## **Post-participation survey**

Please submit feedback based on your level of agreement with the statements below before your participation in the Community College Innovation Challenge Boot Camp. (Based on the work by West et al. (2012), Onnovation 101: Promoting Undergraduate Innovation through a Two-Day Boot camp Creativity Research Journal, 24:2-3, 243-251)

## 1. The innovation boot camp helped me learn to

Mark only one oval per row.

	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree
Be flexible and adaptable - willing to change thoughts and activities as needed					
Draw associations from distinctly different things to inspire creativity					
Refrain from prematurely making a judgement so I can consider new ideas					
Accept criticism as part of the process of improving my ideas without rejecting my ideas prematurely					
Break out of my own limiting patterns, norms and prejudices					
Discover new skills, unrelated to things I had done in the past, to complete this project					
Tolerate uncertainty an risk					
Reframe failures positively and learn from them					
Evaluate choices and ideas in a neutral and open way					
Become more innovative					
Apply the process and steps of innovation
