

We need your help!

Recently, we sent you a short survey about your experience in the Montana Health and Economic Livelihood Partnership (HELP) plan. Your answers will help us improve the health care and services provided. The survey will also help other people learn more about HELP.

After you finish the survey, please return it in the pre-paid envelope that you received with the survey. We will send you a \$10 Visa® gift card to thank you for your participation.

If you did not get the survey, misplaced it, prefer to complete it online, or would like to complete the survey over the phone, please call the survey help desk at the toll-free number (1-855-443-2692). You can also call that number if you have any questions.

If you have already sent in your survey, thank you! You can ignore this reminder.

Si usted tiene preguntas acerca de esta encuesta o desea recibirla en español, por favor llame al Social & Scientific Systems, Inc. al 1-855-443-2692.

Thanks again for your help!
