There are no questions of a sensitive nature.

12. Estimate of the hour burden of the collection of information:

Estimate of Information Collection Burden:

- a. Number of Respondents: 1,000
- b. Frequency of Response: On Occasion
- c. Annual Burden Hours: 250 hours
- d. Estimated Completion Time: 15 minutes

- a. The respondent population for VA Forms 21-0960D-1, is composed of individuals gathering the necessary information from a claimant's treating physician regarding the results of medical examinations. VA cannot make further assumptions about the population of respondents because of the variability of factors such as the educational background and wage potential of respondents. Therefore, VBA used general wage data to estimate the respondents' costs associated with completing the information collection.

The Bureau of Labor Statistics (BLS) gathers information on full-time wage and salary workers. According to the latest available BLS data, the median weekly earnings of full-time wage and salary workers are \$954.40. Assuming a forty (40) hour work week, the mean hourly wage is \$23.86 based on the BLS wage code – “00-0000 All Occupations.” This information was taken from the

following website: (http://www.bls.gov/oes/current/oes_nat.htm#00-0000, May 2016).

Legally, respondents may not pay a person or business for assistance in completing the information collection. Therefore, there are no expected overhead costs for completing the information collection. VBA estimates the total cost to all respondents to be \$5,965.00 (250 burden hours x \$23.86 per hour).

13. Provide an estimate of the total annual cost burden to respondents or record-keepers resulting from the collection of information. (Do not include the cost of any hour burden shown in Items 12 and 14).

This submission does not involve any record keeping costs.

14. Provide estimates of annual cost to the Federal Government. Also, provide a description of the method used to estimate cost, which should include quantification of hours, operation expenses (such as equipment, overhead, printing, and support staff), and any other expense that would not have been incurred without this collection of information. Agencies also may aggregate cost estimates from Items 12, 13, and 14 in a single table.

Estimated Costs to the Federal Government:

Grade	Step	Burden Time	Fraction of Hour	Hourly Rate	Cost Per Response	Total Responses	Total
9	3	30	.5	\$27.38	13.69	1,000	\$ 13,690.00
Overhead at 100% Salary							\$ 13,690.00
5	3	2	0.03	\$18.07	.54	1,000	\$ 540.00
Overhead at 100% Salary							\$ 540.00
4	3	2	0.03	\$16.15	.49	1,000	\$ 490.00
Overhead at 100% Salary							\$ 490.00
Processing / Analyzing Costs							\$ 29,440.00
Printing and Production Cost							\$ 45.00
Total Cost to Government							\$ 29,485.00

Overhead costs are 100% of salary and are same as the wage listed above and the amounts are included in the total.

Note: The hourly wage information above is based on the hourly 2017 General Schedule (Base) Pay (https://www.opm.gov/policy-data-oversight/pay-leave/salaries-wages/salary-tables/pdf/2017/GS_h.pdf). This rate does not include any locality adjustment as applicable.

The processing time estimates above are based on the actual amount of time employees of each grade level spend to process to completion a claim received on this form. The within-grade step (3) of each employee represents the average experience of employees within each grade.

15. Explain the reason for any burden hour changes since the last submission.

There is no change in respondent burden.

16. For collections of information whose results will be published, outline plans for tabulation and publication. Address any complex analytical techniques that will be used. Provide the time schedule for the entire project, including beginning and ending dates of the collection of information, completion of report, publication dates, and other actions.

The information is collected for insurance purposes only and there are no plans for publication.

17. If seeking approval to not display the expiration date for OMB approval of the information collection, explain the reasons that display would be inappropriate.

We are not seeking approval to omit the expiration date for OMB approval.

18. Explain each exception to the certification statement identified in Item 19, "Certification for Paperwork Reduction Act Submissions," of OMB 83-I.

There are no exceptions to the certification statement identified in Item 19 of OMB Form 83-I.
