

5 or more full-time employees shall establish, maintain and carry out a program to assure equal opportunity in every aspect of a broadcast station's policy and practice.

Section 76.73 provides that equal opportunity in employment shall be afforded by all multichannel video program distributors ("MVPD") to all qualified persons and no person shall be discriminated against in employment by such entities because of race, color, religion, national origin, age or sex.

Section 76.75 requires that each MVPD employment unit shall establish, maintain and carry out a program to assure equal opportunity in every aspect of an MVPD entity's policy and practice.

Section 76.79 requires that every MVPD employment unit maintain, for public inspection, a file containing copies of all annual employment reports and related documents.

Section 76.1702 requires that every MVPD place certain information concerning its EEO program in the public inspection file and on its Web site if it has a Web site.

Federal Communications Commission.

Gloria J. Miles,

Federal Register Liaison Officer, Office of the Secretary.

BILLING CODE 6712-01-P

GENERAL SERVICES ADMINISTRATION

[Notice—MG-2015-04; Docket No. 2015-0002; Sequence 20]

Office of Federal High-Performance Green Buildings; Development of Model Commercial Leasing Provisions

AGENCY: Office of Federal High-Performance Green Buildings, Office of Government-wide Policy, General Services Administration (GSA).

ACTION: Notice.

SUMMARY: This notice announces that GSA has developed draft model commercial leasing provisions, as required by Section 102 of the "Better Buildings Act of 2015," and is soliciting public comment on these provisions. These provisions are intended to encourage building owners in the private sector, as well as state, county, and municipal governments, to invest in all cost-effective energy and water efficiency improvements, and to encourage tenants in these sectors to require spaces in which such measures have been implemented.

DATES: *Effective:* September 14, 2015.

ADDRESSES: Submit comments by September 14, 2015 via email to sustainability@gsa.gov. Please include your name and company name (if any) in the body of your email and include "Notice—MG-2015-04, Development of Model Commercial Leasing Provisions" in the subject line of your email and in any attached document.

FOR FURTHER INFORMATION CONTACT: Ms. Alexandra Kosmides, Management Analyst/Sustainability Specialist, at 202-208-4067 or email alexandra.kosmides@gsa.gov.

SUPPLEMENTARY INFORMATION: Section 102 of the "Better Buildings Act of 2015" requires GSA, in consultation with the Secretary of Energy and after providing the public with an opportunity for notice and comment, to develop and periodically publish model commercial leasing provisions and best practices and explanatory materials, to encourage building owners and tenants in the private sector to use such provisions and materials. The same section also requires GSA to make these provisions and best practices available to state, county, and municipal governments for use in managing owned and leased building space in accordance with the goal of encouraging investment in all cost-effective energy and water efficiency measures.

These provisions published for comment are based on GSA's current leasing practice. For use in the commercial sector, GSA recognizes that changes in language are desirable. The General Services Administration encourages commenters to apply their experience in negotiating leases, and the underlying intent of the clauses, to suggest improvements that will make these provisions widely applicable, and additional provisions that may address areas of sustainability not currently addressed. GSA intends to revise and publish the model provisions by Sept. 30, 2015.

The description of leasing provisions is titled "Notice—2015-MG-04; Docket No. 2015-0002; Sequence 20, Model commercial leasing provisions: August 2015 Draft for Public Comment" and is viewable and searchable on regulation.gov.

Dated: August 10, 2015.

Kevin Kampschroer,

Federal Director, Office of Federal High-Performance Green Buildings, General Services Administration.

BILLING CODE 6820-14-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

[60 Day-15-15BBT; Docket No. CDC-2015-0068]

Proposed Data Collection Submitted for Public Comment and Recommendations

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice with comment period.

SUMMARY: The Centers for Disease Control and Prevention (CDC), as part of its continuing efforts to reduce public burden and maximize the utility of government information, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995. This notice invites comment on a proposed information collection entitled National Unintentional Drug Overdose Reporting System (NUDORS). CDC will use the information collected to perform fatal unintentional drug overdose surveillance in a quickly and comprehensive way.

DATES: Written comments must be received on or before October 13, 2015.

ADDRESSES: You may submit comments, identified by Docket No. CDC-2015-0068 by any of the following methods:

Federal eRulemaking Portal: Regulation.gov. Follow the instructions for submitting comments.

Mail: Leroy A. Richardson, Information Collection Review Office, Centers for Disease Control and Prevention, 1600 Clifton Road NE., MS-D74, Atlanta, Georgia 30329.

Instructions: All submissions received must include the agency name and Docket Number. All relevant comments received will be posted without change to Regulations.gov, including any personal information provided. For access to the docket to read background documents or comments received, go to Regulations.gov.

Please note: All public comment should be submitted through the Federal eRulemaking portal (Regulations.gov) or by U.S. mail to the address listed above.

FOR FURTHER INFORMATION CONTACT: To request more information on the proposed project or to obtain a copy of the information collection plan and instruments, contact the Information Collection Review Office, Centers for

Disease Control and Prevention, 1600 Clifton Road NE., MS-D74, Atlanta, Georgia 30329; phone: 404-639-7570; Email: omb@cdc.gov.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501-3520), Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. In addition, the PRA also requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each new proposed collection, each proposed extension of existing collection of information, and each reinstatement of previously approved information collection before submitting the collection to OMB for approval. To comply with this requirement, we are publishing this notice of a proposed data collection as described below.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology; and (e) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information. Burden means the total time, effort, or financial resources expended by persons to

generate, maintain, retain, disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information, to search data sources, to complete and review the collection of information; and to transmit or otherwise disclose the information.

Proposed Project

National Unintentional Drug Overdose Reporting System (NUDORS)—New — National Center for Injury Prevention and Control (NCIPC), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

In 2013, in the United States, there were nearly 44,000 drug overdose deaths, including nearly 36,000 unintentional drug overdose deaths. More people are now dying of drug overdose than automobile crashes in the United States. A major driver of the problem are overdoses related to opioids, both opioid pain relievers (OPRs) and illicit forms such as heroin. In order to address this public health problem, the U.S. Department of Health and Human Services (HHS) has made addressing the opioid abuse problem a high priority.

In order to support targeting of drug overdose prevention efforts, detect new trends in fatal unintentional drug overdoses, and assess the progress of HHS's initiative to reduce opioid abuse

and overdoses, the National Unintentional Drug Overdose Reporting System (NUDORS) plans to generate public health surveillance information at the national, state, and local levels that is more detailed, useful, and timely than is currently available.

The goal of the proposed information collection is to generate public health surveillance information on unintentional fatal drug overdoses at the national, state, and local levels that is more detailed, useful, and timely than is currently available. This information will help develop, inform, and assess the progress of drug overdose prevention strategies at both the state and national levels.

NUDORS will collect information that is currently not collected on death certificates such as whether the drug(s) causing the overdoses were injected or taken orally, a toxicology report on the decedent, if available, and risk factors for fatal drug overdoses including previous drug overdoses, decedent's mental health, and whether the decedent recently exiting a treatment program. Without this information, drug overdose efforts are often based on limited information available in the death certificate and anecdotal evidence.

OMB approval is requested for three years. Participation is based on secondary data and is dependent on separate data collection efforts in each state managed by the state health departments or their bona fide agent. There are no costs to respondents. CDC estimates the information collection burden hours for the 16 participating state health agencies that will retrieve and refile records for this collection are 5,704.

ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondent	Form name	Number of respondents	Total number of responses per respondent	Average burden per response (in hours)	Total burden hours (in hours)
Public Agencies	Retrieving and refile records	16	713	30/60	5,704
Total	5,704

BILLING CODE 4163-18-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES**Centers for Disease Control and Prevention**

[Docket No. CDC–2015–0049]

Notice of Availability of the Draft Environmental Assessment for HHS/ CDC Lawrenceville Campus Proposed Improvements 2015–2025, Lawrenceville, Georgia**AGENCY:** Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).**ACTION:** Notice of availability and request for comment.

SUMMARY: The Centers for Disease Control and Prevention (CDC), within the Department of Health and Human Services (HHS), announces the availability and opportunity for public review and comment of the Draft Environmental Assessment (Draft EA) for the HHS/CDC Lawrenceville Campus Proposed Improvements 2015–2025 on the HHS/CDC Lawrenceville Campus, Lawrenceville, Georgia. The Draft EA has been prepared in accordance with the National Environmental Policy Act of 1969 (NEPA), as amended (42 U.S.C. 4321 *et seq.*), the Council on Environmental Quality (CEQ) implementing regulations (40 CFR 1500–1508) and the HHS General Administration Manual (GAM) Part 30 Environmental Procedures, dated February 25, 2000.

DATES: Written comments must be received on or before September 28, 2015.

ADDRESSES: You may submit comments, identified by Docket No. CDC–2015–0049 by any of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.
- *Mail:* Comments submitted by mail should be sent to Angela Wagner, Portfolio Manager, Centers for Disease Control and Prevention, 1600 Clifton Road NE., MS–K96, Atlanta, Georgia 30329, Attn: Docket No. CDC–2015–0049.

Instructions: All submissions received must include the agency name and Docket Number. All relevant comments received will be posted without change to <http://regulations.gov>, including any personal information provided. For access to the docket to read background documents or comments received, go to <http://www.regulations.gov>.

Hard copies of the Draft EA are available for review at the following locations:

- Gwinnett County Public Library, Lawrenceville Branch, 1001 Lawrenceville Hwy., Lawrenceville, GA 30046, Telephone: (770) 978–5154.
- Gwinnett County Public Library, Five Forks Branch, 2780 Five Forks Trickum Road, Lawrenceville, GA 30044–5865, Telephone: (770) 978–5154.
- Gwinnett County Public Library, Grayson Branch, 700 Grayson Parkway Grayson, GA 30017–1208, Telephone: (770) 978–5154.

FOR FURTHER INFORMATION CONTACT: Angela Wagner, Portfolio Manager, Centers for Disease Control and Prevention, 1600 Clifton Road NE., MS–K96, Atlanta, Georgia 30329, Telephone: (770) 488–8170.

SUPPLEMENTARY INFORMATION: The Centers for Disease Control and Prevention (CDC) within the U.S. Department of Health and Human Services, has prepared an Environmental Assessment (EA), to assess the potential impacts associated with the undertaking of proposed improvements on the HHS/CDC's Lawrenceville Campus located at 602 Webb Gin House Road in Lawrenceville, Georgia. The proposed improvements include (1) building demolition; (2) new building construction, including an approximately 12,000 gross square feet (gsf) Science Support Building, a new Transshipping and Receiving Area at approximately 2,500 gsf and two new Office Support Buildings at approximately 8,000 gsf and 6,000 gsf; (3) expansion and relocation of parking on campus; and (4) the creation of an additional point of access to the campus. The proposed improvements would be undertaken between 2015 and 2025 and are contingent on receipt of funding.

Since the original construction of the campus in the early 1960's, only minor changes to the Lawrenceville Campus have occurred. These changes have primarily focused on repairs or renovations to existing buildings. A collaborative and integrated planning process was undertaken by HHS/CDC staff in order to assess existing conditions on the Lawrenceville Campus and to identify any potential growth or shifts in program space use, based on longterm support of HHS/CDC's scientific mission and HHS/CDC operational requirements.

The proposed improvements are needed to maintain an appropriate facilities quality level on the

Lawrenceville Campus. HHS/CDC has identified the need for new research support, and office support space to replace existing aging structures; expanded research support and office support space; and a new transshipping and receiving area to improve the movement of goods and visitors through the campus. HHS/CDC would also relocate and expand parking to satisfy a current shortfall of parking during special events and to comply with security requirements. A secondary point of access to the campus would be developed in order to provide for an emergency egress and ingress for the campus. Finally, HHS/CDC proposes to improve pedestrian infrastructure to provide a safe, high-quality pedestrian environment within the campus.

The Draft EA evaluates the potential environmental impacts that may result from the Build Alternative and the No Build Alternative on the natural and built environment. Potential impacts of each alternative are evaluated on the following resource categories: Socioeconomics; land use; zoning; public policy; community facilities; transportation; air quality; noise; cultural resources; urban design and visual resources; natural resources; utilities; waste; and greenhouse gases and sustainability.

Dated: August 3, 2015.

Pamela J. Cox,

Director, Division of the Executive Secretariat, Office of the Chief of Staff, Centers for Disease Control and Prevention.
