United States Department of Education
OFFICE OF ELEMENTARY AND SECONDARY EDUCATION
ERROR: REFERENCE SOURCE NOT FOUND

Dear Colleague:

Thank you for your interest in the Striving Readers Comprehensive Literacy (SRCL) Grant program, administered by the Office of Elementary and Secondary Education of the U.S. Department of Education (Department).

Please take the time to review the applicable priorities, requirements, definitions, selection criteria, and all of the application instructions thoroughly. An application will not be evaluated for funding if the applicant does not comply with all of the procedural rules that govern the submission of the application or the application does not contain the information required under the program (34 C.F.R. §75.216(b) and (c)).

The fiscal year (FY) 2017 competition contains one absolute priority and two competitive preference priorities. The absolute priority centers on how State educational agencies (SEAs) require that (a) the comprehensive literacy instruction programs funded under this grant are supported by moderate evidence or strong evidence and (b) local literacy plans submitted to SEAs are aligned with the State comprehensive literacy plan. To receive points under competitive preference priority 1 SEAs must have a high-quality plan to ensure that local projects serve the greatest numbers or percentages of disadvantaged children, and to receive points under competitive preference priority 2 SEAs must align pre-literacy strategies for children aged birth through five with pre-literacy and literacy strategies for students from kindergarten through grade five. Details concerning these priorities are found within the application package.

For this competition it is **mandatory** for applicants to use the government-wide website, Grants.gov (<http://www.grants.gov>), to apply. Please note that the Grants.gov site works differently than the Department's e-Application System. We strongly encourage you to familiarize yourself with Grants.gov and strongly recommend that you register *and* submit early.

Also be aware that applications submitted to Grants.gov for the Department will now be posted using Adobe forms. Therefore, applicants will need to download a compatible version of Adobe reader. Please review the **Submitting Applications with Adobe Reader Software** and **Education Submission Procedures and Tips for Applicants** forms found within this application package for further information and guidance related to this requirement.

The Department expects to award \$190,000,000 for new grants under this competition. We will award discretionary grants on a competitive basis for a project period of 36 months. Grants are expected to be awarded in September 2017.

Please visit our program website at <http://www2.ed.gov/programs/strivingreaders-literacy/index.html> for further information. If you have any questions about the program after reviewing the application package, please contact Cindy Savage, Striving Readers Comprehensive Literacy Program, U.S. Department of

Education, 400 Maryland Avenue, SW, Washington D.C. 20202-6200. Ms. Savage can also be reached by phone at 202-453-5998 or by email at cindy.savage@ed.gov.

Sincerely,

Sylvia E. Lyles, Ph.D.

Program Background Information

Program Overview

Purpose of the Program

The purpose of the SRCL program is to award competitive grants to advance literacy skills, including pre-literacy skills, reading, and writing, for all children from birth through grade 12, with a special emphasis on disadvantaged children, including children living in poverty, English learners, and children with disabilities.

Program Authority and Applicable Regulations

The SRCL program is carried out under the legislative authority of Section 1502 of the Elementary and Secondary Education Act of 1965, as amended by the No Child Left Behind Act of 2001 (ESEA), and Title III of Division H of the Consolidated Appropriations Act, 2016 (Pub. L. No. 114-113).¹ Other applicable regulations include: (a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 75, 77, 79, 81, 82, 84, 86, 97, 98, and 99. (b) The OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485. (c) The Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards in 2 CFR part 200, as adopted and amended as regulations of the Department in 2 CFR part 3474. (d) The notice of final priorities, requirements, and selection criteria published in the Federal Register on [INSERT DATE]. (e) The notice inviting applications (NIA) for this competition published in the Federal Register on [INSERT DATE].

Eligibility Information

The Department awards competitive grants to SEAs under this program. Funds awarded to SEAs will be used to support subgrants to local educational agencies (LEAs) or other eligible subgrantees, including early learning providers. For more information about eligible entities, please see the NIA. This program does not require cost sharing or matching.

Award Information

These are discretionary grant awards with a project period of 36 months. The following are estimated:

Available Funds: \$190,000,000.

Range of Awards: \$3,000,000 - \$80,000,000.

Average Size of Awards: \$18,000,000.

¹ Title III of Division H of the Consolidated Appropriations Act, 2016 (Pub L. 114-113) appropriated funds for the SRCL program under section 1502 of the ESEA, as amended by the NCLB. As such, the upcoming SRCL competition will be conducted under that authority. The Department notes that the ESEA, as amended in December 2015 by the ESSA, authorizes the Comprehensive Literacy State Development (CLSD) program, a program that is substantively similar to SRCL. See sections 2221-2224 of the ESEA, as amended by the ESSA. To provide for the orderly transition to future programs under the ESSA, the priorities, requirements, definitions, and selection criteria that apply to the SRCL program through this notice align, to the extent possible, with certain new statutory requirements that will apply to the CLSD program.

Number of Awards: 5-10. The Department may make awards under this competition for the complete three-year (36-month) project period using FY 2016 and FY 2017 funds.

Note: The Department is not bound by these estimates.

Application Instructions

These instructions will help applicants to understand the Department's expectations for addressing the priorities, requirements, definitions and selection criteria which are in the notice of final priorities, requirements, definitions and selection criteria (NFP), published in the *Federal Register* on [INSERT DATE]. (See the Legal and Regulatory section of this application package which includes SRCL's NIA.)

The program narrative is the section of the application that directly responds to the priorities, requirements and selection criteria. The narrative should follow the order of the selection criteria listed below and in the NIA. Applicants should describe, in detail, the activities planned for the entire 36-month project period. We encourage you to limit the project narrative to 50 pages.

Priorities:

Absolute Priority. The fiscal year (FY) 2017 competition contains one absolute priority. The application must address the absolute priority for this competition. Under this priority, a SEA must ensure that evidence plays a central role in SRCL subgrants. Specifically, in its high-quality plan, an SEA must assure (1) that it will use an independent peer review process to prioritize awards to eligible subgrantees that propose a high-quality comprehensive literacy instruction program, and that are supported by moderate evidence or strong evidence, where evidence is applicable and available, and (2) that the comprehensive literacy instruction program proposed by eligible subgrantees will align with the State's comprehensive literacy plan as well as local needs. **Applicants must meet the absolute priority to be considered for an award.**

Competitive Preference Priority. There are two competitive preference priorities in this competition. Up to an additional five (5) points for each competitive preference priority will be awarded to an application, depending on how well the application meets one or more of the following competitive preference priorities:

- (1) To meet Competitive Preference Priority 1 (Serving Disadvantaged Children), an SEA must describe in its application a high-quality plan to award subgrants that will serve the greatest numbers or percentages of disadvantaged children, including children living in poverty, English learners, and children with disabilities.
- (2) To meet Competitive Preference Priority 2 (Alignment within a Birth through Fifth Grade Continuum), an SEA must describe in its application a high-quality plan to align, through a progression of approaches appropriate for each age group, early language and literacy projects supported by this grant that serve children from birth to age five with programs and systems that serve students in kindergarten through grade five to improve school readiness and transitions for children across this continuum.

Requirements:

The following are the requirements that apply to the SRCL program:

- (1) State Funding Allocations. Grantees must--
 - i. Subgrant no less than 95 percent of funds received under this competition to eligible subgrantees;
 - ii. Ensure that at least—(a) 15 percent of the subgranted funds serve children from birth through age five; (b) 40 percent of the subgranted funds serve students in kindergarten through grade five; and (c) 40 percent of the subgranted funds serve students in middle and high school, including an equitable distribution of funds between middle and high schools.
- (2) State Comprehensive Literacy Plan. To be considered for an award under this program, an SEA must submit a new or revised State comprehensive literacy plan that is informed by a recent (conducted in the past five years) and comprehensive needs assessment developed with the assistance of its State literacy team. Additionally, the plan must be reviewed by the State literacy team and updated annually if an SEA receives an award under this program.
- (3) Local Literacy Plan. Grantees must ensure that they will only fund subgrantees that submit a local literacy plan that: (1) is informed by a comprehensive needs assessment and that is aligned with the State comprehensive literacy plan; (2) provides for professional development; (3) includes interventions and practices that are supported by moderate evidence or strong evidence, where evidence is applicable and available; and (4) includes a plan to track children’s outcomes consistent with all applicable privacy requirements.

- (4) Prioritization of Subgrants. In selecting among eligible subgrantees, an SEA must give priority to eligible subgrantees serving greater numbers or percentages of disadvantaged children.
- (5) Continuous Program Improvement. Grantees must use data, including the results of monitoring and evaluations and other administrative data, to inform the program's continuous improvement and decisionmaking, to improve program participant outcomes, and to ensure that disadvantaged children are served. Additionally, grantees must ensure that subgrantees, educators, families, and other key stakeholders receive the results of the evaluations conducted on the effectiveness of the program in a timely fashion, consistent with all applicable Federal, State, and other privacy requirements.
- (6) Supplement, not Supplant. Grantees must use funds under this program to supplement, and not supplant, any non-Federal funds that would be used to advance literacy skills for children from birth through grade 12.
- (7) Cooperation with National Evaluation. Applicants must assure they will only fund subgrantees that provide a written assurance to cooperate with a national evaluation of the SRCL program. This may include adhering to the results of a random assignment process (e.g., lottery) to select schools or early learning providers that will receive SRCL funds as well as agreeing to implement the literacy interventions proposed to be funded under SRCL only in schools or early learning providers that will receive SRCL funds.

Definitions:

There are a number of important terms associated with the implementation of comprehensive literacy instruction programs under this program. Please refer to the NIA found in the Legal and Regulatory section of this application for the definitions of these terms.

Selection Criteria:

Applications under this competition will be evaluated based on the selection criteria below. A panel of expert peer reviewers will review and score each application using the selection criteria. The maximum number of points for the selection criteria is 120. The maximum score for each selection criterion is indicated in parentheses below. Please be advised that if you do not respond to a specific criterion, you will not receive points under that criterion.

- (a) State-level activities (30 points). To determine the quality of the applicant's State-level activities, the Secretary considers:
 - (1) The extent to which the SEA will support and provide technical assistance to its SRCL program subgrantees to ensure they implement a high-quality comprehensive literacy instruction program that will improve student achievement, including technical assistance on

identifying and implementing with fidelity interventions and practices that are supported by moderate evidence or strong evidence and align with local needs; and

(2) The extent to which the SEA will collect data and other information to inform the continuous improvement, and evaluate the effectiveness and impact, of local projects.

(b) SEA plan for subgrants (20 points). To determine the quality of the applicant's SEA plan for subgrants, the Secretary considers the extent to which the SEA has a high-quality plan to use an independent peer review process to award subgrants that propose a high-quality comprehensive literacy instruction program, including--

(1) A plan to prioritize projects that will use interventions and practices that are supported by moderate evidence or strong evidence; and

(2) A process to determine--

(i) The extent to which the intervention or practice is supported by moderate evidence or strong evidence;

(ii) The alignment of the local project to the State's comprehensive literacy plan and the local literacy plan;

(iii) The extent to which the interventions and practices are differentiated and are appropriate for children from birth through age five and children in kindergarten through grade 5; and

(iv) The relevance of cited studies to the project proposed and identified needs.

(c) SEA monitoring plan (30 points). To determine the quality of the applicant's SEA monitoring plan, the Secretary considers the extent to which the SEA describes a high-quality plan for monitoring local projects, including how it will ensure that--

(1) The interventions and practices that are part of the comprehensive literacy instruction program are aligned with the SEA's State comprehensive literacy plan;

(2) The interventions and practices that subgrantees implement are supported by moderate evidence or strong evidence, to the extent appropriate and available;

(3) The interventions and practices are differentiated and are appropriate for children from birth through age five and children in kindergarten through grade 5; and

(4) The interventions and practices are implemented with fidelity and aligned with the SEA's State comprehensive literacy plan and local literacy plan.

(d) Alignment of Resources (10 points). To determine the quality of the applicant's alignment of resources, the Secretary considers the extent to which the SEA will:

(1) Target subgrants supporting projects that will improve instruction for the greatest numbers or percentages of disadvantaged children; and

(2) Award subgrants of sufficient size to fully and effectively implement the local plan while also ensuring that at least--

(a) 15 percent of the subgranted funds serve children from birth through age five;

(b) 40 percent of the subgranted funds serve students in kindergarten through grade five; and

(c) 40 percent of the subgranted funds serve students in middle and high school, through grade 12, including an equitable distribution of funds between middle and high schools.

(e) Adequacy of resources (25 points). The Secretary considers the adequacy of resources for the proposed project. In determining the adequacy of resources for the proposed project, the Secretary considers the following factors:

- (1) The extent to which the costs are reasonable in relation to the objectives, design, and potential significance of the proposed project; and
- (2) The extent to which the costs are reasonable in relation to the number of persons to be served and to the anticipated results and benefits.

(f) Quality of the project design (5 points). The Secretary considers the quality of the project design. In determining the quality of the design of the proposed project, the Secretary considers the extent to which the proposed project is designed to build capacity and yield results that will extend beyond the period of Federal financial assistance.

Note: A total of up to ten (10) competitive preference priority points may also be added to the total maximum score. The maximum possible score for all selection criteria and competitive preference priority points is 130.

Application Format

We encourage applicants to limit the program narrative portion of their applications (*i.e.*, the applicant's responses to the selection criteria) to no more than 50 pages. Applications should adhere to the following guidelines:

- A "page" is 8.5" x 11", on one side only, with 1" margins at the top, bottom, and both sides.
- Double space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs.
- Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch).
- Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial.

Please note that the page limit does not apply to the cover sheet; the budget section, including the narrative budget justification; the assurances and certifications; or the one-page abstract, the resumes, the bibliography, or the letters of support. However, the page limit does apply to all of the application narrative (Please see the Electronic Application Submission Checklist section of this application package for more information on how applications should be organized.) While the 50-page limit is a recommendation, please note that from a reviewer's point of view, clarity matters and brevity will be appreciated.

Additionally, the applications for grants under this competition must be submitted electronically, unless you qualify for an exception to the electronic submission requirement. All applications must be entered into the Grants.gov system. Applications submitted by email are not acceptable. Narrative attachments and all other attachments to your application must be submitted as files in a PDF (Portable Document) read-only, flattened format, meaning that any fillable PDF documents must be saved as flattened non-fillable files. Please do not upload an interactive or fillable PDF file. **If applicants upload a file type other than a read-only, flattened PDF file, or submit a password-protected file, we will not review that material. The Department will not convert material from other formats to PDF.**

Note: The Application Submission Procedures section of this application contains additional instructions on the application format and other requirements for submitting applications.

If you believe that there are technical issues of any nature that are impeding your application from being submitted, you **MUST** contact Grants.gov to receive a tracking number in order for a review of the situation to proceed. The Customer Support number for Grants.gov is 1-800-518-4726.

Submitting Applications with Adobe Reader Software

The Department of Education, working with Grants.gov, is currently using Adobe Reader software exclusively and applications submitted to Grants.gov for the Department of Education will be posted using Adobe forms.

Please note: The compatible version of Adobe Reader is **required** for viewing, editing and submitting a complete grant application package for the Department of Education through Grants.gov. Applicants should confirm the compatibility of their Adobe Reader version **before** downloading the application. To ensure applicants have a version of Adobe Reader on their computer that is compatible with Grants.gov, applicants are encouraged to use the test package provided by Grants.gov that can be accessed at <http://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html>.

Important issues to consider:

- If the applicant opened or edited the application package with any software other than the compatible version of Adobe Reader, the application package may contain errors that will be transferred to the new package even if you later download the compatible Adobe Reader version.
- Applicants **cannot** copy and paste data from a package initially opened or edited with an incompatible version of Adobe Reader and will need to download an **entirely new package** using the compatible version of Adobe Reader.
- Some applicants using an incompatible version of Adobe Reader **may have trouble** opening and viewing the application package while others may find they can open, view and complete the application package but **may not be able to submit** the application package through Grants.gov.
- Grants.gov **does not** guarantee to support versions of Adobe Reader that are not compatible with Grants.gov.

- Any and all edits made to the Adobe Reader application package **must** be made with the compatible version of Adobe Reader.

For your convenience, the latest version of Adobe Reader is available for free download at <http://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html>.

We strongly recommend that you review the information on computer and operating system compatibility with Adobe available at <http://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html> **before** downloading, completing or submitting your application.

Applicants are reminded that they should submit their application a day or two in advance of the closing date as detailed in the Federal Register Notice. If you have any questions regarding this matter please email the Grants.gov Contact Center at support@grants.gov or call 1-800-518-4726

Grants.gov Submission Procedures and Tips for Applicants

To facilitate your use of Grants.gov, this document includes important submission procedures you need to be aware of to ensure your application is received in a timely manner and accepted by the Department of Education.

Browser Support

The latest versions of Microsoft Internet Explorer (IE), Mozilla Firefox, Google Chrome, and Apple Safari are supported for use with Grants.gov. However, these web browsers undergo frequent changes and updates, so we recommend you have the latest version when using Grants.gov. Legacy versions of these web browsers may be functional, but you may experience issues.

For additional information or updates, please see the Grants.gov Browser information in the Applicant FAQs: <http://www.grants.gov/web/grants/applicants/applicant-faqs.html#browser>

ATTENTION – Adobe Forms and PDF Files Required

Applications submitted to Grants.gov for the Department of Education will be posted using Adobe forms. Therefore, applicants will need to download a compatible version of Adobe reader. Information on computer and operating system compatibility with Adobe and links to download the latest version is available on Grants.gov. We strongly recommend that you review these details on www.Grants.gov before completing and submitting your application. In addition, applicants should submit their application a day or two in advance of the closing date as detailed below. Also, applicants are required to upload their attachments in .pdf format only. (See details below under “Attaching Files – Additional Tips.”) If you have any questions regarding this matter please email the Grants.gov Contact Center at support@grants.gov or call 1-800-518-4726.

NEW: In addition to the Adobe form application package, Grants.gov now offers a new option called Workspace for application completion and submission. Workspace allows a team of registered Grants.gov applicants to use a shared online space for completing individual forms

and submitting the final application. These forms can be filled out simultaneously by different users, instead of exchanging a single PDF package file via email or a flash drive as is used when completing the traditional Adobe application package. Please go to this Grants.gov link for more information and training, etc. on using Workspace:

<http://www.grants.gov/web/grants/applicants/workspace-overview.html>

- 1) **REGISTER EARLY** – Grants.gov registration involves many steps including registration on SAM (www.sam.gov) which may take approximately one week to complete, but could take upwards of several weeks to complete, depending on the completeness and accuracy of the data entered into the SAM database by an applicant. You may begin working on your application while completing the registration process, but you cannot submit an application until all of the Registration steps are complete. Please note that once your SAM registration is active, it will take 24-48 hours for the information to be available in Grants.gov, and before you can submit an application through Grants.gov. For detailed information on the Registration Steps, please go to: <http://www.grants.gov/web/grants/register.html>. [Note: Your organization will need to update its SAM registration annually.]

Primary information about SAM is available at www.sam.gov. However, to further assist you with obtaining and registering your DUNS number and TIN in SAM or updating your existing SAM account the Department of Education has prepared a SAM.gov Tip Sheet which you can find at: <http://www2.ed.gov/fund/grant/apply/sam-faqs.html>

- 2) **SUBMIT EARLY** – **We strongly recommend that you do not wait until the last day to submit your application. Grants.gov will put a date/time stamp on your application and then process it after it is fully uploaded.** The time it takes to upload an application will vary depending on a number of factors including the size of the application and the speed of your Internet connection, and the time it takes Grants.gov to process the application will vary as well. If Grants.gov rejects your application (see step three below), you will need to resubmit successfully to Grants.gov before 4:30:00 p.m. Washington, DC time on the deadline date.

Note: To submit successfully, you must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov. This DUNS number is typically the same number used when your organization registered with the SAM. If you do not enter the same DUNS number on your application as the DUNS you registered with, Grants.gov will reject your application.

- 3) **VERIFY SUBMISSION IS OK** – You will want to verify that Grants.gov received your application submission on time and that it was validated successfully. To see the date/time your application was received, login to Grants.gov and click on the Track My Application link. For a successful submission, the date/time received should be earlier than 4:30:00 p.m. Washington, DC time, on the deadline date, AND the application status should be: Validated, Received by Agency, or Agency Tracking Number Assigned. Once the Department of Education receives your application from Grants.gov, an Agency Tracking Number (PR/award number) will be assigned to your application and will be available for viewing on Grants.gov's Track My Application link.

If the date/time received is later than 4:30:00 p.m. Washington, D.C. time, on the deadline date, your application is late. If your application has a status of “Received” it is still awaiting validation by Grants.gov. Once validation is complete, the status will either change to “Validated” or “Rejected with Errors.” If the status is “Rejected with Errors,” your application has not been received successfully. Some of the reasons Grants.gov may reject an application can be found on the Grants.gov site: <http://www.grants.gov/web/grants/applicants/applicant-faqs.html>. For more detailed information on troubleshooting Adobe errors, you can review the Adobe Reader Error Messages document at <http://www.grants.gov/web/grants/applicants/encountering-error-messages.html>. If you discover your application is late or has been rejected, please see the instructions below. Note: You will receive a series of confirmations both online and via e-mail about the status of your application. Please do not rely solely on e-mail to confirm whether your application has been received timely and validated successfully.

Submission Problems – What should you do?

If you have problems submitting to Grants.gov before the closing date, please contact Grants.gov Customer Support at 1-800-518-4726 or <http://www.grants.gov/web/grants/support.html> or access the Grants.gov Self-Service web portal at: <https://grants-portal.psc.gov/Welcome.aspx?pt=Grants>.

If electronic submission is required, you must submit an electronic application before 4:30:00 p.m., unless you follow the procedures in the Federal Register notice and qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. (See the Federal Register notice for detailed instructions.)

Helpful Hints When Working with Grants.gov

Please note, once you download an application from Grants.gov, you will be working offline and saving data on your computer. Please be sure to note where you are saving the Grants.gov file on your computer. You will need to logon to Grants.gov to upload and submit the application. **You must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov.**

Please go to <http://www.grants.gov/web/grants/support.html> for help with Grants.gov. For additional tips related to submitting grant applications, please refer to the Grants.gov Applicant FAQs found on the Grants.gov site: <http://www.grants.gov/web/grants/applicants/applicant-faqs.html>.

Dial-Up Internet Connections

When using a dial up connection to upload and submit your application, it can take significantly longer than when you are connected to the Internet with a high-speed connection, e.g. cable modem/DSL/T1. While times will vary depending upon the size of your application, it can take a few minutes to a few hours to complete your grant submission using a dial up connection. **If you do not have access to a high-speed connection and electronic submission is required,**

you may want to consider following the instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date. (See the Federal Register notice for detailed instructions.)

Attaching Files – Additional Tips

Please note the following tips related to attaching files to your application, especially the requirement that applicants **only include read-only, non-modifiable .PDF files** in their application:

1. Ensure that you attach .PDF files only for any attachments to your application, and they must be in a read-only, flattened format. PDF files are the only Education approved file type accepted as detailed in the Federal Register application notice. Applicants must submit individual .PDF files only when attaching files to their application. Specifically, the Department will not accept any attachments that contain files within a file, such as PDF Portfolio files, or an interactive or fillable .PDF file. Any attachments uploaded that are not .PDF files or are password protected files will not be read.
2. Grants.gov cannot process an application that includes two or more files that have the same name within a grant submission. Therefore, each file uploaded to your application package should have a unique file name.
3. When attaching files, applicants should follow the guidelines established by Grants.gov on the size and content of file names. Uploaded files must have less than 50 characters in the file name, and, in general, applicants should not use any special characters. However, Grants.gov does allow for the following UTF-8 characters when naming your attachments: A-Z, a-z, 0-9, underscore, hyphen, space, period, parenthesis, curly braces, square brackets, ampersand, tilde, exclamation point, comma, semi colon, apostrophe, at sign, number sign, dollar sign, percent sign, plus sign, and equal sign. Applications submitted that do not comply with the Grants.gov guidelines will be rejected at Grants.gov and not forwarded to the Department.
4. Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can result in difficulties opening the files. For reference, the average discretionary grant application package with all attachments is less than 5 MB. Therefore, you may want to check the total size of your package before submission.

Application Instructions

Electronic Application Format

Applications for grants under this competition must be submitted electronically, unless you qualify for an exception to the electronic submission requirement in accordance with the instructions in this application package.

In accordance with 34 C.F.R. §75.216(b) and (c), an application will not be evaluated for funding if the applicant does not comply with all of the procedural rules that govern the submission of the

Important note: Applications submitted to Grants.gov for the Department of Education will be posted using Adobe forms. Therefore, applicants will need to download a compatible version of Adobe reader.

Information on computer and operating system compatibility with Adobe and links to download a compatible version is available on Grants.gov. Also, please review the **Submitting Applications with Adobe Reader Software** and **Education Submission Procedures and Tips for Applicants** forms found within this package for further information and guidance related to this requirement.

We strongly recommend that you review these details on www.Grants.gov before completing and submitting your application. In addition, applicants should submit their application a day or two in advance of the closing date as detailed below. If you have any questions regarding this matter please email the Grants.gov Contact Center at support@grants.gov or call 1-800-518-4726.

Instructions for U.S. Department of Education Supplemental Information for the SF-424

1. Project Director. Name, address, telephone and fax numbers, and e-mail address of the person to be contacted on matters involving this application. Items marked with an asterisk (*) are mandatory.

2. Novice Applicant. Check “Yes” if you meet the definition for novice applicants specified in the regulations in 34 CFR 75.225 and included on the attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424”). By checking “Yes” the applicant certifies that it meets these novice applicant requirements. Check “No” if you do not meet the definition for novice applicants.

This novice applicant information will be used by ED to: 1) determine the amount and type of technical assistance that a novice might need, if funded, and 2) determine novice applicant eligibility in discretionary grant competitions that give special consideration to novice applications. Certain ED discretionary grant programs give special consideration to novice applications, either by establishing a special competition for novice applicants or by giving competitive preference to novice applicants under the procedures in 34 CFR 75.105(c)(2). If special consideration is being given to novice applications under a particular discretionary grant competition, the application notice for the competition published in the Federal Register will specify this information

3. Human Subjects Research. (See I. A. “Definitions” in attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424.”)

3a. If Not Human Subjects Research. Check “No” if research activities involving human subjects are not planned at any time during the proposed project period. The remaining parts of Item 3 are then not applicable.

3a. If Human Subjects Research. Check “Yes” if research activities involving human subjects are planned at any time during the proposed project period, either at the applicant organization or at any other performance site or collaborating institution. Check “Yes” even if the research is exempt from the regulations for the protection of human subjects. (See I. B. “Exemptions” in attached page entitled “Definitions for U.S. Department of Education Supplemental Information for SF-424.”)

3b. If Human Subjects Research is Exempt from the Human Subjects Regulations. Check “Yes” if all the research activities proposed are designated to be exempt from the regulations. Check the exemption number(s) corresponding to one or more of the six exemption categories listed in I. B. “Exemptions.” In addition, follow the instructions in II. A. “Exempt Research Narrative” in the attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424.”

3b. If Human Subjects Research is Not Exempt from Human Subjects Regulations. Check “No” if some or all of the planned research activities are covered (not exempt). In addition, follow the instructions in II. B. “Nonexempt Research Narrative” in the attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424.”

3b. Human Subjects Assurance Number. If the applicant has an approved Federal Wide Assurance (FWA) on file with the Office for Human Research Protections (OHRP), U.S. Department of Health and Human Services, that covers the specific activity, insert the number in the space provided. (A list of current FWAs is available at: <http://ohrp.cit.nih.gov/search/search.aspx?styp=bsc>) If the applicant does not have an approved assurance on file with OHRP, enter “None.” In this case, the applicant, by signature on the SF-424, is declaring that it will comply with 34 CFR 97 and proceed to obtain the human subjects assurance upon request by the designated ED official. If the application is recommended/selected for funding, the designated ED official will request that the applicant obtain the assurance within 30 days after the specific formal request.

3c. If applicable, please attach your “Exempt Research” or “Nonexempt Research” narrative to your submission of the U.S Department of Education Supplemental Information for the SF-424 form as instructed in item II, “Instructions for Exempt and Nonexempt Human Subjects Research Narratives” in the attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424.”

Note about Institutional Review Board Approval. ED does not require certification of Institutional Review Board approval with the application. However, if an application that involves non-exempt human subjects research is recommended/selected for funding, the designated ED official will request that the applicant obtain and send the certification to ED within 30 days after the formal request.

No covered human subjects research can be conducted until the study has ED clearance for protection of human subjects in research.

Public Burden Statement:

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The obligation to respond to this collection is required to obtain or retain benefit (20 USC 3474 General Education Provisions Act). Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the U.S. Department of Education, 400 Maryland Ave., SW, Washington, DC 20210-4537 or

Definitions for U.S. Department of Education Supplemental Information for the SF-424

Definitions:

Novice Applicant (See 34 CFR 75.225)

For discretionary grant programs, novice applicant means any applicant for a grant from ED that—

- Has never received a grant or subgrant under the program from which it seeks funding;
- Has never been a member of a group application, submitted in accordance with 34 CFR 75.127-75.129, that received a grant under the program from which it seeks funding; and
- Has not had an active discretionary grant from the Federal government in the five years before the deadline date for applications under the program. For the purposes of this requirement, a grant is active until the end of the grant's project or funding period, including any extensions of those periods that extend the grantee's authority to obligate funds.

In the case of a group application submitted in accordance with 34 CFR 75.127-75.129, a group includes only parties that meet the requirements listed above.

PROTECTION OF HUMAN SUBJECTS IN RESEARCH

I. Definitions and Exemptions

A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department's regulations, and the research activity will involve use of human subjects, as defined in the regulations.

—Research

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as “a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge. Activities which meet this definition constitute research whether or not they are conducted or supported under a program that is considered research for other purposes. For example, some demonstration and service programs may include research activities.

—Human Subject

The regulations define human subject as “a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information.” (1) *If an activity involves obtaining information about a living person by manipulating that person or that person's environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met.* (2) *If an activity involves obtaining private information about a living person in such a way that the information can be **directly or indirectly** linked to that individual), the definition of human subject is met* [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).]

B. Exemptions.

Research activities in which the **only** involvement of human subjects will be in one or more of the following six categories of **exemptions** are not covered by the regulations:

(1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods. ***If an educational practice is being introduced to the site and is not widely used for similar populations, it is not covered by this exemption.***

(2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects' responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects' financial standing, employability, or reputation. ***If the subjects are children, exemption 2 applies only to research involving educational tests and observations of public behavior when the investigator(s) do not participate in the activities being observed.***

Exemption 2 does not apply if children are surveyed or interviewed or if the research involves observation of public behavior and the investigator(s) participate in the activities being observed. [Children are defined as persons who have not attained the legal age for consent to treatments or procedures

involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]

(3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.

(4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects. ***[This exemption applies only to retrospective studies using data collected before the initiation of the research.]***

(5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d) possible changes in methods or levels of payment for benefits or services under those programs. ***[The standards of this exemption are rarely met because it was designed to apply only to specific research conducted by the Social Security Administration and some Federal welfare benefits programs.]***

(6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

II. Instructions for Exempt and Nonexempt Human Subjects Research Narratives

If the applicant marked “Yes” for Item 3.b. of the U.S. Department of Education Supplemental Information for the SF-424, the applicant must attach a human subjects “exempt research” or “nonexempt research” narrative to the U.S. Department of Education Supplemental Information for the SF-424 form. If you have multiple projects and need to provide more than one narrative, be sure to label each set of responses as to the project they address.

A. Exempt Research Narrative.

If you marked “Yes” for item 3.b. and designated exemption numbers(s), attach the “exempt research” narrative to the U.S. Department of Education Supplemental Information for the SF-424. The narrative must contain sufficient information about the involvement of human subjects in the proposed research to allow a determination by ED that the designated exemption(s) are appropriate. The narrative must be succinct.

B. Nonexempt Research Narrative.

If you marked “No” for item 3.b. you must attach the “nonexempt research” narrative to the U.S. Department of Education Supplemental Information for the SF-424. The narrative must address the following seven points. Although no specific page limitation applies to this section of the application, be succinct.

(1) Human Subjects Involvement and Characteristics:

Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant women, prisoners, institutionalized individuals, or others who are likely to be vulnerable

(2) Sources of Materials: Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.

(3) Recruitment and Informed Consent: Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.

(4) Potential Risks: Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and seriousness. Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.

(5) Protection Against Risk: Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and assess their likely effectiveness. Where appropriate, discuss provisions for ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.

(6) **Importance of the Knowledge to be Gained:** Discuss the importance of the knowledge gained or to be gained as a result of the proposed research. Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.

(7) **Collaborating Site(s):** If research involving human subjects will take place at collaborating site(s) or other performance site(s), name the sites and briefly describe their involvement or role in the research.

*Copies of the Department of Education's Regulations for the Protection of Human Subjects, 34 CFR Part 97 and other pertinent materials on the protection of human subjects in research are available from the Office of the Chief Financial Officer, U.S. Department of Education, Washington, D.C. 20202-4331, telephone: (202) 245-8090, and on the U.S. Department of Education's Protection of Human Subjects in Research Web Site:

Part 2: Budget Information

ED Budget Information Non-Construction Programs (ED Form 524)

This part of your application contains information about the Federal funding you are requesting. Remember that you must provide all requested budget information for each year of the project (36 months total) and the total column in order to be considered for Federal funding. Specific instructions for completing the budget forms are provided within this application package.

Instructions for completing ED Form 524 Section A:

Name of Institution/Organization: Enter the name of the applicant in the space provided.

Personnel (line 1): Enter project personnel salaries and wages only. Include fees and expenses for consultants on line 6.

Fringe Benefits (line 2): The institution's normal fringe benefits contribution may be charged to the program. Leave this line blank if fringe benefits applicable to direct salaries and wages are treated as part of the indirect cost.

Travel (line 3): Indicate the travel costs of employees and participants only. Include travel of persons such as consultants on line 6. Applicants are strongly encouraged to budget funds for a representative from the partnering entities to accompany the project director in attending a Project Director's Meeting in the first three years of the grant.

Equipment (line 4): Indicate the cost of tangible, non-expendable personal property that has a usefulness greater than one year and acquisition costs that are the lesser of the capitalization level established by the applicant entity for financial statement purposes or \$5,000 per article. Lower limits may be established to maintain consistency with the applicant's policy.

Supplies (line 5): Show all tangible, expendable personal property. Direct supplies and materials differ from equipment in that they are consumable, expendable, and of a relatively low unit cost. *Supplies purchased with grant funds should directly benefit the grant project and be necessary for achieving the goals of the project.*

Contractual (line 6): The contractual category should include all costs specifically incurred with actions that the applicant takes in conjunction with an established internal procurement system. Include consultant fees, expenses, and travel costs in this category if the consultant's services are obtained through a written binding agreement or contract.

Construction (line 7): Not applicable.

Other (line 8): Indicate all direct costs not covered on lines 1-6. For example, include costs such as space rental, required fees, honoraria and travel (where a contract is not in place for services), training, and communication and printing costs. *Do not include costs that are included in the indirect cost rate.*

Total Direct Costs (line 9): The sum of lines 1-8.

Indirect Costs (line 10): Indicate the applicant's approved indirect cost rate, per sections 75.560 – 75.564 of EDGAR. If an applicant's approved indirect cost rate agreement with a cognizant

Federal agency has expired and the applicant wishes to charge indirect costs to the grant, the applicant may use a temporary rate of 10 percent of budgeted direct salaries and wages while it negotiates a rate with its cognizant agency, per section 75.560 of EDGAR. An applicant with no previous ICR can use a de minimis rate of 10 percent of modified total direct costs (MTDC); these applicants do not need to negotiate for this rate (2 CFR 200.414(f)).

Training Stipends (line 11): This line item is not applicable to this program. The training stipend line item only pertains to costs associated with long term training programs and college or university coursework, not workshops or short-term training supported by this program.

Salary stipends paid to teachers and other school personnel for participating in short-term professional development should be reported in Personnel (line 1).

Total Cost (line 12): This should equal to sum of lines 9-11 (total direct costs + indirect + stipends). The sum for column one, labeled *Project Year 1 (a)*, should also be equal to item 15a on the application cover sheet (SF Form 424).

Instructions for ED 524

General Instructions

This form is used to apply to individual U.S. Department of Education (ED) discretionary grant programs. Unless directed otherwise, provide the same budget information for each year of the multi-year funding request. Pay attention to applicable program specific instructions, if attached. You may access the Education Department General Administrative Regulations cited within these instructions at: <http://www.ed.gov/policy/fund/reg/edgarReg/edgar.html>. You may access requirements from 2 CFR 200, "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards" cited within these instructions at:

You must consult with your Business Office prior to submitting this form.

Section A - Budget Summary U.S. Department of Education Funds

All applicants must complete Section A and provide a break-down by the applicable budget categories shown in lines 1-11.

Lines 1-11, columns (a)-(e): For each project year for which funding is requested, show the total amount requested for each applicable budget category.

Lines 1-11, column (f): Show the multi-year total for each budget category. If funding is requested for only one project year, leave this column blank.

Line 12, columns (a)-(e): Show the total budget request for each project year for which funding is requested.

Line 12, column (f): Show the total amount requested for all project years. If funding is requested for only one year, leave this space blank.

Indirect Cost Information: If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office.

(1): Indicate whether or not your organization has an Indirect Cost Rate Agreement that was approved by the Federal government. If you checked "no," ED generally will authorize grantees to use a temporary rate of 10 percent of budgeted salaries and wages (complete (4) of this section when using the temporary rate) subject to the following limitations:

(a) The grantee must submit an indirect cost proposal to its cognizant agency within 90 days after ED issues a grant award notification; and

(b) If after the 90-day period, the grantee has not submitted an indirect cost proposal to its cognizant agency, the grantee may not charge its grant for indirect costs until it has negotiated an indirect cost rate agreement with its cognizant agency.

(2): If you checked "yes" in (1), indicate in (2) the beginning and ending dates covered by the Indirect Cost Rate Agreement. In addition, indicate whether ED, another Federal agency

(Other) or State agency issued the approved agreement. If you check "Other," specify the name of the Federal or other agency that issued the approved agreement.

(3): If you check "no" in (1), indicate in (3) if you want to use the de minimis rate of 10 percent of MTDC (see 2CFR § 200.68). If you use the de minimis rate, you are subject to the provisions in 2 CFR § 200.414(f). Note, you may only use the 10 percent de minimis rate if you are a first-time Federal grant recipient, and you do not have an Approved Indirect Cost Rate Agreement. You may not use the de minimis rate if you are a State, Local government, or Indian Tribe, or if your grant is funded under a training rate or restricted rate program.

(3): If you are applying for a grant under a Restricted Rate Program (34 CFR 75.563 or 76.563), indicate whether you are using a restricted indirect cost rate that is included on your approved Indirect Cost Rate Agreement, or whether you are using a restricted indirect cost rate that complies with 34 CFR 76.564(c)(2). Note: State or Local government agencies may not use the provision for a restricted indirect cost rate specified in 34 CFR 76.564(c)(2). Check only one response. Leave blank, if this item is not applicable.

Section B - Budget Summary Non-Federal Funds

If you are required to provide or volunteer to provide cost-sharing or matching funds or other non-Federal resources to the project, these should be shown for each applicable budget category on lines 1-11 of Section B.

Lines 1-11, columns (a)-(e): For each project year, for which matching funds or other contributions are provided, show the total contribution for each applicable budget category.

Lines 1-11, column (f): Show the multi-year total for each budget category. If non-Federal contributions are provided for only one year, leave this column blank.

Line 12, columns (a)-(e): Show the total matching or other contribution for each project year.

Line 12, column (f): Show the total amount to be contributed for all years of the multi-year project. If non-Federal contributions are provided for only one year, leave this space blank.

Section C - Budget Narrative [Attach separate sheet(s)] Pay attention to applicable program specific instructions, if attached.

- (i) Provide an itemized budget breakdown, and justification by project year, for each budget category listed in Sections A and B. For grant projects that will be divided into two or more separately budgeted major activities or sub-projects, show for each budget category of a project year the breakdown of the specific expenses attributable to each sub-project or activity.
- (j) For non-Federal funds or resources listed in Section B that are used to meet a cost-sharing or matching requirement or provided as a voluntary cost-sharing or matching commitment, you must include:

- a. The specific costs or contributions by budget category;
- b. The source of the costs or contributions; and
- c. In the case of third-party in-kind contributions, a description of how the value was determined for the donated or contributed goods or services.

[Please review cost sharing and matching regulations found in 2 CFR 200.306.]

- (k) If applicable to this program, provide the rate and base on which fringe benefits are calculated.
- (l) If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office. Specify the estimated amount of the base to which the indirect cost rate is applied and the total indirect expense. Depending on the grant program to which you are applying and/or your approved Indirect Cost Rate Agreement, some direct cost budget categories in your grant application budget may not be included in the base and multiplied by your indirect cost rate. For example, you must multiply the indirect cost rates of "Training grants" (34 CFR 75.562) and grants under programs with "Supplement not Supplant" requirements ("Restricted Rate" programs) by a "modified total direct cost" (MTDC) base (34 CFR 75.563 or 76.563). Please indicate which costs are included and which costs are excluded from the base to which the indirect cost rate is applied. When calculating indirect costs (line 10) for "Training grants" or grants under "Restricted Rate" programs, you must refer to the information and examples on ED's website at: <http://www.ed.gov/fund/grant/apply/appforms/appforms.html>. You may also contact (202) 377-3838 for additional information regarding calculating indirect cost rates or general indirect cost rate information.
- (m) Provide other explanations or comments you deem necessary.

Application Narrative

The application narrative responds to the selection criteria and priorities found in this application package and should follow the order of the selection criteria. We recommend that the application narrative be limited to 50 pages in length.

SRCL Competition Selection Criteria:

- a) State-level activities (30 points). To determine the quality of the applicant's State-level activities, the Secretary considers:
 - (1) The extent to which the SEA will support and provide technical assistance to its SRCL program subgrantees to ensure they implement a high-quality comprehensive literacy instruction program that will improve student achievement, including technical assistance on identifying and implementing with fidelity interventions and practices that are supported by moderate evidence or strong evidence and align with local needs; and
 - (2) The extent to which the SEA will collect data and other information to inform the continuous improvement, and evaluate the effectiveness and impact, of local projects.

- b) SEA plan for subgrants (20 points). To determine the quality of the applicant's SEA plan for subgrants, the Secretary considers the extent to which the SEA has a high-quality plan to use an independent peer review process to award subgrants that propose a high-quality comprehensive literacy instruction program, including--
 - (1) A plan to prioritize projects that will use interventions and practices that are supported by moderate evidence or strong evidence; and
 - (2) A process to determine--
 - (i) The extent to which the intervention or practice is supported by moderate evidence or strong evidence;
 - (ii) The alignment of the local project to the State's comprehensive literacy plan and the local literacy plan;

- (iii) The extent to which the interventions and practices are differentiated and are appropriate for children from birth through age five and children in kindergarten through grade 5; and
 - (iv) The relevance of cited studies to the project proposed and identified needs.
- c) SEA monitoring plan (30 points). To determine the quality of the applicant's SEA monitoring plan, the Secretary considers the extent to which the SEA describes a high-quality plan for monitoring local projects, including how it will ensure that--
- (1) The interventions and practices that are part of the comprehensive literacy instruction program are aligned with the SEA's State comprehensive literacy plan;
 - (2) The interventions and practices that subgrantees implement are supported by moderate evidence or strong evidence, to the extent appropriate and available;
 - (3) The interventions and practices are differentiated and are appropriate for children from birth through age five and children in kindergarten through grade 5; and
 - (4) The interventions and practices are implemented with fidelity and aligned with the SEA's State comprehensive literacy plan and local literacy plan.
- d) Alignment of Resources (10 points). To determine the quality of the applicant's alignment of resources, the Secretary considers the extent to which the SEA will:
- (1) Target subgrants supporting projects that will improve instruction for the greatest numbers or percentages of disadvantaged children; and
 - (2) Award subgrants of sufficient size to fully and effectively implement the local plan while also ensuring that at least--
 - (a) 15 percent of the subgranted funds serve children from birth through age five;
 - (b) 40 percent of the subgranted funds serve students in kindergarten through grade five; and
 - (c) 40 percent of the subgranted funds serve students in middle and high school, through grade 12, including an equitable distribution of funds between middle and high schools.
- e) Adequacy of resources (25 points). The Secretary considers the adequacy of resources for the proposed project. In determining the adequacy of resources for the proposed project, the Secretary considers the following factors:
- (1) The extent to which the costs are reasonable in relation to the objectives, design, and potential significance of the proposed project; and
 - (2) The extent to which the costs are reasonable in relation to the number of persons to be served and to the anticipated results and benefits.
- f) Quality of the project design (5 points). The Secretary considers the quality of the project design. In determining the quality of the design of the proposed project, the Secretary considers the extent to which the proposed project is designed to build capacity and yield results that will extend beyond the period of Federal financial assistance.

Priorities:

Absolute Priority. The fiscal year (FY) 2017 competition contains one absolute priority. The application must address the absolute priority for this competition. Under this priority, a SEA must ensure that evidence plays a central role in SRCL subgrants. Specifically, in its high-quality plan, an SEA must assure (1) that it will use an independent peer review process to prioritize awards to eligible subgrantees that propose a high-quality comprehensive literacy instruction program, and that are supported by moderate evidence or strong evidence, where evidence is applicable and available, and (2) that the comprehensive literacy instruction program proposed by eligible subgrantees will align with the State's comprehensive literacy plan as well as local needs. **Applicants must meet the absolute priority to be considered for an award.**

Competitive Preference Priority. There are two competitive preference priorities in this competition. Up to an additional five (5) points for each competitive preference priority will be awarded to an application, depending on how well the application meets one or more of the following competitive preference priorities:

- (1) To meet Competitive Preference Priority 1 (Serving Disadvantaged Children), an SEA must describe in its application a high-quality plan to award subgrants that will serve the greatest numbers or percentages of disadvantaged children, including children living in poverty, English learners, and children with disabilities.
- (2) To meet Competitive Preference Priority 2 (Alignment within a Birth through Fifth Grade Continuum), an SEA must describe in its application a high-quality plan to align, through a progression of approaches appropriate for each age group, early language and literacy projects supported by this grant that serve children from birth to age five with programs and systems that serve students in kindergarten through grade five to improve school readiness and transitions for children across this continuum.

Part 5: Budget Narrative Attachment Form

*This section should be attached as a **single** document to the Budget Narrative Attachment Form in accordance with the instructions found on [Grants.gov](https://www.grants.gov). It should be organized in the following manner and include the following parts in order to expedite the review process.*

Ensure that you only attach the Education approved file types detailed in the Federal Register application notice (read-only, non-modifiable .pdf files). Also, do not upload any password-protected files to your application.

When attaching files, applicants should limit the length of their file names. Lengthy file names could result in difficulties with opening and processing your application. We recommend file names be less than 50 characters.

Each application must provide a Budget Narrative (which serves to meet the requirements of ED Form 524, Section C) for requested Federal funds. The Budget Narrative for requested Federal funds should provide a justification of how the money requested for each budget item will be spent.

Be sure to complete an itemized budget breakdown and narrative for each year of the proposed project (36 months total).

The Budget Narrative provides an opportunity for the applicant to identify the nature and amount of the proposed expenditures. The applicant should provide sufficient detail to enable reviewers, program office staff, and project staff to understand how requested funds will be used, how much will be expended, and the relationship between the requested funds, project activities, and anticipated outcomes.

Important Note

Applicants are encouraged to review the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards in 2 CFR part 200, as adopted and amended in 2 CFR part 3474.

Instructions for Meeting the General Education Provisions Act (GEPA) Section 427 Requirements

All applicants for new awards **must** include information in their applications to address this new provision in order to receive funding under this program.

Section 427 **requires** each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its Federally-assisted program for students, teachers, and other program beneficiaries with special needs.

This provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age.

A general statement of an applicant's nondiscriminatory hiring policy is **not** sufficient to meet this requirement. Applicants must identify potential barriers and explain steps they will take to overcome these barriers.

Please review the Notice to all Applicants (included in the electronic application package in Grants.gov) for further information on meeting the provisions in the Department of Education's General Education Provisions Act (GEPA).

Applicants are **required** to address this provision by attaching a statement (not to exceed three pages) to the **ED GEPA 427 form** that is included in the electronic application package in Grants.gov.

Part 8: Intergovernmental Review (Executive Order 12372)

This program falls under the rubric of Executive Order 12372 (Intergovernmental Review of Federal Programs) and the regulations in 34 CFR Part 79. However, federally-recognized tribes are not subject to these requirements.

One of the objectives of the Executive order is to strengthen federalism--or the distribution of responsibility between localities, States, and the Federal government--by fostering intergovernmental partnerships. This idea includes supporting processes that State or local governments have devised for coordinating and reviewing proposed Federal financial grant applications.

The process for doing this requires grant applicants to contact State Single Points of Contact for information on how this works. Multi-state applicants should follow procedures specific to each state.

Further information about the State Single Point of Contact (SPOC) process and a list of names by State can be found at:

http://www.whitehouse.gov/omb/grants_spoc

Absent specific State review programs, applicants may submit comments directly to the Department. All recommendations and comments must be mailed or hand-delivered by the date indicated in the actual application notice to the following address: The Secretary, EO 12372—CFDA #84.371C, U.S. Department of Education, room 7E200. 400 Maryland Avenue, SW., Washington, DC 20202.

Proof of mailing will be determined on the same basis as applications (see 34 CFR §75.102). Recommendations or comments may be hand-delivered until 4:30 p.m. (Eastern Time) on the closing date indicated in this notice.

Important note: The above address is not the same address as the one to which the applicant submits its completed applications. **Do not send applications to the above address.**

Not all states have chosen to participate in the intergovernmental review process, and therefore do not have a SPOC. If you are located in a State that does not have a SPOC, you may send application materials directly to the Department as described in the *Federal Register* notice.

Reporting and Accountability

The Department has established the following Government Performance and Results Act of 1993 performance measures for the SRCL program:

- (1) The percentage of participating four-year-old children who achieve significant gains in oral language skills.
- (2) The percentage of participating fifth-grade students who meet or exceed proficiency on State reading/language arts assessments under section 1111(b)(2)(B)(v)(I) of the ESEA, as amended by the ESSA.
- (3) The percentage of participating eighth-grade students who meet or exceed proficiency on State reading/language arts assessments under section 1111(b)(2)(B)(v)(I) of the ESEA, as amended by the ESSA.
- (4) The percentage of participating high school students who meet or exceed proficiency on State reading/language arts assessments under section 1111(b)(2)(B)(v)(I) of the ESEA, as amended by the ESSA.

These measures constitute the Department's indicator of success for this program. Consequently, we advise an applicant for a grant under this program to give careful consideration to these measures in conceptualizing the approach and evaluation for its proposed project. Each grantee will be required to provide, in its annual performance and final reports, data about its progress in meeting these measures.

If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.
