PART I.—GENERAL INFORMATION

Background.--On June 10, 1991, the Department published in the Federal Register the antidumping duty order on silicon metal from the People's Republic of China (PRC). On March 3, 2017, the Department published the notice of initiation of the fourth sunset review of the Order, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). On March 3, 2017, pursuant to 19 CFR 351.218(d)(1), the Department received a timely and complete notice of intent to participate in the sunset review from Globe Metallurgical, Inc., a domestic producer of silicon metal (Globe). This notice was filed within the time period specified in 19 CFR 351.218(d)(1)(i). On March 24, 2017, pursuant to 19 CFR 351.218(d)(3)(i), Globe filed a timely and adequate substantive response. The Department did not receive a substantive response from any respondent interested party. As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), the Department conducted an expedited (120-day) fourth sunset review of the Order. Questionnaires and other information pertinent to this proceeding are available at [https://www.usitc.gov/investigations/701731/2017/silicon metal china/fourth review full.htm](https://www.usitc.gov/investigations/701731/2017/silicon%20metal%20china/fourth%20review%20full.htm)

Silicon Metal covered by the order is silicon metal containing at least 96.00 percent, but less than 99.99 percent of silicon by weight. Also covered by the order is silicon metal containing between 89.00 and 96.00 percent silicon by weight but which contains a higher aluminum content than the silicon metal containing at least 96.00 percent but less than 99.99 percent silicon by weight (58 FR 27542, May 10, 1993). Silicon metal is currently provided for under subheadings 2804.69.10 and 2804.69.50 of the Harmonized Tariff Schedule (HTSUS) as a chemical product, but is commonly referred to as a metal. Semiconductor-grade silicon (silicon metal containing by weight not less than 99.99 percent of silicon and provided for in subheading 2804.61.00 of the HTSUS) is not subject to this order. Although the HTSUS numbers are provided for convenience and customs purposes, the written description remains dispositive.

Such confidential information will not be published in a manner that will reveal the individual operations of your firm; however, general characterizations of numerical business proprietary information (such as discussion of trends) will be treated as confidential business information only at the request of the submitter for good cause shown.

Verification.--The information submitted in this questionnaire is subject to audit and verification by the Commission. To facilitate possible verification of data, please keep all of your files, worksheets, and supporting documents used in the preparation of the questionnaire response. Please also retain a copy of the final document that you submit.

This means that certain lawyers and other authorized individuals may temporarily be given access to the information for use in connection with this proceeding or other import-injury proceedings conducted by the Commission on the same or similar merchandise; those individuals would be subject to severe penalties if the information were divulged to unauthorized individuals.
