

Request for Approval under the “Generic Clearance for the Collection of Routine Customer Feedback” (OMB Control Number: 3145-0215)

TITLE OF INFORMATION COLLECTION: NSF Science Community Outreach Survey

PURPOSE: *To determine customer service satisfaction and feedback from the Scientific Community. Specifically, this survey will determine how effective NSF is in providing content for funding announcements, research news, and other critical information, and how best to deliver that content, such as email, website, or social media. The scientific community is NSF’s primary “customer”, and thus improving two-way communication will help NSF support knowledge creation and dissemination by the scientific community.*

DESCRIPTION OF RESPONDENTS: *The scientific community consists of researchers who have or are looking for funding from NSF, NSF facilities observatories, and NSF advocates such as the scientific societies and associations.*
