**Comparison Group Care Recipient
Survey:
Baseline**

Survey of the National Family Caregiver Support Program Baseline Comparison Group Care Recipient Survey

[Interviewing CARE RECIPIENT]. My name is {INTERVIEWER'S NAME} and I am calling on behalf of the U.S. Department of Health and Human Services' Administration for Community Living. We are conducting a survey to find out how we can help meet the needs of persons like you and your caregiver. Your experiences will help us to know more about caregiving around the country.

This survey will take about 10 minutes to complete. Your participation is voluntary and very important to the success of this study. Responses to this data collection will be used only for purposes of this research. The reports prepared for this study will summarize findings from all survey participants as a group. We will not report responses from a specific individual. In addition, we will not provide information that identifies individuals to anyone outside the study team, except as required by law. Your caregiver's eligibility for services will not be affected by your decision to participate or by any answers you give.

[Note to INTERVIEWER: For this survey of the care recipient of the comparison group, we need to collect the caregiver name and contact information. If the CR declines interview or is unable to answer the 7 items in this survey, please attempt to get the information asked in Question #6 about the caregiver.]

[Interviewing with PROXY or INTERPRETER]. My name is {INTERVIEWER'S NAME} and I am calling on behalf of the U.S. Department of Health and Human Services' Administration for Community Living, We are conducting a survey to find out how we can help meet the needs of persons like {NAME OF CARE RECIPIENT} who are being assisted by family members or friends who provide care. We would like to know more about caregiving around the country and the support that would be helpful.

We would like {NAME OF CARE RECIPIENT} to answer the questions as independently as possible. We want to be sure that, wherever possible, we are getting {NAME OF CARE RECIPIENT}'s actual opinions and responses.

This survey will take about 10 minutes to complete. {NAME OF CARE RECIPIENT}'s participation is voluntary and very important to the success of this study.
