

**Mark-to-Market  
F47 Reconciliation Form**

**Form 4.12**

**FORM 4.11 OR 4.12 MANDATORY AT PLAN AND PARTIAL PAYMENT OF  
CLAIM (PPC) SUBMISSIONS**

**INTRODUCTION.** PAE identifies the F47 discrepancy(ies), researches the cause and compiles documentation to explain it, prepares an amortization schedule if there was a discrepancy in the principal balance, completes and signs the Form 4.12, and submits the entire package (the Form 4.12 Reconciliation Package) to the Preservation Office Closing Coordinator (POCC) **during due diligence.**

**SECTION I.** The POCC reviews the Form 4.12 Reconciliation Package. If the POCC agrees with the PAE's findings, the POCC signs in concurrence in Section I. POCC forwards a copy of the signed Form 4.12 (without attachments) to the PAE **for the PAE to submit with the Restructuring Plan.** The POCC forwards a copy of the Form 4.12 Reconciliation Package to the Closing Specialist (CS) for Recap Headquarters review.

**SECTION II.** The CS reviews the Form 4.12 Reconciliation Package, and if it is acceptable, signs off on the entire package and submits the package to MFIO for review and reconciliation. The CS returns a copy of the Form 4.12, signed by the CS and POCC for the PAE's files. **This is required for approval of the Restructuring Plan.**

**SECTION III.**

**PART A.** This section is to be completed by the CS once the discrepancy is cleared by MFIO and is changed within the MFIO database. The Form 4.12 is returned to the POCC with a current F47 E-08 printout and HUD Amortization Schedule reflecting the changes made to HUD's system. The CS retains a copy of entire package for HQ Closing files.

**PART B.** This section is to be completed by the HUD Claims Department and the CS once the Claims Department has determined that the restructuring may close despite an outstanding discrepancy that exceeds the Allowable Threshold. MFIO returns the HUD Amortization Schedule to the CS, reflecting the changes made via the reconciliation.

***If there was a F47 discrepancy, a fully executed Form 4.12 is required to be attached to the PPC package in order to get on the Closing Calendar.***

**FORM 4.12 INTRODUCTION:** PAE completes and attaches appropriate documentation to this document and sends it to the POCC with a copy to the Debt Restructuring Specialist. (Completion of all fields is required)

**We have attached all the following required documentation for 92080 clearance:**

- Completed and Signed Form 92080
- F47 E-08 Screen printout
- F47 H-01 Screen printouts for all entities (mortgagees and servicers that were showing in the F47 system before and after the reconciliation)

**We have also attached the supplemental documents (as marked below) which are applicable to this review:**

- Mortgage Note
- All Supplemental Notes
- All Modifications
- Lender UPB document used in UPB comparison
- Lender Loan History (if relevant to discrepancy, i.e.-prepayments)
- F47 E-08 Screen printout
- PAE's amortization schedule incorporating the changes detailed above, which support our conclusion that the F47 discrepancy should be resolved once the changes are reflected in the F47 system.

Please forward the attached documents to MFIO and request that they update HUD's F47 system. Please notify us as to how the adjusted F47 balance and lender UPB compare and advise what further steps, if any, will be required.

**FORM 4.12, SECTION III: Upon MFIO's completion of their review and database update, the CS completes the checklist below and signs Section III demonstrating resolution or approval of the Form 4.12 Reconciliation Package.**

The modifications to the original loan terms and conditions that affect the outstanding UPB and amortization schedule in F47 have been addressed and corrected in the MFIO database. They fully reconcile the discrepancy in the following manner:

- a) \_\_\_\_\_ **92080 changes have been made** to the MFIO system, as required.  
(see attached E-08 reflecting updated information)
- b) \_\_\_\_\_ Lender's UPB and the updated UPB in the F47 amortization schedule **match.**
- c) \_\_\_\_\_ **Lender's UPB is higher** than the updated UPB in the F47 amortization schedule by \$\_\_\_\_\_. **The Owner must pay this amount at closing.**
- d) \_\_\_\_\_ **HUD's updated UPB in the F47 amortization schedule is higher** than the Lender's UPB by \$\_\_\_\_\_ .

*Part 1 below requires the signature of the CS only. Part 2 below requires signatures from both the HUD Claims Department and the CS.*

\_\_\_\_\_ **Part 1. This is within the Allowed Threshold** set by MF Claims of 2 months of the portion of the owner's P&I payment amount payable to principal as of the Comparison Date (CD).

- (1) CD P&I=\_\_\_\_\_ (from HUD Amortization schedule, as of the UPB dates being compared).
- (2) Principal only portion of CD P&I above is \$\_\_\_\_\_.
- (3) 2 X Principal amount above = \$\_\_\_\_\_.

MFIO system input has been completed. Updated F47 system balance as of (enter date) is (enter UPB \$ amount).

\_\_\_\_\_ **Part 2. This exceeds the Allowed Threshold** set by MF Claims of 2 months of the portion of the owner's P&I payment amount payable to principal as of the CD.

- (4) CD P&I=\_\_\_\_\_ (from HUD Amortization schedule, as of the UPB dates being compared).
- (5) Principal only portion of CD P&I above is \$\_\_\_\_\_.
- (6) 2 X Principal amount above = \$\_\_\_\_\_.

MF Claims has reviewed the documentation regarding the above discrepancy that exceeds their allowable threshold and has determined that this project may close with this outstanding discrepancy.
