

U.S. PRODUCERS' QUESTIONNAIRE

LARGE RESIDENTIAL WASHERS

This questionnaire must be received by the Commission by **April 30, 2019**

See last page for filing instructions.

The information called for in this questionnaire is for use by the United States International Trade Commission in connection with investigation No. TA-204-013, Large Residential Washers: Monitoring Developments in the Domestic Industry, under section 204 of the Trade Act of 1974 (19 U.S.C. § 2254). The information requested in the questionnaire is needed to supplement data available to the Commission from other sources and is requested under the authority of section 204 of the Tariff Act of 1974. This report is **mandatory** and failure to reply as directed can result in a subpoena or other order to compel the submission of records or information in your firm's possession (19 U.S.C. § 1333(a)).

PART I.—GENERAL INFORMATION

Background.--On January 23, 2018, the President, pursuant to section 203 of the Trade Act of 1974, issued Proclamation 9694, imposing a safeguard measure on imports of certain residential washers and parts thereof in the form of a tariff-rate quota, effective February 7, 2018. Section 204 (a) of the Act requires the Commission to submit a report to the President and Congress on its monitoring of industry developments at the midpoint of the initial period of relief exceeding three years, including the progress and specific efforts made by workers and firms in the domestic industry to make a positive adjustment to import competition. Questionnaires and other information pertinent to this proceeding are available at

https://www.usitc.gov/investigations/title_7/2019/large_residential_washers_monitoring_developments/safeguard.htm

Products covered by this investigation

Large residential washers.—The products covered by the investigation are all large residential washers and certain parts thereof.

The term “large residential washers” denotes all automatic clothes washing machines, regardless of the orientation of the rotational axis, with a cabinet width (measured from its widest point) of at least 24.5 inches (62.23 cm) and no more than 32.0 inches (81.28 cm), except as noted below.

Covered parts.-- Also covered are certain parts used in large residential washers, namely: (1) all cabinets, or portions thereof, designed for use in large residential washers; (2) all assembled tubs¹ designed for use in large residential washers which incorporate, at a minimum: (a) a tub; and (b) a seal; (3) all assembled baskets² designed for use in large residential washers which incorporate, at a minimum: (a) a side wrapper;³ (b) a base; and (c) a drive hub;⁴ and (4) any combination of the foregoing parts or subassemblies.

Products excluded from this investigation

(1) Stacked washers-dryers & commercial washers

Excluded are stacked washer-dryers and commercial washers. The term “stacked washer-dryers” denotes distinct washing and drying machines that are built on a unitary frame and share a common console that controls both the washer and the dryer. The term “commercial washer” denotes an automatic clothes washing machine designed for the “pay per use” segment meeting either of the following two definitions:

¹ A “tub” is the part of the washer designed to hold water.

² A “basket” (sometimes referred to as a “drum”) is the part of the washer designed to hold clothing or other fabrics.

³ A “side wrapper” is the cylindrical part of the basket that actually holds the clothing or other fabrics.

⁴ A “drive hub” is the hub at the center of the base that bears the load from the motor.

(1) (a) it contains payment system electronics;⁵ (b) it is configured with an externally mounted steel frame at least six inches high that is designed to house a coin/token operated payment system (whether or not the actual coin/token operated payment system is installed at the time of importation); (c) it contains a push button user interface with a maximum of six manually selectable wash cycle settings, with no ability of the end user to otherwise modify water temperature, water level, or spin speed for a selected wash cycle setting; and (d) the console containing the user interface is made of steel and is assembled with security fasteners;⁶ or

(2) (a) it contains payment system electronics; (b) the payment system electronics are enabled (whether or not the payment acceptance device has been installed at the time of importation) such that, in normal operation,⁷ the unit cannot begin a wash cycle without first receiving a signal from a bona fide payment acceptance device such as an electronic credit card reader; (c) it contains a push button user interface with a maximum of six manually selectable wash cycle settings, with no ability of the end user to otherwise modify water temperature, water level, or spin speed for a selected wash cycle setting; and (d) the console containing the user interface is made of steel and is assembled with security fasteners.

(2) Top load residential washers with PSC/belt drive/clutch

Also excluded are automatic clothes washing machines that meet all of the following conditions: (1) have a vertical rotational axis; (2) are top loading;⁸ (3) have a drive train consisting, inter alia, of (a) a permanent split capacitor (PSC) motor,⁹ (b) a belt drive,¹⁰ and (c) a flat wrap spring clutch.¹¹

(3) Front load residential washers with CIM/belt drive

Also excluded are automatic clothes washing machines that meet all of the following conditions: (1) have a horizontal rotational axis; (2) are front loading;¹² and (3) have a drive train consisting, inter alia, of (a) a controlled induction motor (CIM),¹³ and (b) a belt drive.

⁵ "Payment system electronics" denotes a circuit board designed to receive signals from a payment acceptance device and to display payment amount, selected settings, and cycle status. Such electronics also capture cycles and payment history and provide for transmission to a reader.

⁶ A "security fastener" is a screw with a non-standard head that requires a non-standard driver. Examples include those with a pin in the center of the head as a "center pin reject" feature to prevent standard Allen wrenches or Torx drivers from working.

⁷ "Normal operation" refers to the operating mode(s) available to end users (*i.e.*, not a mode designed for testing or repair by a technician).

⁸ "Top loading" means that access to the basket is from the top of the washer.

⁹ A "PSC motor" is an asynchronous, alternating current (AC), single phase induction motor that employs split phase capacitor technology.

¹⁰ A "belt drive" refers to a drive system that includes a belt and pulleys.

¹¹ A "flat wrap spring clutch" is a flat metal spring that, when engaged, links abutted cylindrical pieces on the input shaft with the end of the concentric output shaft that connects to the drive hub.

¹² "Front loading" means that access to the basket is from the front of the washer.

¹³ A "controlled induction motor" is an asynchronous, alternating current (AC), polyphase induction motor.

(4) "Extra-wide" residential washers

Also excluded are automatic clothes washing machines that meet all of the following conditions: (1) have a horizontal rotational axis; (2) are front loading; and (3) have cabinet width (measured from its widest point) of more than 28.5 inches (72.39 cm).

Large residential washers are currently classifiable under subheading 8450.20.00 (statistical reporting numbers 8450.20.0040 and 8450.20.0080) of the Harmonized Tariff System of the United States (HTSUS). They may also be imported under HTSUS 8450.11.0040, 8450.11.0080, 8450.90.2000, and 8450.90.6000.¹⁴ The HTSUS provisions are for convenience and customs purposes; the written description of the scope is dispositive.

When reporting U.S. producers' data—

For the purpose of reporting data for select large residential washers in this U.S. producers' questionnaire, unless otherwise indicated, please provide data for **select residential washers** to include large residential washers and covered subassemblies as well as PSC/belt drive/clutch top-load washers and CIM/belt drive front-load washers as defined on pages 2-3 of this document.

Reporting of information.-- If information is not readily available from your records, provide carefully prepared estimates. If your firm is completing more than one questionnaire (i.e., a producer, importer, purchaser and/or foreign producer questionnaire), you need not respond to duplicated questions.

Confidentiality.--The commercial and financial data furnished in response to this questionnaire that reveal the individual operations of your firm will be treated as confidential by the Commission to the extent that such data are not otherwise available to the public and will not be disclosed except as may be required by law (see 19 CFR §§ 206.17(a)(1) and 206.52(c)). Such confidential information will not be published in a manner that will reveal the individual operations of your firm; however, general characterizations of numerical business proprietary information (such as discussion of trends) will be treated as confidential business information only at the request of the submitter for good cause shown.

Verification.--The information submitted in this questionnaire is subject to audit and verification by the Commission. To facilitate possible verification of data, please keep all files, worksheets, and supporting documents used in the preparation of the questionnaire response. Please also retain a copy of the final document that you submit.

Release of information.--The information provided by your firm in response to this questionnaire, as well as any other confidential business information submitted by your firm to the Commission in connection with this proceeding, may become subject to, and released under, the administrative protective order provisions of the Trade Act of 1974 (19 U.S.C. § 2252(i)) and sections 206.17 and 206.52 of the Commission's Rules of Practice and Procedure (19 CFR §§ 206.17(a)(1) and 206.52(c)). This means that certain lawyers and other authorized individuals may temporarily be given access to the information for use in connection with this proceeding or other import-injury proceedings conducted by the Commission on the same or similar merchandise; those individuals would be subject to severe penalties if the information were divulged to unauthorized individuals.

¹⁴ Large residential washers and parts and certain subassemblies covered by the scope are currently subject to tariff-rate quotas under a safeguard measure imposed effective February 7, 2018, under subheadings 9903.45.01 and 9903.45.02 (large residential washers) and 9903.45.05 and 9903.45.06 (covered parts) and related legal notes.

D-GRIDS tool.--The Commission has a tool that firms can use to move data from their own MS Excel compilation files into self-contained data tables within this MS Word questionnaire, thereby reducing the amount of cell-by-cell data entry that would be required to complete this form. This tool is a macro-enabled MS Excel file available for download from the Commission's generic questionnaires webpage (https://www.usitc.gov/trade_remedy/question.htm) called the "D-GRIDs tool." Use of this tool to help your firm complete this questionnaire is optional. Firms opting to use the D-GRIDs tool to populate their data into this questionnaire will need the D-GRIDs specification sheet PDF file specific to this proceeding (available on the case page which is linked under the "Background" above) which includes the necessary references relating to this questionnaire, as well as the macro-enable MS Excel D-GRIDs tool itself from the generic questionnaires page. More detailed instructions on how to use the D-GRIDs tool are available within the D-GRIDs tool itself.

I-1. **OMB statistics.**--Please report below the actual number of hours required and the cost to your firm of completing this questionnaire.

Hours	Dollars

The questions in this questionnaire have been reviewed with market participants to ensure that issues of concern are adequately addressed and that data requests are sufficient, meaningful, and as limited as possible. Public reporting burden for this questionnaire is estimated to average 50 hours per response, including the time for reviewing instructions, gathering data, and completing and reviewing the questionnaire.

We welcome comments regarding the accuracy of this burden estimate, suggestions for reducing the burden, and any suggestions for improving this questionnaire. Please attach such comments to your response or send to the Office of Investigations, USITC, 500 E St. SW, Washington, DC 20436.

I-2. **Establishments covered**--Provide the city, state, zip code, and brief description of each establishment covered by this questionnaire. If your firm is publicly traded, please specify the stock exchange and trading symbol in the footnote to the table. **Firms operating more than one establishment should combine the data for all establishments into a single report.**

"Establishment"--Each facility of a firm involved in the production of large residential washers, including auxiliary facilities operated in conjunction with (whether or not physically separate from) such facilities.

<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

I-4. **Ownership.**--Is your firm owned, in whole or in part, by any other firm?

No Yes--List the following information.

Firm name	Address	Extent of ownership (percent)

I-5. **Related importers/exporters.**--Does your firm have any related firms, either domestic or foreign, that are engaged in importing large residential washers into the United States or that are engaged in exporting large residential washers to the United States?

No Yes--List the following information.

Firm name	Country	Affiliation

I-6. **Related producers.**--Does your firm have any related firms, either domestic or foreign, that are engaged in the production of large residential washers?

No Yes--List the following information.

Firm name	Country	Affiliation

I-7. **Business plan.**--In Parts II and IV of this questionnaire we request a copy of your company's business plan. Does your company or any related firm have a business plan or any internal documents that describe, discuss, or analyze expected market conditions for large residential washers?

No	Yes	If yes, please provide the requested documents. If you are not providing the requested documents, please explain why not.

II-2b **Adjustment plans.**--Did your firm submit adjustment plans to the Commission in connection with the original section 201 investigation, Inv. No. TA-201-76, or indicate to USTR since the initiation of the original section 201 investigation that it would make adjustments in its large residential washers operations that would permit it to compete more effectively with imports of large residential washers after relief expires if it were to receive import relief as a result of that investigation?

Not known	No	Yes	If yes, please supply copies of the specific adjustment plans for your firm as submitted to the Commission during inv. No. TA-201-76 or to USTR since the initiation of the original section 201 investigation. Also, please discuss below the reason(s) why any specific adjustment actions included in the plans have NOT been implemented (and are therefore not identified in your response to question II-2d). Please be specific as to the particular adjustment action that is being discussed.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	

II-2c. **Significance of relief.**--Describe the significance of the tariff-rate quotas imposed by the President effective on February 7, 2018, in terms of their effect on your firm's operations in the following categories. You may wish to compare your firm's operations before and after the imposition of the relief. Please explain how you have separated the effects of the safeguard measure from the effects of other factors, such as closure or re-opening of domestic production facilities, changes in demand, exchange rate changes, or antidumping and countervailing duties.

Category	<i>Please describe the significance of the safeguard measure.</i>
Production capacity, production, shipments, inventories, and employment	
Return on investment, ability to generate capital to finance the modernization of domestic plant(s) and equipment, or ability to maintain existing levels of expenditures for research and development	
Changes in your firm's collective bargaining agreements (attach copies of all collective bargaining agreements in effect or otherwise agreed to by your firm since February 7, 2018)	

II-2d. **Efforts since implementation of safeguard measures.**--Since February 7, 2018, has your firm undertaken any efforts to compete more effectively in the U.S. market for large residential washers?

<p align="center">No</p>	<p align="center">Yes</p>	<p>If yes, please describe (1) any efforts made by your firm and/or its workers since February 7, 2018 to compete more effectively, (2) the year in which the effort was made, (3) the expenditure involved (in thousands of dollars), and (4) the specific competitive advantage acquired (i.e., increased production, cost reduction, quality improvement, increased market share or sales, etc.).</p> <p>If you feel that any of these efforts have been made primarily to compete with imported large residential washers, please indicate and explain. To the extent possible, furnish the Commission with memoranda, studies, or other documentation which indicate that such efforts were undertaken primarily to compete more effectively against imports of large residential washers.</p>
		<p align="center"><input type="checkbox"/></p>

II-3a. **Production using same machinery.**-- Please report your firm's production of products made using the same equipment, machinery, or employees as used to produce large residential washers, and the combined production capacity on this shared equipment, machinery, or employees in the periods indicated.

"Overall production capacity" or "capacity" – The level of production that your establishment(s) could reasonably have expected to attain during the specified periods. Assume normal operating conditions (i.e., using equipment and machinery in place and ready to operate; normal operating levels (hours per week/weeks per year) and time for downtime, maintenance, repair, and cleanup).

Note.--If your firm does not produce any out-of-scope merchandise on the same machinery and equipment as scope merchandise then the "overall production capacity" numbers reported in this question should be exactly equal to the "average production capacity" numbers reported in question II-4. If, however, your firm does produce out-of-scope merchandise using the same machinery and equipment as scope merchandise, then the "average production capacity" reported in question II-4 should exclude the portion of "overall production capacity" that was used to produce this out-of-scope merchandise.

"Production" – All production in your U.S. establishment(s), including production consumed internally within your firm and production for another firm under a toll agreement.

(ii) Please describe the factors that affect your firm's ability to shift production capacity between products (e.g., time, cost, relative price change, etc.), and the degree to which these factors enhance or constrain such shifts.

- II-4. **Production, shipment, and inventory data**--Report your firm's production capacity, production, shipments, and inventories related to the production of large residential washers in its U.S. establishment(s) during the specified periods.

"Average production capacity" or "capacity" – The level of production that your establishment(s) could reasonably have expected to attain during the specified periods. Assume normal operating conditions (i.e., using equipment and machinery in place and ready to operate; normal operating levels (hours per week/weeks per year) and time for downtime, maintenance, repair, and cleanup; and a typical or representative product mix).

"Production" – All production in your U.S. establishment(s), including production consumed internally within your firm and production for another firm under a toll agreement.

"U.S. commercial shipments" –Shipments made within the United States as a result of an arm's length commercial transaction in the ordinary course of business. Report net values (i.e., gross sales values less all discounts, allowances, rebates, prepaid freight, and the value of returned goods) in U.S. dollars, f.o.b. your point of shipment.

"Internal consumption" – Product consumed internally by your firm. Such transactions are valued at fair market value.

"Transfers to related firms" –Shipments made to related domestic firms. Such transactions are valued at fair market value.

"Related firm" –A firm that your firm solely or jointly owned, managed, or otherwise controlled; a firm that solely or jointly owned, managed, or otherwise controlled your firm; and/or a firm that was solely or jointly owned, managed, or otherwise controlled by a firm that also solely or jointly owned, managed, or otherwise controlled your firm.

"Export shipments" –Shipments to destinations outside the United States, including shipments to related firms.

"Inventories" – Finished goods inventory, not raw materials or work-in-progress.

"Retailers" –Firms that sell large residential washers to the public for use in personal consumption rather than for resale.

"Distributors" –Firms that purchase large residential washers for the purpose of reselling them to other firms.

"Buying Groups" –Firms that negotiate prices on behalf of multiple retailers.

"Homebuilders/contractors" –Firms whose business is in the construction of residential dwellings.

"End users/consumers" –Entities who purchase large residential washers for their own personal consumption.

Note: As requested in Part I of this questionnaire, please keep all supporting documents/records used in the preparation of the trade data, as Commission staff may contact your firm regarding questions on the trade data. The Commission may also request that your company submit copies of the supporting documents/records (such as production and sales schedules, inventory records, etc.) used to compile these data.

RECONCILIATION OF COMMERCIAL US SHIPMENTS.--Please ensure that the quantities and values reported for commercial U.S. shipments in this question (i.e., lines AE through AP) equal the quantity and value reported for commercial U.S. shipments (i.e., lines D and E) in question II-7 in each time period. If the calculated fields below return values other than zero (i.e., "0"), the data reported must be revised prior to submission to the Commission.

II-10. **Employment data.**--Report your firm's employment-related data related to the production of large residential washers and out-of-scope PSC/belt drive top-load and CIM/belt drive front-load washers, and provide an explanation for any trends in these data.

"Production and Related Workers" (PRWs) includes working supervisors and all nonsupervisory workers (including group leaders and trainees) engaged in fabricating, processing, assembling, inspecting, receiving, storage, handling, packing, warehousing, shipping, trucking, hauling, maintenance, repair, janitorial and guard services, product development, auxiliary production for plant's own use (e.g., power plant), recordkeeping, and other services closely associated with the above production operations.

Average number employed may be computed by adding the number of employees, both full time and part time, for the 12 pay periods ending closest to the 15th of the month and divide that total by 12. For the January to March periods, calculate similarly and divide by 3.

"Hours worked" includes time paid for sick leave, holidays, and vacation time. Include overtime hours actually worked; do not convert overtime pay to its equivalent in straight time hours.

"Wages paid"—Total wages paid before deductions of any kind (e.g., withholding taxes, old-age and unemployment insurance, group insurance, union dues, bonds, etc.). Include wages paid directly by your firm for overtime, holidays, vacations, and sick leave.

REPORT DATA FOR ALL LARGE RESIDENTIAL WASHERS, INCLUDING PRODUCTS COVERED BY THE SCOPE AND PSC/BELT DRIVE/CLUTCH TOP-LOAD WASHERS AND CIM/BELT DRIVE FRONT-LOAD WASHERS.

II-11. **Transfers to related firms.**--If your firm reported transfers to related firms in question II-4, please identify the firm(s) and indicate the nature of the relationship between your firm and the related firms (e.g., joint venture, wholly owned subsidiary), whether the transfers were priced at market value or by a non-market formula, whether your firm retained marketing rights to all transfers, and whether the related firms also processed inputs from sources other than your firm.

--

II-12. **Purchases.**--Has your firm purchased large residential washers produced in the United States or in other countries since January 1, 2016? (Do not include imports for which your firm was the importer of record. These should be reported in an importer questionnaire).

"Purchase" – A transaction to buy product from a U.S. corporate entity such as another U.S. producer, a U.S. distributor, or a U.S. firm that has directly imported the product.

"Import" –A transaction to buy from a foreign supplier where your firm is the importer of record.

No	Yes	If yes-- Report such purchases in the table below and explain the reasons for your firms' purchases:
<input type="checkbox"/>	<input type="checkbox"/>	

Note: If your firm served as the importer of record for any purchases from foreign suppliers, either for your own account or as a service for another entity, those purchases are to be considered "imports" not "purchases" and **should not** be included in the table below.

¹ Please list the name of the importer(s) from which your firm purchased this product. If your firm's import suppliers differ by source, please identify the source for each listed supplier: _____. ² Please list the name of the producer(s) or U.S. distributor(s) from which your firm purchased this product: _____.					

II-13. **Toll production.**--Since January 1, 2016, has your firm been involved in a toll agreement regarding the production of large residential washers?

"Toll agreement"--Agreement between two firms whereby the first firm furnishes the raw materials and the second firm uses the raw materials to produce a product that it then returns to the first firm with a charge for processing costs, overhead, etc.

No	Yes	If yes-- Please describe the toll arrangement(s) and name the firm(s) involved.
<input type="checkbox"/>	<input type="checkbox"/>	

II-14. **Foreign trade zones.**--

(a) **Firm's FTZ operations.**--Does your firm produce large residential washers in and/or admit large residential washers into a foreign trade zone (FTZ)?

"Foreign trade zone" is a designated location in the United States where firms utilize special procedures that allow delayed or reduced customs duty payments on foreign merchandise. A foreign trade zone must be designated as such pursuant to the rules and procedures set forth in the Foreign-Trade Zones Act.

No	Yes	If yes-- Describe the nature of your firms operations in FTZs and identify the specific FTZ site(s).
<input type="checkbox"/>	<input type="checkbox"/>	

(b) **Other firms' FTZ operations.**--To your knowledge, do any firms in the United States import large residential washers into a foreign trade zone (FTZ) for use in distribution of large residential washers and/or the production of downstream articles?

No	Yes	If yes--Identify the firms and the FTZs.
<input type="checkbox"/>	<input type="checkbox"/>	

- (c) **FTZ admissions subsequently reported as imports of large residential washers.**— Report the value of your firm's admissions into FTZs of any parts for large residential washers (covered parts as defined on page 2 or any other parts used in the production of large residential washers) and subsequently reported as an import for consumption of large residential washers after being used in the production of domestically-produced large residential washers.

- II-16. **Other explanations:**--If your firm would like to explain further a response to a question in Part II for which a narrative box was not provided, please note the question number and the explanation in the space provided below. Please also use this space to highlight any issues your firm had in providing the data in this section, including but not limited to technical issues with the MS Word questionnaire.

PART III.--FINANCIAL INFORMATION

Address questions on this part of the questionnaire to Emily Kim (202-205-1800, emily.kim@usitc.gov).

III-1. **Contact information.**--Please identify the responsible individual and the manner by which Commission staff may contact that individual regarding the confidential information submitted in part III.

Name	
Title	
Email	
Telephone	

III-2. **Accounting system.**--Briefly describe your firm's financial accounting system.

A. When does your firm's fiscal year end (month and day)? _____
 If your firm's fiscal year changed during the data-collection period, explain below:

B.1. Describe the lowest level of operations (e.g., plant, division, company-wide) for which financial statements are prepared that include large residential washers:

2. Does your firm prepare profit/loss statements for large residential washers?
 Yes No
3. How often did your firm (or parent company) prepare financial statements (including annual reports, 10Ks)? Please check relevant items below.
 Audited, unaudited, annual reports, 10Ks, 10 Qs,
 Monthly, quarterly, semi-annually, annually
4. Accounting basis: GAAP, cash, tax, or other comprehensive basis of accounting (specify) _____

Note: As requested in Part I of this questionnaire, please keep all supporting documents/records used in the preparation of the financial data, as Commission staff may contact your firm regarding questions on the financial data. The Commission may also request that your company submit copies of the supporting documents/records (financial statements, including internal profit-and-loss statements for the division or product group that includes large residential washers, as well as specific statements and worksheets) used to compile these data.

III-3. **Cost accounting system.**--Briefly describe your firm's cost accounting system (e.g., standard cost, job order cost, etc.).

III-4. **Allocation basis.**--Briefly describe your firm's allocation basis, if any, for COGS, SG&A, and interest expense and other income and expenses.

III-5. **Product listing.**--Please list the products your firm produces in the facilities in which it produces large residential washers and any PSC/belt drive top-load and CIM/belt drive front-load washers, and provide the share of net sales accounted for by these products in your firm's most recent fiscal year.

Products	Share of sales

III-6. Does your firm purchase **inputs** (raw materials, labor, energy, or any services) used in the production of large residential washers from any related suppliers (e.g., inclusive of transactions between related firms, divisions and/or other components within the same company)?

Yes--Continue to question III-7. No--Continue to question III-9a.

III-7. **Inputs from related suppliers.**--Please identify the inputs used in the production of large residential washers, and any PSC/belt drive top-load and CIM/belt drive front-load washers that your firm purchases from related suppliers and that are reflected in question III-9a. For "Share of total COGS" please report this information by relevant input on the basis of your most recently completed fiscal year. For "Input valuation" please describe the basis, as recorded in the company's own accounting system, of the purchase cost from the related supplier; e.g., the related supplier's actual cost, cost plus, negotiated transfer price to approximate fair market value.

Input	Related supplier	Share of total COGS
Input valuation as recorded in the firm's accounting books and records		

III-8. **Inputs from related suppliers at cost.**--Please confirm that the inputs purchased from related suppliers, as identified in III-7, were reported in III-9a (financial results on large residential washers) in a manner consistent with the firm's accounting books and records.

Yes	No	If no--In the space below, please report the valuation basis of inputs purchased from related suppliers as reported in question III-9a.:
<input type="checkbox"/>	<input type="checkbox"/>	

III-9a. **Operations on large residential washers.**--Report the revenue and related cost information requested below on the large residential washers operations, and any PSC/belt drive top-load and CIM/belt drive front-load washer operations, of your firm's U.S. establishment(s).¹ Do not report resales of products. Note that internal consumption and transfers to related firms must be valued at fair market value. Input purchases from related suppliers should be consistent with and based on information in the firm's accounting books and records. Provide data for your firm's three most recently completed fiscal years, and for the specified interim periods. If your firm was involved in tolling operations (either as the toller or as the tollee), please contact Emily Kim at (202) 205-1800 before completing this section of the questionnaire.

² Less discounts, returns, allowances, and prepaid freight. The quantities and values should approximate the corresponding shipment quantities and values reported in Part II of this questionnaire.
³ COGS (whether for domestic or export sales) should include costs associated with CS, IC, and Transfers.

Note -- The table above contains calculations that will appear when you have entered data in the MS Word form fields.

III-9b. **Financial data reconciliation.**--The calculable line items from question III-9a (i.e., total net sales quantities and values, total COGS, gross profit (or loss), total SG&A, and net income (or loss)) have been calculated from the data submitted in the other line items. Do the calculated fields return the correct data according to your firm's financial records ignoring non-material differences that may arise due to rounding?

Yes No--If the calculated fields do not show the correct data, please double check the feeder data for data entry errors and revise.

Also, check signs accorded to the post operating income line items; the two expense line items should report positive numbers (i.e., expenses are positive and incomes or reversals are negative--instances of the latter should be rare in those lines) while the income line item also in most instances should have its value be a positive number (i.e., income is positive, expenses or reversals are negative).

If after reviewing and potentially revising the feeder data your firm has provided, the differences between your records and the calculated fields persist please identify and discuss the differences in the space below.

III-9c. **Raw materials.**--Please report the share of total raw material costs in 2018 (reported in III-9a) for the following raw material inputs:

III-9d. **Large residential washers variable and fixed costs.**--For the total COGS and total SG&A expenses reported for the most recently completed annual period in table III-9a please estimate the share of variable and fixed costs for each category, with the sum adding to 100 percent. The specified variable and fixed cost shares should be representative of the relevant range of production that the company could achieve under current capacity constraints.

III-10. **Expenses associated with new large residential washers platforms, upgrades of existing platforms, and/or other nonrecurring items (charges and gains) included in the subject product financial results.**--For each annual and interim period for which financial results are reported in question III-9a, please specify all material (significant) expenses associated with new platforms and/or upgrades of existing platforms and other nonrecurring items (charges and gains) in the schedule below, the specific question III-9a line item where the items are included, a brief description of the relevant items, and the associated values (*in \$1,000*), as reflected in question III-9a; i.e., if an aggregate item has been allocated to question III-9a, only the allocated value amount included in question III-9a should be reported in the schedule below. Note: The Commission's objective here is to gather information only on material (significant) nonrecurring items which impacted the reported financial results of the subject product in question III-9a.

III-11. **Classification of identified expenses associated with new large residential washers platforms, upgrades of existing platforms, and/or other nonrecurring items (charges and gains) in the accounting books and records of the company.**--If nonrecurring items were reported in question III-10 above, please identify where your company recorded these items in your accounting books and records in the normal course of business; i.e., just as responses to question III-10 identify where these items are reported in question III-9a.

III-12. **Asset values.**--Report the total assets (i.e., both current and long-term assets) associated with the production, warehousing, and sale of large residential washers, and any PSC/belt drive top-load and CIM/belt drive front-load washers. If your firm does not maintain some or all of the specific asset information necessary to calculate total assets for large residential washers in the normal course of business, please estimate this information based upon a method (such as production, sales, or costs) that is consistent with relevant cost allocations in question III-9a. Provide data as of the end of your firm's three most recently completed fiscal years.

Note: Total assets should reflect net assets after any accumulated depreciation and allowances deducted.

Total assets should be allocated to the subject products if these assets are also related to other products. Please provide a brief explanation if there are any substantial changes in total asset value during the period; e.g., due to asset write-offs, revaluation, and major purchases.

III-14. **Data consistency and reconciliation.**--Please indicate whether your firm's financial data for questions III-9a, 12, and 13 are based on a calendar year or your firm's fiscal year:

Calendar year	Fiscal year	Specify fiscal year
<input type="checkbox"/>	<input type="checkbox"/>	

Please note the quantities and values reported in question III-9a should reconcile with the data reported in question II-4 (including export shipments) as long as they are reported on the same calendar year basis.

***RECONCILIATION OF TRADE VS FINANCIAL DATA.**-- Please ensure that the quantities and values reported for total shipments in part II equal the quantities and values reported for total net sales in part III of this questionnaire in each time period unless the financial data from part III are reported on a fiscal year basis, in which case only the interim periods must reconcile. If the calculated fields below return values other than zero (i.e., "0") and both are being reported on a calendar basis, please explain the discrepancy below.*

PRICE DATA

IV-2. This question requests quarterly quantity and value data for your firm's commercial shipments to unrelated U.S. customers since January 1, 2016 of the following products your firm imported from all countries:

Product 1.--Front loading, Energy Star rated washer; direct drive; rated DOE capacity greater than or equal to 3.7 cubic feet but less than 4.2 cubic feet; water heater included; steam cycle(s) included; no LCD display; white finish.

Product 2.--Front loading, Energy Star rated washer; direct drive; rated DOE capacity greater than or equal to 4.2 cubic feet but less than 4.7 cubic feet; no water heater included; no steam cycle(s) included; no LCD display; white finish.

Product 3.--Top loading, Energy Star rated washer; impeller; rated DOE capacity greater than or equal to 4.7 cubic feet but less than 5.2 cubic feet; no water heater included; no steam cycle included; lid includes clear or tinted window; white finish.

Product 4.--Top loading, Energy Star rated; impeller; rated DOE capacity greater than or equal to 4.7 cubic feet but less than 5.2 cubic feet; water heater included; steam cycle included; lid includes clear or tinted window; white finish.

Product 5.--Front loading, Energy Star rated washer; direct drive; rated DOE capacity greater than or equal to 4.2 cubic feet but less than 4.7 cubic feet; water heater included; steam cycle(s) included; no LCD display; white finish.

Product 6.--Top loading, Energy Star rated washer; direct drive; impeller; rated DOE capacity greater than or equal to 4.2 cubic feet but less than 4.7 cubic feet; no water heater included; no steam cycle(s) included; solid opaque lid; white finish.

Product 7--Front loading, Energy Star rated washer; direct drive; rated DOE capacity greater than or equal to 4.7 cubic feet but less than 5.2 cubic feet; water heater included; steam cycle(s) included; no LCD display; white finish.

Product 8--Front loading, Energy Star rated washer; direct drive; rated DOE capacity greater than or equal to 4.7 cubic feet but less than 5.2 cubic feet; water heater included; steam cycle(s) included; no LCD display; non-white finish.

Report data for all SKUs/model numbers/product codes that fall under each above definition.

If the DOE rated capacity for a particular SKU/model number/product code changed during the period, classify the SKU/model number/product code consistent with the capacity being advertised at the time of sale. Classify a washer as Energy Star if it was being advertised as Energy Star at the time of sale.

Please report values as follows:

Total dollar values should be f.o.b. factory and should not include U.S.-inland transportation costs. Report the U.S. f.o.b. sales value and quantity on an invoice basis (i.e., the quantity-weighted total of the prices indicated on the invoice for the product in question), and net of direct and indirect discounts (i.e., all discounts, incentives, allowances, rebates, promotional amount, cash incentives for retail sales personnel (SPIFFs) or other sales support, and/or any other form of payment or allowance to a retailer). Exclude any additional equipment provided (e.g. cold/hot water connection hoses), that may be included in the invoice price.

Direct discounts are tied to sales of the specific large residential washer(s) for which pricing data are requested, whether or not such discounts are given on the sales price to the customer or are in the form of a post-sale discount, rebate or other type of sales support after the customer resells the product to its customer.

Indirect discounts, while not specifically tied to the products in question, are properly allocable to sales of such products because sales of such products were part of the basis on which the discount, incentive, allowance, etc. was given. In each case, the basis for the allocation of these allocated discounts, rebates, etc. should be the value of sales of the pricing product at issue as a percentage of the value of all the products sold by your firm to a customer that also qualified for the same discount, rebate, etc. Thus, for example, the value of a discount given to a customer because it reached an annual large residential washer sales target would be allocated over large residential washer sales to that customer.

Note: Items such as discounts, allowances, and rebates, which are included as adjustments to revenue, should be consistent with the company's accounting procedures; i.e., they should not include items that are treated separately as costs.

IV-2a. During January 2016-March 2019, did your firm produce and sell to unrelated U.S. customers any of the above listed products (or any products that were competitive with these products)?

<input type="checkbox"/>	Yes. --Please complete the following pricing data tables as appropriate.
<input type="checkbox"/>	No. --Skip to question IV-3.

IV-2b. **Pricing product SKUs.**--Identify each SKU/model number/ product code for which you have reported data and identify the SKU/model number/product code that accounts for the highest volume of your pricing data by product.

Note: As requested in Part I of this questionnaire, please keep all supporting documents/records used in the preparation of the price data, as Commission staff may contact your firm regarding questions on the price data. The Commission may also request that your company submit copies of the supporting documents/records (such as sales journal, invoices, etc.) used to compile these data.

HOW TO FILE YOUR QUESTIONNAIRE RESPONSE

This questionnaire is available as a “fillable” form in MS Word format on the Commission’s website at:

https://www.usitc.gov/investigations/title_7/2019/large_residential_washers_monitoring_developments/safeguard.htm

Please do not attempt to modify the format or permissions of the questionnaire document. Please submit the completed questionnaire using one of the methods noted below. If your firm is unable to complete the MS Word questionnaire or cannot use one of the electronic methods of submission, please contact the Commission for further instructions.

- **Upload via Secure Drop Box.**—Upload the MS Word questionnaire along with a scanned copy of the signed certification page (page 1) through the Commission’s secure upload facility:

Web address: <https://dropbox.usitc.gov/oinv/> **Pin:** LRWS

- **E-mail.**—E-mail the MS Word questionnaire to nathanael.comly@usitc.gov; include a scanned copy of certification page (page 1). *Submitters are strongly encouraged to encrypt nonpublic documents that are electronically transmitted to the Commission to protect your sensitive information from unauthorized disclosure. The USITC secure drop-box system and the Electronic Document Information System (EDIS) use Federal Information Processing Standards (FIPS) 140-2 cryptographic algorithms to encrypt data in transit. Submitting your nonpublic documents by a means that does not use these encryption algorithms (such as by email) may subject your firm’s nonpublic information to unauthorized disclosure during transmission. If you choose a non-encrypted method of electronic transmission, the Commission warns you that the risk of such possible unauthorized disclosure is assumed by you and not by the Commission.*

If your firm does not produce this product, please fill out page 1, print, sign, and submit a scanned copy to the Commission.

Parties to this proceeding.—If your firm is a party to this proceeding, it is required to serve a copy of the completed questionnaire on parties to the proceeding that are subject to administrative protective order (see 19 CFR § 207.7). A list of such parties may be obtained from the Commission’s Secretary (202-205-1803). A certificate of service must accompany the completed questionnaire you submit (see 19 CFR § 207.7). Service of the questionnaire must be made in paper form.
