

Impact Evaluation of Academic Language Intervention

Teacher Survey – Fall 2017

Hello! Thank you very much for your help!

We ask that you complete the survey below. The following page has a consent form with more information about the survey's purpose. If you are willing to complete the survey, please check the appropriate box on the next page and then begin. Your responses will not be used for monitoring purposes and no reports will identify you or any other individual teacher or school.

We appreciate your time!

Sincerely,

XXXX

OMB#: 1850<mark>-XXXX</mark> Expiration Date: <mark>XX/XX/20XX</mark>

Paperwork Reduction Act of 1995

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. Public reporting burden for this collection of information is estimated to average 35 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. The obligation to respond to this collection is voluntary. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the U.S. Department of Education, 400 Maryland Ave., SW, Washington, DC 20210-4537 or email ICDocketMgr@ed.gov and reference the OMB Control Number XXXX-XXXX. Note: Please do not return the requested information to this address.

Notice of Confidentiality

Information collected for this study comes under the confidentiality and data protection requirements of the Institute of Education Sciences (The Education Sciences Reform Act of 2002, Title I, Part E, Section 183). Responses to this data collection will be used only for statistical purposes. The reports prepared for this study will summarize findings across the sample and will not associate responses with a specific individual. We will not provide information that identifies specific individuals, schools, or your district to anyone outside the study team, except as required by law.

PLEASE READ THIS FORM AND CHECK BELOW IF YOU AGREE TO PARTICIPATE IN THE SURVEY

We would like to invite you to complete a survey about your experiences teaching students who are English Learners (ELs) or disadvantaged non-EL students. The survey will take approximately 35 minutes to complete. As a token of our appreciation, you will receive **\$XX** two weeks after submitting your completed survey.

What is the purpose of the study?

Your school is participating in a national research study to help determine what types of instruction will best help English Learners (ELs) and disadvantaged non-EL students in the 4th and 5th grade improve language skills needed for reading and writing in school. The study is sponsored by National Center for Education Evaluation (NCEE) of the U.S. Department of Education's Institute of Education Sciences (IES) and the survey is administered by MDRC and Abt Associates. The survey includes questions on your education, training, and teaching experience, and the types of instructional techniques you use and challenges you encounter in your classroom.

Is participation voluntary?

Taking part in the survey is voluntary. Deciding to take the survey or not will have no effect on your employment, teaching certification status, or your relationship with your school or district. You may choose to skip any question on the survey, or choose not to complete the survey at any time without penalty.

What are the benefits and risks?

There is no direct benefit to you from participating in the survey. You will be contributing to a national study designed to help improve academic outcomes for English learners and non-EL disadvantaged students and give teachers information and tools to work most effectively with these students.

This survey poses minimal risk to you. As part of the survey, you will be asked to provide some personally identifiable information (PII). We will protect your privacy to the extent permissible by law. This includes limiting access to personally identifiable information about you to authorized members of the research team only. There is a very small risk of disclosure of your PII to people outside the research team. However, the research team has many procedures in place to minimize this risk. We will remove PII from your other survey responses and store it separately in secure data files. The research team will not share your individual survey responses with your school, district, state, or the U.S. Department of Education. Your responses to this survey will be summarized along with the responses of other teachers for statistical purposes only. No reports will identify you or any other individual teacher or school. At the end of the study, we will share anonymous data collected in this survey with the U.S. Department of Education's Institute of Education Sciences (IES). That is, before sharing any survey data we will remove information that identifies you or your school directly.

What if I have additional questions?

If you have any questions about the study or about the survey, including technical difficulties, please contact Carter Epstein at Abt Associates via email at STUDY NAME@abtassociates.com or toll free at 800-XXX-XXXX. For questions about your rights with regard to the study, please call INSERT MDRC CONTACT, MDRC's Institutional Review Board Administrator, toll-free at 1-XXX-XXXX.

By checking this box, I agree to participate in the survey that follows for the Impact Evaluation of Academic Language Intervention. [*SURVEY BEGINS*]

□ I prefer not to participate in this survey. [EXIT SURVEY]

This survey uses the following terms which are likely familiar to you; however, your district may use different terms to define similar ideas.

Academic language = vocabulary words and sentence structures that are common in academic settings (e.g., textbooks, standardized tests) but that are less common in spoken language

English learner = students who are not native English speakers. Your district may call these students limited English proficient, English language learners (ELL), non-native speakers, English as a Second Language (ESL) students, or something else.

Instructional block = each time you instruct a group of students on a particular subject, whether that is one group of students to whom you teach multiple subjects or multiple groups of students to whom you teach one subject. Your district may call these blocks "class periods," "classes," or something else. We expect that most teachers teach 4 to 8 instructional blocks per day.

Professional learning community (PLC) = a group of educators who meet regularly to share knowledge and strategies and to work collaboratively to improve their teaching as well as students' learning. Your district may call this a "community of learning" or something else, but the common idea is a group of colleagues that meet frequently to share instructional practices and work toward a common educational vision. A PLC does <u>not</u> include disciplinary meetings, IEP reviews, or other events focused on non-instructional issues.

Background, experience, and education

1. How many years have you worked as an elementary- or secondary-level teacher? *Include the current school year*.

_____ years

- 2. How many years have you worked in your current school? *Include the current school year*. ______ years
- 3. How many years have you taught fourth or fifth grade? *Include the current school year*. ______ years
- 4. What is the highest degree you have attained? *Check one only*.
 - □ Vocational certificate
 - □ Associate's degree
 - □ Bachelor's degree
 - □ Master's degree
 - Educational specialist or professional diploma (at least one year beyond a master's level)
 - □ Certificate of Advanced Graduate Studies
 - Doctorate or first professional degree (Ph.D., Ed.D., M.D., J.D., D.D.S.)

- 5. For the highest degree you have attained, what was your major field of study? *Check one only*.
 - □ Elementary education
 - □ Secondary education
 - □ Special education
 - □ ESL or bilingual education
 - □ Other education (e.g., administration, counseling, school psychology)
 - □ English or language arts (e.g., communications, linguistics, literature, reading, speech)
 - □ Foreign languages (e.g., Spanish, German, Latin)
 - □ Mathematics
 - $\hfill\square$ Computer science
 - □ Natural sciences (e.g., biology, earth science, engineering, physics)
 - □ Social sciences (e.g., social studies, area or ethnic studies, economics, geography)
 - □ Career or technical education
 - □ Arts or music (e.g., art history, dance, theater)
 - □ Health education (including physical education)
 - □ Other (please specify): _____
- 6. Have you completed any college or university courses, or other training offered or mandated by your state or district, on English learners or bilingual children?
 - □ Yes
 - 🗆 No
- 7. Do you have a license or certificate to teach English learners (e.g., an ELL license, TESOL certification)?
 - □ Yes
 - □ No
- 8. Do you speak another language in addition to English?
 - $\Box \quad \text{Yes} \quad \rightarrow Go \text{ to } Q9$
 - $\Box \text{ No } \rightarrow \text{Go to } Q11$
- 9. What is the <u>primary</u> language that you speak (other than English)? *Check one only*.

10. For the primary language that you speak (other than English), please indicate how well you can:

	Not at all	A little bit	Well	Very well
Understand the language				
Speak the language				
Read the language				
Write the language				

Participation in professional development

11. <u>In the past 12 months</u>, did you participate in any professional development (PD) on the following topics? *If you participated in training on WordGeneration Elementary, please do <u>not</u> <i>count that training when answering below.*

a anning mien ano ver mg o elem		
Topic	Did you participate in PD on this topic in the past 12 months? Do not count any training on WordGen Elementary when answering.	<u>If YES:</u> In the past 12 months, how many hours of PD related to this topic did you have? <i>Do not</i> <i>count any training on WordGen</i> <i>Elementary when answering.</i>
Teaching English learners (ELs)	□ Yes	 1 to 3 hours 4 to 7 hours 8 to 12 hours 13 or more hours
Teaching other struggling students	□ Yes → □ No	 1 to 3 hours 4 to 7 hours 8 to 12 hours 13 or more hours
Strategies for helping students comprehend and use different types of language (e.g., expository, persuasive, or inferential language)	□ Yes → → No	 1 to 3 hours 4 to 7 hours 8 to 12 hours 13 or more hours
Strategies for helping students determine the meaning of words (e.g., cognates, context clues, word parts, concrete representations, examples)	□ Yes □ No	 1 to 3 hours 4 to 7 hours 8 to 12 hours 13 or more hours
Other (please specify):	□ Yes □ No	 1 to 3 hours 4 to 7 hours 8 to 12 hours 13 or more hours

12. Do you participate in a professional learning community (PLC) at your school?

- \Box Yes \rightarrow Go to Q13
- \Box No \rightarrow Go to Q16
- 13. Does this PLC include...? *Check one only*.
 - $\hfill\square$ Only teachers who teach the same grade as you
 - $\hfill\square$ Some teachers who do not teach the same grade as you
- 14. Does this PLC include...? *Check one only*.
 - \Box Only teachers who teach the same subject(s) as you
 - □ Some teachers who teach different subject(s) than you teach

15. How often does this PLC meet? *Check one only*.

- □ Less than once a semester
- □ Once or twice per semester
- □ Once a month

□ Two or three times a month

- □ Every week
- □ Other (please specify):

Use of specific instructional strategies

16. Which statement best describes the way your classes at this school are organized? *Check one only*.

- □ You instruct the same group of students for all or most of the day in multiple subjects (sometimes called a Self-Contained Class).
- □ You instruct several classes of different students for most or all of the day in one or more subjects (sometimes called Departmentalized Instruction).
- □ You teach only one subject to different classes of students (sometimes called an Elementary Subject Specialist).
- You are one of two or more teachers, in the same class, at the same time, and are jointly responsible for teaching the same group of students for all or most of the day (sometimes called Team Teaching).
- □ You instruct a small number of selected students released from or in their regular classes in specific skills or to address specific needs (sometimes called a "Pull-Out" Class or "Push-In" Instruction).
- 17. What subject(s) do you teach at this school? *Check all that apply*.
 - □ English, reading, or language arts
 - □ Mathematics
 - □ Science
 - $\hfill\square$ Social studies or history
 - □ Computer science or technology

- Foreign language
- □ ESL or bilingual education
- \Box Art or music
- \Box Health or physical education
- □ Other (please specify):

18. In the typical week, how many instructional blocks do you teach?

By **instructional blocks**, we mean each time you instruct a group of students on a particular subject, whether that is one group of students to whom you teach multiple subjects or multiple groups of students to whom you teach one subject. Your district may call these class periods or something else.

We expect that most teachers teach 4 to 8 instructional blocks per day. For example, if you teach 6 instructional blocks on Monday, Wednesday, and Friday, and 5 instructional blocks on Tuesday and Thursday, you would teach 28 instructional blocks per week.

_____ instructional blocks

19. Of these instructional blocks, how many include English learners (ELs)?

_____ instructional blocks

Perceptions of English learners and school climate

26. To what extent do you agree with the following statements? *Mark one response in each row.*

	Strongly disagree	Somewhat disagree	Somewhat agree	Strongly agree
I am adequately trained to teach students in my classroom who are ELs.				
Inclusion of ELs in my class has worked well.				
Most of the ELs I teach are capable of learning the material I am supposed to teach them.				
Teachers in this school are continually learning and seeking new ideas.				
The school administrator knows what kind of school he/she wants and has communicated it to the staff.				
The school administration's behavior toward the staff is supportive and encouraging.
