**TITLE OF INFORMATION COLLECTION:** Request for Feedback on Submission Process for the NSF Convergence Accelerator Pilot Program

**PURPOSE:**

NSF’s Convergence Accelerator effort is a new capability within NSF to accelerate use-inspired, convergence research in areas of national importance via partnerships between academic and non-academic stakeholders. The C-Accel effort provides a home for this research and advances ideas from concept to deliverables.

On March 15, 2019, NSF released a Dear Colleague Letter (DCL) announcing the NSF Convergence Accelerator Pilot (NSF C-Accel or C-Accel). This DCL called for researchers to submit 2-page Research Concept Outlines (RCOs) proposing a research team, research topic, and deliverables related to three tracks: Open Knowledge Network (A1), AI and Future Jobs (B1), and the National Talent Ecosystem (B2). In June of 2019, a subset of RCO submissions were invited to submit full proposals for the pilot program. The purpose of this request for feedback is to understand customer experiences related to the submission process for this pilot program.

Attached is the contact email text (Appendix A) and the online form respondents will fill out and submit in response to the contact email (Appendix B).

**DESCRIPTION OF RESPONDENTS:**

Respondents will be members of the research community who submitted an RCO in response to the DCL for the C-Accel pilot program.
