

ANA Three-Year Post Project Target Impact Indicator Services Survey

THE PAPERWORK REDUCTION ACT OF 1995 (Pub. L. 104-13) Public reporting burden for this collection of information is estimated to average 0.08 hours per response, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Section A) Impact Indicators

Please list the impact indicators used in your grant application and the status of those indicators at each point in time.
