<http://sero.nmfs.noaa.gov/aquaculture/>

General Instructions:

Aquacultured Live Rock (ALR) permits issued to one or more permit holders allow the deposition to and harvest of materials at a specific geographic location, or *site*. Use *this* application to request an ALR permit for a site that has not previously been issued an ALR permit,

To renew an ALR permit issued to the same permit holder(s) and for the same site, use the application titled Federal Permit Application for Aquacultured Live Rock (renew permit).

If you wish to apply as a new permit holder for an already existing site, see section below on how to conduct an ALR site transfer.

Under the current agreement between NMFS and the U.S. Army Corps of Engineers (USACE), the total acreage of all aquacultured live rock sites maintained by a single permit holder in Federal waters off the coast of Florida **may not exceed 1.0 acres**. Applicants desiring to maintain sites that exceed this 1.0 acre limit must contact their local USACE office (<http://www.usace.army.mil/Locations/>) and inquire about the individual permitting process for the deposit of aquacultured live rock in Federal waters off the coast of Florida.

How do I transfer ownership of an existing Aquacultured Live Rock

If you are **not** the current permit holder for a particular site, you **must** include with this application a notarized statement signed by you and the current owner of the site. The notarized statement must provide details on the transfer and include the site number (e.g., AQU-XXX), latitude/longitude of the site, the full names and addresses and phone numbers of both the transferor and transferee. Note that all deposit and harvest reports for the site must be received by the NOAA Fisheries Permits Office and Florida Fish and Wildlife Research Institute, respectively, before the transfer can be finalized.

What supporting documentation do I need?

- Documentation or state registration:** Include a copy of the vessel's valid USCG Documentation or, if not required to be USCG Documented include a copy of the vessel's valid State Registration, for each vessel listed in Section 4.
- Payment:** Include a check or money order made out to the US Treasury. See "What is the Fee" on page 1 of these instructions for more information. Include a separate check or money order if requesting Floy tags for Golden Crab or Sea Bass pots.
- Sample Deposit Material:** Provide a sample of the material to be deposited on the site for cultivation of live rock.
- Nautical Chart:** Applicant shall identify the site on a nautical chart, or portion thereof, with sufficient enough detail to allow for site inspection, and shall provide accurate coordinates so that the site can be located by Global Positioning System (GPS) equipment. The chart number, title and edition must be clearly labeled and the chart must be large enough in scale to show sufficient detail to allow for site location and inspection.
- U.S. Army Corps of Engineers Special Permit (if applicable):** If the site(s) sites individually or cumulatively total more than 1.0 acre you must include a U.S. Army Corps of Engineers (USACOE) special permit for depositing material for the site(s).
- Authorization from Florida Keys National Marine Sanctuary (if applicable).** If the new site is located within the Florida Keys National Marine Sanctuary, you must receive consent from the Florida Keys National Marine Sanctuary (FKNMS) Permit Coordinator (joanne.delaney@noaa.gov, or (978) 471-9653). Provide documentation of this consent with your application.

What about reporting compliance?

SECTION 8 - SMALL BUSINESS OR ORGANIZATION CERTIFICATION

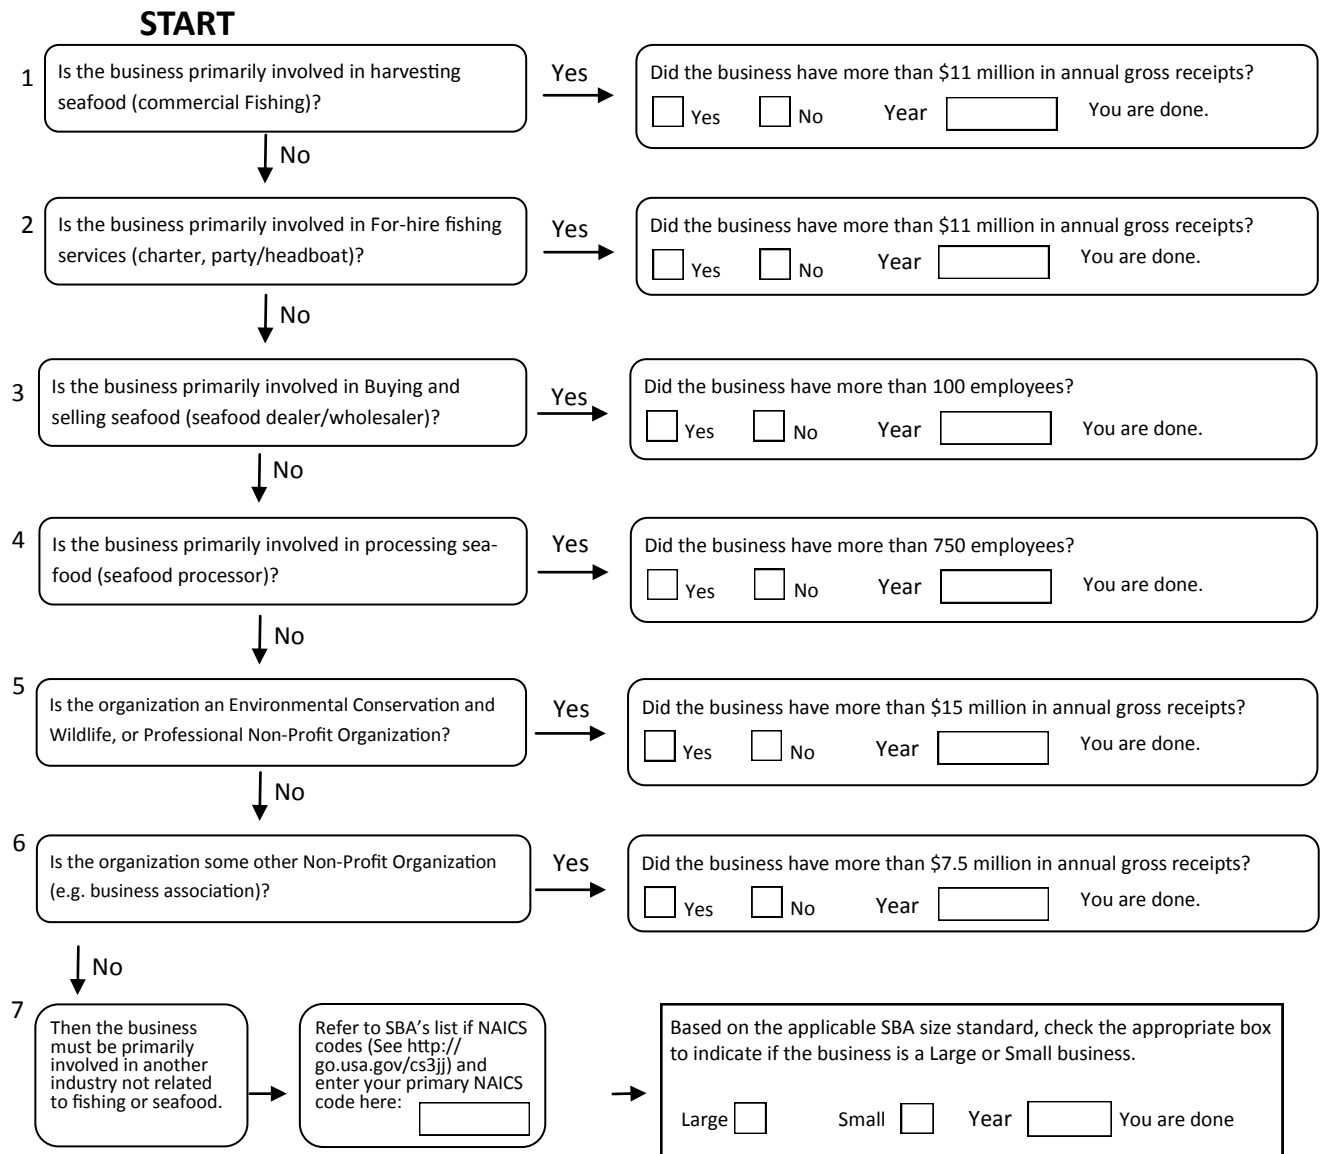

(All Applicants must complete this section)

Complete this section for the business(es)/organization(s)/ sole proprietorship(s) listed in section 5 to whom the permit will be issued.

When proposing regulations, the National Marine Fisheries Service (NMFS) is required to analyze the economic effects of such regulations on small entities (e.g., businesses and non-profit organizations). As part of the required analyses, NMFS must determine if permit applicants are large or small entities according to standards established by the Small Business Administration (SBA) and NMFS. Only one standard applies to each business or non-profit organization. The standard is based on your primary North American Industry Classification System (NAICS) code, which indicates the industry your business or non-profit organization is primarily engaged in. The industry you are primarily engaged in is based on the activity that generated the greatest gross receipts (sales) in the most recent calendar year. The SBA has also established "principles of affiliation" to determine whether a business concern is "independently owned and operated." In general, businesses are affiliates of each other when one business controls or has the power to control the other business or a third party controls or has the power to control both.

For this assessment, please estimate your annual gross receipts (sales) OR number of employees (see chart below to determine which estimate you need). Estimates of annual gross receipts must be for all businesses with which you are affiliated. Estimates of the number of employees must include all full, part-time, and temporary employees of all businesses with which you are affiliated. For example, if two businesses jointly own or lease a vessel, it is highly likely they are affiliated. **If you have any questions about affiliation, please contact Mike Travis, SERO Economist, at mike.travis@noaa.gov or call 727-209-5982.**

Please base your responses on the most recent calendar year for which you have complete data regarding your business' or organization's operations, and specify that calendar year in the appropriate box below
