To: Facility Manager

In preparation for the 2020 Census, your facility has been selected by the U.S. Census Bureau to participate in the **2018 Census Test**. The Census Bureau is researching modern and cost-efficient methods for everyone in the nation to be counted in the 2020 Census. Participating in the 2018 Census Test will help prepare for a more accurate count of all populations in the 2020 Census.

For the 2018 Census Test, we need to include people who live or stay in group quarters, such as college or university residence halls, nursing/skilled-nursing facilities, group homes, residential treatment centers, workers' group living quarters, and correctional facilities. Our goal is to count everyone in the 2020 Census.

A Census Bureau worker contacted your facility to confirm a preferred enumeration method. Our records indicate that your facility chose the electronic response (eResponse) data transfer option. The eResponse period will be open for collection on **April 1, 2018** and conclude on **May 1, 2018**. Please retain and use the following information to complete your eResponse. Please use the Census Bureau template available for download at respond.census.gov/gqe.
