PART I.—GENERAL INFORMATION

Background.--On August 28, 2000, the Department of Commerce (“Commerce”) issued an antidumping duty order on imports of TCCSS from Japan. On May 1, 2017, the Commission instituted a review pursuant to section 751(c) of the Tariff Act of 1930 (19 U.S.C. § 1675(c)) (the Act) to determine whether revocation of the order would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. If both the Commission and Commerce make an affirmative determination, the order will remain in place. If either the Commission or Commerce makes a negative determination, Commerce will revoke the order. Questionnaires and other information pertinent to this proceeding are available at https://www.usitc.gov/investigations/701731/2017/tin_and_chromium_coated_steel_sheet_japan/third_review_full.htm.

TCCSS covered by these investigations is tin mill flat-rolled products that are coated or plated with tin, chromium or chromium oxides. Flat-rolled steel products coated with tin are known as tin plate. Flat-rolled steel products coated with chromium or chromium oxides are known as tin-free steel or electrolytic chromium-coated steel. The scope includes all the noted tin mill products regardless of thickness, width, form (in coils or cut sheets), coating type (electrolytic or otherwise), edge (trimmed, untrimmed or further processed, such and scroll cut), coating thickness, surface finish, temper, coating metal (tin, chromium, chromium oxide), reduction (single- or double-reduced), and whether or not coated with a plastic material. All products that meet the written physical description are within the scope of this investigation unless specifically excluded.

TCCSS is currently imported under statistical reporting numbers 7210.11.00, 7210.12.00, 7210.50.00, 7212.10.00, and 7212.50.00 of the Harmonized Tariff Schedule of the United States (HTSUS). It may also be imported under HTSUS statistical reporting number 7225.99.00 and 7226.99.01. The HTSUS provisions are for convenience and customs purposes; the written description of the scope is dispositive.
