SUPPLEMENTARY INFORMATION:

The FDIC is requesting OMB approval to renew the following information collection:

Title: Occasional Qualitative Surveys.
OMB Number: 3064-0127.

Estimated number of surveys per year: 15.

Estimated response time per survey: 1 hour.

Estimated number of respondents per survey: 850.

Total Annual Burden: 12,500 hours.

General Description of Collection: The information collected in these surveys is anecdotal in nature, that is, samples are not necessarily random, the results are not necessarily representative of a larger class of potential respondents, and the goal is not to produce a statistically valid and reliable database. Rather, the surveys are expected to yield anecdotal information about the particular experiences and opinions of members of the public, primarily staff at respondent banks or bank customers. The information is used to improve the way FDIC relates to its clients, to develop agendas for regulatory or statutory change, and in some cases to simply learn how particular policies or programs are working, or are perceived in particular cases.

Request for Comment

Comments are invited on: (a) Whether these collections of information are

necessary for the proper performance of the FDIC's functions, including whether the information has practical utility; (b) the accuracy of the estimate of the burden of the information collection, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology. All comments will become a matter of public record.

Dated at Washington, DC, this 10th day of July, 2013.

Federal Deposit Insurance Corporation.

Robert E. Feldman,

Executive Secretary.
