Dear Survey Respondent,

The U.S. Department of Agriculture's National Agricultural Statistics Service is conducting a survey for the Current Agricultural Industrial Reports (CAIR) program. These reports are crucial to U.S. economic policy. They help industries such as yours in analyzing markets, forecasting, and decision making.

This survey is a census of the alcohol wet/dry milling, or cotton industries. We ask that you provide information on consumption, production, or stocks.

Please respond by **May 15, 2017**, in one of the following ways:

- **Online** at www.agcounts.usda.gov beginning May 1, 2017. All you need is the survey code on the enclosed form to begin.
- **By mail.** Complete the questionnaire and mail it back in the return envelope provided.

If we do not hear from you by **May 15, 2017**, one of our representatives will contact you.

If you have any questions about this program, please email nate.vandermeer@nass.usda.gov or call 1-888-424-7828. Thank you for participating in this vital program!

Sincerely,
