Department of the Treasury
Internal Revenue Service

Estimated Income Tax for Estates and Trusts

OMB No. 1545-0971

Section references are to the Internal Revenue Code unless otherwise noted.

Future Developments

For the latest information about developments related to Form 1041-ES and its instructions, such as legislation enacted after they were published, go to www.irs.gov/form1041es.

Reminders

Income tax brackets. The top income tax bracket for estates and trusts is 39.6%, as amended by the American Taxpayer Relief Act of 2012 (ATRA), P.L. 112-240.

Net investment income tax. The Net Investment Income Tax (NIIT) imposes a 3.8% tax on the lesser of an estate's or trust's net investment income or the excess of the estate's or trust's adjusted gross income over a specified threshold amount. The NIIT doesn't apply to trusts where all of the unexpired interests are devoted to charitable purposes. Consider any additional tax liability associated with the NIIT when calculating the estate's or trust's estimated tax payments. For more information on calculating the additional tax you may owe, please see the information available on www.irs.gov/Businesses/Small-Businesses-&Self-Employed/Estimated-Taxes.

Capital gains and qualified dividends. The maximum tax rate for long-term capital gains and qualified dividends is 20%, as amended by ATRA. For tax year 2017, the 20% rate applies to amounts above \$12,500. The 0% and 15% rates continue to apply to amounts below certain threshold amounts. The 0% rate applies to amounts up to \$2,550. The 15% rate applies to amounts between the two thresholds.

Purpose of Form

Use this package to figure and pay estimated tax for an estate or trust. Estimated tax is the amount of tax an estate or trust expects to owe for the year after subtracting the amount of any tax withheld and the amount of any credits.

This package is primarily for first-time filers. After the IRS receives the first payment voucher, the estate or trust will receive a 1041-ES package with the name, address, and employer identification number (EIN) preprinted on the vouchers for the next tax year. Use the preprinted vouchers unless the Electronic Federal Tax Payment System (EFTPS) is used. If you, as fiduciary, didn't receive any 2017 preprinted vouchers, use the vouchers in this package. However, don't use the vouchers to notify the IRS of a change of address. If the fiduciary has moved, complete Form 8822-B, Change of Address or Responsible Party — Business.

Who Must Make Estimated Tax Payments

Generally, a fiduciary of an estate or trust must pay estimated tax if the estate or trust is expected to owe, after subtracting its withholding and credits, at least \$1,000 in tax for 2017 and can expect its withholding and credits to be less than the smaller of:

1. 90% of the tax shown on the 2017 tax return, or
2. The tax shown on the 2016 tax return (110% of that amount if the estate's or trust's adjusted gross income (AGI) on that return is more than \$150,000, and less than $\frac{2}{3}$ of gross income for 2016 or 2017 is from farming or fishing). To figure the estate's or trust's AGI, see the instructions for line 15c of Form 1041, U.S. Income Tax Return for Estates and Trusts.

However, if a return wasn't filed for 2016 or that return didn't cover a full 12 months, item (2) doesn't apply.

For this purpose, include household employment taxes when figuring the tax shown on the tax return, but only if:

- The estate or trust will have federal income tax withheld from any income, or
- The estate or trust would be required to make estimated tax payments (to avoid a penalty) even if it didn't include household employment taxes when figuring its estimated tax.

Exceptions. Estimated tax payments aren't required from:

1. An estate of a domestic decedent or a domestic trust that had a full 12-month 2016 tax year and had no tax liability for that year;

2. A decedent's estate for any tax year ending before the date that is 2 years after the decedent's death; or

3. A trust that was treated as owned by the decedent if the trust will receive the residue of the decedent's estate under the will (or if no will is admitted to probate, the trust primarily responsible for paying debts, taxes, and expenses of administration) for any tax year ending before the date that is 2 years after the decedent's death.

How To Figure Estimated Tax

Use the 2017 Estimated Tax Worksheet and 2017 Tax Rate Schedule, later, and the estate's or trust's 2016 tax return and instructions as a guide for figuring the 2017 estimated tax.

If the estate or trust receives its income unevenly throughout the year, it may be able to lower or eliminate the amount of its required estimated tax payment for one or more periods by using the annualized income installment method. See Pub. 505, Tax Withholding and Estimated Tax, for details.

Instructions for 2017 Estimated Tax Worksheet

Line 4. Exemption

Decedents' estates. A decedent's estate is allowed a \$600 exemption.

Trusts required to distribute all income currently. A trust whose governing instrument requires that all income be distributed currently is allowed a \$300 exemption, even if it distributed amounts other than income during the tax year.

Qualified disability trusts. A qualified disability trust is allowed a \$4,050 exemption if the trust's modified AGI is less than or equal to \$261,500. If its modified AGI (as defined in the Instructions for Form 1041) exceeds \$261,500, complete the Exemption Worksheet for Qualified Disability Trusts Only, later, to figure the amount of the trust's exemption.

A qualified disability trust is any trust:

1. Described in 42 U.S.C. 1396p(c)(2)(B)(iv) and established solely for the benefit of an individual under 65 years of age who is disabled, and

2. All of the beneficiaries of which are determined by the Commissioner of Social Security to have been disabled for some part of the tax year within the meaning of 42 U.S.C. 1382c(a)(3).

A trust won't fail to meet (2) above just because the trust's corpus may revert to a person who isn't disabled after the trust ceases to have any disabled beneficiaries.

Qualified funeral trusts. No exemption is allowed to a qualified funeral trust.

All other trusts. A trust not described above is allowed a \$100 exemption.

Line 7. Tax

Electing Alaska Native Settlement

Trusts. Multiply line 6 by 10% (0.10) to figure the amount of tax to enter on line 7, unless the trust is expected to have qualified dividends or a net capital gain for 2017. Use Part IV of Schedule D of Form 1041-N, U.S. Income Tax Return for Electing Alaska Native Settlement Trusts, as a worksheet to figure the 2017 tax on qualified dividends or net capital gain. See the Instructions for Form 1041-N at www.irs.gov/form1041n for more information.

Line 10. Credits

For details on credits the estate or trust may claim, see the instructions for line 2, Schedule G, Form 1041.

Line 12. Other Taxes

Enter any other taxes such as the following.

- For estates and trusts, the NIIT is 3.8% of the lesser of the estate's or trust's undistributed net investment income or the excess of the estate's or trust's adjusted gross income over the dollar amount at which the highest income tax bracket for estates and trusts begins for such tax year. For tax years beginning after December 31, 2016, the highest income tax bracket begins at \$12,500. The NIIT doesn't apply to trusts where all of the unexpired interests are devoted to charitable purposes.
- Tax from recapture of investment credit, low-income housing credit, qualified electric vehicle credit, the Indian employment credit, the new markets credit, or the credit for employer-provided child care facilities.
- Tax on accumulation distribution of trusts.
- Tax figured under section 641(c) on income attributable to S corporation stock held by an electing small business trust. For details, see *Electing Small Business Trusts* in the 2016 Instructions for Form 1041.

Include household employment taxes on line 12 if:

- The estate or trust will have federal income tax withheld from any income, or
- The estate or trust would be required to make estimated tax payments (to avoid a penalty) even if it didn't include household employment taxes when figuring its estimated tax.

When To Make Estimated Payments

Trusts. The trust may pay all of its estimated tax by April 18, 2017, or in four equal installments due by the following dates.

1st installment	April 18, 2017
2nd installment	June 15, 2017
3rd installment	Sept. 15, 2017
4th installment	Jan. 16, 2018

If the trust has a short tax year, see Notice 87-32, 1987-1 C.B. 477, for the estimated tax due dates and other information.

The trust doesn't have to make the payment due on January 16, 2018, if it files the 2017 Form 1041 by January 31, 2018, and pays the entire balance due with the return.

Estates. If the estate has adopted a calendar year as its tax year, file using the rules listed under *Trusts* above.

If the estate has adopted a fiscal year, it may pay all of its estimated tax by the 15th day of the 4th month of its 2017 tax year or in four equal installments due on the 15th day of the 4th, 6th, and 9th months of the 2017 tax year, and the 1st month of the following tax year.

The estate doesn't have to make the payment due on the 15th day of the 1st month following the close of the fiscal year if it files the 2017 Form 1041 by the last day of the 1st month following the close of the fiscal year, and pays the entire balance due with the return.

If any date falls on a Saturday, Sunday, or legal holiday, the installment is due on the next business day.

If, after March 31, 2017, or after the last day of the 3rd month of the fiscal tax year, the estate or trust has a large enough change in income to require the payment of estimated tax, figure the amount of each installment by using the annualized income installment method, as explained in Pub. 505.

Farmers and fishermen. If at least $\frac{2}{3}$ of gross income for 2016 or 2017 is from farming or fishing, do one of the following.

- Pay the total estimated tax (line 16 of the 2017 Estimated Tax Worksheet) by January 16, 2018.
- File Form 1041 for 2017 by March 1, 2018, and pay the total tax due. In this case, don't make estimated tax payments for 2017.

For fiscal year estates, pay the total estimated tax by the 15th day of the 1st month following the close of the tax year, or file Form 1041 by the 1st day of the 3rd month following the close of the tax year and pay the total tax due.

How To Complete and Use the Payment Vouchers

Each payment voucher has the date when the voucher is due for calendar year estates and trusts. Be sure to use the correct voucher. Complete and send in the voucher only if you are making a payment. To complete your voucher, do the following.

- Enter the estate's or trust's name and EIN, and the fiduciary's name, title, and address in the spaces provided on the payment voucher.
- Enter in the payment box of the voucher only the amount the estate or trust is sending in. When making payments of estimated tax, be sure to take into account any 2016 overpayment that the estate or trust chose to credit against its 2017 tax, but don't include the overpayment amount in this box.
- Enclose, but don't staple or attach, a check or money order with the payment voucher. Make the check or money order payable to "United States Treasury." Write the estate's or trust's EIN and "2017 Form 1041-ES" on the check or money order. Do not include any balance due on the 2016 Form 1041 with the check for 2017 estimated tax.

Fill in the *Record of Estimated Tax Payments* in the 2017 Tax Rate Schedule and keep them for your files.

No checks of \$100 million or more accepted. The IRS can't accept a single check (including a cashier's check) for amounts of \$100,000,000 (\$100 million) or more. If you're sending \$100 million or more by check, you'll need to spread the payments over two or more checks with each check made out for an amount less than \$100 million. The \$100 million or more amount limit **does not** apply to other methods of payment (such as electronic payments), so please consider paying by means other than checks.

Electronic Deposits

A financial institution that has been designated as an authorized federal tax depository, and acts as a fiduciary for at least 200 taxable trusts that are required to pay estimated tax, is required to deposit the estimated tax payments electronically using the EFTPS.

A fiduciary that isn't required to make electronic deposits of estimated tax on behalf of a trust or an estate may voluntarily participate in EFTPS. To enroll in or get more information about EFTPS, visit the EFTPS website at www.EFTPS.gov or call 1-800-555-4477. Also, see Pub. 966, Electronic Federal Tax Payment System: A Guide To Getting Started.

Depositing on time. For a deposit using EFTPS to be on time, the deposit must be submitted by 8 p.m. Eastern time the day before the due date of the deposit.

Where To File

Mail the payment voucher to:

Internal Revenue Service
P.O. Box 804526
Cincinnati, OH 45280-4526

Do not send the payment voucher to the Internal Revenue Service Center where you file Form 1041.

Only the U.S. Postal Service can deliver to the above address.

Amending Estimated Tax Payments

To change or amend the estate's or trust's estimated payments, refigure the total estimated payments due (line 16 of the 2017 Estimated Tax Worksheet). Then use Worksheet 2-9 in Pub. 505 to figure the payment due for each remaining period. If an estimated tax

payment for a previous period is less than 1/4 of the amended estimated tax, the estate or trust may owe a penalty when its return is filed.

When a Penalty Is Applied

In some cases, the estate or trust may owe a penalty when it files its return. The penalty is imposed on each underpayment for the number of days it remains unpaid. A penalty may be applied if the estate or trust didn't pay enough estimated tax or it didn't make the payments on time or in the required amount. A penalty may apply even if the estate or trust has an overpayment on its tax return.

The penalty may be waived under certain conditions. See Pub. 505 for details.

Certain Payments of Estimated Tax Treated as Paid by Beneficiary

The fiduciary (or executor, for the final year of the estate) may elect to have any portion of its estimated tax payments treated as made by a beneficiary (and not as payments made by the estate or trust).

Such an amount is treated as a payment of the estimated tax made by the beneficiary on the January 15th following the end of the tax year.

Time for making election. The fiduciary must make the election on the 2017 Form 1041-T, Allocation of Estimated Tax Payments to Beneficiaries. The election must be filed on or before the 65th day after the close of the estate's or trust's tax year. For details, see section 643(g).

Paperwork Reduction Act Notice. We ask for the information on the payment vouchers to carry out the Internal Revenue laws of the United States. You are required to give us the information. We need it to ensure that you are complying with these laws and to allow us to figure and collect the right amount of tax.

You are not required to provide the information requested on a form that is subject to the Paperwork Reduction Act unless the form displays a valid OMB control number. Books or records relating to a form or its instructions must be retained as long as their contents may become material in the administration of any Internal Revenue law. Generally, tax returns and return information are confidential, as required by section 6103.

The time needed to complete the worksheets and prepare and file the payment vouchers will vary depending on individual circumstances. The estimated average time is:

Recordkeeping	19 min.
Learning about the law or the form	15 min.
Preparing the form	1 hr., 43 min.
Copying, assembling, and sending the form to the IRS	1 hr.

If you have comments concerning the accuracy of these time estimates or suggestions for making this package simpler, we would be happy to hear from you. You can send us comments from irs.gov/formspubs. Click on "More Information" and then on "Give us feedback." Or you can write to:

Exemption Worksheet for Qualified Disability Trusts Only

Keep for Your Records

Note: If the trust's modified AGI is less than or equal to \$261,500, enter \$4,050 on line 4 of the **2017 Estimated Tax Worksheet**. Otherwise, complete the worksheet below to figure the trust's exemption.

1	Maximum exemption			1
2	Enter the trust's modified AGI	2		
3	Threshold amount	3		
4	Subtract line 3 from line 2	4		
Note: If line 4 is more than \$122,500, stop here. The trust's exemption is zero.				
5	Divide line 4 by \$2,550. If the result isn't a whole number, increase it to the next higher whole number (for example, increase 0.0004 to 1)	5		
6	Multiply line 5 by 2% (0.02) and enter the result as a decimal			6
7	Multiply line 1 by line 6			7
8	Exemption. Subtract line 7 from line 1. Enter the result here and on line 4 of the 2017 Estimated Tax Worksheet			8
