This information is solicited under the authority of the National Science Foundation Act of 1950, as amended. All information you provide is protected under the NSF Act and the Privacy Act of 1974, and will be used only for research or statistical purposes by your doctoral institution, the survey sponsors, their contractors and collaborating researchers for the purpose of analyzing data, preparing scientific reports and articles and selecting samples for a limited number of carefully defined follow-up studies. Per the Federal Cybersecurity Enhancement Act of 2015, your data are protected from cybersecurity risks through screening of the systems that transmit your data. The last four digits of your Social Security number are also solicited under the NSF Act of 1950, as amended; provision of it is voluntary. It will be kept confidential. It is used for quality control, to assure that we identify the correct persons, especially when data are used for statistical purposes in Federal program evaluation. Any information publicly released (such as statistical summaries) will be in a form that does not personally identify you or other respondents. Your response is voluntary and failure to provide some or all of the requested information will not in any way adversely affect you.

The time needed to complete this form varies according to individual circumstances, but the average time is estimated to be 20 minutes. If you have comments regarding this time estimate, you may write to the National Science Foundation, 4201 Wilson Blvd., Arlington, VA 22230, Attention: NSF Reports Clearance Officer. A Federal agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number.

C14. What is the earliest age at which you first began experiencing any difficulties in any of these areas?

Age OR Since birth

C15. Please fill in the *last four* digits of your Social Security number.

- -

NOTE: The partial Social Security number is used for quality control by the survey contractor and for statistical reporting and program evaluation by the SED Federal sponsors. Specifically: (1) The SED contractor uses it to make sure there are no duplicate records in the historical data file and to cross-reference individuals completing a second research doctorate; and (2) The Federal agencies that sponsor the SED may match information to data on Federal funding support for graduate education.

C16. Please list your mailing address, an email address and telephone number where you can be reached for possible additional research follow-up.

Your Current Street Address

City/State/Country/ZIP or Postal Code

Email Address

Daytime or Cell Telephone Number (including area or country code)

C17. Please provide the name and contact information of a person who is likely to know where you can be reached for possible research follow-up (in case your address changes).

Name of person who will know where you can be reached

Relationship (e.g., family, work colleague/adviser, friend)

City/State/Country/ZIP or Postal Code

Email Address

Telephone Number (including area or country code)

To the Doctorate Recipient:

Congratulations on earning a doctoral degree!

Your accomplishment is significant for both this nation and others, as the new knowledge generated by research doctorates enhances the quality of life in this country and throughout the world. Because of the importance of persons earning research doctorates, several federal agencies—listed on the cover—sponsor this Survey of Earned Doctorates.

The basic purpose of this survey is to gather objective data about doctoral graduates. These data play an important role in local, regional and national initiatives concerning graduate education. Through outreach meetings with our constituents we have learned that decision makers in universities, private organizations and government agencies use data from the Survey of Earned Doctorates when developing new programs and allocating resources to current programs. If you have any comments about the survey, please provide them on page 14.

On behalf of the sponsoring federal agencies, I thank you for your participation in this survey.

Best wishes,

John R. Gawalt
