#### Introduction

We spoke with you during the site visit in [month] about your experiences with DCM-F/RP, the demonstration of direct certification for free and reduced-price meals using Medicaid data. In this interview, we'll discuss your experiences and progress since the last time we talked and your overall assessment of the demonstration this year. This interview will last approximately one hour.

The information that we collect in this interview will be used to describe the experiences of States participating in the demonstration. Because each State's project is unique, description of a particular State's experiences could identify that State. We will not use your name in our reports, but your identity might be inferred from the identity of your State and the nature of the information that you provide. If there is something that you want to say in confidence that you would not otherwise mention, let us know and we'll use it to enhance our understanding, but we will keep the details private. Although participation in the data collection is a requirement of the demonstration, your individual participation in this interview is voluntary, and you do not have to answer any questions you don't want to answer.

With your permission, we'd like to make an audio recording of the interview to fill in gaps in our notes. Do I have your permission to record the interview?

*[If yes:]* Thank you.

*[If no:]* You have my assurance that we will keep anything private that you wish. If you'd prefer, we will not cite anything that you say verbatim from the recording. *Wait for response; if yes, record:* Thank you. *If no:* That's OK. Just bear with us/me as I take detailed notes.

[Moderator note: If you did not have time to cover all of the questions in the site visit protocol, ask them during this follow-up interview. If you need the respondent to clarify any earlier answers to the site visit protocol, please do so during this follow-up interview.]

### **Implementation process**

The last time we spoke, we discussed your direct certification process in detail.

- 1) Have any changes occurred in your DCM-F/RP process since we last spoke? If so, what changed?  
[Probe:] Are you still receiving the Medicaid file the same way?  
[Probe:] Do you still match [by hand, using Excel, using point-of-sale software, etc.]?  
[Probe:] Are you still matching on a [fill in frequency from site visit notes] basis?  
[Probe:] Have you changed the way you extend eligibility?
  - a. What are the reasons for these changes?
- 2) How has the level of effort involved in the DCM-F/RP process changed since the first DCM-F/RP match?
  - a. [If changed, ask:] What are the reasons for this [increase/decrease]?

### **Challenges and resolutions**

- 3) During the site visit, you told us about challenges related to [fill in from site visit notes]. What steps have been taken to address these challenges?
  - a. To what extent has your district (or State) been successful in resolving these issues?
- 4) Have any new challenges arisen since we last spoke? If so, what are they?
  - a. What steps are being taken to resolve these new challenges? To what extent have these steps been successful?

### **Outcomes**

During our site visit, we discussed early outcomes of the demonstration. [For States that have conducted more than one round of DCM-F/RP matching:] Now that you have conducted additional rounds of DCM-F/RP, I'd like to revisit these numbers.

- 5) [Local-level matching, ask:] Think about the results of DCM-F/RP matching. Approximately how many children were on the DCM-F/RP lists provided to you by the [agency]? Roughly what proportion of these cases did you successfully match?
  - a. How does this compare to the proportion of SNAP cases successfully matched from the list of SNAP recipients?

- 11)** Based on your experiences in implementing DCM-F/RP and the outcomes you've seen thus far, would you recommend the demonstration to other States? Please explain.

**Closing**

- 12)** Is there anything else you would like to add about your experience implementing DCM-F/RP?

That concludes our interview. Thank you for speaking with me again.
