PAPERWORK BURDEN STATEMENT

The Paperwork Reduction Act and the NCES confidentiality statement are indicated below. Appropriate sections of this information are included in the consent forms and letters. The statements will be included in the materials used in the study.

Paperwork Burden Statement, OMB Information

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this voluntary information collection is 1850-0803. The time required to complete this information collection is estimated to be an average of 100 minutes, including the time to review instructions and participate in the information collection. If you have any comments concerning the accuracy of the time estimate, suggestions for improving this collection, or any other concerns, please write to: National Assessment of Educational Progress (NAEP), National Center for Education Statistics, Potomac Center Plaza, 550 12th St., SW, 4th floor, Washington, DC 20202.

This is a project of the National Center for Education Statistics (NCES), part of the Institute of Education Sciences, within the U.S. Department of Education.

All of the information you provide may be used only for statistical purposes and may not be disclosed, or used, in identifiable form for any other purpose except as required by law (20 U.S.C. §9573 and 6 U.S.C. §151).

OMB No. 1850-0803 Approval Expires 07/31/2019

INTRODUCTION TO THE ASSESSMENT

As documented in Volume I, there will be up to 10 pretesting sessions. Technology and Engineering Literacy (TEL) testing will have up to 3 sessions and eNAEP testing will have up to 7 sessions (in which the goal is to push the eNAEP system to its limits), the administrators will provide additional instructions to the students:

For this part of the study, we would like you to take your time exploring the system and interacting with the questions and system tools in different ways. While we would like you to provide answers to questions, we would like you to focus mainly on using the system tools and responding to the questions. Any response is acceptable for the questions as we really want you to experiment with how you can respond to questions and move from question to question. Have a little fun with things and explore the system!

Please take the assessment in this way until your time is up.

STUDENT DEBRIEFING QUESTIONS

After all students have finished the assessment in each session, field staff will conduct a debriefing activity with the students. Field staff will ask the debriefing questions out loud to the group of students. The questions may be paraphrased, and additional follow-up questions, such as those indicated in the bulleted lists below, may be asked. Students will respond by raising their hands and by calling out responses, as appropriate. Field staff will use their discretion about whether some or all of the questions will be asked, depending on the amount of prompting the students require, and on the amount of time remaining. The debriefing session should not exceed 10 minutes. Field staff will write down the students' responses to the questions.

1. *What did you like the most about the assessment?*
[Follow-up questions may include:]
 - *Can you explain that more?*
 - *What did you like the least about the assessment?*

- *What was missing from the assessment?*
 - *If you had to take a test, would you rather take it on a tablet, or on paper? Why?*
 - *What do you like most about taking a test on a tablet? What do you like the least about taking a test on a tablet?*
2. *Did you see anything you thought was strange while taking the assessment?*
[Follow-up questions may include:]
- *Can you explain that more?*
 - *Did questions or images seem slow to load at all to you?*
 - *Was the system slow to move from one page/question to the next at all?*
 - *Did you notice any “Aw, snap” errors?*
 - *Were you able to make these errors occur when you wanted to? How?*
3. *Did you find the system easy to use and/or easy to learn to use? [Follow-up questions may include:]*
- *How did you like the tutorial?*
 - *Did you use the Help screens? Were the Help screens useful?*
 - *What did you think of the tools available? Did you use them?*
 - *Which tool or tools did you like the most? Why?*
 - *Did you have any difficulty using any of the tools? What did you find difficult?*
 - *How did you find the stylus worked with the assessment?*
 - *Did you have any difficulty picking an answer using the available controls? If so, what made it difficult?*
4. *Is there anything you think would make the assessment better? If so, what?*
5. *Is there anything else you want to tell us about kids taking assessments on <laptops or tablets>?*

SURVEY QUESTIONNAIRES

As part of the assessment administration, students will take a set of survey questionnaire items during their session. These items were previously administered as part of other NAEP assessments or testing. Given the final items for 2018 NAEP administrations (and, thus this TEL and eNAEP pretesting study) have not yet been determined, we have included a library of previously administered components from which the 2018 items will be selected. The table below indicates the 15 assessment components that form this library. Following the table are the 15 components of survey questionnaire items. Not all of the items presented will be administered in 2018 or in this TEL and eNAEP pretesting study. The number of items administered to each student will be appropriate to the 15 minutes allocated. As the items are finalized throughout the development process, the final sub-set will be included in the eNAEP system for pretesting. As such, the earlier builds may include different items from the library than the final build.
