Your signature as trip permittee on this affidavit indicates that you have considered the terms/conditions of the permit. You are aware of the penalties, should violations occur (see next page) and that your trip is organized and will be conducted in accordance with the provisions and requirements of a **noncommercial** river trip as specified below:

1. A noncommercial river trip must be participatory in nature. All members of the group must share trip preparation and conduct of the trip.
2. The purpose of the trip must be for its recreational values. The trip will not be conducted for the following reasons:
 - a) Monetary gain for any trip participant.
 - b) Acquisition of new equipment to the advantage of an individual, group, or organization.
 - c) Amortization of equipment.
3. Collecting a set fee (monetary compensation), payable to a trip participant, individual, group, or organization, for conducting, leading or guiding a noncommercial river trip is not allowed. The trip permittee should delegate responsibility (financial and otherwise) for various aspects of trip preparation and conduct.
4. Trips may be considered noncommercial even though a member of the trip receives a salary, under their normal scope of employment, from an educational institution or non-profit organization, but not directly through fees contributed by members of the party.
5. The use of advertising in any form or through any means in order to promote, foster or solicit participation in a noncommercial river trip is strictly prohibited.
6. The permittee must be present for the entire river trip. The permittee must be at least 18 years of age.
7. The approved permit is not transferable.
8. One non-commercial trip per year per person is allowed, so that others may enjoy the experience.

I have read and fully understand the requirements associated with the use of this noncommercial river permit and agree to assume full responsibility for the conduct of my entire party in obeying these rules and regulations. I am fully cognizant of the penalties involved should I and/or members of my party knowingly violate these rules and regulations. All application information is collected pursuant to guidelines established in 5 USC 552 A-E (1990).

By my signature I certify that all of the information provided by me and members of my party are true and complete to the best of my knowledge.
