## Do individual school data remain confidential?

Your answers may be used only for statistical purposes and may not be disclosed or used in identifiable form for any other purpose except as required by law (20 U.S. Code, Section 9573). Your answers will be combined with those from others to produce summary statistics and reports. No individual data such as names or addresses will be reported. Any attempt on the part of a data user to identify a school or a specific respondent is prohibited by law and punishable with a fine of up to \$250,000 and/or a prison term up to 5 years.

## Where can I find more information about the SSOCS?

To see reports, publications, and other information on the SSOCS, please visit the SSOCS website at <http://nces.ed.gov/surveys/SSOCS>.

## The School Survey on Crime and Safety ( S S O C S )

## What is the School Survey on Crime and Safety?

The School Survey on Crime and Safety (SSOCS) is a national survey of elementary and secondary public school principals that collects information on school safety, including the frequency of school crime and violence, disciplinary actions, and school practices related to the prevention and reduction of crime. SSOCS is one of the nation's primary sources of school-level data on crime and safety. Sponsored by the U.S. Department of Education, Institute of Education Sciences, National Center for Education Statistics (NCES), it has been administered five times since 1999 to nationally representative samples of schools and will be conducted again in the spring of the 2015–16 school year. Your school has been selected to participate in this new wave of data collection.

## Why is the SSOCS important?

To address school crime, parents, school staff, and policymakers must understand the extent and nature of the problem. SSOCS is designed to provide measures of crime and safety in the nation's public schools. Some findings from the most recent collection done in the 2009–10 school year:

- ★ During the 2009–10 school year, the rate of violent incidents per 1,000 students was higher in middle schools (40 incidents) than in primary schools or high schools (21 incidents each).
- ★ Some 25 percent of schools reported at least one incident of the distribution, possession, or use of illegal drugs, a higher percentage than that of the distribution, possession, or use of alcohol (14 percent of schools) or prescription drugs (12 percent of schools).
- ★ A higher percentage of middle schools reported that student bullying occurred at school daily or at least once a week (39 percent) than did high schools or primary schools (20 percent each).

## What topics are covered in the questionnaire?

- ★ School policies and programs concerning crime and safety;
- ★ Student and teacher involvement in efforts to prevent or reduce school violence;
- ★ Frequency and types of disciplinary actions such as expulsions, transfers, and suspensions for selected offenses;
- ★ Frequency and types of crimes at school, including rape, sexual battery, physical attack, robbery, theft, and vandalism;
- ★ Student access to mental health services; and
- ★ Responsibilities of sworn law enforcement officers and SROs.

## Why was my school selected?

There are more than 80,000 public schools in the United States and only a small proportion are surveyed at one time. Your school was selected to represent schools similar to yours from across the nation. Your participation is important so that the results represent the diversity of America's public schools.

STATISTICS

Dear [NAME]:

Last week, I wrote to request your participation in the School Survey on Crime and Safety (SSOCS), an important national study that collects information about crime and safety in public schools. Data collection for this survey is being carried out by the U.S. Census Bureau on behalf of the National Center for Education Statistics (NCES) of the U.S. Department of Education.

As we mentioned in our previous letter, SSOCS provides a unique opportunity to collect national data on crime and safety from the school's perspective. We are confident that, with your participation, we can provide data to state and federal agencies about various types of crime and discipline that exist in schools today. Although SSOCS may ask some questions that appear similar to those on other surveys, this survey is not connected to any other state or federal data collection system. **SSOCS is unique in that it provides national estimates of school crime and safety using common definitions across all states.**

NCES is authorized to conduct this survey by the Education Sciences Reform Act of 2002 (ESRA; 20 U.S.C., § 9543). We realize that data on school crime are highly sensitive, so we want to remind you that information provided as part of this study may be used only for statistical purposes and may not be disclosed, or used, in identifiable form for any other purpose except as required by law (20 U.S.C., § 9573). Reports of the findings from the survey will not identify participating districts, schools, or staff. Individual responses will be combined with those from other participants to produce summary statistics and reports.

While your participation in this survey is voluntary and your decision will not affect any benefits or funding you receive from the U.S. Department of Education, we do hope that you will participate in this important national survey.

**We would appreciate the return of the questionnaire within two weeks.** A postage-paid return envelope has been enclosed for your convenience. If you have any general questions about the study, please contact the U.S. Census Bureau at 1-888-595-1332. Someone will be available to take your call Monday through Friday, between 8:00 a.m. and 8:00 p.m. (Eastern Time). The U.S. Census Bureau is also available to answer your questions via e-mail at [eddp.education.surveys@census.gov](mailto:eddp.education.surveys@census.gov).

Sincerely,

Peggy G. Carr

# SCHOOL SURVEY ON CRIME AND SAFETY

## PRINCIPAL QUESTIONNAIRE

### 2015-16 SCHOOL YEAR

**This survey is designed to be completed by the principal or the person most knowledgeable about school crime and policies to provide a safe environment at your school.**

[Large empty rounded rectangular box for name, address, and ZIP code]

*(Please correct any errors in name, address, and ZIP Code.)*

**THIS SURVEY HAS BEEN ENDORSED BY:**

Your answers may be used only for statistical purposes and may not be disclosed, or used, in identifiable form for any other purpose except as required by law [Education Sciences Reform Act of 2002 (ESRA 2002) 20 U.S.C., § 9573]. Reports of the findings from the survey will not identify participating districts, schools, or staff. Individual responses will be combined with those from other participants to produce summary statistics and reports.

**PLEASE RESPOND BY:** [Empty rectangular box]

FORM **SSOCS-1**  
(7-14-2015)

## DEFINITIONS

The following words are bolded and marked by an asterisk (\*) wherever they appear in the questionnaire. Please use these definitions as you respond.

**Active shooter** – an individual actively engaged in killing or attempting to kill people in a confined and populated area; in most cases, active shooters use firearm(s) and there is no pattern or method to their selection of victims.

**At school/at your school** – activities happening in school buildings, on school grounds, on school buses, and at places that hold school-sponsored events or activities. Unless otherwise specified, this refers to normal school hours or to times when school activities/events were in session.

**Bullying** – any unwanted aggressive behavior(s) by another youth or group of youths who are not siblings or current dating partners that involves an observed or perceived power imbalance and is repeated multiple times or is highly likely to be repeated.

**Cyberbullying** – occurs when willful and repeated harm is inflicted through the use of computers, cell phones, or other electronic devices.

**Diagnostic assessment** – an evaluation conducted by a medical or mental health professional that identifies whether an individual has one or more medical and/or mental health diagnoses. This is in contrast to an educational assessment, which does not focus on clarifying a student's diagnosis.

**Evacuation** – a procedure that requires all students and staff to leave the building. While evacuating to the school's field makes sense for a fire drill that only lasts a few minutes, it may not be an appropriate location for a longer period of time. The evacuation plan should encompass relocation procedures and include backup buildings to serve as emergency shelters, such as nearby community centers, religious institutions, businesses, or other schools. Evacuation also includes "reverse evacuation," a procedure for schools to return students to the building quickly if an incident occurs while students are outside.

**Firearm/explosive device** – any weapon that is designed to (or may readily be converted to) expel a projectile by the action of an explosive. This includes guns, bombs, grenades, mines, rockets, missiles, pipe bombs, or similar devices designed to explode and capable of causing bodily harm or property damage.

**Gang** – an ongoing loosely organized association of three or more persons, whether formal or informal, that has a common name, signs, symbols, or colors, whose members engage, either individually or collectively, in violent or other forms of illegal behavior.

**Gender identity** – means one's inner sense of one's own gender, which may or may not match the sex assigned at birth. Different people choose to express their gender identity differently. For some, gender may be expressed through, for example, dress, grooming, mannerisms, speech patterns, and social interactions. Gender expression usually ranges between masculine and feminine, and some transgender people express their gender consistent with how they identify internally, rather than in accordance with the sex they were assigned at birth.

**Hate crime** – A committed criminal offense that is motivated, in whole or in part, by the offender's bias(es) against a race, religion, disability, sexual orientation, ethnicity, gender, or gender identity; also known as bias crime.

**Lockdown** – a procedure that involves occupants of a school building being directed to remain confined to a room or area within a building with specific procedures to follow. A lockdown may be used when a crisis occurs outside of the school and an evacuation would be dangerous. A lockdown may also be called for when there is a crisis inside and movement within the school will put students in jeopardy. All exterior doors are locked and students and staff stay in their classrooms.

**Mental health disorders** – collectively, all diagnosable mental disorders or health conditions that are characterized by alterations in thinking, mood, or behavior (or some combination thereof) associated with distress and/or impaired functioning.

**Mental health professionals** – mental health services are provided by several different professions, each of which has its own training and areas of expertise. The types of professionals who may provide mental health services include psychiatrists, psychologists, psychiatric/mental health nurse practitioners, psychiatric/mental health nurses, clinical social workers, and professional counselors.

**Physical attack or fight** – an actual and intentional touching or striking of another person against his or her will, or the intentional causing of bodily harm to an individual.

**Rape** – forced sexual intercourse (vaginal, anal, or oral penetration). This includes sodomy and penetration with a foreign object. Both male and female students can be victims of rape. [Counts of attempted rape should be added to counts of rapes in your reporting of item 26a.]

## DEFINITIONS – *Continued*

The following words are bolded and marked by an asterisk (\*) wherever they appear in the questionnaire. Please use these definitions as you respond.

**Restorative circle** – a formal mediation process led by a facilitator that brings affected parties of a problem together to explore what happened, reflect on their roles, find a solution, and ultimately restore harmony to individual relationships and the larger community.

**Robbery** (taking things by force) – the taking or attempting to take anything of value that is owned by another person or organization, under confrontational circumstances by force or threat of force or violence and/or by putting the victim in fear. A key difference between robbery and theft/larceny is that robbery involves a threat or assault.

**Sexual assault** – an incident that includes threatened rape, fondling, indecent liberties, or child molestation. Both male and female students can be victims of sexual assault. Classification of these incidents should take into consideration the age and developmentally appropriate behavior of the offender(s).

**Sexual harassment** – conduct that is unwelcome, sexual in nature, and denies or limits a student's ability to participate in or benefit from a school's education program. The conduct can be carried out by school employees, other students, and non-employee third parties. Both male and female students can be victims of sexual harassment, and the harasser and the victim can be of the same sex. The conduct can be verbal, nonverbal, or physical.

**Sexual orientation** – means one's emotional or physical attraction to the same and/or opposite sex.

**Shelter-in-place** – a procedure similar to a lockdown in that the occupants are to remain on the premises; however, shelter-in-place is designed to use a facility and its indoor atmosphere to temporarily separate people from a hazardous outdoor environment. Everyone would be brought indoors and building personnel would close all windows and doors and shut down the heating, ventilation, and air conditioning system (HVAC). This would create a neutral pressure in the building, meaning the contaminated air would not be drawn into the building.

**Special education student** – a child with a disability, defined as mental retardation, hearing impairments (including deafness), speech or language impairments, visual impairments (including blindness), serious emotional disturbance, orthopedic impairments, autism, traumatic brain injury, other health impairments, or specific learning disabilities, who needs special education and related services and receives these under the Individuals with Disabilities Education Act (IDEA).

**Specialized school** – a school that is specifically for students who were referred for disciplinary reasons, although the school may also have students who were referred for other reasons. The school may be at the same location as your school.

**Theft/larceny** (taking things worth over \$10 without personal confrontation) – the unlawful taking of another person's property without personal confrontation, threat, violence, or bodily harm. This includes pocket picking, stealing a purse or backpack (if left unattended or no force was used to take it from owner), theft from a building, theft from a motor vehicle or of motor vehicle parts or accessories, theft of a bicycle, theft from a vending machine, and all other types of thefts.

**Threat assessment team** – a formalized group of persons who meet on a regular basis with the common purpose of identifying, assessing, and managing students who may pose a threat of targeted violence in schools.

**Treatment** – a clinical service addressed at lessening or eliminating the symptoms of a disorder. In mental health, this may include psychotherapy, medication treatment, and/or counseling.

**Vandalism** – the willful damage or destruction of school property, including bombing, arson, graffiti, and other acts that cause property damage. This includes damage caused by computer hacking.

**Violence** – actual, attempted, or threatened fight or assault.

**Weapon** – any instrument or object used with the intent to threaten, injure, or kill. This includes look-alikes if they are used to threaten others.

## **SURVEY INSTRUCTIONS:**

- For most questions, please mark the box that best reflects your school's circumstances. Please mark your response with an "X".
- Some questions ask for counts or percents of items. Please place an "X" in the None box, rather than leaving the item blank, if the number of such items at your school is zero.
- It is not necessary to consult any records for items 9 and 39. Please provide estimates for these questions.
- Definitions are available for many terms on pages 2 and 3. Defined terms are bolded and marked with an asterisk (\*) throughout the survey.
- Some questions refer to the 2015–16 school year. Please report for the school year to date.
- Please have this questionnaire filled out by the person most knowledgeable about school crime and policies to provide a safe environment.
- Please keep a copy of the completed questionnaire for your records.

## **WHERE SHOULD I RETURN MY COMPLETED QUESTIONNAIRE?**

Please return your completed questionnaire in the enclosed postage-paid envelope or mail it to:

### Paperwork Burden Statement

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this voluntary information collection is 1850-0761. The time required to complete this information collection is estimated to average 52 minutes per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimate, suggestions for improving this collection, or comments or concerns about the contents or the status of your individual submission of this questionnaire, please write directly to: School Survey on Crime and Safety (SSOCS), National Center for Education Statistics, 1990 K Street, N.W., #9034, Washington, DC 20006.

35. During the 2015–16 school year, how many students were involved in committing the following offenses, and how many of the following disciplinary actions were taken in response?

☛ If none, please place an "X" in the None box.

Please follow these guidelines when determining the number of offenses and disciplinary actions:

- ☛ If more than one student was involved in an incident, please count each student separately when providing the number of disciplinary actions.
- ☛ If a student was disciplined more than once, please count each offense separately (e.g., a student who was suspended five times would be counted as five suspensions).
- ☛ If a student was disciplined in two different ways for a single infraction (e.g., the student was both suspended and referred to counseling), **count only the most severe disciplinary action that was taken.**
- ☛ If a student was disciplined in one way for multiple infractions, record the disciplinary action for only the most serious offense.
