their first year of postsecondary enrollment in the previous year and are enrolled in the current year at the same ANNH;

(d) The percentage of first-time, full-time degree-seeking undergraduate students enrolled at four-year ANNHs who graduate within six years of enrollment; and

(e) The percentage of first-time, full-time degree seeking undergraduate students enrolled at two-year ANNHs who graduate within three years of enrollment.

5. Continuation Awards: In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in

## HIGHER EDUCATION ACT OF 1965, AS AMENDED

### TITLE III--INSTITUTIONAL AID

#### SEC. 301. FINDINGS AND PURPOSES.

(a) **FINDINGS.** --The Congress finds that--

- (1) there are a significant number of institutions of higher education serving high percentages of minority students and students from low-income backgrounds, that face problems that threaten their ability to survive;
- (2) the problems relate to the management and fiscal operations of certain institutions of higher education, as well as to an inability to engage in long-range planning and development activities, including endowment building;
- (3) in order to be competitive and provide a high-quality education for all, institutions of higher education should improve their technological capacity and make effective use of technology;
- (4) the title III program prior to 1985 did not always meet the specific development needs of historically Black colleges and universities and other institutions with large concentrations of minority, low-income students;
- (5) the solution of the problems of these institutions would enable them to become viable, fiscally stable and independent, thriving institutions of higher education;
- (6) providing assistance to eligible institutions will enhance the role of such institutions in providing access and quality education to low-income and minority students;
- (7) these institutions play an important role in the American system of higher education, and there is a strong national interest in assisting them in solving their problems and in stabilizing their management and fiscal operations, and in becoming financially independent; and
- (8) there is a particular national interest in aiding those institutions of higher education that have historically served students who have been denied access to postsecondary education because of race or national origin and whose participation in the American system of higher education is in the Nation's interest so that equality of access and quality of postsecondary education opportunities may be enhanced for all students.

(b) **PURPOSE.** --It is the purpose of this title to assist such institutions in equalizing educational opportunity through a program of Federal assistance.

## EXECUTIVE ORDER 12372

### Intergovernmental Review of Federal Programs

This program falls under the rubric of Executive Order 12372 (Intergovernmental Review of Federal Programs) and the regulations in 34 CFR Part 79. One of the objectives of the Executive Order is to strengthen federalism--or the distribution of responsibility between localities, States, and the Federal government--by fostering intergovernmental partnerships. This idea includes supporting processes that State or local governments have devised for coordinating and reviewing proposed Federal financial grant applications.

The process for doing this requires grant applicants to contact State Single Points of Contact for information on how this works. Multi-state applicants should follow procedures specific to each state. Further information about the State Single Point of Contact process and a list of names by State can be found at: [http://www.whitehouse.gov/omb/grants\\_spoc](http://www.whitehouse.gov/omb/grants_spoc).

Absent specific State review programs, applicants may submit comments directly to the Department. All recommendations and comments must be mailed or hand-delivered by the date indicated in the actual application notice to the following address: The Secretary, EO 12372--CFDA# [commenter must insert number--including suffix letter, if any], U.S. Department of Education, room 7E200, 400 Maryland Avenue, SW., Washington, DC 20202.

Proof of mailing will be determined on the same basis as applications (see 34 CFR §75.102). Recommendations or comments may be hand-delivered until 4:30 p.m. (Eastern Time) on the closing date indicated in this notice.

**Important note:** The above address is not the same address as the one to which the applicant submits its completed applications. **Do not send applications to the above address.**

## General Education Provisions Act (GEPA) Section 427

Section 427 requires each applicant to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its federally-assisted program for students, teachers, and other program beneficiaries with special needs.

This section allows applicants discretion in developing the required description. The statute highlights six barriers that can impede equitable access or participation that you may address: *gender, race, national origin, color disability, or age.*

A general statement of an applicant's nondiscriminatory hiring policy is not sufficient to meet this requirement. Applicants must identify potential barriers and explain steps they will take to overcome these barriers.

### **\*Notes:**

- **Applicants are required to address this provision by attaching a statement to the ED GEPA 427 Form that must be downloaded from [Grants.gov](https://www.grants.gov).**
- **All applicants must include information in their applications to address this provision in order to receive funding under this program.**

# Government Performance and Results Act (GPRA)

## What is GPRA?

The Government Performance and Results Act of 1993 (GPRA) is a straightforward statute that requires all federal agencies to manage their activities with attention to the consequences of those activities. Each agency is to clearly state what it intends to accomplish, identify the resources required, and periodically report their progress to the Congress. In so doing, it is expected that the GPRA will contribute to improvements in accountability for the expenditures of public funds, improve Congressional decision-making through more objective information on the effectiveness of federal programs, and promote a new government focus on results, service delivery, and customer satisfaction.

## How has the Department of Education Responded to the GPRA Requirements?

**As required by GPRA, the Department of Education has prepared a strategic plan for 2014-2018. This plan reflects the Department's priorities and integrates them with its mission and program authorities and describes how the Department will work to improve education for all children and adults in the U.S. The Department's goals, as listed in the plan, are:**

1. **Postsecondary Education, Career and Technical Education, and Adult Education.** *Increase college access, quality, and completion by improving higher education and lifelong learning opportunities for youth and adults.*
2. **Elementary and Secondary.** *Prepare all elementary and secondary students for college and career by improving the education system's ability to consistently deliver excellent classroom instruction with rigorous academic standards while providing effective support services.*
3. **Early Learning.** *Improve the health, social-emotional, and cognitive outcomes for all children from birth through 3rd grade, so that all children, particularly those with high needs, are on track for graduating from high school college- and career-ready.*
4. **Equity.** *Ensure effective educational opportunities for all students regardless of race, ethnicity, national origin, age, sex, disability, language, and socioeconomic status.*
5. **Continuous Improvement of the U.S. Education System.** *Enhance the education system's ability to continuously improve through better and more widespread use of data, research and evaluation, transparency, innovation, and technology.*
6. **U.S. Department of Education Capacity.** *Improve the organizational capacities of the Department to implement this Strategic Plan.*

## **What are the performance indicators for the Alaska Native and Native Hawaiian-Serving Institution (ANNH) Program?**

The specific performance indicators for ANNH are as follows:

1. The number of full-time degree-seeking undergraduates enrolled at ANNH institutions.  
Note that this is a long-term measure, which will be used periodically to gauge performance, beginning in FY 2009.
2. The percentage of first-time, full-time degree-seeking undergraduate students at 4-year ANNH institutions who were in their first year of postsecondary enrollment in the previous year and are enrolled in the current year at the same ANNH institution.
3. The percentage of first-time, full-time degree-seeking undergraduate students at 2-year ANNH institutions who were in their first year of postsecondary enrollment in the previous year and are enrolled in the current year at the same ANNH institution.
4. The percentage of first-time, full-time degree-seeking undergraduate students enrolled at 4-year ANNH institutions graduating within six years of enrollment.
5. The percentage of first-time, full-time degree-seeking undergraduate students enrolled at 2-year ANNH institutions who graduate within three years of enrollment.
6. The cost per successful program outcome: federal cost per undergraduate and graduate degree at ANNH institutions.

## **How does the Department of Education determine whether performance goals have been met?**

An applicant that receives a grant award will be required to submit annual progress reports and a final report as a condition of the award. The reports will document the extent to which project goals and objectives are met. Data submitted annually by the institution to the Department of Education's Integrated Postsecondary Education Data System (IPEDS) will document the extent to which program goals and objectives are met.

The most recent version of a currently approved annual performance report can be viewed at <https://apr.ed.gov>.

- |  |             |
|--|-------------|

| 2. Quality of Activity Objectives            | (15 points) |
| 3. Quality of Implementation Strategy        | (20 points) |
| 4. Quality of Key Personnel                  | ( 7 points) |
| 5. Quality of Project Management Plan        | (10 points) |
| 6. Quality of Evaluation Plan                | (15 points) |
| 7. Quality of Budget                         | ( 8 points) |

**Total Maximum Score for Selection Criteria**

**100 points**

**The following guidance may assist you in addressing the questions that will be used to evaluate your responses to the selection criteria:**

**(a) Quality of Comprehensive Development Plan**  
**(Maximum: 25 points).**

**(1) The strengths, weaknesses, and significant problems of the institution’s academic programs, institutional management, and fiscal stability are clearly and comprehensively analyzed and result from a process that involved major constituencies of the institution.**

**Content:** Separately describe and analyze your institution's strengths, weaknesses, and significant problems in the following three areas as they relate to each proposed activity:

1. Academic programs,
2. Institutional management, and
3. Fiscal stability.

We are considering “weaknesses” and “significant problems” to be one and the same. Use the grant funds to address some of these weaknesses and problems. Here are some guidelines for stating the problems:

- State what is “too high” or what is “too low.” For example, the percentage of freshmen students who fail four courses is too high. When you state the problem this way, the objectives become obvious. Such as, “to decrease, from 42 percent to 30 percent, the percentage of freshmen students who fail four courses.”
- Avoid problem statements that declare the problem as "the lack of" or "the need for" the very solution you are proposing for funding. Such as, “the problem with our academic programs is a lack of or need for student services outside the classroom. Thus, we propose an activity to establish those student services." This type of statement usually contains circular reasoning.
- Provide summaries of or excerpts from recent data, reports, evaluations or studies that demonstrate that you have objectively and thoroughly analyzed your institution’s main problems.
- Describe the process you used to formulate the above information.
- Provide evidence of the extent and nature of the faculty, staff, students, community, industry, and other major constituents' involvement in this process. You may rely on previously written information, such as a self-study for accreditation, as long as your process for developing the information involved the major constituencies' representatives and reflects your institution's current situation.

**(2) The goals for the institution’s academic programs, institutional management, and fiscal stability are realistic and based on comprehensive analysis.**

**Content:** Based on a comprehensive analysis of your institution's strengths, weaknesses, and significant problems, separately state the institutional goals as they relate to each proposed activity you plan to address using Title III, Part F, ANNH Program funds.

**(3) The objectives stated in the plan are measurable, related to institutional goals, and if achieved, will contribute to the growth and self-sufficiency of the institution.**

**Content:** Focusing only on the institutional objectives that are specifically related to your proposed Title III, Part F, ANNH Program activities, separately provide measurable objectives for how you will reach each of the goals as you discussed in #2. Achieving the objectives outlined should contribute to the growth and self-sufficiency of the institution.

**Describe in measurable terms how objectives are related to the goals of the institution. The description should include details on the following:**

Specific Tasks

Institutionalize personnel, programs, and services.

Methods Involved

Operational funding budgeted and allocated to sustain improvements.

Tangible Results

Program, services, and personnel fully institutionalized.

**(4) The plan clearly and comprehensively describes the methods and resources the institution will use to institutionalize practices and improvements developed under the proposed project, including, in particular, how operational costs for personnel, maintenance, and upgrades of equipment will be paid with institutional resources.**

**Content:** In this section, separately describe the following for each proposed activity:

The methods your institution will use to integrate practices and improvements developed into its operations and, if appropriate, continue them after the grant ends. For example, provide specifics on how your institution will obtain approval from appropriate internal and/or external governance authorities to conduct new or revised curricula and use new intervention strategies. What will the time period be for these actions?

Provide the resources you will need to institutionalize newly developed practices and improvements and, most importantly, how you will fund them. In particular, discuss how your institution will fund operational costs such as personnel, maintenance, and upgraded equipment. For example, one way to ensure that positions continue after the grant ends is for your institution to pay a percentage of the salary during the grant and increase that percentage during years two, three, four, and five.

**(b) Quality of Activity Objectives (Maximum: 15 Points).**

**(1) The extent to which the objectives for each activity are realistic and defined in terms of measurable results.**

**Content:** State your annual objectives, separately for each activity, which, when combined with their performance indicator(s), are measurable and realistic (not too high, not too low). Connect each objective to the problem or weakness it should address, as you described in the CDP. In addition:

- DO NOT identify process objectives such as: "To establish a college-wide committee", whose measurement is: "We formed a committee." Identify processes or tasks under the Implementation Strategy as discussed next.
- DO use words such as "to increase" or "to decrease" since you are more likely to be describing a genuine, outcome objective.
- DO NOT begin your objective with words such as "to provide," "to develop," or "to establish." This heightens the likelihood you may be describing a process or task rather than an outcome objective.
- DO provide a realistic number of objectives and performance indicators for each proposed activity and for each year you are requesting funds for that activity.

**(2) The extent to which the objectives for each activity are directly related to the problems to be solved and to the goals of the comprehensive development plan.**

**Content:** Separately describe how meeting the objectives of each proposed activity will address a problem identified in the CDP and affect your institution's ability to address its goals for its academic programs, institutional management, or fiscal stability.

If you need funds for more than one activity, you may propose different start and end dates and vary the duration of each. For example, you may need only three years to develop a new curriculum but five years to develop a new management information system. Any proposed activity should address a critical problem that the CDP describes as hindering institutional growth and self-sufficiency.

**(c) Quality of Implementation Strategy (Maximum: 20 Points).**

**(1) The extent to which the implementation strategy for each activity is comprehensive.**

**(2) The extent to which the rationale for the implementation strategy for each activity is clearly described and is supported by the results of relevant studies or projects.**

**Content:** For each proposed activity, explain why you chose a specific method for implementing that activity. Include how you determined that method to be most effective, indicating relevant studies or projects that you reviewed and experts that you consulted.

**(3) The timetable for each activity is realistic and likely to be attained.**

- Chart an implementation strategy to meet your objectives for each year you are requesting funds and for each activity.
- Use time frames that are realistic for completing a task. Chart each of the five years using the budget period of October 1 to September 30.
- Describe in a comprehensive, sequential and clear manner who will do what and how they will do it to meet the objectives of each activity.
- Identify, by title, the primary participants who will carry out the tasks to meet the objectives. Describe how the personnel will perform the tasks and the results you expect from them.

**(d) Quality of Key Personnel (Maximum: 7 Points).**

**(1) The extent to which the experience and training of key professional personnel are directly related to the stated activity objectives.**

**(2) The extent to which the time commitment of key personnel is realistic.**

**Content:** For each proposed activity, list, by title and name (if available) which positions are being proposed using Title III funds and describe the qualifications you require of that position and the amount of time each person will allot to the proposed activity.

If you want to use a consultant, explain why a consultant is more advantageous than using the institution's personnel.

**(e) Quality of Project Management Plan (Maximum: 10 Points).**

**(1) The extent to which procedures for managing the project are likely to ensure efficient and effective project implementation.**

**(2) The extent to which project coordinator and activity directors have sufficient authority to conduct the project effectively, including access to the president or chief executive officer.**

For the Title III, Part F, ANNH Program coordinator's position, provide the following:

- Under "Quality of Key Personnel," be sure to include the coordinator's required qualifications (education, experience, training) and the specific duties of the position. Directly relate the duties to the stated purposes and objectives of the project.
- Indicate how much time the Title III, Part F, coordinator will commit to the project. Make the time commitment realistic, not too high nor too low, relative to the tasks the individual will perform.

Note: Your Title III, Part F coordinator's time commitment to a project may vary considerably from that in another project or another institution's project. One project focused on developing a management information system, for example, may have a coordinator who is the director of technology in the ordinary hierarchy of the college. He or she may allot 10 percent time to coordinate the project for which the college will pay. On the other hand, a new coordinator of a faculty development project may be an instructional developer with a 50 percent time or 100 percent time commitment paid for with Title III, Part F, funds. Carefully think through the management structure and time commitment that will work best at your institution and specify the reasons for your choice.

- Describe the procedures the project coordinator (project director) will use to manage and monitor the project's progress such as how information will be provided to key administrators so they can integrate project activities with related, on-going institutional activities.
- Describe the project coordinator's (project director) administrative authority over the activity director(s) who is normally responsible for accomplishing a specific activity's objectives. Also, describe the administrative authority of the activity director(s) over subordinates.
- Chart the lines of authority of the project coordinator to key institutional decision makers, including the president.

**(f) Quality of Evaluation Plan (Maximum: 15 Points).**

**(1) The extent to which the data elements and the data collection procedures are clearly described and appropriate to measure the attainment of activity objectives and to measure the success of the project in achieving the goals of the comprehensive development plan.**

**Content:** For each proposed activity, describe the data collection procedures the institution will use to identify the data elements, objectives, and goals identified in the CDP. Include measure attainment of each proposed activity. Include procedures for analyzing and using both formative and summative data.

**(2) The extent to which the data analysis procedures are clearly described and are likely to produce formative and summative results on attaining activity objectives and measuring the success of the project on achieving the goals of the comprehensive development plan.**

**Content:** For each proposed activity, describe in detail the project's evaluation plan, including who, what, when and how. Define the baseline indicators of progress that you will use.

The detailed evaluation plan should:

- Produce a valid assessment of your implementation strategies;
- Result in annual, quantifiable evidence of the extent to which you attained your objectives for each activity and your goals for which funding is requested;
- Include the data elements and collection procedures that you will use; and
- Describe procedures for analyzing and using both formative and summative data.

All applicants must submit a plan to conduct a project evaluation as part of their grant activities. The planned evaluation should be systematic in assessing the worth of a project and useful in guiding project objectives and focus primarily on determining the outcomes and impacts of the project relative to those objectives. The evaluation should also serve to strengthen the management of the project and lead to better knowledge of what works in producing the desired outcomes.

An individual or organization, independent of the project team (and all of its partners), but not necessarily external to the grantee institution, should execute the project evaluation plan. This independent evaluator should assist in the initial preparation of the evaluation plan and be willing to work alongside the project team throughout the duration of the project. The evaluator should possess good evaluation skills commonly found among practitioners of the American Evaluation Association. Helpful Web sites to consult when preparing an evaluation plan include:

- Department of Education’s Fund for the Improvement of Postsecondary Education:  
<http://www.ed.gov/about/offices/list/ope/fipse/evaluate.html>
- National Science Foundation: [http://www.nsf.gov/pubs/2004/nsf04016/nsf04016\\_4.htm](http://www.nsf.gov/pubs/2004/nsf04016/nsf04016_4.htm)
- Kellogg Foundation: <http://www.wkkf.org/default.aspx?tabid=75&CID=281&NID=61&LanguageID=0> (for their evaluation handbook)
- Academic Competitiveness Council [http://hub.mspnet.org/search/?action=true&search\\_text=evaluation](http://hub.mspnet.org/search/?action=true&search_text=evaluation)

The project director and team should be committed to gathering the best evaluation data possible for formative and summative purposes. Projects should collect baseline data before the project starts as a basis for measuring progress.

A summary of the evaluation report must be included in the final performance report submitted by the project to the Department of Education. The report, which also includes fiscal and management performance information, is due within 90 days after expiration of the award. The evaluation report should be included as an appendix to the final performance report as well as available upon request. (Please see 34 CFR 75.217 for information on how project performance may affect future funding).

For the Title III, ANNH Program, the evaluation plan should produce a valid assessment of the implementation strategies. It should also result in annual, quantifiable evidence of the attainment of objectives for each activity and of the goals in the CDP.

**(g) Budget (Maximum: 8 Points).**

**The extent to which the proposed costs are necessary and reasonable in relation to the project's objectives and scope.**

**Content:** Review the program regulations (34 CFR 607.10 and 607.30) for guidance on which activities and costs are allowable. For example, you may not use your grant funds to:

- Recruit students;
- Carry out activities that are operational rather than developmental;
- Carry out student activities such as entertainment, cultural or social enrichment programs, student publications, social clubs or associations;
- Pay for organized fund raising and;
- Cover indirect costs.

Prepare a separate, detailed, budget narrative for each proposed activity for each year you are requesting grant funds. Demonstrate and justify that all costs are reasonable in today's market and necessary to accomplish your activity objectives. Please pay particular attention in your justification to those (per item) costs exceeding \$25,000, excluding salaries and fringe benefits. For each activity, provide itemized costs (in dollars), and a narrative justification to support your request for:

- Personnel
- Fringe Benefits
- Travel
- Equipment
- Supplies
- Contractual
- Construction
- Other
- Total

You must provide details so we can determine if the costs are allowable, necessary and reasonable.

**NOTE: The Title III, Part F, ANNH Program, CFDA 84.031 R&V, does not reimburse grantees for indirect costs they incur in carrying out a project funded under this program. Therefore, applicants should not show any dollar amounts for indirect costs on either line 10 of the application budget form (ED 524) or in their budget narrative. Applicants should also be aware that un-reimbursed indirect costs under grants of this program may not be charged as direct cost items in the same award, used to satisfy matching or cost-sharing requirements, or charged to another Federal award.**

**Note:** Check all combined totals for the proposed activity budgets and compare it to the total on the ED 524. The totals must match.

**U. S. Department of Education Budget Information Non-Construction Programs (Section A - Budget Summary U.S. Department of Education Funds and Section B – Budget Summary Non-Federal Funds (ED 524 form)).**

First, carefully read the instructions contained in this document. Then, using the Department of Education Budget Information for Non-Construction Programs (ED524) form, prepare a budget for the entire project that totals all the costs for each year of the grant.

## Instructions for Addressing Priorities

### **Absolute Priority**

- Absolute Priority (Applicant must address. Zero points): Projects that support high-need students which are designed to improve their academic outcomes; learning environments; or both. You have up to three additional pages to address this priority.

### **Competitive Preference Priorities**

- Competitive Preference Priority 1 (Maximum 1 point): Applications supported by evidence of effectiveness that meets the conditions set out in the definition of “evidence of promise.”
- Competitive Preference Priority 2 (Maximum 3 points): Applications supported by evidence of effectiveness that meets the conditions set out in the definition of “moderate evidence of effectiveness.”

Applicants seeking to address CPP 1 or 2 should identify up to two citations for studies that meet the definition of the applicable evidence standard for the selected priority. The Department will review the studies cited by the applicants to determine if they meet the requirements for Evidence of Promise or Moderate Evidence of Effectiveness.

Cited studies may include those already listed in the Department's What Works Clearinghouse (WWC) Reviewed Studies Database (see <http://ies.ed.gov/ncee/wwc/ReviewedStudies.aspx>) or those that are not included in that database. Studies listed in the WWC Reviewed Studies Database do not necessarily satisfy any or all of the criteria needed to meet either the Evidence of Promise standard or the Moderate Evidence of Effectiveness standard, as defined in the notice, and therefore it is important that applicants themselves ascertain the suitability of a study for an evidence priority.

Points will only be awarded if the submitted studies are determined to meet the particular evidence standard, and if a determination is made that the research cited is relevant to the proposed projects. Applicants addressing Competitive Preference Priorities 1 or 2 should clearly demonstrate the relevance of the cited studies to proposed project activities. Applicants should also clearly demonstrate how the proposed project activities align with the cited study with sufficient fidelity. Where modifications to the cited intervention will be made to account for student or institutional/organizational characteristics, resource limitations, or other special factors, the applicant should provide a justification or basis for the modifications in the narrative response to the priority.

You have up to three additional pages to address the CPP of your choice. An applicant must include all supporting evidence in PDF format. This PDF information must be attached as a separate document in the Other Attachments Form in Grants.gov, with the title: CPP 1 - Evidence Studies or CPP 2 – Evidence Studies. If the Department determines that an applicant has provided insufficient information, the applicant will not have an opportunity to provide additional information. Applicants should specify in their narrative responses to these priorities the findings within the studies cited as evidence in support of their strategies and ensure that the citation(s) and link(s) are from an available source.

### **Invitational Priority**

- Invitational Priority (Zero Points): Projects that support activities that strengthen Native language preservation and revitalization.

You have up to two pages to address this priority.

## **Instructions for U.S. Department of Education Supplemental Information for the SF-424**

**1. Project Director.** Name, address, telephone and fax numbers, and e-mail address of the person to be contacted on matters involving this application. Items marked with an asterisk (\*) are mandatory.

**2. Novice Applicant.** Check “Yes” if you meet the definition for novice applicants specified in the regulations in 34 CFR 75.225 and included on the attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424”). By checking “Yes” the applicant certifies that it meets these novice applicant requirements. Check “No” if you do not meet the definition for novice applicants.

This novice applicant information will be used by ED to: 1) determine the amount and type of technical assistance that a novice might need, if funded, and 2) determine novice applicant eligibility in discretionary grant competitions that give special consideration to novice applications. Certain ED discretionary grant programs give special consideration to novice applications, either by establishing a special competition for novice applicants or by giving competitive preference to novice applicants under the procedures in 34 CFR 75.105(c)(2). If special consideration is being given to novice applications under a particular discretionary grant competition, the application notice for the competition published in the Federal Register will specify this information

**3. Human Subjects Research.** (See I. A. “Definitions” in attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424.”)

**3a. If Not Human Subjects Research.** Check “No” if research activities involving human subjects are not planned at any time during the proposed project period. The remaining parts of Item 3 are then not applicable.

**3a. If Human Subjects Research.** Check “Yes” if research activities involving human subjects are planned at any time during the proposed project period, either at the applicant organization or at any other performance site or collaborating institution. Check “Yes” even if the research is exempt from the regulations for the protection of human subjects. (See I. B. “Exemptions” in attached page entitled “Definitions for U.S. Department of Education Supplemental Information for SF-424.”)

**3b. If Human Subjects Research is Exempt from the Human Subjects Regulations.** Check “Yes” if all the research activities proposed are designated to be exempt from the regulations. Check the exemption number(s) corresponding to one or more of the six exemption categories listed in I. B. “Exemptions.” In addition, follow the instructions in II. A. “Exempt Research Narrative” in the attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424.”

**3b. If Human Subjects Research is Not Exempt from Human Subjects Regulations.** Check “No” if some or all of the planned research activities are covered (not exempt). In addition, follow the instructions in II. B. “Nonexempt Research Narrative” in the attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424.”

**3b. Human Subjects Assurance Number.** If the applicant has an approved Federal Wide Assurance (FWA) on file with the Office for Human Research Protections (OHRP), U.S. Department of Health and Human Services, that covers the specific activity, insert the number in the space provided. **(A list of current FWAs is available at: <http://ohrp.cit.nih.gov/search/search.aspx?styp=bsc>)** If the applicant does not have an approved assurance on file with OHRP, enter “None.” In this case, the applicant, by signature on the SF-424, is declaring that it will comply with 34 CFR 97 and proceed to obtain the human subjects assurance upon request by the designated ED official. If the application is recommended/selected for funding, the designated ED official will request that the applicant obtain the assurance within 30 days after the specific formal request.

**3c.** If applicable, please attach your “Exempt Research” or “Nonexempt Research” narrative to your submission of the U.S. Department of Education Supplemental Information for the SF-424 form as instructed in item II, “Instructions for Exempt and Nonexempt Human Subjects Research Narratives” in the attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424.”

**Note about Institutional Review Board Approval.** ED does not require certification of Institutional Review Board approval with the application. However, if an application that involves non-exempt human subjects research is recommended/selected for funding, the designated ED official will request that the applicant obtain and send the certification to ED within 30 days after the formal request.

**No covered human subjects research can be conducted until the study has ED clearance for protection of human subjects in research.**

**Public Burden Statement:**

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. Public reporting burden for this collection of information is estimated to average 20 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. The obligation to respond to this collection is required to obtain or retain benefit (20 USC 3474 General Education Provisions Act). Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the U.S. Department of Education, 400 Maryland Ave., SW, Washington, DC 20210-4537 or email [ICDocketMgr@ed.gov](mailto:ICDocketMgr@ed.gov) and reference the OMB Control Number 1894-0007. Note: Please do not return the completed ED SF 424 Supplemental Form to this address.

## Definitions for U.S. Department of Education Supplemental Information for the SF-424

### Definitions:

#### Novice Applicant (See 34 CFR 75.225)

For discretionary grant programs, novice applicant means any applicant for a grant from ED that—

- Has never received a grant or subgrant under the program from which it seeks funding;
- Has never been a member of a group application, submitted in accordance with 34 CFR 75.127-75.129, that received a grant under the program from which it seeks funding; and
- Has not had an active discretionary grant from the Federal government in the five years before the deadline date for applications under the program. For the purposes of this requirement, a grant is active until the end of the grant's project or funding period, including any extensions of those periods that extend the grantee's authority to obligate funds.

In the case of a group application submitted in accordance with 34 CFR 75.127-75.129, a group includes only parties that meet the requirements listed above.

### PROTECTION OF HUMAN SUBJECTS IN RESEARCH

#### I. Definitions and Exemptions

##### A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department's regulations, and the research activity will involve use of human subjects, as defined in the regulations.

##### —Research

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as “a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge. Activities which meet this definition constitute research whether or not they are conducted or supported under a program that is considered research for other purposes. For example, some demonstration and service programs may include research activities.

##### —Human Subject

The regulations define human subject as “a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information.” (1) *If an activity involves obtaining information about a living person by manipulating that person or that person's environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met.* (2) *If an activity involves obtaining private information about a living person in such a way that the information can be **directly or indirectly** linked to that individual), the definition of human subject is met* [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).]

##### B. Exemptions.

Research activities in which the **only** involvement of human subjects will be in one or more of the following six categories of **exemptions** are not covered by the regulations:

(1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods. ***If an educational practice is being introduced to the site and is not widely used for similar populations, it is not covered by this exemption.***

(2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects' responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects' financial standing, employability, or reputation. ***If the subjects are children, exemption 2 applies only to research involving educational tests and observations of public behavior when the investigator(s) do not participate in the activities being observed.***

***Exemption 2 does not apply if children are surveyed or interviewed or if the research involves observation of public***

**behavior and the investigator(s) participate in the activities being observed.** [Children are defined as persons who have not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]

(3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.

(4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects. **[This exemption applies only to retrospective studies using data collected before the initiation of the research.]**

(5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d) possible changes in methods or levels of payment for benefits or services under those programs. **[The standards of this exemption are rarely met because it was designed to apply only to specific research conducted by the Social Security Administration and some Federal welfare benefits programs.]**

(6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

## **II. Instructions for Exempt and Nonexempt Human Subjects Research Narratives**

If the applicant marked “Yes” for Item 3.b. of the U.S. Department of Education Supplemental Information for the SF 424, the applicant must attach a human subjects “exempt research” or “nonexempt research” narrative to the U.S. Department of Education Supplemental Information for the SF-424 form. If you have multiple projects and need to

provide more than one narrative, be sure to label each set of responses as to the project they address.

### **A. Exempt Research Narrative.**

If you marked “Yes” for item 3.b. and designated exemption numbers(s), attach the “exempt research” narrative to the U.S. Department of Education Supplemental Information for the SF-424. The narrative must contain sufficient information about the involvement of human subjects in the proposed research to allow a determination by ED that the designated exemption(s) are appropriate. The narrative must be succinct.

### **B. Nonexempt Research Narrative.**

If you marked “No” for item 3.b. you must attach the “nonexempt research” narrative to the U.S. Department of Education Supplemental Information for the SF-424. The narrative must address the following seven points. Although no specific page limitation applies to this section of the application, be succinct.

#### **(1) Human Subjects Involvement and Characteristics:**

cognizant agency within 90 days after ED issues a grant award notification; and

4. If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office. Specify the estimated amount of the base to which the indirect cost rate is applied and the total indirect expense. Depending on the grant program to which you are applying and/or your approved Indirect Cost Rate Agreement, some direct cost budget categories in your grant application budget may not be included in the base and multiplied by your indirect cost rate. For example, you must multiply the indirect cost rates of “Training grants” (34 CFR 75.562) and grants under programs with “Supplement not Supplant” requirements (“Restricted Rate” programs) by a “modified total direct cost” (MTDC) base (34 CFR 75.563 or 76.563). Please indicate which costs are included and which costs are excluded from the base to which the indirect cost rate is applied.

When calculating indirect costs (line 10) for “Training grants” or grants under “Restricted Rate” programs, you must refer to the information and examples on ED’s website at : <http://www.ed.gov/fund/grant/apply/appforms/appforms.html>.

## NOTICE TO ALL APPLICANTS

The purpose of this enclosure is to inform you about a new provision in the Department of Education's General Education Provisions Act (GEPA) that applies to applicants for new grant awards under Department programs. This provision is Section 427 of GEPA, enacted as part of the Improving America's Schools Act of 1994 (Public Law (P.L.) 103-382).

### To Whom Does This Provision Apply?

Section 427 of GEPA affects applicants for new grant awards under this program. **ALL APPLICANTS FOR NEW AWARDS MUST INCLUDE INFORMATION IN THEIR APPLICATIONS TO ADDRESS THIS NEW PROVISION IN ORDER TO RECEIVE FUNDING UNDER THIS PROGRAM.**

(If this program is a State-formula grant program, a State needs to provide this description only for projects or activities that it carries out with funds reserved for State-level uses. In addition, local school districts or other eligible applicants that apply to the State for funding need to provide this description in their applications to the State for funding. The State would be responsible for ensuring that the school district or other local entity has submitted a sufficient section 427 statement as described below.)

### What Does This Provision Require?

Section 427 requires each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its Federally-assisted program for students, teachers, and other program beneficiaries with special needs. This provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin,

color, disability, or age. Based on local circumstances, you should determine whether these or other barriers may prevent your students, teachers, etc. from such access or participation in, the Federally-funded project or activity. The description in your application of steps to be taken to overcome these barriers need not be lengthy; you may provide a clear and succinct description of how you plan to address those barriers that are applicable to your circumstances. In addition, the information may be provided in a single narrative, or, if appropriate, may be discussed in connection with related topics in the application.

Section 427 is not intended to duplicate the requirements of civil rights statutes, but rather to ensure that, in designing their projects, applicants for Federal funds address equity concerns that may affect the ability of certain potential beneficiaries to fully participate in the project and to achieve to high standards. Consistent with program requirements and its approved application, an applicant may use the Federal funds awarded to it to eliminate barriers it identifies.

### What are Examples of How an Applicant Might Satisfy the Requirement of This Provision?

The following examples may help illustrate how an applicant may comply with Section 427.

- (1) An applicant that proposes to carry out an adult literacy project serving, among others, adults with limited English proficiency, might describe in its application how it intends to distribute a brochure about the proposed project to such potential participants in their native language.
- (2) An applicant that proposes to develop instructional materials for

classroom use might describe how it will make the materials available on audio tape or in braille for students who are blind.

(3) An applicant that proposes to carry out a model science program for secondary students and is concerned that girls may be less likely than boys to enroll in the course, might indicate how it intends to conduct "outreach" efforts to girls, to encourage their enrollment.

(4) An applicant that proposes a project to increase school safety might describe the special efforts it will take to address concern of lesbian, gay, bisexual, and transgender students, and efforts to reach out to and involve the families of LGBT students

We recognize that many applicants may already be implementing effective steps to ensure equity of access and participation in their grant programs, and we appreciate your cooperation in responding to the requirements of this provision.
