Burden Statement:

Public reporting burden for this collection of information is estimated to average 45 minutes per response. This estimate includes the time for reviewing instructions and completing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: FOIA Officer, Peace Corps, 1111 20th Street, NW, Washington, DC 20526 ATTN: PRA (0420-##). Do not return the completed form to this address.

**This is a Secure Transaction**

The secure server software (SSL) that processes Peace Corps donations is the industry standard and among the best software available today for secure commerce transactions. It encrypts all of your personal data including credit card number, name, and address, so that it cannot be read as the information travels over the Internet. You can tell when you are protected by encryption — the lock or key at the bottom of your browser changes color or is no longer broken. To use this option, you must have a browser that supports SSL (e.g. Microsoft Internet Explorer, AOL, or Netscape Navigator).

Due to the layout of our transaction web pages, a secure connection icon may not be visible in your browser window at certain times. This occurs because outer frame information (pictures, fund and/or project details, etc.) does not require SSL security and would significantly increase the wait time during the checkout procedure. However, as stated above, all pertinent ordering information is encrypted using state-of-the-art SSL technology and is secure from tampering by outside sources.

Please note: To protect the safety of this transaction, your Web browsing software must use 128-bit encryption. Compliant browsers include [Firefox](#), [Internet Explorer](#) (5+), and [Safari](#).
