OMB No. 0960-NEW**

Additional Information Regarding the Collection Instrument

Future Plans:

- **Change #1:** We will use Form SSA-8240 to collect authorization to obtain wage and employment information from payroll data providers via the *Bipartisan Budget Act of 2015, Section 824 (BBA 824)* Internet application once the application becomes available. In the future SSA plans to add screens to the BBA 826 application, which will be specific to Title XVI respondents.

Justification #1: The myWageReport (BBA 826) Internet application allows SSDI beneficiaries to report earnings via the Internet, similar to what is currently available to SSI recipients. We will implement the myWageReport Internet application in several releases. SSA scheduled the functionality to collect authorization for SSA to obtain wage and employment information from payroll data providers for a future release. We cannot include it now, as we are still awaiting OMB approval for the new Form SSA-8240. Once OMB approves the form, we will be able to include the SSA-8240 screens to the myWageReport application.
