

Federal Communications Commission

Explanation of Non-Substantive Changes to OMB Control Number: 3060-1223:

- FCC Form 1875
-

Purpose of this Submission: The Commission is seeking a non-substantive change request for this information collection. This submission seeks to update FCC Form 1875.

The Commission inadvertently omitted a field labeled “account type” (a drop down menu with a choice of “savings or checking”) in CORES for vendors who request through the regular FCC Accounts Payable process to become a vendor in our accounting system, Genesis which is not a new requirement to vendors. The information for the Auction Participant vendors will be collected in CORES vs. the other vendor set-up mechanism “SAM” which is used for our regular accounts payable vendors.

Please see the attached form.
