

Alaska Federal Lands Transportation Survey (Recreational users)¹

This survey is about your transportation experiences on Federal public lands in Alaska. Examples of Federal public lands include National Parks, National Forests, National Recreation Areas, and National Wildlife Refuges. When we use the term “public lands,” we are also referring to the roads, trails, rivers, and lakes on those lands. Since this is a statewide survey asked of people visiting different regions of Alaska, some questions may not apply to you.

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0596-0236. The time required to complete this information collection is estimated to average 13 minutes per response, including the time for reviewing instructions.

If you have questions or concerns about your rights as a research participant, you can contact the University of Alaska-Fairbanks Office of Research Integrity at 474-7800 (Fairbanks area) or [1-866-876-7800](tel:1-866-876-7800) (toll-free outside the Fairbanks area) or uf-irb@alaska.edu.
