Subject: Occupational Employment Report Notice

Dear Employer,

If you have already returned your Occupational Employment Report, thank you. Please disregard this notice.

You are receiving this email because you indicated that you preferred email over paper forms or because in the past you have submitted data to the Occupational Employment Statistics (OES) program using email.

We have not received your response to the OES data request.

The [SWA_name], in cooperation with the U.S. Bureau of Labor Statistics (BLS), needs your help to collect workforce information for [state_name]. Your participation is critical, since businesses like yours are our only source of information. Your company was selected because it represents similar businesses in [state_name].

Please consider reporting by emailing [state_email] or online.

A sample of the information required in the spreadsheet follows:

Schedule# [sched_num]		
Title	Wage	Time
Secretary	15.05	hour
First Grade teacher	30000	
Music teacher	18000	½ time

In general, the more detail you can provide in additional columns, the less likely it is that one of the OES staff members will contact you with clarification questions. Here are solutions to several common reporting problems:

- If reporting **Teachers**, specify the grade level and indicate if they teach Special Education (for primary/secondary educators), or the subject/department (for post-secondary educators).
- For **Adjunct Teachers**, please also include subject/department.
- For **Full-time faculty being paid an annual salary**, please report their annual salary.
- For **faculty who work less than full-time but receive an annual salary**, please report the salary and whether they are employed half-time, three-quarters time, one-third time, or two-thirds time.

- For a **teacher or substitute being paid on a daily basis** please report the daily wage and the number of hours in the workday at your school.
