

Date : May xx, 2016

LMI Administrative Memorandum No. S-16-0x

MEMORANDUM FOR : **STATE WORKFORCE AGENCY ADMINISTRATORS
BLS REGIONAL COMMISSIONERS**

FROM : **JAY A. MOUSA**
Associate Commissioner
Office of Field Operations

SUBJECT : 2017 Labor Market Information Cooperative Agreement Application Package

1. **Purpose:** This is to transmit the Office of Management and Budget (OMB) approved 2017 LMI Cooperative Agreement (CA) application materials to state agencies for the operation of the Labor Market Information (LMI) cooperative statistical programs and activities, alert state agencies to those areas of the CA that have changed, and state BLS policy on staff time charging.
2. **Office of Management and Budget Paperwork Reduction Act Approval:** The BLS received OMB approval of the LMI CA application package through May 31, 2018. Under this approval, changes in the work statements will be reviewed every year by the OMB and published in the *Federal Register* for 30 days if any of the changes are deemed substantive to the information collection burden. The approval number for the LMI CA is 1220-0079.
3. **Summary of Changes:** Along with some routine updates of reference dates, editorial updates, and clarifying changes, we have made other, more significant changes to the CA. The changes are described below, organized by Part and Section of the CA.

PART I., ADMINISTRATIVE REQUIREMENTS

Section T., Data and Communications Safeguards

- T.6.d. – In the second paragraph, the phrase “sensitive but unclassified (SBU)” has been replaced with “controlled unclassified information (CUI)”.

Section C., Instructions

- C.5. – The instructions for completing the *Disclosure of Lobbying Activities* (SF-LLL) form have been updated for the new OMB version (4040-0013).

PART III., APPLICATION MATERIALS

Application for Federal Assistance SF-424

The reference to U.S. Code, Title 218, Section 1001 has been amended to reference U.S. Code, Title 18, Section 1001.

Disclosure of Lobbying Activities

The form has been replaced by the new OMB version (4040-0013) with the expiration date of January 31, 2019.

CURRENT EMPLOYMENT STATISTICS PROGRAM FOR THE 50 STATES AND THE DISTRICT OF COLUMBIA

Section C., Program Performance Requirements

- An erroneous check box has been removed from the Section C introductory statement.

CURRENT EMPLOYMENT STATISTICS PROGRAM FOR PUERTO RICO

Section C., Program Performance Requirements

- An erroneous check box has been removed from the Section C introductory statement.

CURRENT EMPLOYMENT STATISTICS PROGRAM FOR VIRGIN ISLANDS

Section C., Program Performance Requirements

- An erroneous check box has been removed from the Section C introductory statement.

LOCAL AREA UNEMPLOYMENT STATISTICS PROGRAM

Section A., Program Information

- First Paragraph – The first sentence has been updated to include the word “civilian” and now reads: “The Local Area Unemployment Statistics (LAUS) program provides monthly estimates of civilian labor force, employment, unemployment, and unemployment rates for the U.S. Census Bureau regions and divisions, states, and sub-state areas. Geographic coverage includes metropolitan areas, micropolitan areas, metropolitan divisions, combined areas, counties, selected cities, and other areas.”
- Third Paragraph – The sentence has been updated and it now reads: “The LAUS program uses data from the Current Population Survey, administrative data from the Unemployment Insurance (UI) System, employment estimates from the BLS Current Employment Statistics (CES) and Quarterly Census of Employment and Wages (QCEW) programs, and data from the Census Bureau’s American Community Survey (ACS) and Population Estimates Program (PEP).”

Section B., Deliverables

- B.1. – This requirement has been updated to replace “Monthly estimates of civilian labor force, employment, unemployment, and unemployment rate will be provided for the following areas” with “Monthly estimates of civilian employment and unemployment will be provided for the following areas”. The due date reference to “benchmarked” has been updated to “annual processing,” and the reference to “estimates will be transmitted for December” now reads “estimates will be generated for December.”
- B.1.c. – The “small labor market areas” reference has been updated to “multi-entity small labor market areas.”
- B.1.e. – This deliverable has been updated to “All incorporated places (and county subdivisions, where applicable) with a population of 25,000 or more.”
- B.1.f. – The reference to “cities and city equivalents,” has been replaced with, “incorporated places.”
- B.1.h. – The reference to “balances of state and” has been removed. The revised deliverable now reads, “All intrastate parts of interstate areas.”
- B.4. – This requirement has removed the reference to developing annual averages and now reads, “Monthly LAUS estimates for specified years will be revised annually for the areas listed in 1a – h above.” The reference to “Benchmarked data,” in the due date column for this requirement has been removed and replaced with “Annual processing.”

Section C., Quality Assurance Requirements

- C.3. – This requirement has replaced “the latest LAUS State System (i.e., LAUSToo),” with, “LAUSToo.”
- C.6. – This requirement replaces a fiscal year reference with a calendar year reference and added the following language: “Beginning with 2016 estimation, approved PROMIS states will transmit files on a monthly basis as part of the planned implementation of the Liable Resident Data Transfer (LRDT) process that will augment the existing LADT exchange and streamline certain processes. Further instructions will

be transmitted via a technical memorandum.”

- C.16. – This requirement has been updated to: “The state agency will participate in the review of seasonally-adjusted data for non-modeled metropolitan areas and metropolitan divisions. The details and dates will be specified in technical memoranda.”

Section D., Publication Requirements

- D.1. – The reference to “benchmarked LAUS estimates,” has been updated to, “annual processed LAUS estimates.” The following language was removed from this requirement: “Published data will include model-based estimates for 1976 (or the earliest year available) forward based on the fourth generation of LAUS models. Sub-state estimates will be based on fourth generation of LAUS models and BLS’ SLMA and OMB area definitions (as directed in technical memoranda) for 1990 forward. Sub-state estimates for 2010 forward will also reflect the revised sub-state methodology.”
- D.2. – The reference to “smoothed seasonally-adjusted” estimates has been updated to “seasonally-adjusted” estimates.

Section E., State-Specific Data Requirements

- E.2. – This requirement has been updated to read: “State agencies with components of interstate combined areas will provide LAUS estimates for their metropolitan and/or micropolitan areas to the controlling state(s) to allow those states to generate the combined area totals for BLS to meet the pre-set LAUS schedule.”
- E.3. – Reference to, “of the civilian labor force, employment, unemployment, and unemployment rate,” have been removed from this requirement.

OCCUPATIONAL EMPLOYMENT STATISTICS PROGRAM

- All dates have been updated for FY 2017.

Section A., Program Information

- Fourth Paragraph – The word “standard” has been replaced with “unstructured” in reference to mail out packages.
- Sixth Paragraph – This paragraph now reads, “The SPAM deliverable export will include job titles and wage rates that are loaded into SPAM. States will provide semi-annual updates to information regarding their IT operating environment. The SPAM system will be developed for and tested on Windows Editions currently supported by Microsoft (Client PC Windows 7 and 10, 64-bit and Server Windows 2008 R2 64-bit). Problems related to the SPAM system operating on an out dated or unsupported operating system may require upgrades.”
- Due dates for key OES Files – The supplemental sheets to BLS deadline now only applies to states that elect to send out hard copy long forms.

Section B., Deliverables

- B.6. – This requirement has been updated to read: “Completed copies of the supplemental reporting sheets from all questionnaires. Supplemental sheets are only due from states that elect to send out hard copy long forms.”

Section C., Program Performance Requirements

- C.3. – This requirement now states the SPAM system will be developed for Windows 7 and 10. The requirement previously only stated development for Windows 7.

Section E., Data Sharing

- This section has been deleted.

Section F., Explanation of Variances

- This section is now Section E., Explanation of Variances.

QUARTERLY CENSUS OF EMPLOYMENT WAGES

- All dates have been updated for FY 2017.

Section B., Deliverables

- B.1. – This deliverable now includes the following language in relation to the July 13, 2017, due date: “If the consensus of the QCEW Policy Council is that the test of the one week acceleration of the QCEW deliverable has been successful, the date for Deliverable B1 for 2017-1 will move up to July 6, 2017, ending the need for Deliverables B2 and B8.”
- B.2. – This deliverable has been updated to include language specific to the use EQUI Name and Address Files, the need to test an acceleration of the QCEW program, and the inclusion of an alternative due date of July 6, 2017, if the testing is successful.
- B.8. – The “volunteer” has been replaced with “other” in this deliverable in reference to EQUI and Update files from certain sates. This deliverable now includes the same language referencing the alternative July 6, 2017, due date as deliverables B.1. and B.2.

Section C., Program Performance Requirements

- C.4.a. – In the first paragraph, references instructing states using CARS to provide their files by established due dates has been replaced with instructions for participating states to provide their UI Tax Email Address files. The reference to TRS has been removed. The second paragraph of this requirement has been eliminated.
- C.4.c. – This requirement no longer references “the BLS 3023 forms of the ARS” and instead now only references “ARS responses.”
- C.4.d. – This requirement no longer references “the BLS 3023 forms of the ARS” and instead now only references “ARS responses.”
- C.4.e. – Reference to the “BLS 3023 forms” has been replaced with reference to “the ARS.”

Section D., Quality Assurance Requirements

- D.3. – Reference to TRS has been deleted from the list of data sources.

Section F., Data Sharing Blanket Approval

- F.2. – The phrase “limited portions of” was added to this requirement in reference to the state’s microdata that is shared with the Bureau of Economic Analysis (BEA). A second paragraph has been added to this section detailing the type of microdata that is shared with BEA.

4. Fund Ledger Codes (FLCs): State agencies are requested to use the following State Employment Security Agency Cost Accounting System-like fund ledger codes (FLCs), or their Financial Accounting and Reporting System equivalents, for the programs and activities funded during 2017. Where these codes cannot be accommodated in state accounting systems, state agencies will still need to know these FLCs for drawing down funds, since they are used as subaccount numbers within the HHS Payment Management System. Where states must use different FLCs than those that follow, they must inform regional staff of the numbers used to identify the BLS LMI programs.

<u>PROGRAM</u>	<u>FLC</u>	<u>AAMC</u>	<u>FLC</u>
CES	91217	CES	91417
LAUS	91227	LAUS	91427
OES	91237	OES	91437
QCEW	91247	QCEW	91447

5. Certification of Staff Time Charging: According to 2 CFR 200, Subpart E (Cost Principles), state staff must accurately reflect their time according to the activity worked.

Furthermore, any state staff member who reports to a supervisor responsible for more than one Federal award or cost objective, and the employee charges only against one award, the state grantee must certify semi-annually that the work being charged for those employees relates exclusively to that award. See 2 CFR 200, Subpart E (Cost Principles) General Provisions for Selected Items of Cost for further guidance on this

requirement. Note that states with time and attendance systems that account for employees' time at the project code level on a weekly, bi-weekly, or monthly basis are already in compliance with this requirement.

6. Policy on Staff Time Charging: To properly administer BLS programs, the states must adhere to the following BLS policy on staff time charging:
 - a. When submitting financial reports, the states are certifying that the reports are correct and, thus, that time charges are accurately recorded.
 - b. The states should use the budget variance process as the correct mechanism to balance marginal differences in spending among the programs.
 - c. Regional staff is required to report any indication of misrepresentation of staff working on their program.

The BLS regional offices are required to review BLS policy on staff time charging and other administrative reporting requirements with state LMI Directors on an annual basis.

7. Statement of Assurance: The State Authorizing Official for security for the state must complete a Statement of Assurance for Information Security. The BLS State Cooperative Representative is to submit the completed Statement of Assurance for Information Security to his or her respective BLS regional office as instructed in Part II. Application Instructions, Section C.8. of the CA. A copy of the Statement of Assurance for Information Security will be returned to the state once the BLS Authorizing Official has reviewed the statement and authorized the interconnections in official office memoranda.
8. Financial Reporting Requirements: By signing the CA, grantees are agreeing to the financial reporting requirements it contains. State agencies are reminded of the requirement for all programs concerning financial reporting, "D. Submission of Reports." In 2010, the Office of Inspector General conducted an audit of several state agencies for the LMI program. The audit found problems with states submitting monthly financial reports on time. State agencies are reminded that monthly financial reports must be submitted to the BLS regional office within thirty (30) days of the end of the reporting period. As with all other requirements, if a state anticipates that it will be unable to comply with the requirement, it must apply for and receive approval for a variance.

In addition, the Federal Financial Report (FFR) must be completed each quarter online at HHS-PMS. The FFR must be completed within 30 days of the end of the quarter. If the state fails to complete the report within this time frame, a hold will be placed on their HHS-PMS account until the FFR has been filed.

9. Forms Reminder: Grantees are requested to use only the most up-to-date forms when submitting their initial CA application, any subsequent CA modifications, and their CA closeout. The most up-to-date forms are included in this CA application and can be found on StateWeb.
10. Action Required: State agencies are requested to develop their draft and final CA applications and submit materials to the appropriate BLS regional office in accordance with the following schedule:

FY 2016-17 Schedule

Draft Cooperative Agreement applications due in regional office.....	TBD by the regional office
Requests for program variance due in national office.....	July 15 - July 21, 2016
Final 2017 LMI CA due in the RO by	August 19, 2016
Draft electronic copies of 2017 LMI CAs due in OFO/DFPM.....	September 7, 2016
Cooperative Agreement effective	October 1, 2016
Executed Cooperative Agreement due in national office	October 5, 2016

State and regional offices should transmit all CA materials via UPS.

11. Inquiries: Please direct all inquiries to the BLS regional office.
12. Effective Date: Immediately.
13. Attachment: 2017 Labor Market Information Cooperative Agreement.

I. ADMINISTRATIVE REQUIREMENTS

A. INTRODUCTION

The Bureau of Labor Statistics (BLS) is the Federal agency responsible for conducting research related to labor economics and for collecting and analyzing employment and occupational statistics. Since 1917, the BLS has engaged in cooperative arrangements with states to use employment statistics collected by the states in a national-state network of data. This network of statistical programs now extends to more than 50 political jurisdictions and includes the 50 states, the District of Columbia, the Commonwealth of Puerto Rico, and selected programs in Guam and the U.S. Virgin Islands.

In conducting the BLS-state cooperative statistical programs, it frequently becomes necessary to make inquiries to state agency contacts on a variety of program-related matters. The BLS has received approval from the Office of Management and Budget to make such inquiries under OMB Number 1220-0168, "General Inquiries to State Agency Contacts."

Some of the statistics and their common uses are highlighted below.

1. Current Employment Statistics (CES)

Employment estimates, average weekly and hourly earnings, and average hours worked in nonagricultural industries, based on payroll records for non-supervisory workers: a major economic indicator of the business cycle; used by Federal and state governments to generate unemployment statistics, by states as an indicator of economic health, and by business for site location planning and labor contract escalations.

2. Local Area Unemployment Statistics (LAUS)

Total employment, labor force, unemployment, and the unemployment rate: used in part to allocate funds to state and local areas for such Federal programs as those of the Workforce Investment Act; also used by the Federal Government to identify labor surplus areas, by the military to focus recruitment efforts, and by state and local governments and private firms for labor market analysis.

3. Occupational Employment Statistics (OES)

Estimates of the number of workers and wage ranges by occupation in nonagricultural industries are used for analysis of the occupational composition of different industries, for determining national policy related to structural unemployment, and for other purposes, such as training and employment planning, and foreign labor certification, at state and local levels.

4. Quarterly Census of Employment and Wages (QCEW)

County level employment and wage data, including monthly employment, total quarterly wages, taxable wages, and contributions: used by the Bureau of Economic Analysis, Department of Commerce, in developing the wage and salary component of the National Personal Income and Gross Domestic Product statistics; by the BLS as a source of employment benchmarks for the CES Program and a sampling frame for most of the BLS establishment surveys; and by the Employment and Training Administration (ETA) for solvency and actuarial studies of Unemployment Insurance (UI).

B. AUTHORIZING LEGISLATION

The BLS is authorized to collect labor market information pursuant to the 1884 statute (29 USC 1), an Act to Establish the Bureau of Labor, as amended. Section 14 of the Wagner-Peyser Act (29 USC 49L-1) authorizes the Secretary of Labor to reimburse the states to provide data for national statistical programs.

The Workforce Investment Act of 1998 amended the Wagner-Peyser Act by adding a new section 15, "Employment Statistics," which authorizes the Secretary to "...oversee the development, maintenance, and continuous improvement of a nationwide statistics system of economic statistics..." Section 15 (29 USC 49L-2) was amended in part by the Workforce Innovation and Opportunity Act of 2014.

The BLS uses a cooperative agreement (CA) to fund cooperative statistical programs because of the agency's ongoing involvement in the programs, pursuant to the Federal Grant and Cooperative Agreement Act of 1977 (31 USC 6301-08). The specific statistical programs funded through the LMI cooperative agreement are described in more detail in the work statements in Part III, Application Materials.

C. ELIGIBLE APPLICANTS

Eligible applicants are state agencies designated by the Governor pursuant to Section 15 of the Wagner-Peyser Act, or their equivalents in non-state jurisdictions. The BLS may select an alternative applicant if a state agency declines to apply for cooperative agreement funding or otherwise substantially fails to meet BLS application and performance requirements.

D. REGULATIONS AND REFERENCE DOCUMENTS

The LMI programs are administered in accordance with the program operating manuals cited in the work statements, and with:

- Title 29 Part 93 of the Code of Federal Regulations (hereinafter cited as 29 CFR 93), New Restrictions on Lobbying;
- Title 2 Part 2900 of the Code of Federal Regulations (hereinafter cited as 2 CFR 2900), Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards;
- Title 2 Part 200 of the Code of Federal Regulations (hereinafter cited as 2 CFR 200), Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards; and
- Title 29 Part 98 of the Code of Federal Regulations (hereinafter cited as 29 CFR 98) and 2 CFR Chapter 1, part 180, Government-wide Debarment and Suspension (Nonprocurement) and Government-wide Requirements for Drug-Free Workplace (Grants).

E. PROGRAM FUNDING

Program funding is subject to the availability of funds. Funds are made available through enactment of a Department of Labor appropriation, or another action such as a continuing resolution. Program funding levels are based on the President's Budget submitted to Congress in February. If the appropriation differs from the President's Budget, then the cooperative agreement may be renegotiated.

As long as the BLS is operating under a full year appropriation, the BLS will issue obligational authority (OA) to a state agency based on the state agency's annual obligation plan. If the BLS is operating under a continuing resolution, OA will be issued based on a proportion of the state agency's annual obligation plan.

The Federal financial assistance awarded under this agreement is available for obligation by a state agency during the Federal fiscal year beginning October 1 and ending September 30, unless the BLS specifically approves an extension of the agreement period for particular additional activities to maintain currency.

F. CASH MANAGEMENT

Cash advances to qualified state agencies will be made under the automated clearinghouse method of financing, using the Department of Health and Human Services Payment Management System (HHS-PMS). The HHS-PMS is designed to make Federal funds available to a recipient organization on the first workday following receipt of a request for funds. The amount requested, therefore, should be based on actual disbursement requirements whenever possible and should be disbursed by the recipient organization as soon after receipt as possible. For this purpose, a disbursement is considered to be the time of the actual release of checks or transfer of funds electronically by the recipient organization to the payees.

The state agency will include with a request for funds a breakdown of the total request by fund ledger code. If a state agency's drawdown request exceeds available OA for a fund ledger code and disapproval of the request will result in an immediate hardship, the BLS will consider approval of the payment on a case-by-case basis.

If a state agency receiving advance payments demonstrates an unwillingness or inability to establish procedures that minimize the time elapsing between receipt and disbursement of cash advances, the BLS may, after notifying the state agency, discontinue the advance payment method and make payments by reimbursement.

G. COST GUIDELINES

1. Allowable Costs

Allowable costs are determined in accordance with the provisions of 2 CFR 200, Subpart E (Cost Principles). A request for prior approval of certain costs, under the cost principles of 2 CFR 200, Subpart E, may be made by means of a letter from the recipient organization to the BLS.

Indirect costs are defined as all costs incurred for a common or joint purpose benefiting more than one cost objective, and not readily assigned to the cost objectives specifically benefited, without effort disproportionate to the results achieved. In order for a State Workforce Agency (SWA) to claim indirect costs under this cooperative agreement, the indirect costs must be contained in a cost allocation plan and/or indirect cost rate proposal developed in accordance with the requirements of 2 CFR 200, Subpart E and approved by the SWA's cognizant Federal agency.

SWAs claiming indirect costs incurred under this cooperative agreement are required to develop and submit cost allocation plans and/or indirect cost rate proposals to the Division of Cost Determination (DCD) or other cognizant Federal agency in accordance with 2 CFR 200, Subpart E. Required documentation for cost allocation plans and indirect cost rate proposals is described in 2 CFR 200, Subpart E. SWAs should pay special attention to Appendix V (State/Local Government and Indian Tribe-Wide Central Service Cost Allocation Plans) and Appendix VII (States and Local Government and Indian Tribe Indirect Cost Proposals) of 2 CFR 200, Subpart E. 2 CFR 200, Subpart E is available on the internet at http://www.ecfr.gov/cgi-bin/text-idx?tpl=/ecfrbrowse/Title02/2cfr200_main_02.tpl.

If the Department of Labor (DOL) is the cognizant agency for SWA indirect costs, the approving office is the Division of Cost Determination (DCD), currently within the Office of Acquisition Management Services, Business Operations Center, Office of the Assistant Secretary for Administration and Management. The SWA shall prepare and submit indirect cost/cost allocation proposals to DCD annually. 2 CFR 200, Subpart E (Appendix V) specifies that proposals be submitted within six months after the close of the government unit's fiscal year. However, if a SWA expects to be unable to prepare and negotiate an indirect cost agreement by this deadline, they can receive an extension from DCD by submitting a written request that explains the need for an extension. DCD may grant an extension to the beginning of the state's next fiscal year. If the DOL is not the cognizant agency, the SWA shall request instructions for the preparation of indirect cost proposal(s) from its identified cognizant Federal agency.

Any state that uses an indirect cost rate, regardless of the cost allocation methodology employed, must annually obtain approval of its indirect cost rate from the cognizant agency. A state cannot recover indirect costs from the BLS without prior approval of its indirect cost rate.

2. Retention of Program Income

Federal regulations at 2 CFR 200.307(e)(1) specify that "...program income [defined as gross income earned by the non-Federal entity that is directly generated by a supported activity, or earned as a result of the Federal award during the period of performance] will be deducted from total allowable costs to determine the net allowable costs...[and]...be used for current costs unless the Federal agency authorizes otherwise..." Accordingly, the BLS hereby authorizes state agencies to retain program income generated by the sale of data produced using funds provided by the BLS.

3. Charging Costs

Only actual costs involved in operating the LMI cooperative statistical programs are allowable. Cost estimation and reporting requirements are based on the State Workforce Agency (SWA) Cost Accounting System (CAS) and the BLS-developed LMI Cooperative Statistics Financial Report (BLS LMI-2A), and are compatible with the Financial Accounting and Reporting System (FARS). The BLS expects that state agencies will use automated systems to distribute costs; however, all recipients must be able to budget staff time and costs for the programs on a monthly and quarterly basis and report actual staff time and costs quarterly. No base-program costs may be charged to an additional activity to maintain currency (AAMC), whether or not the AAMC is related to the base program.

Additionally, if an employee's time charges are levied solely against a single Federal award or cost objective (i.e., any or all of the LMI programs covered under this cooperative agreement), the state grantee must certify at least semi-annually that the work being charged for relates exclusively to that award. 2 CFR 200.420 – 200.475 provides full guidance regarding this requirement. Note that states with time and attendance systems that account for employees' time at the project code level on a weekly, bi-weekly, or monthly basis are already in compliance with this requirement.

H. REPORTING

The reporting requirements described below supersede those cited at 2 CFR 200.327.

Monthly, state agencies must report for each regular, ongoing program:

- o Total accrued expenditures (the cost of goods received, services rendered, expenses incurred, and assets acquired) for the month and cumulatively for the current fiscal year;
- o Total obligations (the sum of accrued expenditures to date plus resources on order [i.e., the dollar amount of orders placed for goods or services that have not as yet been delivered by the vendor]) for the month and cumulatively for the current fiscal year; and
- o Total cash received for the month and cumulatively for the current fiscal year.

Quarterly, state agencies must report for each regular, ongoing program, in addition to the above items:

- o Total cumulative obligations by cost category (program staff resources, AS&T staff resources, and nonpersonal services); and
- o Staff years paid by cost category (program staff resources and AS&T staff resources).

If an automated accounting system, such as the SWA CAS or FARS is used, the time distribution system should incorporate the function code “561” for the LMI programs, in addition to any function codes used to reflect general management and supervision activities.

State agencies will submit the following CAS reports, or their equivalents under FARS:

<u>Report #</u>	<u>Report Name</u>	<u>Frequency</u>
CAS 65	Summary Appropriation Status	Monthly
CAS 61	Status of Obligational Authority	Quarterly
CAS 94B	Program Activity Positions and Costs	Quarterly
or		
FARS GA-11	Summary Status of Obligational Authority	Monthly
FARS GA-17	Status of Obligational Authority	Quarterly
FARS GA-12a	Program Activity Positions and Costs (CAS 94B equivalent)	Quarterly
	or, if the GA-12a is not available,	
FARS GA-12	Activity Positions and Costs by Fund Ledger	Quarterly
FARS GA-14a	Fund Ledger Allocation Report (Cumulative)	Quarterly
FARS GA-15	U.S. Department of Labor-Employment Service	Quarterly
or		
BLS LMI-2A	LMI Cooperative Statistics Financial Report	Monthly/Quarterly
(Not Applicable)	CAS Report 94B Equivalent (if available)	Quarterly

State agencies using either of the approved automated accounting systems, CAS or FARS, should submit the reports generated by those systems. Others should use the BLS LMI Cooperative Statistics Financial Report (BLS LMI-2A) and the equivalent of CAS Report 94B if one is produced by the state agency's accounting system to account for their costs under the cooperative agreement. A copy of the BLS LMI Cooperative Statistics Financial Report is attached at the end of this Part (Part I).

Unless otherwise specified by the BLS in the appropriate work statement, in reporting on AAMCs, state agencies will include quarterly bottom-line financial data (e.g., CAS Report 61 or FARS GA-17 data) and a BLS Quarterly Status Report (BLS LMI-2B), a copy of which is attached at the end of this Part (Part I). For AAMCs that cross fiscal years, cumulative expenditures and obligations should reflect the entire period of the AAMC to date, rather than the current fiscal year to date.

A fund ledger code (FLC) has been assigned to each of the LMI statistical programs to enable the BLS to monitor costs on a by-program basis, or, in the case of AAMCs, on a funding source basis. The codes for the programs covered by this agreement are cited in the LMI Administrative Memorandum transmitting the cooperative agreement to the state agencies.

The financial reports and BLS Quarterly Status Reports must be submitted to the BLS regional office within 30 days of the end of the reporting period. The BLS reserves the right to withhold payment to a state agency if financial reports are delinquent.

The SWAs Financial Accounting System must be able to provide the financial information necessary to comply with audit requirements and to complete the Federal Financial Report (FFR or SF-425). State agencies must complete the FFR each quarter at HHS-PMS. The FFR must be completed at HHS-PMS within 30 days from the end of the fiscal quarter, after which the system will close until the end of the following quarter.

I. MONITORING

The BLS will review the financial reports from state agencies to monitor fund utilization and identify potential over- or under-obligations. The primary objectives of financial monitoring are: 1) to ensure that program objectives are met; 2) to prevent significant over- or under-utilization of funds at the end of the fiscal year; and 3) to identify instances where it may be necessary to provide Federal administrative assistance to state agencies.

Per 2 CFR 200.328(e), the BLS may, either as part of a pre-award or at any time subsequent to an award, conduct periodic onsite reviews or request line item financial information to evaluate the adequacy of the financial management system employed by a SWA.

In accordance with 2 CFR 200.328(a), the state agency is responsible for managing the day-to-day operations of agreement activities. The state agency will monitor agreement activities to ensure there is compliance with applicable Federal requirements and that performance goals are being achieved. Monitoring must cover each program, function, or activity.

J. DEOBLIGATION OF UNDERUTILIZED FUNDS

The Budget Information Form (BIF) is a state agency's obligation plan for the CA. For each program in the CA, the BIF breaks down costs by quarter and by cost category (Program Staff, Administrative, Support & Technical Staff, and Nonpersonal Services). (The BIF is described further in Parts II and III.)

The BIF establishes the level of planned obligations during a program year and states should strive to make actual obligations match planned levels. If, however, financial reports reveal a state is under-spent, relative to its total planned obligations, the BLS may deobligate some of the state's funds. When the planned-to-actual difference of obligations exceeds 5 percent of total planned obligations, and is greater than \$10,000, the BLS may unilaterally deobligate up to 90 percent of this difference.

K. BUDGET VARIANCES

At the end of the first fiscal year of the CA, after the funded base program activities are complete but before a partial closeout of the base programs is conducted, a state agency may request a budget variance from the BLS. Budget variances permit states to move a limited amount of funds between base programs and AAMCs to help minimize over- or under-obligation of funds to any single program. Current BLS policy regarding budget variances is stated in LMI Administrative Memorandum S-15-07, dated September 2, 2015. Some of the more significant points from this memo are summarized below.

The total amount to be moved cannot exceed 4 percent of a state's total fiscal year CA funding for base programs and their associated AAMCs.

Budget variance actions will be limited to:

- 20 percent for base programs funded at \$300,000 or more;
- 25 percent (up to \$60,000) or \$10,000, whichever is greater, for base programs funded at less than \$300,000; and

- 33 percent or \$10,000, whichever is lesser, of the total annual project amount for any individual AAMC.

Moving funds from AAMCs to base programs is not permitted.

States should refer to the full memorandum to ensure their budget variance requests meet all other applicable conditions.

State agencies should submit their requests for budget variances to the appropriate regional office no later than 60 days after the end of the fiscal year. State agencies should use the BLS LMI Cooperative Agreement Budget Variance Request Form to request the budget variance. (A copy of this form is attached to the end of Part I.)

L. PROGRAM VARIANCES

A program variance is required if a state cannot fully comply with all performance requirements for the entire period of the CA. If a program variance is requested, the state agency must submit a Variance Request Form to the BLS regional office for review before it is sent to the BLS national office for review. All program variances must be approved by the BLS national office prior to the CA being signed. The approved program variance is to be referenced in the space provided at the end of the work statement. The variance language included cannot be changed from what was stated in the approval document.

M. CHANGES TO THE COOPERATIVE AGREEMENT

1. Budget Changes

Budget changes that require a state agency to obtain prior written approval from the BLS include:

- Any revision that would result in the need for additional funding; and
- Cumulative transfers between cost categories that exceed or are expected to exceed 10 percent of the current total approved program budget, whenever the total BLS funding is greater than \$100,000.

2. Programmatic Changes

Programmatic changes that require a state agency to obtain prior written approval from the BLS include:

- Any revision of the scope or objectives of the CA; or
- Need to extend the period of availability of funds.

3. Additional Activities to Maintain Currency

Additional activities to maintain currency (AAMCs) that entail both budget and programmatic changes to the base CA require prior written approval from the BLS.

All AAMCs must be planned to start in the fiscal year in which they are funded and be completed no later than the end of the fiscal year following their initiation. All extensions to the end date of the CA due to the AAMC must be requested in writing and approved by the BLS Grant Officer in writing. If granted a time extension, the state agency and the BLS must be clear about which work statement deliverables from the CA still apply.

Either the BLS or a state agency may initiate AAMCs. For the former, the BLS will invite eligible state agencies to apply for AAMCs once the Bureau knows available funding levels. States that elect to participate will then provide completed work statements and cost information. (Detailed procedures for responding to a BLS-initiated AAMC are found later in Part II, Section 9b.)

For a state agency to initiate an AAMC it must send a letter to the appropriate BLS Regional Commissioner requesting funding for the proposed activity. (Detailed instructions for what kind of information to include in the request letter is contained later in Part II, Section 9b.) If funds become available during the CA period, and the BLS has given its approval to the project, then the state will receive notice from BLS to submit the necessary paperwork to change its CA.

4. Obtaining BLS Approval of Changes to the Cooperative Agreement

To obtain written approval from the BLS for budget changes to the CA, a state agency will submit the following:

- An Application for Federal Assistance, SF-424, reflecting the change in the Federal funding for the CA;
- A revised BIF, annotated to reflect the modified budget elements;
- All relevant pages of the appropriate work statement, and;
- A narrative justification for the revision, included in the transmittal letter.

To obtain written approval from the BLS for programmatic changes to the CA or AAMCs, a state agency will submit the following:

- An Application for Federal Assistance, SF-424, reflecting the program change or AAMC, as appropriate;
- A BIF, revised and annotated to reflect a change, or new, if for an AAMC for which funding has been agreed upon;
- A work statement either annotated to reflect a change to the scope or duration of work originally agreed upon, or new if for an AAMC for which funding has been approved, and;
- A narrative justification for the revision, included in the transmittal letter.

A request for prior approval of a change must be received in the regional office 30 calendar days before the beginning of the quarter in which the change will take effect.

5. BLS-Initiated Budget Changes

In the event of a legislative mandate to reduce appropriated funds, requiring the BLS to decrease the amount originally awarded by the CA, the CA will be modified. The BLS prefers to work bilaterally with its state agencies to effect these budget reductions. However, when this is not possible, because, for example, the workload and time involved to obtain state-required review and signature of a bilateral modification are too great, the BLS is prepared to initiate and execute unilateral modifications. If the BLS initiates a unilateral modification, it will promptly notify the affected state agency, in writing, of the change(s) made to the CA. The notification will be specific as to what was done to/for the state.

In addition, in the event that funds are restored in the same fiscal year as they were cut, the BLS will use a unilateral modification to put the funds back if: (a) the state prefers a unilateral modification over a bilateral modification; and (b) the state either did not take any variances when the cut was made so there is no change in work load, or the amount of funding restored matches the amount taken away so that the work load reverts to what was agreed to in the original CA.

6. Time Extensions

Where the sole purpose of a change to the CA is to provide additional time to complete deliverables that relate to AAMCs, a unilateral modification may also be used. Again, the BLS prefers the use of a bilateral modification, but will initiate a unilateral modification to effect the change so as to reduce the state's workload and paperwork. As noted above, any modification to extend the period of performance must clearly state what work is still being done. Modifications to extend the duration of an AAMC need to be completed prior to the end of the period of performance for the AAMC.

N. PROGRAM REVISIONS

The BLS may make periodic revisions to the program manuals. The BLS will attempt to coordinate the timing of these revisions so state agencies do not experience increased workloads during the CA period. If, however, revisions are made that require a substantial change in workload, the BLS or a state agency may initiate a modification to the CA.

O. PROPERTY AND EQUIPMENT

A state agency will follow the requirements related to title, use, and disposition of real property found at 2 CFR 200.311. The state agency will use, manage, and dispose of equipment acquired under the agreement in accordance with state laws and procedures. Title to equipment purchased with CA funds will vest upon acquisition in the state agency. However, the BLS, per 2 CFR 200.313(a), reserves the right to transfer title to the Federal Government or a third party named by the BLS when such a third party is otherwise eligible under existing statutes. Such transfers are subject to the standards appearing at 2 CFR 200.313(a)(1)-(3). Pursuant to those standards, specifically, 2 CFR 200.313(a)(1), the BLS reserves the right to transfer title of any Automated Data Processing (ADP) equipment, purchased with CA funds, upon termination of financial assistance or when the equipment is no longer needed by the state agency.

P. PROCUREMENT

Except as noted below, when procuring property and services under the CA, a state agency will follow the same policies and procedures it uses for procurements from its non-Federal funds. The state agency will ensure that every purchase order or other contract includes any clauses required by Federal statutes and executive orders and their implementing regulations [2 CFR 200.317 – 200.326].

Pursuant to the provisions of 2 CFR 200, Subpart E, a state agency will request BLS approval prior to the procurement of information technology equipment with a unit cost of \$5,000 or more.

A state agency will not subgrant or contract substantive program work under the CA without the permission of the BLS. Substantive program work includes, but is not limited to, the sampling, data collection, estimation, and validation activities under the CA.

Q. CLOSEOUTS AND AUDITS

Appropriate LMI Memoranda on closeouts and audits will provide specific guidance on the requirements of 2 CFR 200.343, regarding closeout, and 2 CFR 200, Subpart F (Audit Requirements), regarding the Single Audit Act.

If, by virtue of an AAMC, a CA extends beyond the end of the fiscal year of funding, a two-step closeout process is required. A state agency will perform a partial closeout (i.e., financial reconciliation) of the base programs (CES, LAUS, OES, and QCEW) at the end of the fiscal year of funding. As required by OMB, the state agency will perform a final closeout of all base programs and AAMCs 90 days after the last AAMC ends, or; 90 days after the end of the fiscal year in which the last AAMC ends.

The state agency has the option of deciding when the final closeout is to be performed; however, the state agency must notify the regional office before the end of the fiscal year of funding which option it has selected. Regardless of timing, for financial reporting purposes, final closeouts must reflect that there are not any outstanding resources on order or accruals remaining at the time of submission. In addition, cash drawdowns in HHS-PMS should equal total expenses for the fiscal year within 90 days of the end of the fiscal year.

State agencies should use the Transmittal and Certification Form as a checklist to ensure all required forms are included in the closeout package submitted to the regional office.

The Financial Reconciliation Worksheet (FRW) forms, closeout checklists, and property listings must be used by the states for the closeout process. These forms are found at the end of this section.

R. RECORDS

1. Retention

A state agency will retain records in accordance with 2 CFR 200.333 – 200.337, Record Retention and Access. Subject to the qualifications set forth in 2 CFR 200.333, a state agency must retain all records pertinent to the agreement, including financial and statistical records and supporting documents, for a period of three years from the date of the final expenditure report. Special retention requirements pursuant to 2 CFR 200.333 are found in program manuals and technical memoranda.

2. Disposal

The BLS State Cooperating Representative (see below) is responsible for ensuring that appropriate precautions are taken in disposing of records after the required retention period to ensure that confidentiality is protected. State agencies may follow their own records-disposal policies and procedures, provided they contain safeguards for protecting confidentiality.

S. CONFIDENTIALITY

1. Federal Guidelines

The majority of data collected by the BLS is provided on a voluntary basis by respondents who have agreed to provide the information for the purpose(s) specified by the BLS. A violation of the confidence that respondents place in the BLS would endanger the Bureau's ability to carry out its duties. The Confidential Information Protection and Statistical Efficiency Act (CIPSEA) of 2002 (Title 5 of Public Law 107-347) safeguards the confidentiality of individually identifiable information acquired for exclusively statistical purposes under a pledge of confidentiality by controlling access to and uses of such information. BLS officers, employees, and agents are subject to CIPSEA and other Federal laws governing confidentiality.

2. Description of Confidential Information

For the purposes of this cooperative agreement:

- a. "Confidential information" includes all data collected as part of the LMI programs under sole BLS authority or joint BLS/state authority, with the exceptions described in the following paragraphs 2b and 2c. Some examples of "confidential information" include:

Respondent Identifiable Information (Protected by CIPSEA)

- i. The names, addresses, and other information for units from which data are requested
- ii. All identifiable respondent submissions
- iii. Information in administrative files that has been commingled with confidential information
- iv. Disclosure avoidance parameters applied to published data, unless otherwise specified by the BLS
- v. Any other information in any medium or format that would reasonably disclose the identity by either direct or indirect means of any participant in a statistical program under the auspices of the BLS

Pre-release Information (Protected by Federal Policies)

- vi. Pre-release information such as official BLS estimates and other official BLS statistical products prior to their scheduled release to the public
 - vii. BLS press releases prior to their official release by the BLS that are based upon data that have been previously released to the public
- b. At the state level, Unemployment Insurance (UI) information included in the Quarterly Census of Employment and Wages (QCEW) files is considered the state's data and is subject to state confidentiality provisions and is not subject to the BLS confidentiality provisions of this cooperative agreement. However, QCEW files maintained by the states that have been commingled with respondent identifiable information are considered confidential and must be handled by the states in accordance with CIPSEA and the confidentiality provisions of this cooperative agreement. State data sharing activities involving respondent identifiable information must be conducted in accordance with the data sharing restrictions specified below (Section 5). State data sharing with any person who is not a BLS designated agent must use files that have been cleared of any respondent identifiable information.
 - c. Upon receipt by the BLS of the QCEW files, the BLS will use the QCEW data for exclusively statistical purposes and will hold this information in confidence to the full extent permitted by law.
 - d. Further, at the state level, information from the state's UI database that was used for the Mass Layoff Statistics (MLS) program is considered the state's data and is subject to state confidentiality provisions and is not subject to BLS confidentiality provisions of this cooperative agreement. Per agreements in place at the time that BLS received UI data for the MLS program, the BLS will use the UI data for exclusively statistical purposes and will hold this information in confidence to the full extent permitted by law.
 - e. In the case of MLS data collected directly from establishments, a pledge was provided to establishments that the BLS will use the information for statistical purposes only and will hold it

in confidence to the full extent permitted by law. This means that MLS data that the BLS has will continue to be handled in accordance with CIPSEA and access will be limited to employees and agents of the BLS for exclusively statistical purposes. Further, a pledge was provided to establishments that the data would be used by the state for statistical and Workforce Investment Act (WIA) purposes. This means that use of the data from the state's UI database linked with the data collected directly from establishments must continue to be limited to statistical and WIA purposes. Beyond these stated purposes, the state MLS file must continue to be maintained in confidence in accordance with the provisions of this cooperative agreement.

- f. "Confidential information" does not include information on Federal government units and employment and wages information on Federal employees covered under the Unemployment Compensation for Federal Employees (UCFE) program. Such information is fully disclosable under provisions of the Freedom of Information Act.

3. State's Confidentiality Responsibilities

- a. The state agency agrees to use CIPSEA-covered data for statistical purposes only. Furthermore, the state agency agrees to use MLS and QCEW data pursuant to the confidentiality statement provided to respondents at the time of data collection.
- b. The state agency agrees that pre-release information such as official BLS estimates and other official BLS statistical products will not be disclosed or used in an unauthorized manner before its scheduled release to the public, and will be accessible only to authorized persons. Authorized persons are state employees designated as "authorized agents" of the BLS (defined in section 4) or state employees that have been approved for access to BLS pre-release information as certified by the BLS State Cooperating Representative. This provision does not affect the ability of the state agency to publish state estimates (even if the estimation is done by BLS staff) before BLS publishes.
- c. In allowing the state agency to publish state estimates produced by the BLS, the state release may be viewed by authorized persons (as defined above in section 3b) within the Governor's office; however, consistent with best statistical practices, the state agency shall publish the state release in a manner that is objective, unbiased, and free of policy pronouncements. If policy pronouncements are to be made regarding the data, state policy officials should issue a separate independent statement on the data being released by the state agency.
- d. The state agency agrees that BLS press releases available to them prior to their official release by the BLS that are based upon data that have been previously released to the public will not be disclosed or used in an unauthorized manner before they have been released by the BLS and will be accessible only to authorized persons (as defined above in section 3.b.).
- e. The state agency agrees to notify the BLS regional office immediately upon discovering:
 - a. Any breach or suspected breach of security, or
 - b. Any disclosure of the confidential information not authorized by this cooperative agreement.
- f. In order to ensure secure transmission of BLS confidential information, the following conditions must be met:
 - a. Transmission of confidential information will be restricted to BLS-maintained T1 lines.
 - b. Unless prevented by technical constraints, all LMI-related electronic communications (email) that contain confidential information will be transmitted using the BLS ("bls.gov") mail

server. If email is sent from one BLS-provisioned email account to another BLS-provisioned email account no additional email encryption measures are needed. If email will be transmitted using non-BLS provisioned accounts, users will encrypt the data in an attachment using a FIPS 140-2-validated method. For example, FIPS 140-2 approves as encryption the password protecting of Word or Excel attachments as long as they can be saved with the file extension of .docx or .xlsx, respectively. More information on FIPS 140-2 can be found at <http://csrc.nist.gov/groups/STM/>.

- c. If technical constraints prevent the transmission of confidential data via email, transmission via portable media must also be encrypted using FIPS 140-2-validated methods.

4. Access to Confidential Information

- a. The state agency agrees to assign a BLS State Cooperating Representative in accordance with BLS requirements. The BLS State Cooperating Representative will be designated an agent by the BLS and must sign a BLS Agent Agreement each year a cooperative agreement is executed. A copy of this form is included as part of the application materials in Part III.
- b. State employees may not have access to respondent identifiable information collected on behalf of the BLS for exclusively statistical purposes, unless they are designated as “authorized agents” of the BLS. For the purposes of this cooperative agreement, “authorized agents” are defined as individuals who have been authorized by the BLS to receive access to respondent identifiable information for work on the activities directly covered by this cooperative agreement and who have signed a BLS Agent Agreement.
- c. State employees may not have access to pre-release information, unless they are designated as “authorized agents” of the BLS (as described in section 4.b.) or they have been approved for access to pre-release information as certified by the BLS State Cooperating Representative. A copy of the certification form is included as part of the application materials in Part III.
- d. The BLS may revoke an agent agreement or revoke an individual’s access to pre-release information at any time and without advance notice.
- e. The state agency agrees to administer annual confidentiality training as provided by the BLS to all state employees designated as agents to carry out work under this cooperative agreement.
- f. The state agency agrees to recertify on an annual basis through the BLS State Cooperating Representative that state employees approved for access to only pre-release information have been provided the “Conditions for Handling BLS Pre-Release Information” (included as part of the application materials in Part II) and have indicated their understanding and acceptance of those conditions. State employees approved for access to only pre-release information are not required to take the annual confidentiality training referenced in section 4.e.
- g. The state agency will assure that there will be no access to respondent identifiable information by any person other than an agent designated pursuant to this agreement. Neither the state agency nor any agent designated pursuant to this agreement will use respondent identifiable information for any purpose other than a BLS-approved statistical purpose. The BLS may require the submission of any output(s) produced from respondent identifiable information intended for release or publication for review and approval to ensure adherence to the terms and provisions of this cooperative agreement. The state agency and designated agents will be bound by the determinations of the BLS.
- h. State agencies may allow remote access to confidential information from offsite locations, provided that employees comply with all telework requirements as described in Section T.28. The

state agency will annually provide the BLS Grant Officer with the names of employees approved for telework and will provide updates as they arise. The BLS Grant Officer reserves the right to prohibit access to confidential information.

5. Data Sharing

Intrastate and Interstate Data Sharing Restrictions:

- a. In order to produce BLS survey estimates or facilitate BLS-funded statistical research provided for under this CA, a state's BLS Cooperating Representative is authorized to share respondent identifiable information within the state agency with other units under the control of the BLS State Cooperating Representative or with another state's BLS Cooperating Representative.
- b. The state agency agrees to obtain BLS approval prior to using confidential information for any statistical activity not funded under this cooperative agreement. For activities approved by the BLS, the state agency agrees to enter into a Memorandum of Understanding (as referenced in S-06-02) with the BLS authorizing that work and stating the terms of access to the confidential information.
- c. The state agency may share MLS data with other government agencies under formal agreements limiting use of the data to strictly statistical and Workforce Investment Act purposes. Such agreements also shall include adequate and appropriate confidentiality provisions.
- d. The state agency agrees not to divulge, publish, reproduce, or otherwise disclose, orally or in writing, the confidential information, in whole or in part, to any individual other than authorized agents or those individuals approved for access to only pre-release information unless the state agency has obtained the approval of the Associate Commissioner of Field Operations and in the case of respondent identifiable information written consent has been obtained from the respondent prior to disclosure in conformance with BLS policies regarding informed consent procedures.
- e. Upon receipt of any legal, investigatory, or other demand for access to the confidential information in any form, the state agency agrees:
 - i. Not to disclose the confidential information in any form to anyone who is not an authorized agent (in the case of respondent identifiable information), approved individual (in the case of pre-release information), or employee of the BLS.
 - ii. To immediately notify the BLS regional office upon receipt of any demand for access to the confidential information.
 - iii. To refer the demand for confidential information to the BLS to be handled under Federal law.

6. Use of Contractors

The state agency agrees to include adequate and appropriate confidentiality provisions in all contracts awarded, pursuant to this CA, that involve the disclosure of any confidential information orally, in writing, or in any other form, in whole or in part, to the contractor. In particular, provisions for the following must be included:

- a. Contractor officers and employees must adhere to CIPSEA and all applicable Federal laws regarding the handling of all respondent identifiable information and also must adhere to the BLS confidentiality policy as stated in this cooperative agreement with regard to access to all confidential information;

- b. Access to respondent identifiable information must be limited to contractor officers and employees who have been designated as agents by the BLS to work directly on the contract and who have signed a BLS Agent Agreement and have completed confidentiality training in advance;
- c. Access to pre-release information must be limited to contractor officers and employees who have been designated agents by the BLS or approved for access to only pre-release information as certified by the BLS State Cooperating Representative;
- d. Reliability of personnel;
- e. No subcontracting permitted;
- f. Right of inspection of contractor facilities;
- g. Physically secure worksite and computer/communications environment;
- h. Exclusive storage facilities for confidential information;
- i. Immediate notification by the contractor to the state and the BLS upon discovering any breach or suspected breach of security; any disclosure of the confidential information not authorized by the contract; or upon receipt of any legal, investigatory, or other demand for access to the confidential information in any form;
- j. Right of termination for failure to comply with security requirements;
- k. Right to review outputs produced from respondent identifiable information prior to release or publication;
- l. Return or destruction of the confidential information upon termination of the contract; and
- m. Contractor shall not, by action or inaction, cause the state to violate the terms of this cooperative agreement.

T. DATA AND COMMUNICATIONS SAFEGUARDS

1. Background

This cooperative agreement has been developed to establish a management agreement between the BLS and state offices. The BLS and state offices, when referred to collectively in this section, will be described as the “parties.” The systems that are the subject of this agreement are the BLS LAN/WAN system owned by the BLS and state networks, owned by each state. When referred to collectively in this section of the agreement, these systems will be referred to as the “connected systems.”

2. Authority

For security purposes, this agreement is entered into under the authority of the Federal Information Security Management Act (FISMA, Public Law 107–347, December 17, 2002 (as amended)) as part of the E-Government Act of 2002, 44 U.S.C.A. § 101 note.

3. Purpose

This agreement between the parties allows for exchanges of information between state offices and information systems owned, operated, and processed at the BLS as required or allowed by The Department of Labor Computer Security Handbook (CSH) and The Department of Labor Manual

Series-9 as well as other federal statutes, regulations, and policies that may apply. This section describes the agreement between the parties for the purpose of securing the data on the connected systems. It is the intent of the parties that they will be bound by this cooperative agreement once it is signed by each authorizing official for the connected systems.

The BLS established and maintains a separate network for the state partners to access via dedicated communications lines for the purposes of processing surveys per the cooperative agreement. To assist in this work, state-accessible intranets are maintained to provide information on program operations and to access files needed to process the surveys. Files are shared for policy councils and the BLS-state teams. This connectivity also provides for training and email communications. The BLS network provides only the capabilities, access, and information needed to execute the tenets of the cooperative agreement. The BLS-provided logical and physical security controls isolate the state-accessible network from the BLS network so that state personnel cannot connect to internal BLS resources.

Identification and authentication security controls for connection to the state-accessible network are provided exclusively by BLS and no trust is assumed for credentials issued by the states.

The BLS exclusively provides for the encryption of confidential data to/from state partners. No state-provided security controls are assumed or used in protecting the confidentiality or integrity of these transmissions.

The BLS-state network architecture was designed and implemented with no expectation of security provided by the state agencies or networks.

4. Connection Type

The BLS LAN/WAN and the state office networks are connected to one another using dedicated T1 lines. This connection is classified as a General Support System (GSS) to GSS connection.

5. Locations

The core of the BLS network resides on the ground floor of the Postal Square Building (2 Massachusetts Avenue, NE, Washington, DC) however; it extends to several regional offices, Regional Outstation Collection Center's (ROCC) and state offices throughout the country.

The state agency office location information is maintained by the BLS regional offices.

6. Data Classification

The sensitivity and criticality of BLS LAN/WAN was assessed using the DOL OCIO Cyber Security Asset Management tool. The tool is compliant with NIST SP 800-60, which provides guidance on implementing Federal Information Processing Standard (FIPS) 199. BLS LAN/WAN has been evaluated for confidentiality, integrity and availability requirements. The results for each security objective are as follows:

a. Confidentiality

The system contains information that requires protection from unauthorized disclosure, such as confidential respondent data provided on a voluntary basis and data subject to sensitive system data such as usernames and passwords. Confidentiality is considered Moderate.

b. Integrity

The BLS economic estimates that rely on this system are released on stringent timetables, some of which are mandated by Congress. They are eagerly awaited and heavily used by public policy makers and the investment community. Thus, erroneous data could affect the BLS' standing as a reliable statistical agency and could have a serious impact on government economic decisions and the financial markets. Integrity is considered Moderate.

c. Availability

As stated above, the BLS economic estimates that rely on this system are released on stringent timetables, some of which are mandated by Congress. They are eagerly awaited and heavily used by public policy makers and the investment community. Thus, a significant delay in the release of data could affect the BLS' standing as a reliable statistical agency and could have a serious impact on government economic decisions and the financial markets. In the event of loss of availability, the system must be restored in a timely manner as outlined in the applicable IT Contingency Plan or Continuity of Operations Plan. Availability is considered Moderate.

d. Overall Security Categorization

According to FIPS 199, a system's overall security categorization, also known as the "high water mark", is determined by highest individual sensitivity level for all three of the security objectives. The overall Security Categorization of BLS LAN/WAN is Moderate.

The most sensitive data exchanged via the systems' interconnections are considered controlled unclassified information (CUI).

7. Essential Communications Required Between the Parties to this Agreement

The parties agree to maintain open lines of communication between designated staff at both the managerial and technical levels. The parties agree to each designate an authorizing official for information security. The authorizing official, or designee, will be familiar with the security posture of the system.

The BLS regional office staff will coordinate all communications between the BLS national office and state partners, except for when technical staff needs to communicate directly with each other to resolve security or connectivity issues.

The parties agree to designate and provide contact information for technical leads for their respective systems, and to facilitate contact between technical leads to support the management and operation of the connection. To safeguard the confidentiality, integrity, and availability of the data stored, processed, and transmitted on or between the connected systems, the parties agree to provide notice of specific events within the time indicated in this section.

The BLS point of contact for security or connectivity emergencies is:

LANWAN Support Staff

202-691-5950

LANHELP@bls.gov

8. Security Incidents

Technical staff will immediately notify their designated counterparts, via the BLS regional office contacts, when a security incident(s) is suspected or verifiably detected, so the other party may take steps to determine whether its system has been compromised and to take appropriate security precautions. Technical staff will provide reasonable support to their counterparts in support of analysis and/or investigation into any security incidents.

9. Disasters and Contingency

In the event of a disaster, technical staff for the system experiencing the disaster will immediately notify their designated counterparts, via the BLS regional office contacts, that a disaster has occurred and describe the contingency operations undertaken or to be undertaken to avoid a disruption of the interconnected systems.

10. Reporting Security Incidents and Disasters

In the event of a security incident or disaster, the owner of the system experiencing the incident or disaster will, in addition to the immediate notice provisions stated above, via the BLS regional office contacts, send formal written notification to the authorizing official for the other interconnected system within three days after detection of the incident(s). This written notification will describe the security incident or disaster in detail and state the measures taken to protect the confidentiality, integrity and availability of information on the interconnected systems.

11. Material Change to System Configuration

Planned technical changes to the system architecture that may affect security with the other party will be reported, via the BLS regional office contacts, to technical staff before such changes are implemented. The initiating party agrees to conduct a risk assessment based on the new system architecture. In the event of material changes to the system's configuration, the parties agree to modify this document as necessary.

12. New Connections

Connections to other information systems outside of either party may affect the security of the connection between state offices and the BLS. Therefore, prior to connecting their systems to any other information system (including systems that are owned and operated by third parties) that is not the subject of this agreement, the state or the BLS office involved with the new connection will determine whether the new connection may affect the security of the connection between the state and the BLS, and if so determined will, via the BLS regional office contacts, provide written notice to the other party at least one month before connecting to the new system. This written notice must contain a detailed description of the new system, including the operational and management security controls for the new system. Within five days of receiving such notice, either party may submit a written request for other relevant information or documentation regarding the connection and/or the system to which the connection is being made. Written responses to such requests must be provided within five days of receipt. In the event that a state must change location(s) of its T-1 connection(s), the state must give the BLS at least 60 days advance notice before moving the line and provide a state technical contact to coordinate the move.

13. Point of Demarcation

The logical components within each system at which control over and protection of the data becomes responsibility of the other system is documented in the BLS LAN/WAN System Security Plan (SSP), which is available to authorized parties on request.

14. Authorization Boundary

The boundary between these two systems is as described in the BLS LAN/WAN SSP. The date of expiration and renewal of assessment and authorization for the BLS LAN/WAN is July 15, 2017.

15. Topology Drawing

A drawing showing systems and boundaries, which emphasizes where data of one system is placed in the other system or transported between access points is included in the BLS LAN/WAN SSP.

16. Connection Safeguards

Both parties agree that the safeguards implemented on their systems are in place and operating effectively as described in their respective system's assessment and authorization or equivalent documentation. Technical safeguards are to be implemented prior to, and as a condition of, establishing and maintaining a secure connection between and within the domain of the sites. The controls listed in the BLS LAN/WAN SSP include the technical controls required of Federal systems by Federal Information Processing Standards (FIPS) 200, and described in detail in NIST SP 800-53 and NIST SP 800-53A. The BLS recommends that state agencies evaluate their technical security controls against the controls listed in NIST SP 800-53 and NIST SP 800-53A, or equivalent guidance, where applicable.

17. Personnel Changes

The parties agree to provide notification, via the BLS regional office contacts, of the separation or long-term absence of the system owner or technical lead. In addition, both parties will provide notification of any changes in point-of-contact information.

18. Security

Both parties agree to work together to ensure the joint security of the connected systems and the data they store, process, and transmit. Each party certifies that its respective system is designed, managed, and operated in compliance with all relevant laws, regulations, and policies.

19. Cost Considerations

Both parties agree to negotiate the costs of the connecting mechanism and/or media, but no such expenditures or financial commitments shall be made without the written concurrence of both parties. Modifications to either system that are necessary to support the connection are the responsibility of the respective system owners' organization.

20. Effect of Agreement

This agreement is an internal government agreement and is not intended to confer any right upon any private person.

Nothing in this agreement shall be interpreted as limiting, superseding, or otherwise affecting either agency's normal operations or decisions in carrying out its statutory or regulatory duties.

This agreement does not limit or restrict the parties from participating in similar activities or arrangement with other entities.

This agreement will be executed in full compliance with the Privacy Act of 1974.

21. Resolution Mechanism

In the event of any disagreement arising under this agreement, the parties shall attempt to resolve the disagreement through negotiations in good faith.

22. Authorizing Official Resolution and Consent to Monitoring

In the event of suspected fraud, abuse, or security infraction, the authorizing official for either connected system may, via the BLS regional office contacts, conduct an analysis and investigation. After the initial phases of the incident response plan have been executed, more specifically, the response and containment, and subsequent triage for the connected systems, the authorizing official or point of contact should be notified and provided with at least the basic knowledge that is known as of that point in time. Within five days of receipt of a written request for information, the authorizing official for the system that is the subject of the investigation shall provide all relevant documentation and other evidence or information necessary to support the investigation.

23. Both parties agree to implement safeguards to prevent unauthorized access by electronic or physical means to confidential information.

24. The BLS reserves the right to make unannounced inspections of state facilities to determine compliance with confidentiality and security requirements.

25. In the event of grant termination, or at an earlier time if required by the BLS, all confidential information provided to the state agency by the BLS and any documents or other media created by the state agency that contain confidential information must be returned to the BLS or, with BLS permission, be destroyed. The state agency's failure to surrender or destroy such materials promptly or the state agency's conversion of such materials to a use not authorized by this CA may be a violation of 18 USC Section 641.

26. The state agency agrees to notify the BLS regional office immediately upon discovering:

- i. Any breach or suspected breach of security, or
- ii. Any disclosure of the confidential information not authorized by this cooperative agreement.

27. The Authorizing Official, or designee, must sign a Statement of Assurance for Information Security each year a cooperative agreement is executed. A copy of this form is included as part of the application materials in Part III.

28. Telework Requirements

In order for state agency employees to telework while working on BLS programs, the following conditions must be met:

- a. Encryption to Federal standards (e.g. FIPS 140-2) of all data on portable devices (laptops, USB flash drives, optical media, etc.) that contain, or may contain, BLS information and transported outside of agency-controlled facilities per OMB 06-16, OMB 07-16, and NIST 800-53 MP-5.
- b. Use of state-owned and maintained equipment and devices (no use of personally-owned equipment). State-owned equipment must meet all applicable security controls (anti-virus, audit logging and monitoring, least functionality, etc.) as described in NIST 800-53 for a Moderate level of security.

- c. As described in OMB 06-16, OMB 07-16 and NIST 800-53 control IA-2, allow remote access only with two-factor authentication where one of the factors is provided by a device separate from the computer gaining access (e.g. smartcard, token, etc.).
- d. Enforcement of a password-protected screen saver on the PC with a timeout that locks the screen after no more than 15 minutes of inactivity.
- e. As described in OMB 06-16 and OMB 07-16, enforce a session timeout function requiring user re-authentication to the remote access service after 30 minutes of inactivity.
- f. Data may only be accessed and viewed from secure, non-public areas (e.g. primary residence, home office, hotel room, etc.).
- g. Compliance with BLS policy related to state access to confidential data as promulgated via technical memos.

U. DATA COLLECTION INTEGRITY

The integrity of the BLS' data collection process requires that all survey information be sound, complete, and of the highest possible quality. Data must be obtained from the appropriate company official or respondent and the data entries must accurately report data and responses they provided. This requirement covers "all aspects of data collection, reconciliation and processing including, but not limited to, the following: personal visits, telephone collection, telephone clarification, mail, tape reformatting, computer assisted telephone interviews (CATI), computer assisted personal interviews (CAPI), telephone data entry (TDE), voice recognition and computer assisted data collection and processing (CADCAP).

The state agency agrees to acquaint all employees involved in data collection for LMI programs with the data collection requirements set out above, and to ensure that they understand that the source of the data, the method of data collection, and the data received from respondents must not be deliberately misrepresented.

V. PUBLICATION OF DATA

Publication of data produced under the agreement will be limited to BLS-validated or approved data. Funds may be budgeted in the CA to cover the cost of this activity. State agency publication of employment data, occupational data, and labor force and unemployment statistics, including data or deriving from data developed under the CA, must contain the BLS-validated or approved series, and be identified as such.

The cost of mailing publications is an allowable cost, but BLS will not provide additional funding for this purpose. One copy of any publication produced by the state agency with CA funds will be provided to the Grant Officer, except as otherwise indicated in the LMI statistical program manuals.

W. MAIL MANAGEMENT

In keeping with United States Postal Service and General Services Administration mandates, direct accountability of mail now relies on commercial mail and no longer uses penalty meters. Changes to mail practices and mail reporting requirements are described in LMI Administrative Memoranda S-07-9, "Transitioning State Labor Market Information Mail to Commercial Accountability and Practices" and S-07-3, "Supplemental Guidance for State Labor Market Information Commercial Mail Accounts."

States may not use ETA or BLS penalty meter heads for outgoing mail. States have converted to commercial mail payment of metered mail, permit imprint mail, and stamps and stationary in all locations. States should base their mail costs estimate on their postal statements, and use this estimate during CA

negotiations with regional offices. The CA award includes funds to pay for commercial mail. Costs for program return mail (e.g., postage due and address correction mail) will continue to be funded directly by BLS with the exception of a few states that are not connected to the United States Postal Service Centralized Account Processing System (CAPS).

X. CERTIFICATIONS

1. Debarment, Suspension, and Other Responsibility Matters

Under the government-wide system for nonprocurement debarment and suspension, any party who is debarred or suspended will be excluded from Federal financial and non-financial assistance and benefits under Federal programs and activities. [29 CFR 98.100(a)] Accordingly, before being awarded funding, each state agency will submit, as part of its application for funding, the Certification Regarding Debarment, Suspension, and Other Responsibility Matters--Primary Covered Transactions. In addition, each state agency will require participants in lower-tier covered transactions to submit the Certification Regarding Debarment, Suspension, and Other Responsibility Matters--Lower-Tier Covered Transactions. [29 CFR 98.510(a) and 29 CFR 98.510(b)] These certifications and instructions for their completion are found in Part II, Application Instructions.

2. Drug-Free Workplace Requirements

29 CFR 98.630(a) requires that all grantees receiving grants (and cooperative agreements) from any Federal agency certify to that agency that they will maintain a drug-free workplace. Making the required certification is a precondition for receiving a grant from a Federal agency. Accordingly, before being awarded funding, each state agency will certify as instructed in Part II, Application Instructions, that it is maintaining a drug-free workplace.

3. Lobbying Activities

Pursuant to 29 CFR 93, each applicant for a cooperative agreement must certify that the applicant will not use the funds awarded under the cooperative agreement to pay any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any of the following covered Federal actions: the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement. Making the required certification is a precondition for receiving a grant from a Federal agency. Accordingly, before being awarded funding, each state agency will certify as instructed in Part II, Application Instructions.

29 CFR 93 also requires that each applicant for a cooperative agreement with a Federal agency file with that agency a disclosure form if the applicant has made or has agreed to make any payment using nonappropriated funds (to include profits from any covered Federal action), which would be prohibited if paid for with appropriated funds.

Y. ASSURANCES

The standard assurances that follow specify terms and conditions with which state agency must comply, as prescribed by 2 CFR 200.206, Standard Form 424B, Standard Assurances. Pursuant to SF-424B, certain assurances (Nos. 7, and 9 through 16 of SF-424B) are not applicable to this agreement and have been deleted from the list below.

By placing an "X" or check mark in the "Agree to Comply" box next to the requirement concerning the assurances in the work statement: Requirements for All Programs, the state agency assures and certifies

that it will comply with all guidelines and requirements that apply to the application for, and the acceptance and use of Federal funds for this federally-assisted program. Specifically, the state agency assures and certifies that it:

1. Has the legal authority to apply for Federal assistance, and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project costs) to ensure proper planning, management and completion of the project described in this application.
2. Will give the awarding agency, the Comptroller General of the United States and, if appropriate, the state, through any authorized representative, access to and the right to examine all records, books, papers, or documents related to the award; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives.
3. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.
4. Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.
5. Will comply with the Intergovernmental Personnel Act of 1970 (42 USC 4728-4763) relating to prescribed standards for merit systems for programs funded under one of the nineteen statutes or regulations specified in Appendix A of OPM's Standards for a Merit System of Personnel Administration (5 CFR 900, Subpart F).
6. Will comply with all Federal statutes relating to nondiscrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352), which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 USC 1681-1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 USC 794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 USC 6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended, relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) Sections 523 and 527 of the Public Health Service Act of 1912 (42 USC 290 dd-3 and 290 ee-3), as amended relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 USC 3601 et seq.) as amended, relating to nondiscrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and (j) the requirements of any other nondiscrimination statute(s) that may apply to the application.
7. Will comply with the provisions of the Hatch Act (5 USC 1501-1508 and 7324-7328), which limits the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.
8. Will cause to be performed the required financial and compliance audits in accordance with the Single Audit Act Amendments of 1996 and 2 CFR 200, Subpart F (Audit Requirements).
9. Will comply with all applicable requirements of all other Federal laws, executive orders, regulations, and policies governing this program.

INSTRUCTIONS FOR COMPLETING THE LMI COOPERATIVE STATISTICS FINANCIAL REPORT

The LMI cooperative Statistics Financial Report displays cumulative actual dollar obligations by program, cost category, and staff years for program and AS&T staff. Cumulative is defined as the beginning of the cooperative agreement period to the end of report period regardless of the fiscal year in which the cooperative agreement began. This report also requests information on total expenditures by month and cumulative.

Frequency: Only bottom-line data must be submitted monthly; therefore, lines 4, 5, and 6 of columns C, E, G, and I will be completed and submitted to the BLS within 30 calendar days after the end of each month. Cumulative data for all lines must be completed and submitted to the BLS 30 calendar days after the end of the Federal fiscal year quarter.

Identifying Information: Enter the appropriate Federal fiscal year, quarter (1st, 2nd, 3rd or 4th) and/or name of month (Oct., Nov., Jan., Feb., April, May, July, Aug.) report is covering. Enter a check to indicate if this is the final report of the agreement. Enter the state's two letter postal abbreviation, the FIPS code, the appropriate cooperative agreement number and date agreement was executed. Enter the state agency's name. Enter the following information for the submitting official: name, title, and telephone number.

Columns C through J: Enter the appropriate fund ledger code in the space provided under the program name. In columns C, E, G, and I, enter the noncumulative data for this month (the month of the report) for total expenditures, total obligations and total cash received. In columns D, F, H, and J, the cumulative data should reflect the cumulative information from the beginning of the cooperative agreement period through the end of the current report period.

Line 1, Program Staff Resources Obligated: Enter actual obligations for personal services and personnel benefits for program staff for each program under the cooperative agreement. Program staff includes all staff charges directly under the cooperative agreement.

Line 2, Administrative, Support and Technical Services Staff Resources Obligated: Enter actual obligations for personal services and personnel benefits for AS&T staff being charged to the cooperative agreement. This line includes all personnel costs, direct, indirect or allocated, for staff work in an administrative capacity that benefits multiple programs administered by the state agency.

Line 3, Nonpersonal Services Obligated: Enter obligations for nonpersonal services for each program. This line includes all goods and services other than personal services benefits used by the program and AS&T staff under the cooperative agreement. These include supplies, communications, travel, rental of equipment, utilities, etc.

Line 4, Total Obligations: Enter total actual obligations for each program. This should equal the sum of lines 2 through 4. This line must be completed monthly and quarterly.

Line 5, Total Cash Received: Enter the amount of funds received for the month, and cumulatively, through electronic funds transfers or check payments.

Line 6, Total Expenditures: Enter the total actual expenditures (i.e., total obligations less resources on order) for each program for the month and cumulatively.

Line 7, Program Staff Years: Enter the actual annualized staff years paid for program staff as defined in line 2. Actual staff years can be computed by taking the actual hours charged, including leave chargeable to the programs, and dividing by the hours available in the report period.

Line 8, AS&T Staff Years: Enter the actual annualized staff years paid (as defined above) for AS&T staff as defined in line 3.

Certification: Self-explanatory.

LMI COOPERATIVE AGREEMENT BUDGET VARIANCE REQUEST FORM

1. Fill in the "FY TOTAL" column of this form from Column G of the current BIF in the Cooperative Agreement (CA).
2. Insert the revised budget figures in the "REVISED FY TOTAL" column. The total amount of the revision cannot exceed 4.0% of the total CA amount. **All amounts should be entered in dollars and cents.**
3. Enter the payments received to date for each program for which a variance is requested (no total is needed). No single program's "REVISED FY TOTAL" can be lower than the total payments received to date ("PAYMENTS TO DATE") for the program.
4. Forward the form to the regional office for review no later than 60 days after the end of the fiscal year. Regional offices will send Budget Variance Requests to the national office no later than 15 days after receipt from state agencies. Variance requests must be processed prior to the submission of closeout materials.

<p>We estimate that it will take an average of 5-25 minutes to complete this form including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the information. Line 1. **Cumulative Disbursements:**

The amount shown should represent cumulative cash disbursements through the obligations incurred during the CA period that were paid out prior to the completion of the Reconciliation Worksheet:

- applicable credits, refunds and rebates;
- outstanding advances and prepaid expenses; and
- other cash adjustments.

Line 2. **Payments:**

The amount of cash drawn down against HHS-PMS or checks received.

.

Line 3. **Difference:**

The amount of Payments/draw downs (Line 2), subtracted from reported expenses in Line 1. If the balance is greater, or less than zero, the closeout cannot take place until the SWA fully updates their last quarter's FFR to properly match their draw downs.

When the Difference (Line 3) is greater than zero, there are either:

- Resources on Order
 - The amount of those goods or services that is obligated, but not yet delivered by the vendor. Does not include: personal services, personnel benefits, most nonpersonal services line items and any items included as an "Accrual."
- Accruals
 - The amount of those goods received, services rendered, expenses incurred, and assets acquired, but for which payments have not yet been made.

When the Difference (Line 3) is less than zero there is:

- Cash on Hand
 - The amount of cash available for the payment of obligations.

Line 4. **Total Obligational Authority:**

The amount of funds that the SWA is allowed to obligate against a specific program (i.e., CES, LAUS, etc.).

Line 5. **Unused Obligational Authority:**

The amount of funds that the SWA did not obligate against a specific program. This sum should equal Line 4 (Total Obligational Authority) minus Line 2 (Payments).

Line 6. **Revised Obligational Authority:**

The actual amount of funds used during the fiscal year. This sum should equal Line 4 (Total Obligational Authority) minus Line 5 (Unused Obligational Authority).

Line 7. **Total Unused Obligational Authority from this page:**

Represents all Unused Obligational Authority summed across all programs, which illustrates the total amount of funds that will be deobligated from the CA.

BLS LMI FINANCIAL RECONCILIATION WORKSHEET (FRW-B: AAMC PROGRAMS)

We estimate that it will take an average of 20-30 minutes to complete this form including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the information. Your response is required to obtain or retain benefits under 29 USC 49L-1. If you have any comments regarding these estimates or any other aspect of this form, including suggestions for reducing this burden, send them to the Bureau of Labor Statistics, Division of Financial Planning and Management (1220-0079), 2 Massachusetts Avenue, NE, Room 4135, Washington, DC 20212-0001. You are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Instructions for Completing the Property Listing

The Property Listing is required by 2 CFR 200.312. SWAs shall submit, as part of the final closeout package, a complete listing of all BLS-owned property for which it is responsible. BLS-owned property is distinct from property purchased with CA funds; an inventory of property purchased with CA funds is not required.

The Property Listing need not be submitted for a partial closeout.

Please read the instructions below before completing the form.

1. Enter the complete SWA name, CA number, and date in the spaces provided at the top of the form.
2. For each item of property, enter the following information in the appropriate column.
 - a. Item #: Enter property items in numerical sequence, i.e., 1, 2, 3, etc.
 - b. Identification #: Enter an identification number such as the Federal stock number, manufacturer's serial number, or other identifying number.
 - c. Description: Describe the property, e.g., IBM PC-XT.
 - d. Location: If different from the SWA address, enter the location of the property.
 - e. Date of Acquisition: Date on which the SWA assumed responsibility for the property.
 - f. Condition Code: Enter the condition code corresponding to the condition descriptions provided in the attached list; e.g., property that can be described as "Used-Good" receives a condition code of "4".
 - g. Unit: Enter the unit, e.g., "ea" for each, "dz" for dozen, "st" for set, etc.
 - h. Quantity: Enter the number of units.
 - i. Unit Acquisition Cost, Total Cost: Leave blank; these columns will be completed by BLS.

Condition Codes

1	Unused-Good	Unused property that is usable without repairs and identical or interchangeable with new items from normal supply sources.
2	Unused-Fair	Unused property that is usable without repairs, but is deteriorated or damaged to the extent that utility is somewhat impaired.
3	Unused-Poor	Unused property that is usable without repairs, but is considerably deteriorated or damaged. Enough utility remains to classify the property better than salvage.
4	Used-Good	Used property that is usable without repairs, and most of its useful life remains.
5	Used-Fair	Used property that is usable without repairs, but somewhat worn or deteriorated and may soon require repairs.
6	Used-Poor	Used property that may be used without repairs, but is considerably worn or deteriorated to the degree that remaining utility is limited or major repairs will soon be required.
7	Repairs required-Good	Required repairs are minor and should not exceed 15 percent of original acquisition cost.
8	Repairs required-Fair	Required repairs are considerable and are estimated to range from 16 to 40 percent of original acquisition cost.
9	Repairs required-Poor	Required repairs are major because property is badly damaged, worn, or deteriorated, and are estimated to range from 41 to 65 percent of original acquisition cost.
X	Salvage	Property has some value in excess of its basic material content, but repair or rehabilitation to use for the originally intended purpose is clearly impractical. Repair for any use would exceed 65 percent of the original acquisition cost.
S	Scrap	Material that has no value except for its basic material content.

II. APPLICATION INSTRUCTIONS

A. ROLES

The state agency will complete application materials completely and correctly according to the instructions provided below and those that accompany the forms. The state agency will submit draft and final applications to the BLS Regional Commissioner, who is the Grant Officer for the cooperative agreement (CA), according to the schedule provided in the transmittal memorandum.

The BLS will work closely with the state agency throughout the application process to discuss deliverables and funding levels. The BLS will review applications for completeness, conformance with specified deliverables, and cost. Once the final application, which reflects agreed-upon work statements and costs, has been reviewed and approved, the BLS Regional Commissioner will execute the CA by signing and dating the face sheet (SF-424), which has been modified by the BLS to provide space for this purpose.

B. SUBMISSION AND REVIEW

A schedule of due dates for submission of draft and final cooperative agreement applications is provided in the LMI Administrative Memorandum transmitting the LMI CA to the State Workforce Agencies. State Workforce Agencies must submit a draft application, which does not need the signature of the state agency administrator, to the regional office for review prior to submission of the formal application.

The formal application must include one original signed by the state agency administrator or other authorized representative and two photocopies of the original. The BLS will return one of the two copies of the CA with the Regional Commissioner's original signature to the state agency for its official file. Applicants are encouraged to submit draft and formal applications as early as possible to facilitate the review and approval process.

Each application must include the documents listed below. State agencies are requested to submit them in the following order:

- Application for Federal Assistance, Standard Form 424 (SF-424), as modified by the BLS
- Drug-Free Workplace Certification, if appropriate (see Section 3.B.2. for details)
- Disclosure of Lobbying Activities (SF-LLL), if applicable
- BLS Pre-release Access Certification Form
- BLS Agent Agreement
- Statement of Assurance for Information Security
- Work Statements
- Budget Information Form(s) (BIFs)

The application should not include any of the following documents:

- Administrative Requirements
- Assurances
- Application Instructions
- Work statements or BIFs for any programs or activities for which funding is not being requested

C. INSTRUCTIONS

1. Application for Federal Assistance (SF-424)

a. General Guidelines

The SF-424 is an OMB-approved standard form and is required as a face sheet for applications submitted for Federal assistance. The SF-424 requests important information, including total estimated funding and the time period of the funded activities. The highlights below are followed by step-by-step instructions for completing the form. Please ensure that the SF-424 is filled out completely and accurately and that it is signed and dated by the state agency's authorized representative. Failure to do so may result in delayed processing of the CA.

Item 2: Type of Application – Must be completed. The initial application for funding should be treated as a "New" (A) agreement; any modification to the CA after the beginning of the period of activity should be treated as a "Revision" (C). "Continuation" (B) does not apply to BLS CAs.

Item 17: Proposed Project – Project start and ending dates must be consistent with the dates entered on the BIF and in the work statements. The start and ending dates for base programs will always be October 1 and September 30, respectively; but the ending date may change during the fiscal year if the CA is modified to fund an additional activity to maintain currency (AAMC).

Item 21: Only the state agency's authorized representative(s) may sign and date the form.

b. Instructions for SF-424, Application for Federal Assistance

State agencies will follow the instructions below in completing the SF-424. Instructions are organized by and refer to the Item No. on the SF-424.

1. *Type of Submission*—Check the box labeled "Application"
2. *Type of Application*—Select one type of application in accordance with the following definitions:
 - New – An application that is being submitted to an agency for the first time.
 - Continuation – Does not apply to BLS CAs.
 - Revision – Any modification to the CA after the beginning period of activity. If a revision, enter the appropriate letter(s). More than one may be selected. If "Other" is selected, please specify in the text box provided.
 - A. Increase Award
 - B. Decrease Award
 - C. Increase Duration
 - D. Decrease Duration
 - E. Other (specify)
3. *Date Received*—Leave blank. The appropriate regional office will complete this.
4. *Applicant Identifier*—This box is optional.
- 5a. *Federal Entity Identifier*—Leave blank.
- 5b. *Federal Award Identifier*—(i.e., Cooperative Agreement Number)—Enter the 14-digit CA number (ex. LM-25318-17-75-J-25) as follows:

1st through 2nd digits – Program identifier; "LM" is used for LMI
3rd through 7th digits – Each fiscal year the DOL eGrants system randomly selects and assigns a sequence of 5 digits for each state agency. (See attachment--2017 Labor

Market Information Cooperative Agreement Document Numbers for assigned State Agency DOL eGrants system number.)

8th through 9th digits – Represents the fiscal year “17” for 2017.

10th through 11th digits – Type of Federal assistance document; “75” denotes CA.

12th digit – Is a Federal agency identifier. “J” is used for the BLS.

13th through 14th digits – Applicable FIPS code for the state, e.g., “01”Alabama, “23” for Maine, and “48” for Texas, etc.

6. *Date Received by State*—This box is optional.
7. *State Application Identifier*—This box is optional.
8. *Applicant Information*—Enter (a) legal name of the state agency, (b) employer or taxpayer identification number (EIN or TIN) as assigned by the Internal Revenue Service, (c) the organization’s DUNS number (received from Dun and Bradstreet), (d) enter the complete address of the state agency, (e) name of the primary organizational unit, department or division that will undertake the assistance activity (for example, “LMI Division”), and (f) Name and contact information of person to be contacted on matters involving this application.
9. *Type of Applicant 1*—Enter “State Government” in the field provided.
10. *Name of Federal Agency*—Enter “Department of Labor, Bureau of Labor Statistics”
11. *Catalog of Federal Domestic Assistance Number*—Enter “17.002”; CFDA Title: “Labor Force Statistics”
12. *Funding Opportunity Number*—Leave blank.
13. *Competition Identification Number*—Leave blank.
14. *Areas Affected by Project (Cities, Counties, States, etc.)*—Enter the name of the state or territory that will benefit from the project.
15. *Descriptive Title of Applicant’s Project*—For the initial application, enter “LMI--The applicant will provide statistical data to the BLS for the following programs: [Enter here the names of the programs and/or AAMCs for which funding is sought].” If the state agency is submitting an application to modify an existing CA, enter only the names of the affected programs or additional activities to maintain currency, as appropriate. Please do not use the same description for AAMCs as is used for the initial CA for base programs.
16. *Congressional Districts of*—(a) Enter the applicant’s three digit congressional district and (b) Enter “all” to signify that the scope for the LMI program is statewide. Maps depicting congressional districts of the 114th Congress can be found online at <http://www.census.gov/geo/maps-data/maps/reference.html>.
17. *Proposed Project Start and End Dates*— Enter “10/01/XX” and “09/30/XX” where XX is the year in which the Federal fiscal year begins followed by the next calendar year when the Federal fiscal year ends. For example, 10/01/16 and 09/30/17 for Federal fiscal year 2017.
18. *Estimated Funding*—Enter the amount of Federal assistance requested. If the purpose of this application is to change an existing award (2), enter only the amount of increase or decrease. For decreases, enclose the amount in parentheses. If the amount is the net result of several increases and/or decreases, attach a separate page to break out the amount by Fund Ledger Code.
- 18a. *Federal*—Enter the amount of Federal assistance requested.
- 18b. *Applicant*—Leave blank.
- 18c. *State*—Leave blank.

18d. *Local*—Leave blank.

18e. *Other*—Leave blank.

18f. *Program Income*—Leave blank.

18g. *TOTAL*—Will automatically calculate based on information in 18a.

19. *E.O 12372 Review*—LMI programs are not subject to review; box 19c is checked
“Program is not covered by E.O. 12372.”

20. *Delinquent on Federal Debt*—Check Yes or No; if Yes, include an explanation on an additional page. Categories of debt include, but are not limited to, delinquent audit disallowances, loans and taxes. [Note: This question applies to the state agency applying for Federal assistance, not to the authorized representative who signs the application for the state agency.]

21. *Authorized Representative*—To be signed and dated by the authorized representative of the applicant organization. Enter the first and last name, prefix, middle name, suffix, title, telephone number, email, and fax number. This authorized representative must also sign and date the application. By signing, the signatory is making the certification set forth on the form.

22. *Grant Officer Signature*—Leave these boxes blank. The BLS Grant Officer will provide his (a) name, (b) title, (c) telephone number, (d) signature, and (e) date signed. Note that this item has been added by the BLS. It does not appear on the electronic version of this form available at the OMB website.

2. Certification Regarding Debarment, Suspension, and Other Responsibility Matters

a. *Instructions--Primary Covered Transactions*

1. **By signing and submitting this application or grant agreement, the prospective primary participant is providing the certification set out below** (see Section 2.b.).
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant will submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective participant to furnish a certification or explanation will disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.
4. The prospective primary participant will provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary participant learns its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549 [29 CFR 98.105 and

29 CFR 98.110]. You may contact the department or agency to which this proposal is being submitted for assistance in obtaining a copy of those regulations.

6. The prospective primary participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR Part 9, Subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion--Lower Tier Covered Transactions," provided by the department or agency entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, Subpart 9 debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.
9. Nothing contained in the foregoing will be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transactions with a person who is proposed for debarment under 48 CFR part 9, Subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

b. Certification--Primary Covered Transactions

This certification is required by the regulations implementing Executive Order 12549, Debarment and Suspension, 29 CFR 98.510, Participants' responsibilities.

- The prospective participant certifies to the best of its knowledge and belief, that it and its principals:
 - a. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;
 - b. Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, state or local) transaction or contract under a public transaction; violation of Federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

- c. Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, state or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and
 - d. Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, state or local) terminated for cause or default.
- Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant will attach an explanation to this proposal.

c. *Instructions--Lower-Tier Covered Transactions*

1. **By signing and submitting this application or grant agreement, the prospective lower tier participant is providing the certification set out below.**
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to whom this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.
4. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meaning set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549 [29 CFR 98.105 and 29 CFR 98.110]. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.
5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR Part 9, Subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
6. The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion--Lower Tier Covered Transactions," provided by the department or agency entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR Part 9, Subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.

8. Nothing contained in the foregoing will be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transactions with a person who is proposed for debarment under 48 CFR Part 9, Subpart 9, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

d. Certification--Lower-Tier Covered Transactions

This certification is required by the regulations implementing Executive Order 12549, Debarment and Suspension, 29 CFR 98.510, Participants' responsibilities.

1. The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.
2. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant will attach an explanation to this proposal.

3. Drug-Free Workplace Certification

a. Instructions

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below (see Section b.1.); however, see also Section b.2.
2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
4. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or state highway department while in operation. State employees in each local unemployment office, performers in concert halls or radio studios).
5. If the workplace identified to the agency changes during the performance of the grant, the grantee will inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph (3)).

6. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

"Controlled substance" means a controlled substance in Schedules I through V of the Controlled Substances Act (21 USC. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

"Conviction" means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or state criminal drug statutes;

"Criminal drug statute" means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

"Employee" means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All "direct charge" employees; (ii) All "indirect charge" employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

b. Certification Regarding Drug-Free Workplace Requirements

1. The grantee certifies that it will or will continue to provide a drug-free workplace by:
 - a. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
 - b. Establishing an ongoing drug-free awareness program to inform employees about--
 - The dangers of drug abuse in the workplace;
 - The grantee's policy of maintaining a drug-free workplace;
 - Any available drug counseling, rehabilitation, and employee assistance programs; and
 - The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
 - c. Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);
 - d. Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will--
 - Abide by the terms of the statement; and
 - Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

- e. Notifying the agency in writing within ten calendar days after receiving notice under (d), above, from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employees was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;
- f. Taking one of the following actions within 30 calendar days of receiving notice under subparagraph (d), above, with respect to any employee who is so convicted--
 - ❑ Taking appropriate personnel action against such an employee, up to and including termination; consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
 - ❑ Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, state, or local health, law enforcement, or other appropriate agency;
- g. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e), and (f).

2. The grantee will:

- a. Insert in the spaces provided on the attached page (See Part III, Application Materials) the site(s) for the performance of work done under the agreement, if the site(s) is/are different than that listed on the SF-424 and submit the attached page as part of its application for Federal assistance; or
- b. Indicate in the cooperative agreement transmittal letter that a state-wide certification has been made and a copy is on file in the Department of Labor, Office of Acquisition Integrity, Division of Procurement and Grant Management.

4. Certification Regarding Lobbying Activities

a. *Instructions*

By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below (see Section b.1.). No other certification is necessary if an authorized representative of the state agency signs this application.

b. *Certification for Contracts, Grants, Loans, and Cooperative Agreements*

The undersigned certifies, to the best of his or her knowledge and belief, that:

- 1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
- 2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of

Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned will complete and submit Standard Form, "Disclosure Form to Report Lobbying," in accordance with its instructions.

3. The undersigned will require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients will certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification will be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

5. Disclosure of Lobbying Activities (SF-LLL)

a. General Guidelines

The SF-LLL is an OMB-approved standard form for the disclosure of lobbying activities. If applicable, this disclosure form will be completed by the state agency upon entering into the cooperative agreement or a material change to a previous filing, pursuant to title 31 USC section 1352. The state agency must file this form each time it makes a payment or an agreement to make a payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered Federal action. Complete all items that apply for both the initial and material change reports. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

Please note: Submission of this form is necessary only if the state agency meets the above criteria.

b. Instructions for Completion of SF-LLL, Disclosure of Lobbying Activities

1. Identify the type of covered Federal action for which lobbying activity is and/or has been secured to influence the outcome of a covered Federal action.
2. Identify the status of the covered Federal action.
3. Identify the appropriate classification of this report. If this is a follow-up report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter the date of the last previously submitted report by this reporting entity for this covered Federal action.
4. Enter the full name, address, city, state, and ZIP Code of the reporting entity. Include Congressional District, if known. Check the appropriate classification of the reporting entity that designates if it is, or expects to be, a prime or subaward recipient. Subawards include but are not limited to subcontracts, subgrants, and contract awards under grants.
5. If the organization filing the report in item 4 checks "subawardee," then enter the full name, address, city, state, and ZIP Code of the prime Federal recipient. Include Congressional District, if known.

6. Enter the name of the Federal agency making the award or loan commitment. Include at least one organizational level below agency name, if known. For example, Department of Transportation, U.S. Coast Guard.
7. Enter the Federal program name or description for the covered Federal action (item 1). If known, enter the full Catalog of Federal Domestic Assistance (CFDA) number for grants, cooperative agreements, loans, and loan commitments.
8. Enter the most appropriate Federal identifying number available for the Federal action identified in item 1 (e.g., Request for Proposal (RFP) number; Invitation for Bid (IFB) number; grant announcement number; the contract, grant, or loan award number; the application/proposal control number assigned by the Federal agency). Include prefixes, e.g., "RFP-DE-90-001."
9. For a covered Federal action where there has been an award or loan commitment by the Federal agency, enter the Federal amount of the award/loan commitment for the prime entity identified in item 4 or 5.
- 10a. Enter the full name, address, city, state, and ZIP Code of the lobbying entity engaged by the reporting entity identified in item 4 to influence the covered Federal action.
- 10b. Enter the full names of the individual(s) performing services, and include full address if different from 10a.
11. The certifying official will sign and date the form, print his/her name, title, and telephone number.

6. BLS Pre-Release Access Certification Form

a. General Guidelines

The purpose of the BLS Certification Form is for the BLS State Cooperating Representative to certify that persons with advance access to BLS pre-release information are aware of their responsibilities for ensuring compliance with BLS confidentiality policies regarding handling of pre-release information. This agreement is intended for signature by the BLS State Cooperating Representative only to certify that the individuals listed in the attachment to the certification form are authorized to have advance access to BLS pre-release information and have indicated their understanding and acceptance of the conditions for access to BLS pre-release information.

b. Instructions

1. Each BLS State Cooperating Representative should provide the BLS with a list of individuals with a need to see pre-release information, including the name, state government affiliation, and title of each individual. This list will serve as attachment A of the Pre-release Access Certification Form.
2. Each individual named on the list above must be fully informed of their responsibilities and obligations for handling BLS pre-release information either in writing or verbally. The document entitled, "Conditions for Handling BLS Pre-release Information," can be used for this purpose.
3. The BLS State Cooperating Representative is responsible for forwarding to their respective BLS regional office the list of individuals authorized advance access to BLS pre-release information and the signed Pre-release Access Certification Form.

4. The BLS regional office is responsible for maintaining on file the signed original copies of all Certification Forms from their respective SWAs.
5. The BLS Pre-release Access Certification Form signed by the BLS State Cooperating Representative is in effect so long as the list of authorized persons is accurate. A new certification must be made each time a new individual is added to the list of authorized persons. The new individual should be appended to the list and the list should be re-certified. At the time of modification, individuals who no longer need-to-know this information should be dropped from the list.

7. BLS Agent Agreement

a. General Guidelines

The purpose of the BLS Agent Agreement is to inform persons of their responsibilities as agents of the BLS for ensuring compliance with BLS confidentiality policies within the state agencies.

b. Instructions

1. Each BLS State Cooperating Representative should provide the BLS with a list of candidates to be designated as agents of the BLS, including the name and title of each candidate. The BLS State Cooperating Representative should include his or her own name and title on this list.
 2. Each BLS Regional Commissioner will review the list of agent candidates provided by the BLS State Cooperating Representatives within their respective regions. Each BLS Regional Commissioner then will prepare an Agent Agreement for each approved agent candidate and will signify BLS approval by signing the Agent Agreement.
 3. The Agent Agreements then will be forwarded to the BLS State Cooperating Representative, who will be responsible for ensuring that each approved agent candidate signs their respective Agent Agreement.
 4. State designees must review the confidential information protection provisions of the Confidential Information Protection and Statistical Efficiency Act of 2002.
 5. State designees must review the BLS Agent Agreement and sign the form.
 6. The BLS State Cooperating Representative is responsible for forwarding to their respective BLS regional office all signed Agent Agreements.
 7. The BLS regional office is responsible for maintaining on file the signed original copies of all BLS Agent Agreements received from their respective SWAs.
 8. The BLS Agent Agreement form signed by the state designee is effective until the state designee resigns or is terminated.
8. Statement of Assurance for Information Security

a. General Guidelines

The purpose of the Statement of Assurance for Security is for each party to inform the other about its security posture. These assurances assist in the decision of approving or disapproving the interconnection between the systems by authorizing officials.

b. Instructions

1. Each BLS State Cooperating Representative shall provide the BLS with a completed Statement of Assurance for Information Security, signed by the State Authorizing Official, as part of the cooperative agreement application.
2. Each BLS Regional Commissioner will review the statements submitted by the BLS State Cooperating Representatives within their respective regions.
3. The BLS regional office will then send the original Statements of Assurance signed by the states to the BLS national office.
4. The BLS national office will have the BLS Authorizing Official review the statements and authorize the interconnections in official office memoranda. The national office will keep the original finalized documents, and then return copies to the BLS regional office.
5. The BLS regional office will keep a copy of the BLS interconnection authorization and send a copy to the state.

9. Work Statements

a. General Guidelines

Work statements are the core documents in the application. They describe the work to be performed, list major deliverables and/or milestones, identify methods that must be used, and qualitative standards state agencies are expected to achieve. They also indicate work that may not be performed by the state agency under the cooperative agreement (i.e., exclusions). Some work statements also contain information specific to a particular program or particular state. Instructions for completing the work statements follow.

State Abbreviation and Cooperative Agreement Number. Enter the standard two-letter postal abbreviation for the state and the cooperative agreement number in the upper right-hand corner of each page of the work statement in the spaces provided. If pages are added to the work statement, enter the abbreviation and cooperative agreement number on each.

Agreement. Indicate agreement to comply with specified deliverables and milestones, performance requirements, and quality assurance requirements by placing an "X" in the appropriate boxes. Supply other information where requested; for example, a list of sub-state areas for which CES estimates will be made. No other changes, additions, or deletions are to be made to the work statements for the LMI cooperative statistical programs.

Explanation of Variances. A program variance is required if a state cannot fully comply with all performance requirements for the entire period of the CA. If a program variance is requested, the state agency must submit a Variance Request Form (VRF) to the BLS regional office for review before it is sent to the BLS national office for review. All program variances must be approved by the BLS national office prior to the CA being signed. Any language specified by the national managers in the VRF needs to be included without revision in the CA. The approved program variance is to be referenced in the space provided at the end of the work statement.

b. Instructions for Completing Work Statements

Requirements for All Programs. The work statement, Requirements for All Programs, is to be completed only once, when the original cooperative agreement application is submitted. The requirements will continue in effect (as appropriate) for any modifications to the original

cooperative agreement. If a state agency is unable to comply with any of the requirements for all programs, or failed to meet requirements in the previous period, the box should be left blank and an explanation of variance provided. No variances will be accepted for the requirement that the state agency comply with the Assurances.

Additional Activities to Maintain Currency (AAMCs). The BLS will provide work statements for AAMCs to eligible state agencies. States that elect to participate should provide:

- A completed work statement with beginning and ending dates provided for each milestone.
- SF-424 on which the total dollars indicated in box 18 include funds for the approved activity as well as the base programs if the form is being submitted with the initial cooperative agreement application.
- A separate BIF (Form LMI-1B) for the AAMC.

States may also initiate AAMCs by sending to the regional office a letter that includes:

- Title of activity;
- A discussion of the need for the activity;
- The goals and objectives of the activity;
- Milestones and the time required to achieve them;
- Estimated cost;
- The total duration of the activity;
- Deliverables/outcomes; and
- Any other relevant information.

When the AAMC is approved, the regional office will advise the states to submit the materials described above if it is to be funded as part of the initial cooperative agreement or to submit a bilateral modification if submitted after the cooperative agreement has been executed.

The regional office may specify performance standards as required. State agencies should consult the regional office for more information.

10. Budget Information Form (BIF)

a. General Guidelines

There are two pages to a Budget Information Form (BIF). The first page (Form BLS LMI-1A) requests estimated staff year, planned obligation and other information on the four base programs (CES, LAUS, OES, and QCEW). The second page (Form BLS LMI-1B) requests staff year, planned obligation and other information on any Additional Activities to Maintain Currency (AAMCs).

Applicants are requested to complete and submit the appropriate page(s) of the BIF when applying for funding--Form BLS LMI-1A for base program funding and Form BLS LMI-1B for AAMC funding. State agencies may use an electronic spreadsheet facsimile of the BIF that will be provided by the regional office upon request. Only the BLS version of the electronic spreadsheet will be accepted.

Staff years are defined as the number of staff, dedicated full-time to an activity, needed to accomplish the deliverables.

Three cost categories are specified on the BIF:

1. Program Staff Resources. This category includes staff years and costs for the personal services and personnel benefits for staff directly contributing to the work required to accomplish the deliverables. Personal services and personnel benefits costs for program staff should be based on the average salary of the staff needed to produce the deliverables multiplied by the number of staff years needed for each program. Cost estimates should include actual and anticipated legislated pay increases effective during the fiscal year for which funding is sought.
2. Administrative, Support and Technical Services (AS&T) Staff Resources. This category includes staff years, and all direct or allocated personal services and personnel benefits costs for staff who work in an administrative capacity benefiting multiple programs administered by the state agency. Personal services and personnel benefits costs for AS&T staff should be based on the average salary of AS&T staff in the state agency multiplied by the number of AS&T staff years needed for each program. Cost estimates should include actual and anticipated legislated pay increases effective during the fiscal year for which funding is sought.
3. Nonpersonal Services (NPS). This category includes the cost of all goods and services other than personal services and personnel benefits used by the staff in support of the activities shown in the work statements. These include supplies, communications, travel, equipment rent, and utilities. Travel costs required for attendance at BLS meetings as well as other travel required to accomplish the deliverables agreed to in the work statements are also included. NPS costs should be based on allocated charges to object class categories (supplies, communications, equipment, etc.) and any appropriate direct charges (travel, etc.).

b. Instructions for Form BLS LMI-1A (For Base Programs Only)

The first page of the BIF (Form BLS LMI-1A) must be completed when requesting funding for the base LMI programs. Dollar figures for each quarter must represent non-cumulative planned obligations for each quarter. Dollar figures in the "Fiscal Year Total" column must represent the total planned obligations for all four quarters. The total on line 17 represents the total planned obligations for the four base programs for each quarter and the fiscal year. Complete the form as instructed below.

Identifying Information: In the spaces provided, enter the two-letter state abbreviation; cooperative agreement number; name, title, and telephone number of the state agency's authorized representative; the fiscal year during which the funded activities will take place; the duration of the cooperative agreement; and, the date the BIF is completed.

Columns C, D, E, and F: Enter staff year estimates to the nearest hundredth (e.g., 3.75) for each quarter. Enter planned obligations in whole dollar amounts (e.g., 23,706) for each quarter. Staff year estimates must relate to the non-cumulative planned obligations for the particular quarter, but should be entered such that when added together and divided by four the fiscal year total results.

Column G: Enter total estimated staff years and total planned obligations for the entire fiscal year. To compute the total staff years, add the staff years for all four quarters and divide this sum by four. To compute the total planned obligations for the fiscal year, add the planned obligations for all four quarters.

Lines 1, 5, 9, and 13, Program Staff Resources (PSR): Enter staff year estimates and planned obligations for PSR for each program (CES, LAUS, OES, and QCEW). For the definition of Program Staff Resources, see the general guidelines above.

Lines 2, 6, 10, and 14, Administrative, Support and Technical Services (AS&T) Staff Resources: Enter staff year estimates and planned obligations for AS&T for each program. For the definition of AS&T Staff Resources, see the general guidelines above.

Lines 3, 7, 11, and 15, Nonpersonal Services (NPS): Enter only planned obligations for NPS for each program. For the definition of Nonpersonal Services, see the general guidelines above.

Lines 4, 8, 12, and 16, Total Resources: Enter the sum of lines 1 through 3, 5 through 7, 9 through 11, and 13 through 15, respectively. Please ensure that all numbers are added correctly.

Line 17, Total Labor Market Information (LMI): Enter the sum of lines 4, 8, 12, and 16. Please ensure that all numbers are added correctly.

c. *Instructions for Form BLS LMI-1B (For AAMCs Only)*

The second page of the BIF (Form BLS LMI-1B) must be completed when requesting funding for AAMCs. Each form can accommodate the first fiscal year of planned activity for each of up to five AAMCs. If the period of performance of an AAMC is planned to extend beyond the first fiscal year of the CA, a second Form BLS LMI-1B must be used. For these AAMCs that span two fiscal years, the heading for Column G, "TOTAL: FY AAMC.", will be marked "FY" for the first page and "AAMC" for the second page. Complete the form as described in the instructions that follow.

Identifying Information: In the spaces provided, enter the two-letter state abbreviation; cooperative agreement number; name, title, and telephone number of the state agency's authorized representative; the fiscal year during which the planned activities will take place; the duration of the cooperative agreement as modified by the AAMC; and the date the BIF is completed. Note that the duration of a modified cooperative agreement may extend beyond the end of the fiscal year to accommodate an AAMC that lasts for five or more quarters (for example, FY 2016, October 1, 2015 - March 30, 2017).

For each AAMC, enter the Program, Fund Ledger Code, and Activity Title in the spaces provided. The "Program" refers to the BLS-LMI program that is the source of funding for the activity. For example, if CES is the source of funding, then CES is the program to enter on the BIF, regardless of what the activity is related to. The FLC is the 5-digit code associated with the Program. The Activity Title is a short description of the funded activities. These three items provide important identifying information; please be certain that they are completed fully and correctly.

Lines 1 through 3, 5 through 7, 9 through 11, and 13 through 15: Enter staff year estimates and planned obligations for each cost category. For the definitions of the cost categories, see the general guidelines above.

Lines 4, 8, 12, and 16, Total Resources: Enter the sum of lines 1 through 3, 5 through 7, 9 through 11, and 13 through 15, respectively. Please ensure that all numbers are added correctly.

Columns C, D, E, and F: Enter staff year estimates to the nearest hundredth (e.g., 0.75) for each quarter. Enter planned, non-cumulative obligations in whole dollar amounts (e.g., 3,706) for each quarter.

Column G: Compute the total staff years for the AAMC by adding the staff years for all quarters and dividing this sum by the number of funded quarters. If an AAMC ends before the end of a fiscal year, enter zero (0) in all remaining quarters of the BIF to the end of the fiscal year. Compute the total planned obligations for the AAMC by adding the planned obligations for all funded quarters. Enter these totals on the last page of the BIF. Please note that for AAMCs that

span two fiscal years, the heading for Column G will be marked "FY" for the first page and "AAMC" for the second page. Thus, on the last page, the "TOTAL" will actually represent "AAMC Grand Total" in cases where the AAMC extends beyond one fiscal year.

Additional Information: If an AAMC is scheduled to extend beyond the end of the first fiscal year of the CA, a second page of Form BLS LMI-1B must be used. Do not "wrap-around" information from two fiscal years on the same page. Be sure to correctly enter all identifying information on the second page, especially the fiscal year during which the activity is planned to take place.

If the state agency applies for an extension of the duration of an AAMC that is being paid for with funds authorized in an earlier time period, but not obligated as originally planned, it should: (1) submit a revised BLS LMI-1B form for the period that was the source of the funds that provides the actual obligations, by quarter, and the fiscal year total as described above; and (2) a new BLS LMI-1B form for the coming fiscal year that provides the proposed obligations, by quarter, and the fiscal year total computed as described above.

[This section intentionally left blank.]

III. APPLICATION MATERIALS

This Part consists of the materials to be submitted by the state agency that will comprise its cooperative agreement application. Instructions for completing these documents, which are listed below, are provided in Part II.

- APPLICATION FOR FEDERAL ASSISTANCE, STANDARD FORM 424
- CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS (if appropriate)
- DISCLOSURE OF LOBBYING ACTIVITIES (if applicable)
- BLS PRE-RELEASE ACCESS CERTIFICATION FORM
- BLS AGENT AGREEMENT
- STATEMENT OF ASSURANCE FOR INFORMATION SECURITY
- WORK STATEMENTS
 - Requirements for All Programs
 - Current Employment Statistics (CES)
 - Local Area Unemployment Statistics (LAUS)
 - Occupational Employment Statistics (OES)
 - Quarterly Census of Employment and Wages (QCEW)
- BUDGET INFORMATION FORMS
 - BLS LMI-1A (for base programs)
 - BLS LMI-1B (for additional activities to maintain currency)

[This section intentionally left blank.]

INSTRUCTIONS FOR THE SF-424

This is a standard form required for use as a cover sheet for submission of pre-applications and applications and related information under discretionary programs. Some of the items are required and some are optional at the discretion of the applicant or the Federal agency (agency). Required fields on the form are identified with an asterisk (*) and are also specified as "Required" in the instructions below. In addition to these instructions, applicants must consult agency instructions to determine other specific requirements.

Item	Entry:	Item	Entry:
1.	Type of Submission: (Required): Select one type of submission in accordance with agency instructions. <ul style="list-style-type: none"> • Pre-application • Application • Changed/Corrected Application – Check if this submission is to change or correct a previously submitted application. Unless requested by the agency, applicants may not use this to submit changes after the closing date. 	10.	Name Of Federal Agency: (Required) Enter the name of the Federal agency from which assistance is being requested with this application.
		11.	Catalog Of Federal Domestic Assistance Number/Title: Enter the Catalog of Federal Domestic Assistance number and title of the program under which assistance is requested, as found in the program announcement, if applicable.
2.	Type of Application: (Required) Select one type of application in accordance with agency instructions. <ul style="list-style-type: none"> • New – An application that is being submitted to an agency for the first time. • Continuation - An extension for an additional funding/budget period for a project with a projected completion date. This can include renewals. • Revision - Any change in the Federal government's financial obligation or contingent liability from an existing obligation. If a revision, enter the appropriate letter(s). More than one may be selected. If "Other" is selected, please specify in text box provided. A. Increase Award B. Decrease Award C. Increase Duration D. Decrease Duration E. Other (Specify) 	12.	Funding Opportunity Number/Title: (Required) Enter the Funding Opportunity Number and title of the opportunity under which assistance is requested, as found in the program announcement.
		13.	Competition Identification Number/Title: Enter the Competition Identification Number and title of the competition under which assistance is requested, if applicable.
		14.	Areas Affected By Project: This data element is intended for use only by programs for which the area(s) affected are likely to be different than the places(s) of performance reported on the SF-424 Project/Performance Site Location(s) Form. Add attachment to enter additional areas if needed.
3.	Date Received: Leave this field blank. This date will be assigned by the Federal agency.	15.	Descriptive Title of Applicant's Project: (Required) Enter a brief descriptive title of the project. If appropriate, attach a map showing project location (e.g., construction or real property projects). For pre-applications, attach a summary description of the project.
4.	Applicant Identifier: Enter the entity identifier assigned by the Federal agency, if any, or applicant's control number, if applicable.		
5a.	Federal Entity Identifier: Enter the number assigned to your organization by the Federal agency, if any.	16.	Congressional Districts Of: 16a. (Required) Enter the applicant's congressional district. 16b. Enter all district(s) affected by the program or project. Enter in the format: 2 characters State Abbreviation – 3 characters District Number, e.g., CA-005 for California 5 th district, CA-012 for California 12 th district, NC-103 for North Carolina's 103 rd district. If all congressional districts in a state are affected, enter "all" for the district number, e.g., MD-all for all congressional districts in Maryland. If nationwide, i.e. all districts within all states are affected, enter US-all. If the program/project is outside the US, enter 00-000. This optional data element is intended for use only by programs for which the area(s) affected are likely to be different than the places(s) of performance reported on the SF-424 Project/Performance Site Location(s) Form. Attach an additional list of program/project congressional districts, if needed.
5b.	Federal Award Identifier: For new applications leave blank. For a continuation or revision to an existing award, enter the previously assigned Federal award identifier number. If a changed/corrected application, enter the Federal Identifier in accordance with agency instructions.		
6.	Date Received by State: Leave this field blank. This date will be assigned by the state, if applicable.		
7.	State Application Identifier: Leave this field blank. This identifier will be assigned by the state, if applicable.	17.	Proposed Project Start and End Dates: (Required) Enter the proposed start date and end date of the project.
8.	Applicant Information: Enter the following in accordance with agency instructions: a. Legal Name: (Required): Enter the legal name of applicant that will undertake the assistance activity. This is the name that the organization has registered with the Central Contractor Registry (CCR). Information on registering with CCR may be obtained by visiting www.Grants.gov.		
		b. Employer/Taxpayer Number (EIN/TIN): (Required): Enter the Employer or Taxpayer Identification Number (EIN or TIN) as assigned by the Internal Revenue Service. If your organization is not in the US, enter 44-4444444.	18.
	c. Organizational DUNS: (Required) Enter the organization's DUNS or DUNS+4 number received from Dun and Bradstreet. Information on obtaining a DUNS number may be obtained by visiting www.Grants.gov.		
	d. Address: Enter address: Street 1 (Required), city (Required), County/Parish, State (Required, if country is US), Province, Country (Required), 9-digit ZIP/postal code (Required, if country is US).		

		19.	Is Application Subject to Review by State Under Executive																										
9.	e. Organizational Unit: Enter the name of the primary organizational unit, department or division, if applicable that will undertake the assistance activity.		Order 12372 Process? (Required) Applicants should contact the State Single Point of Contact (SPOC) for Federal Executive Order 12372 to determine whether the application is subject to the state intergovernmental review process. Select the appropriate box. If "a." is selected, enter the date the application was submitted to the state																										
	f. Name and contact information of person to be contacted on matters involving this application: Enter the first and last name (Required); prefix, middle name, suffix, title. Enter organizational affiliation if affiliated with an organization other than that in 7.a. Telephone number and email (Required); fax number.	20.	Is the Applicant Delinquent on any Federal Debt? (Required) Select the appropriate box. This question applies to the applicant organization, not the person who signs as the authorized representative. Categories of federal debt include; but may not be limited to: delinquent audit disallowances, loans and taxes. If yes, include an explanation in an attachment.																										
	Type of Applicant: (Required) Select up to three applicant type(s) in accordance with agency instructions.	21.	Authorized Representative: To be signed and dated by the authorized representative of the applicant organization. Enter the first and last name (Required); prefix, middle name, suffix. Enter title, telephone number, email (Required); and fax number. A copy of the governing body's authorization for you to sign this application as the official representative must be on file in the applicant's office. (Certain Federal agencies may require that this authorization be submitted as part of the application.)

BLS AGENT AGREEMENT

FOR LMI FEDERAL-STATE PROGRAM

1. I, [Name BLS Designating Official], an authorized official of the Bureau of Labor Statistics (BLS), U.S. Department of Labor, hereby designate [Name of Agent] as a temporary Agent of the BLS, within the meaning of the Confidential Information Protection and Statistical Efficiency Act of 2002 (CIPSEA), Public Law 107-347, to serve in accordance with this Agent Agreement, the cooperative agreement and any other agreements entered into between the BLS and [Name of Organization], and in accordance with applicable Federal law.

2. I, [Name of Agent], hereby accept the designation as Agent in paragraph 1. I certify that I have read all applicable agreements between the BLS and the state agency and promise that I will comply with all provisions of this Agent Agreement, the cooperative agreement or any other agreements between the BLS and the state agency, and applicable law. I will assure that my actions or inactions do not cause the state agency to violate its responsibilities under those agreements. I specifically swear (or affirm) to comply with all provisions of law that affect information acquired by the BLS, including, but not limited to, the Trade Secrets Act and CIPSEA, and I understand that my failure to comply with these provisions may subject me to criminal sanctions. I also agree to comply with all other BLS information policies.

3. We, the parties to this agreement, understand that the BLS is granting the Agent access to confidential information only for the purpose of carrying out the Agent's responsibilities under written agreements between the BLS and the state agency. The Agent will not seek or obtain such confidential information for any other purpose. Confidential information includes confidential respondent identifiable data protected from unauthorized use or disclosure under CIPSEA including the disclosure avoidance parameters applied to published data. Confidential information also may include confidential pre-release information and BLS press releases based upon data that have been previously released to the public prior to their official release.

4. We, the parties, understand and agree that the activities performed by and any outputs produced by the Agent under this agreement are subject to review upon request by the assigned BLS Regional Commissioner or any other BLS official that the BLS designates for verification that the activities are statistical in nature and that outputs do not contain respondent-identifying data.

5. We, the parties, understand and agree that the Agent will not be an employee of the United States for any purpose and will not receive compensation or payment of any kind from the BLS or the government in connection with the Agent's activities under this agreement or any other agreements between the BLS and the state agency. Neither this agreement nor any agreement between the BLS and the state agency provide any right of access to BLS information. The parties also understand and agree that the BLS may decline to give the Agent access to information and/or to terminate this agreement at any time, without notice. The parties agree that neither this agreement, nor any termination thereof will result in any legal liability by the BLS or the government; however, termination will not affect the Agent's continuing obligation to safeguard all confidential data, and it will not affect any license granted to the government pursuant to section 6.

6. We, the parties, understand and agree that for the purposes of the copyright laws any product developed under this agreement is in the public domain and is therefore not subject to copyright protection. However, it is also understood that confidential information remains fully protected from improper disclosure and use as provided by law and this agreement.

7. I, [Name of Agent], understand that the state agency or I will notify the BLS if I should no longer be affiliated with the state agency or of any change of status with the state agency.

8. I, [Name of Agent], fully understand my responsibilities to protect confidential information. I will comply with all security requirements and will avoid all improper use or disclosure of confidential information. I understand that under Section 513 of CIPSEA, the penalty for a knowing and willful disclosure of respondent identifiable information is a class E felony with a fine of not more than \$250,000 or imprisonment for not more than 5 years, or both.

Bureau of Labor Statistics Pre-Release Access Certification Form

I, [Name], Cooperating Representative for the State of [Name of state], do hereby certify that all of the individuals listed in Attachment A of this certification form are authorized to have advance access to Bureau of Labor Statistics (BLS) pre-release information. I certify that the individuals listed in Attachment A have been fully informed of their responsibilities and obligations in handling and maintaining the confidentiality of pre-release information prior to its set time for release. I further certify that each of the individuals listed in Attachment A have indicated their understanding and acceptance of the conditions for access to BLS pre-release information.

[Name]
BLS State Cooperating Representative
[Name of state]

Date

CONDITIONS FOR HANDLING BLS PRE-RELEASE INFORMATION

PURPOSE. The purpose of this document is to inform individuals who will have access to Bureau of Labor Statistics (BLS) pre-release information of their responsibility for adhering to the confidentiality policies of the BLS. This is in accordance with Office of Management and Budget Statistical Policy Directive No. 4, "Release and Dissemination of Statistical Products Produced by Federal Statistical Agencies," (73 FR 12622-12626). BLS pre-release information includes statistics and analyses that have not yet officially been released to the public. BLS pre-release information is deemed confidential until made available to the public through the official, scheduled release. The BLS pre-release information you may have access to includes LAUS (state and sub-state unemployment rates) and CES (state employment changes) estimates included in the state employment release. Individuals granted access to BLS pre-release information are responsible for ensuring that the pre-release information they have access to are not further disseminated or used in any unauthorized manner before their official release. Acknowledging the requirements contained within this document only provides the individual accepting these handling conditions with access to BLS pre-release information; acknowledgment does not authorize access to respondent identifiable information.

Individuals granted access to BLS pre-release information must acknowledge acceptance of the conditions presented in this document. Individuals will be deemed to have acknowledged the conditions presented below through reading or listening to the requirements and accepting the conditions through a written or verbal affirmation provided to the BLS State LMI Cooperating Representative.

- Individuals will not release BLS pre-release information to anyone not authorized to have access to this information prior to the scheduled release of the information to the public. Authorized persons include authorized BLS staff and approved individuals with a need-to-know who have acknowledged acceptance of the conditions for handling BLS pre-release information as presented in this document or previously have signed a BLS agent agreement.
- Individuals will store BLS pre-release information in a manner that ensures unauthorized persons cannot view or otherwise gain access to the BLS pre-release information.
- Individuals will not remove BLS pre-release information from state government facilities.
- Individuals acknowledge that BLS pre-release information may only be provided to authorized persons. Should a question arise about whether an individual is an authorized person, or should the need arise to provide BLS pre-release information to additional individuals who have not previously acknowledged acceptance of these conditions, or should any questions arise regarding the appropriate handling of this information, then individuals will first contact the BLS before taking any action with the BLS pre-release information.
- Individuals with access to any BLS pre-release information must not use the information for personal gain.
- Individuals will notify the BLS immediately upon discovering any actual or perceived unauthorized disclosure of the BLS pre-release information.

**STATEMENT OF ASSURANCE FOR INFORMATION SECURITY FOR THE BUREAU OF LABOR
STATISTICS**

(NOTE: This statement is included solely to provide assurances of BLS security to states. No state action is expected.)

1. The Bureau of Labor Statistics (BLS) securely holds all of the information collected on its behalf to the maximum extent permitted by law. The BLS complies with all enacted Federal controls to securely house and transfer information, and regularly audits and monitors such controls.
2. In accordance with the Federal Information Security Management Act (FISMA) of 2002, BLS information systems employ security controls for safe storage and transmission of electronic information. FISMA mandates that security controls, as promulgated in guidance from National Institute of Standards and Technology (NIST), must be employed at all Federal agencies to be in compliance with NIST's Federal Information Processing Standards (FIPS).
3. BLS information and data security policies are based on standards outlined in the FIPS 200, "Minimum Security Requirements for Federal Information and Information Systems" and the accompanying Special Publication 800-53, "Recommended Security Controls for Federal Information Systems." In complying with these regulations, BLS conducts operations cognizant of the extent of harm to individuals, organizations, and assets that may result from unauthorized disclosure, use of protected information, or access to BLS resources.
4. BLS maintains procedures for detecting, reporting, and responding to data and network security incidents. These procedures are periodically tested and evaluated to ensure appropriate protection of sensitive information.
5. BLS systems are assessed and authorized using Department of Labor and NIST guidelines. Internal BLS policies establish appropriate access restriction policies for sensitive data; as well as assign responsibility and provide appropriate training to all BLS employees and contractor personnel regarding safeguarding information.

STATEMENT OF ASSURANCE FOR INFORMATION SECURITY FOR THE STATE OF <Enter state>

For purposes of this statement, “System” refers to the interconnected information system(s) referenced in the cooperative agreement, which is operated by the State of <Enter state> and includes human and information technology resources. References to “state” below are referring to the State of <Enter state>.

1. The state is committed to protecting its systems and all confidential and sensitive information in its possession. As such, the state has established information security regulations and standards including the assignment of responsibilities within systems and appropriate access restrictions for sensitive data.
2. The System abides by all enacted state regulations and standards to securely store, process, and transfer information and System specific information security policies and procedures are in accordance with these regulations and standards.
3. The System is operated under the authority of management officials who are cognizant of the extent of harm to individuals, organizations, and assets that may result from unauthorized disclosure, use of protected information, or access to System resources.
4. The state regularly audits and monitors its compliance with state regulations and standards. The results of audits and monitoring activities are used to improve the security of System resources.
5. The state maintains procedures for detecting, reporting, and responding to data and network security incidents. These procedures are periodically tested and evaluated to ensure appropriate protection of sensitive information.
6. The state provides appropriate training to all state employees and contractor personnel working on BLS projects regarding their duties and the safeguarding of sensitive information and IT resources.

In signing this document, I acknowledge that the Statement of Assurance provided is an accurate characterization of the System(s) referenced in the cooperative agreement for the State of <Enter state>. Further, I acknowledge receipt of the Statement of Assurance from the BLS and I authorize the continued operation of the connection(s) that exist as a result of the cooperative relationship with the BLS.

2017
LMI COOPERATIVE AGREEMENT
WORK STATEMENTS

The BLS uses the attached "check-the-box" work statements in lieu of requiring long, written program narratives to accompany the cooperative agreement application. The work statements are considered forms for purposes of OMB's Paperwork Reduction Act approval process. As such, an estimate of the time required to complete the form must be provided and those affected by the forms must be afforded the opportunity to comment on the estimates or any other aspect of the form. Rather than place the required language on each of the work statements that follow, estimates are provided below. Each estimate of time required to complete a work statement assumes that no variances will be needed. The work statements and the estimated times to complete them are:

All Programs	5 – 10 minutes
CES	12 – 24 minutes
LAUS	8 – 16 minutes
OES	9 – 18 minutes
QCEW	18 – 36 minutes

We estimate that it will take an average of one to two hours to complete these forms, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the information. Your response is required to obtain or retain benefits under 29 USC 49L-1. If you have any comments on the estimates or the forms, send them to the Bureau of Labor Statistics, Division of Financial Planning and Management (1220-0079), 2 Massachusetts Avenue, N.E., Room 4135, Washington, D.C. 20212-0001. You are not required to respond to the collection of information unless it displays a currently valid OMB control number.

REQUIREMENTS FOR ALL PROGRAMS

Agree To
Comply
(Check Box)

A. ATTENDANCE AT MEETINGS AND CONFERENCES

The State Agency Research Director is expected to attend the BLS National Labor Market Information Conference, which covers major upcoming activities in the LMI programs. State LMI staff may be required to attend no more than two technical meetings/conferences for each program to provide them with information necessary to perform program tasks and meet program deliverable requirements for their assigned BLS program. Regional representation is critical to program policy development, and LMI Directors are expected to participate on BLS Program Policy Councils. Selected state staff, who serve on these councils, are required to attend up to four Policy Council meetings where policy and technical changes are discussed. Specific funding is provided for this activity. Should staff be unable to fulfill any of these requirements, an appropriate level of funding will be deobligated by the Bureau.

B. PROGRAM TRAINING

State agency staff will participate in scheduled BLS technical training sessions, including initial technical training for new staff. BLS may deobligate an appropriate amount of funds if state staff does not attend these required sessions.

C. PUBLICATION OF DATA

The state agency will publish data produced under this agreement. One copy of any publication produced by the state agency with cooperative agreement funds will be provided to the grant officer, except as otherwise indicated in the LMI statistical program manuals. Publishing data on the Internet fulfills this requirement.

D. SUBMISSION OF REPORTS

The state agency will submit all required financial reports within 30 days of the completion of the reporting period and quarterly status reports on AAMCs.

E. ADMINISTRATIVE REQUIREMENTS/ASSURANCES

The state agency will adhere to all terms and conditions specified in Part I, Administrative Requirements, including the Assurances. By agreeing to comply here, the state agency is relieved of attaching the Assurances to its application.

Agree To
Comply
(Check Box)

F. PROGRAM PERFORMANCE

The state agency will follow the methods and procedures described in program manuals and technical instructions in the performance of work under these agreements.

G. PROGRAM PARTICIPATION

Funding of BLS LMI cooperative statistical programs is contingent on state agency participation in all of the following programs: CES, LAUS, OES, and QCEW. (The U.S. Virgin Islands and Guam are exempt from this requirement.)

H. ENHANCED ELECTRONIC COMMUNICATIONS

The state agency will cooperate with the BLS in maintaining the dedicated phone lines needed for electronic communications between agencies.

I. COMPUTER SECURITY

The state agency is required to have in place a system of information technology security controls that is consistent with industry standards, state and Federal laws, as applicable, and that are tested on a regular basis. The state agency is required to make audit reports of such controls available to authorized BLS staff upon request. The BLS reserves the right to visit state offices to ensure that appropriate controls are in place and operating as intended. The state agency is required to scan files for viruses prior to transmittal to BLS. Virus scanning tools used for this purpose must be kept up to date to ensure that known viruses are adequately detected.

J. CONTRACTING OUT LMI FUNCTIONS

The state agency agrees not to subgrant or contract any substantive program work (see Part I, Administrative Requirements, Section P.) without first obtaining permission from the BLS.

K. USE OF BLS SURVEY SAMPLES

States are prohibited from using BLS survey samples for the collection of additional respondent information, without first obtaining permission from the BLS.

L. CONTROL OF ESTIMATES

The state agency agrees that pre-release information such as official BLS estimates and other official BLS statistical products will not be disclosed or used in an unauthorized manner prior to the scheduled release of the information to the public, and will be accessible only to authorized persons. Authorized persons are state employees designated as “authorized agents” of the BLS (defined in Administrative Requirements Section S.4. – Access to Confidential Information) or state employees that have been approved for access to BLS pre-release information as certified by the BLS State Cooperating Representative.

The state agency agrees that in publishing state estimates produced by the BLS, the state release may be viewed by authorized persons (as defined in Administrative Requirements, Section S.3.b.) within the Governor’s office; however, consistent with best statistical practices, the state agency shall publish the state release in a manner that is objective, unbiased, and free of policy pronouncements. If policy pronouncements are to be made regarding the data, state policy officials should issue a separate independent statement on the data being released by the state agency.

Agree To
Comply
(Check Box)

M. ESTABLISHING PUBLICATION DATES

The state agency will establish a publication schedule for the upcoming calendar year of CES and LAUS data produced under the CA and post the schedule on the state Labor Market Information website by December 31, 2016. That schedule should indicate for each month, the date on which estimates are to be released for (1) the state, (2) metropolitan areas, and (3) smaller areas. Any changes made by the state agency to their release schedule will be transmitted to the regional office as soon as they become available. Release schedule changes should only be caused by an event or events beyond the control of the state agency (e.g., the inability to release on schedule due to a disruption in the continuity of operations). Any changes made to the release schedule should be announced on the state website with a full explanation to the public as soon as it is made. In the event that a state agency releases any data in advance of the published release schedule, the state agency will contact the BLS Regional Office upon learning of the early release to determine how to proceed.

N. EXPLANATION OF VARIANCES

NOTE: Please add additional pages as necessary

[This page intentionally left blank]

CURRENT EMPLOYMENT STATISTICS PROGRAM

WORK STATEMENT FOR THE 50 STATES AND THE DISTRICT OF COLUMBIA

A. PROGRAM INFORMATION

The Current Employment Statistics (CES) program is a nationwide monthly payroll survey of business establishments. CES provides current estimates of employment, hours, and earnings in industry and area detail for the 50 states, the District of Columbia, Puerto Rico, and the U.S. Virgin Islands.

The Bureau of Labor Statistics (BLS) funds and administers the CES program, and provides conceptual, technical, and procedural guidance in sampling, data collection, and estimation. State agencies are responsible for providing information on local events and on employment not covered by the UI program, improving the quality of the benchmark data, and for publication and analysis of CES data in cooperation with the BLS.

The CES program uses the standardized procedures described in the Current Employment Statistics State Operating Manual, as well as those contained in the work statement and BLS technical memoranda. Applicants should put an "X" or a check mark in the spaces provided on the following pages to indicate agreement to comply with stated program requirements.

B. DELIVERABLES

The data items required for the CES program have both monthly and annual requirements, and each item must be delivered according to the schedule specified in the CES State Operating Manual, technical memoranda, and on the following pages.

Content	Agree To Comply (Check Box)	Due Dates	Agree To Comply (Check Box)
<u>Annually</u>			
1. Provide supplemental information on employment not covered by the UI program.	<input type="checkbox"/>	In accordance with the annual schedule specified by BLS, and in accordance with the procedures specified in the CES State Operating Manual.	<input type="checkbox"/>
2. Review and provide input on BLS' proposed statewide and area publication cells. Any changes BLS makes to these cells will be based on BLS publication guidelines. These guidelines include review and modification to assure adequate sample for estimation of employment, and all employee payrolls, as well as definitional changes mandated by OMB to metropolitan areas and	<input type="checkbox"/>	Prior to benchmark processing each year; in accordance with BLS defined schedule.	<input type="checkbox"/>

industry classification systems. These guidelines also establish the minimum required cell structure for each data type. Review and make changes – based on state-determined criteria – to the state-only publication cells.

Content	Agree To Comply (Check Box)	Due Dates	Agree To Comply (Check Box)
c. If the state agency has elected to continue collecting data from specific CES sample establishments, the state agency will prepare and mail the approved OMB forms.	<input type="checkbox"/>	In accordance with the schedule and procedures specified in the CES State Operating Manual.	<input type="checkbox"/>
4. Publication			
a. The state will publish all BLS-approved CES estimates, using a pre-announced schedule. Both not seasonally adjusted and seasonally adjusted data will be published. States may (1) publish the CES estimates directly on their state LMI website, (2) provide a link from the LMI website to the BLS CES/State & Area web page, or (3) utilize a combination of these two procedures.	<input type="checkbox"/>		<input type="checkbox"/>
b. States will not use BLS systems or sample to produce alternative over-the-month change estimates of BLS-published statewide and MSA industry employment data for public consumption.	<input type="checkbox"/>		<input type="checkbox"/>

C. PROGRAM PERFORMANCE REQUIREMENTS

Agree To Comply (Check Box)

Specifics on the methods for CES state requirements are described in the CES State Operating Manual. The major elements involved are:

- 1. The state will utilize the methods described in the State Operating Manual to inform BLS about local events.
- 2. The state will utilize the methods described in the State Operating Manual to provide

supplemental information – where available – of employment not covered by the UI program.

D. QUALITY ASSURANCE REQUIREMENTS

Agree To
Comply
(Check Box)

The state agency will cooperate with the BLS in maintaining:

- 1. Data security by securing individual respondent data to prevent disclosure to unauthorized persons. This includes non-disclosure of estimates prior to publication, using standards outlined in the LMI Cooperative Agreement Section S “Confidentiality,” CES State Operating Manual, and program memoranda.

E. EXCLUSIONS

The deliverables and cost estimates for the CES program should reflect only activities associated with the conduct of a sample survey of establishments for the areas shown in the work statement; developing inputs used to produce estimates of industry employment, hours and earnings; and publication of these data. The following types of activities are not part of the CES program:

- 1. Development of sample-based or non-sample-based estimates for areas not listed in the work statement. However, states may at their option maintain supplemental sample for non-CES areas within the ACESweb system and utilize ACESweb to produce non-CES area estimates. States may not utilize CES sample data outside of the ACES system without a signed Memorandum of Understanding (between the state and BLS) specifying the allowable uses and required protection of the CES sample data.
 - States may continue to collect sample units – in the non-CES areas – that have been dropped from the CES sample. If the state chooses to collect these units, no funding will be provided to collect and edit the units. If a state elects to solicit additional non-government units in non-CES areas, then the state must collect the newly solicited units; no BLS funding will be provided for these activities. If a state chooses to solicit additional non-government units in non-CES areas, the solicited sample size is limited to 10% of the state’s CES non-government sample size (based on the number of UI accounts in the sample). The OMB-approved CES form may not be used to collect data from these non-sample units.
 - If states produce non-CES area estimates utilizing CES data, they must – on an annual basis in accordance with the BLS-defined schedule – review these state-only cells to ensure compliance with BLS non-disclosure guidelines. States will either suppress cells that fail confidentiality or they may attempt to obtain letters of consent from the unit(s) causing the cell to fail. If the latter option is selected, the letters of consent will be prepared and mailed according to BLS policy. Signed consent letters will be provided to the Regional Office for archiving.

CURRENT EMPLOYMENT STATISTICS PROGRAM

WORK STATEMENT FOR PUERTO RICO

A. PROGRAM INFORMATION

The Current Employment Statistics (CES) program is a nationwide monthly payroll survey of business establishments. CES provides current estimates of employment, hours, and earnings in industry and area detail for the 50 states, the District of Columbia, Puerto Rico, and the U.S. Virgin Islands.

The Bureau of Labor Statistics (BLS) funds and administers the CES program, and provides conceptual, technical, and procedural guidance in sampling, data collection, and estimation. Territory agencies are responsible for aspects of CES data collection, estimation, and publication in cooperation with the BLS.

The CES program uses the standardized procedures described in the Current Employment Statistics State Operating Manual, as well as those contained in the work statement and BLS technical memoranda. Applicants should put an "X" or a check mark in the spaces provided on the following pages to indicate agreement to comply with stated program requirements.

B. DELIVERABLES

The data items required for the CES program have both monthly and annual requirements, and each item must be delivered according to the schedule specified in the CES State Operating Manual, technical memoranda, and on the following pages.

Content	Agree To Comply (Check Box)	Due Dates	Agree To Comply (Check Box)
<u>Monthly</u>			
1. a. Directly collect individual establishment microdata; edit, screen, and review the microdata, and transmit the microdata to the BLS.	<input type="checkbox"/>	In accordance with the schedule specified by BLS for the preliminary and final territory closings each month.	<input type="checkbox"/>
b. Receive sample reports collected by all BLS collection sites via the Centralized Database (CDB); and transmit data questions to the appropriate collection source using OnTrack.	<input type="checkbox"/>	In accordance with the procedures specified by BLS.	<input type="checkbox"/>

B. DELIVERABLES (CONTINUED)

Content	Agree To Comply (Check Box)	Due Dates	Agree To Comply (Check Box)
2. a. Deliver preliminary and revised estimates for employment, hours and earnings of all employees for the territory and selected areas.	<input type="checkbox"/>	In accordance with the monthly schedule and the procedures specified by BLS.	<input type="checkbox"/>
Deliver preliminary and revised estimates for employment, hours, and earnings of production and non-supervisory workers for the territory and selected areas.			
b. Produce, review, and deliver to BLS estimates made utilizing the ACESWeb system.	<input type="checkbox"/>	In accordance with the monthly schedule and procedures specified by BLS.	<input type="checkbox"/>
<u>Quarterly</u>			
1. Territory will maintain RU-coded files that define the exact match between CES sample members and their QCEW report.	<input type="checkbox"/>	In accordance with procedures specified by BLS.	<input type="checkbox"/>
<u>Annually</u>			
1. Provide supplemental information on employment not covered by the UI program.	<input type="checkbox"/>	In accordance with the annual schedule specified by BLS, and in accordance with the procedures specified in the CES State Operating Manual.	<input type="checkbox"/>

B. DELIVERABLES (CONTINUED)

Content	Agree To Comply (Check Box)	Due Dates	Agree To Comply (Check Box)
2. Territory and area monthly and annual average series benchmarked to the March QCEW report adjusted for comparability with CES definitions. Post benchmark estimates will reflect replacement with edited second quarter UI data. Subject to availability, third quarter UI data should also be tabulated and reviewed for use in replacement methodology.	<input type="checkbox"/>	According to BLS defined schedule which allows for timely review of revised benchmarked data.	<input type="checkbox"/>
3. Review and provide input on BLS' proposed publication cells. Any changes BLS makes to these cells will be based on BLS publication guidelines. These guidelines include review and modification to assure adequate sample for estimation of employment, and all employee payrolls, as well as definitional changes mandated by OMB to metropolitan areas and industry classification systems. These guidelines also establish the minimum required cell structure for each data type.	<input type="checkbox"/>	Prior to benchmark processing each year; in accordance with BLS defined schedule.	<input type="checkbox"/>
4. Review new seasonal factors and seasonally adjusted data in accordance with BLS specifications.	<input type="checkbox"/>	Prior to the submittal of preliminary January estimates on the new benchmark and in accordance with BLS defined schedule.	<input type="checkbox"/>
5. Review new net birth/death factors, identifying those factors that need additional BLS review and identify possible outliers from within the factor's history.	<input type="checkbox"/>	In accordance with BLS defined schedule.	<input type="checkbox"/>

Territory and Area Estimates

1. Electronic transmission of micro, macro, and registry data with specified backup.	<input type="checkbox"/>	In accordance with schedule specified by BLS.	<input type="checkbox"/>
2. In Section F., "Sub-State Areas," list all BLS published sub-territory area(s) covered under the cooperative agreement for which estimates will be made and place an "X" in the appropriate column to indicate each type of estimate. Area definitions must comply with current OMB requirements for MSA boundaries.			<input type="checkbox"/>

C. PROGRAM PERFORMANCE REQUIREMENTS

Agree To
Comply
(Check Box)

Specifics on the methods for conducting the CES monthly survey are described in the CES program documentation. The major elements involved are:

1. Data Collection

- a. The territory agency will collect data from respondents each month using BLS/OMB-approved forms, or via BLS-approved electronic formats.
- b. These data will be collected and edited in accordance with BLS requirements.
- c. The territory agency will maintain a program of delinquency control and refusal conversion in accordance with BLS requirements.
- d. The territory will prepare and mail CES schedules in accordance with the schedule specified by BLS requirements and in related Technical Memoranda.

2. Estimation

- a. The territory will utilize standard CES methodology, systems, and procedures for all private industries. The territory will adhere to BLS guidelines provided in the CES Manual and technical memoranda in developing these CES estimates. Series with insufficient sample for direct sample-based estimation will be estimated via the BLS small domain modeling technique. The territory will utilize the standard CES quota methodology and procedures for all government industry series.

3. Publication

- a. The territory will publish all BLS-approved CES estimates, using a pre-announced schedule. Both not seasonally adjusted and seasonally adjusted data will be published. The territory may (1) publish the CES estimates directly on their state/territory LMI website, (2) provide a link from the LMI website to the BLS CES/State & Area web page, or (3) utilize a combination of these two procedures.
- b. The territory will not use BLS systems or sample to produce alternative over-the-month change estimates of BLS-published statewide and MSA industry employment data for public consumption.

D. QUALITY ASSURANCE REQUIREMENTS

Agree To
Comply
(Check Box)

The territory agency will cooperate with the BLS in conducting:

1. Data security by securing individual respondent data to prevent disclosure to unauthorized persons. This includes non-disclosure of estimates prior to publication, using standards outlined in the LMI Cooperative Agreement Section S “Confidentiality,” CES State Operating Manual, and program memoranda.

E. EXCLUSIONS

The deliverables and cost estimates for the CES program should reflect only activities associated with the conduct of a sample survey of establishments for the areas shown in the work statement; developing estimates of industry employment, hours and earnings; and publication of these data. The following types of activities are not part of the CES program:

1. Development of sample-based or non-sample-based estimates for areas not listed in the work statement. However, The territory may at their option maintain supplemental sample for non-CES areas within the ACESweb system and utilize ACESweb to produce non-CES area estimates. The territory may not utilize CES sample data outside of the ACES system without a signed Memorandum of Understanding (between the territory and BLS) specifying the allowable uses and required protection of the CES sample data.
 - The territory may continue to collect sample units – in the non-CES areas – that have been dropped from the CES sample. If the territory chooses to collect these units, no funding will be provided to collect and edit the units. If the territory elects to solicit additional non-government units in non-CES areas, then the territory must collect the newly solicited units; no BLS funding will be provided for these activities. If the territory chooses to solicit additional non-government units in non-CES areas, the solicited sample size is limited to 10% of the territory’s CES non-government sample size (based on the number of UI accounts in the sample). The OMB-approved CES form may not be used to collect data from these non-sample units.
 - If the territory produces non-CES area estimates utilizing CES data, they must – on an annual basis in accordance with the BLS-defined schedule – review these territory-only cells to ensure compliance with BLS non-disclosure guidelines. The territory will either suppress cells that fail confidentiality or they may attempt to obtain letters of consent from the unit(s) causing the cell to fail. If the latter option is selected, the letters of consent will be prepared and mailed according to BLS policy. Signed consent letters will be provided to the Regional Office for archiving.
 - If the territory produces non-CES area estimates utilizing ACESweb and a cell structure change is desired (for the non-CES area estimates), the territory must review the non-CES area cell structure and submit change requests in accordance with the BLS-defined schedule and the procedures defined in the CES State Operating Manual.

CURRENT EMPLOYMENT STATISTICS PROGRAM

WORK STATEMENT FOR THE U.S. VIRGIN ISLANDS

A. PROGRAM INFORMATION

The Current Employment Statistics (CES) program is a nationwide monthly payroll survey of business establishments. CES provides current estimates of employment, hours, and earnings in industry and area detail for the 50 states, the District of Columbia, Puerto Rico, and the U.S. Virgin Islands.

The Bureau of Labor Statistics (BLS) funds and administers the CES program, and provides conceptual, technical, and procedural guidance in sampling, data collection, and estimation. Territory agencies are responsible for aspects of CES data collection, estimation, and publication in cooperation with the BLS.

The CES program uses the standardized procedures described in the Current Employment Statistics State Operating Manual, as well as those contained in the work statement and BLS technical memoranda. Applicants should put an "X" or a check mark in the spaces provided on the following pages to indicate agreement to comply with stated program requirements.

B. DELIVERABLES

The data items required for the CES program have both monthly and annual requirements, and each item must be delivered according to the schedule specified in the CES State Operating Manual, technical memoranda, and on the following pages.

LOCAL AREA UNEMPLOYMENT STATISTICS PROGRAM

A. PROGRAM INFORMATION

The Local Area Unemployment Statistics (LAUS) program provides monthly estimates of civilian labor force, employment, unemployment, and unemployment rates for the U.S. Census Bureau regions and divisions, states, and sub-state areas. Geographic coverage includes metropolitan areas, micropolitan areas, metropolitan divisions, combined areas, counties, selected cities, and other areas. Estimates in the six New England states are based on the New England City and Town Area (NECTA) concept. Data are developed for the 50 states, the District of Columbia, and Puerto Rico.

The Bureau of Labor Statistics (BLS) funds and administers the LAUS program and provides conceptual, technical, and procedural guidance in the development of estimates. State agencies are responsible for preparation of estimates and publication of data in cooperation with the BLS.

The LAUS program uses data from the Current Population Survey, administrative data from the Unemployment Insurance (UI) System, employment estimates from the BLS Current Employment Statistics (CES) and Quarterly Census of Employment and Wages (QCEW) programs, and data from the Census Bureau's American Community Survey (ACS) and Population Estimates Program (PEP).

The LAUS program uses the standardized procedures described in the Local Area Unemployment Statistics Program Manual, as well as those contained in the work statement and BLS technical memoranda. Applicants should put an "X" or a check mark in the spaces provided on the following pages to indicate agreement to comply with stated program requirements.

B. DELIVERABLES

Data items that must be delivered for the BLS to operate the LAUS program are described in summary below. There are monthly, annual, and "as necessary" requirements, and each item must be delivered according to the schedules specified in LAUS technical memoranda and on the following pages.

Content	Agree To Comply (Check Box)	Due Dates	Agree To Comply (Check Box)
1. Monthly estimates of civilian employment and unemployment will be provided for the following areas:	<input type="checkbox"/>	Preliminary estimates for the current month and revised estimates for the previous month will be provided according to the preset schedule. (Annual processing, rather than revised, estimates will be generated for December.)	<input type="checkbox"/>
a. States and model-based areas			
b. All metropolitan areas, micropolitan areas, metropolitan divisions, and combined areas (NECTA equivalents in New England)			
c. All multi-entity small labor market areas (SLMAs)			
d. All counties and county equivalents			

B. DELIVERABLES (CONTINUED)

Content	Agree To Comply (Check Box)	Due Dates	Agree To Comply (Check Box)
e. All incorporated places (and county subdivisions, where applicable) with a population of 25,000 or more			
f. All parts of incorporated places with a population of 25,000 or more that are located in more than one county			
g. All cities and towns in New England			
h. All intrastate parts of interstate areas			
2. Data for Areas of Substantial Unemployment will be submitted as required by the Employment and Training Administration.	<input type="checkbox"/>		
3. Data for such additional areas as may be required for legislative purposes will be developed and submitted on a reimbursable basis as necessary.	<input type="checkbox"/>		
4. Monthly LAUS estimates for specified years will be revised annually for the areas listed in 1a – h above:	<input type="checkbox"/>	Annual processing data will be provided on or before specified due dates provided annually via technical memoranda by the BLS.	<input type="checkbox"/>

C. QUALITY ASSURANCE REQUIREMENTS

- | | Agree To
Comply
(Check Box) |
|--|-----------------------------------|
| 1. The state agency will provide such data and assistance as may be required for the BLS to determine that the employment and unemployment inputs used in the estimating methodology conform to established standards. | <input type="checkbox"/> |
| 2. The state agency will correct any errors detected in the estimates or in the methodology used to develop them within the time frames mutually agreed upon by the BLS and the state agency. | <input type="checkbox"/> |
| 3. The state agency will generate and finalize estimates in LAUSToo accompanied by supplemental information, including comments on estimates that exhibit questionable or large changes, such as those identified by the Questionable Data Edit. | <input type="checkbox"/> |
| 4. The state agency will maintain appropriate methods for implementing changes in the input data necessary to comply with legislative changes. | <input type="checkbox"/> |
| 5. The state agency will cooperate in assessing and maintaining the accuracy of UI inputs by participating in the UI Validation project and in the Residency Assignment project. | <input type="checkbox"/> |
| 6. The state agency will participate with the BLS in assessing the quality of commuter and interstate data retrieved from the UI LADT system. Approved PROMIS states will transmit quarterly files created using the PROMIS Claims Extractor Utility to the National Office during calendar year 2016. Beginning with 2017 estimation, approved PROMIS states will transmit files on a monthly basis as part of the planned implementation of the Liable Resident Data Transfer (LRDT) process that will augment the existing LADT exchange and streamline certain processes. Further instructions will be transmitted via a technical memorandum. | <input type="checkbox"/> |
| 7. The state agency will develop and maintain the ability to produce both intrastate and interstate UI claims inputs for the proper November and December reference weeks (the week including the 5th day or 12th day, depending on the year), as directed through a technical memorandum. | <input type="checkbox"/> |
| 8. The state agency will use PROMIS to develop UI and UCFE claims inputs for STARS and LAUSToo. The state will also install PROMIS updates according to guidelines provided in the technical memorandum accompanying the software. | <input type="checkbox"/> |
| 9. The state agency will participate with BLS in the evaluation of employment inputs for non-CES areas. | <input type="checkbox"/> |
| 10. The state agency will share necessary input data, including commuter claims counts, interstate claims counts, and, as needed for residency adjustment, nonfarm wage and salary establishment-based employment with other states on a time frame that will allow all states to meet the pre-set LAUS schedule. | <input type="checkbox"/> |

C. QUALITY ASSURANCE REQUIREMENTS (CONTINUED)

- | | Agree To
Comply
(Check Box) |
|--|-----------------------------------|
| 11. The state agency will use the LAUS Data Exchange System or LADT for commuter claims files as part of providing other states with necessary input data. | <input type="checkbox"/> |
| 12. The state agency will use the population- and claims-based disaggregation methodologies for all LAUS disaggregated areas. | <input type="checkbox"/> |
| 13. The state agency will participate in the review of proposed changes to LAUS estimating methodology and possible operational aspects of their implementation. The details and dates will be specified in technical memoranda. | <input type="checkbox"/> |
| 14. The state agency will transmit a calendar of their monthly data release dates and times in accordance with instructions in a technical memorandum. | <input type="checkbox"/> |
| 15. The state agency will participate in the annual review of model-based estimates. The details and dates will be specified in technical memoranda. | <input type="checkbox"/> |
| 16. The state agency will participate in the review of seasonally-adjusted data for non-modeled metropolitan areas and metropolitan divisions. The details and dates will be specified in technical memoranda. | <input type="checkbox"/> |
| 17. The state agency will participate in testing LAUS systems and reviewing output from these systems. | <input type="checkbox"/> |

D. PUBLICATION REQUIREMENTS

- | | Agree To
Comply
(Check Box) |
|---|-----------------------------------|
| 1. The state agency must publish the official preliminary, revised, and annual processed LAUS estimates that are produced using the official LAUS methodology and are described in Sections B 1 and B 4. Publication of the estimates should occur no earlier than the estimate due dates. | <input type="checkbox"/> |
| 2. The state agency may not publish alternatives in lieu of BLS-published labor force, employment, unemployment, and unemployment rate estimates for states and areas described in Sections B 1 and B 4 for public consumption. This applies to both seasonally-adjusted and not-seasonally-adjusted estimates. | <input type="checkbox"/> |

E. STATE-SPECIFIC DATA REQUIREMENTS

Agree To
Comply
(Check Box)

1. States with Interstate Labor Market Areas:

State agencies with interstate labor market areas will provide each other with required handbook inputs and LAUS estimates for these areas to allow all state agencies to meet the pre-set LAUS schedule.

2. States with Interstate Combined Areas:

State agencies with components of interstate combined areas will provide LAUS estimates for their metropolitan and/or micropolitan areas to the controlling state(s) to allow those states to generate the combined area totals for BLS to meet the pre-set LAUS schedule.

3. Hawaii:

Monthly and historical estimates are not required for Kalawao County.

F. EXCLUSIONS

The deliverables and cost estimates for the LAUS program should reflect only activities associated with the development of employment and unemployment estimates for BLS-required areas and activities associated with the publication of data. Conducting sample-based employment estimation is not part of the LAUS program.

OCCUPATIONAL EMPLOYMENT STATISTICS PROGRAM

A. PROGRAM INFORMATION

The Occupational Employment Statistics (OES) program provides occupational employment and wage estimates for wage and salary workers annually for the 50 states, Metropolitan Statistical Areas, Balance of State areas (except where the MSAs exhaust the state), the District of Columbia, Puerto Rico, the Virgin Islands and Guam. A semi-annual sample survey of establishments is conducted to estimate cross industry occupational employment and wage distributions at the statewide and area levels, and nationally at the four-digit and selected five- and six-digit North American Industry Classification System levels. Occupational employment and wage estimates and measures of reliability for the surveyed industries are published annually.

The Bureau of Labor Statistics (BLS) funds and administers the OES program and provides conceptual, technical, and procedural guidance in data collection and estimation. State agencies are responsible for data collection and publication in cooperation with the BLS.

The OES program uses the standardized procedures described in the Occupational Employment Statistics State Operations Manual (OES Manual) as well as those contained in the work statement and BLS technical memoranda. Applicants should put an "X" or a check mark in the spaces provided on the following pages to indicate agreement to comply with stated program requirements. BLS will provide electronic sample files to the state semi-annually. BLS will send out the November 2016 panel by September 15, 2016, and the May 2017 panel by March 15, 2017. A third sample file for November 2017 will be delivered to the states by September 15, 2017, but there are no state deliverables for that file in the FY 2017 agreement. The November 2016 panel will be selected from a fourth quarter 2015 frame. The May 2017 and November 2017 panels will be selected from second quarter 2016 and fourth quarter 2016 frames, respectively.

BLS will contract with a printer to prepare and mail an optional pre-notification letter, the unstructured mail out packages, tailored collection letters, and reminder postcards. Included in the unstructured mail out packages will be a survey form (including the state masthead, and the name, address, employment, and industry description of the sample unit), a state-specific solicitation letter, a state-specific fact sheet or helpful hints sheet (one or two sided on colored paper), a state-specific mail out envelope and a state return envelope. Among the key inputs to the printing process are electronic files that the state will send to BLS. BLS will check the files and then forward them to the printer. BLS will also conduct an optional pre-notification mailing using the central printer.

The deliverables include interim and final master files meeting required response rates (see B.4 and B.5). Response rate requirements are at the sampled area level. Under the FY 2016 agreement the response rate requirements for the final master files will be considered satisfied for each panel if the response rate for the combined May 2015 and November 2015 panels meets requirements. The FY 2017 requirements for response rates are detailed in Section B.5. States will run response reports by industry monthly and monitor response rates by industry. These reports are for the state information only, and are not a deliverable to BLS. States will still be required to submit weekly response rate reports to BLS as outlined in Section B.7.

The SPAM deliverable export will include job titles and wage rates that are loaded into SPAM. States will provide semi-annual updates to information regarding their IT operating environment. The SPAM system will be developed for and tested on Windows Editions currently supported by Microsoft (Client PC Windows 7 and 10, 64-bit and Server Windows 2008 R2 64-bit). Problems related to the SPAM system operating on an out dated or unsupported operating system may require upgrades.

The following table highlights dates for key OES files:

FY 2017 OES FILES SUMMARY BY PANEL

<u>Panel</u>	<u>Item</u>	<u>Due Date</u>
2016-2	Interim Master File to BLS	Oct 6, 2016 (TR)
2016-2	First final Master File to BLS	Dec 1, 2016 (TR)
2016-2	Questions sent by BLS to state	Dec 12, 2016 (W)
2016-2	Second final Master File to BLS	Jan 4, 2017 (W)
2016-2	Supplemental Sheets to BLS	Jan 13, 2017 (F)
2016-4	Sample sent to states	Sept 15, 2016 (TR)
2016-4	Pre-notification letter and Return Address to BLS (Optional)	Sept 7, 2016 (W)
2016-4	State Workforce Agency Return Addresses to BLS	Sept 7, 2016 (W)
2016-4	Refined Sample for Pre-notification Mailing to BLS (Optional)	Sept 28, 2016 (W)
2016-4	Solicitation Letters and Fact Sheets to BLS	Oct 5, 2016 (W)
2016-4	Refined Sample for Printer to BLS	Nov 1, 2016 (T)
2016-4	1st Follow Up Sample for Printer to BLS	Nov 30, 2016 (W)
2016-4	2nd Follow Up Sample for Printer to BLS	Dec 28, 2016 (W)
2016-4	3rd Follow Up (Opt) Sample for Printer to BLS	Jan 25, 2017 (W)
2016-4	Interim Master File to BLS	Apr 6, 2017 (TR)
2016-4	First final Master File to BLS	June 1, 2017 (TR)
2016-4	Questions sent by BLS to state	June 14, 2017 (W)
2016-4	Second final Master File to BLS	June 28, 2017 (W)
2016-4	Supplemental Sheets to BLS*	June 30, 2017 (F)
2017-2	Sample sent to states	Mar 15, 2017 (W)
2017-2	Pre-notification letter and Return Address to BLS	Mar 8, 2017 (W)
2017-2	State Workforce Agency Return Addresses to BLS	Mar 8, 2017 (W)
2017-2	Refined Sample for Pre-notification Mailing to BLS (Optional)	Mar 29, 2017 (W)
2017-2	Solicitation Letters and Fact Sheets to BLS	Apr 5, 2017 (W)
2017-2	Refined Sample for Printer to BLS	May 3, 2017 (W)
2017-2	1st Follow Up Sample for Printer to BLS	May 31, 2017 (W)
2017-2	2nd Follow Up Sample for Printer to BLS	June 27, 2017 (T)
2017-2	3rd Follow Up (Opt) Sample for Printer to BLS	July 26, 2017 (W)
2017-4	Sample sent to states	Sep 15, 2017 (F)

The BLS will provide the state with updated master files and estimates files for the May 2016 reference period within five weeks after the final corrections files for the May 2016 panel are received from states. Dates pertaining to sample files for the printer are subject to change.

*Supplemental sheets are only due from states that elect to send out hard copy long forms.

B. DELIVERABLES

Data items that must be delivered for the BLS to operate the OES program are described in summary below. Each item must be delivered according to the schedule specified in the OES Manual, the work statement, and BLS technical memoranda.

Content	Agree To Comply (Check Box)	Due Dates	Agree To Comply (Check Box)
1. Publication of employment and wage estimates that meet the OES publication requirements outlined in the State Operations Manual and validated by the BLS. A press release, hard copy report, or Internet website count as publication.	<input type="checkbox"/>	October 2, 2017	<input type="checkbox"/>
2. Delivery to BLS Washington of:			
a. electronic State Workforce Agency return address;	<input type="checkbox"/>	2016-4 panel, Sept 7, 2016 2017-2 panel, Mar 8, 2017	<input type="checkbox"/>
b. electronic solicitation letters (initial and follow-up) and electronic fact sheet; and	<input type="checkbox"/>	2016-4 panel, Oct 5, 2016 2017-2 panel, Apr 5, 2017	<input type="checkbox"/>
c. electronic sample files (after address refinement).	<input type="checkbox"/>	2016-4 panel, Nov 1, 2016 2017-2 panel, May 4, 2017	<input type="checkbox"/>
3. For follow up solicitation, delivery to BLS Washington of electronic sample file including sample non-respondents.	<input type="checkbox"/>	As specified above	<input type="checkbox"/>
4. Interim master files containing at least a 60 percent usable response rate, including wages, in either units or employment for each area. The response rates are for each sampled area. The master file will reflect coding to the full OES occupational structure.	<input type="checkbox"/>	2016-2 panel, Oct 6, 2016 2016-4 panel, Apr 6, 2017	<input type="checkbox"/>

B. DELIVERABLES (CONTINUED)

Content	Agree To Comply (Check Box)	Due Dates	Agree To Comply (Check Box)
5. Clean final master files for each of the OES panels (2016-2 and 2016-4) containing at least a 75 percent usable response rate, including wages, in either units or employment for each sampled area, including the portion of the state in an interstate MSA. The master file will reflect coding to the full OES occupational structure. The file must also contain a minimum of 65 percent usable response rate for employment, statewide. These requirements can also be satisfied if the combined response rate for the May 2016 and November 2016 panels is at least 75 percent in either units or employment for each area and 65 percent usable employment statewide.	<input type="checkbox"/>	2016-2 panel, Dec 1, 2016 2016-4 panel, June 1, 2017	<input type="checkbox"/>
6. Completed copies of the supplemental reporting sheets from all questionnaires. Supplemental sheets are only due from states that elect to send out hard copy long forms.	<input type="checkbox"/>	2016-2 panel, Jan 13, 2017 2016-4 panel, July 30, 2017	<input type="checkbox"/>
7. Data collection progress report (SPAM Summary Progress Report—RAR and RAQ).	<input type="checkbox"/>	Close of business Monday of each week beginning in January for the November panel, and in July for the May panel.	<input type="checkbox"/>
8. One additional interim set of master machine-readable files will be provided to the BLS regional office for each panel. There is no required response rate for this file due to the flexible timing of this deliverable. This does not preclude states from providing additional master files to the regional office as negotiated by the states and regional offices.	<input type="checkbox"/>	As negotiated between each state and its regional office.	<input type="checkbox"/>

C. PROGRAM PERFORMANCE REQUIREMENTS

Specific methods for conducting the OES survey are described in the OES Manual and in technical instructions provided by the BLS. Major elements are:

- | | | Agree To
Comply
(Check Box) |
|----|---|-----------------------------------|
| 1. | Address Refinement | |
| | The state agency will perform address refinement functions as specified in the OES Manual. | <input type="checkbox"/> |
| 2. | Data Collection | |
| | a. Survey will be conducted in accordance with procedures contained in the OES Manual. | <input type="checkbox"/> |
| | b. BLS/OMB-approved forms and procedures will be used. | <input type="checkbox"/> |
| 3. | Software | <input type="checkbox"/> |
| | a. State agencies using any BLS-sponsored OES exportable software will install the latest version of the software and maintain conformance with the latest source code. Installation will be completed within 30 days of receipt of the update. | <input type="checkbox"/> |
| | b. States will participate in testing of the OES software and submit results of their testing to BLS. | <input type="checkbox"/> |
| | c. States will provide semi-annual updates to information regarding their operating environment. | <input type="checkbox"/> |
| | d. The SPAM system will be developed for and tested on Windows Editions currently supported by Microsoft (Client PC Windows 7 and 10, 64-bit and Server Windows 2008 R2 64-bit). Problems related to the SPAM system operating on an out dated or unsupported operating system may require upgrades to state systems. | <input type="checkbox"/> |

QUALITY ASSURANCE REQUIREMENTS

The state agency will cooperate with the BLS in:

- 1. Editing and screening efforts for all data types by running and acting on SPAM QA edits and by providing corrections and explanations when data are questioned by BLS. BLS questions on the interim master files should be addressed before final master files are submitted. Questions on the final master file should be addressed or corrections submitted as specified in the technical memoranda.
- 2. Providing information for atypical reporters as appropriate.
- 3. The BLS will provide states with preliminary 2016 estimates in December 2016. States will review preliminary estimates and make any necessary corrections to the micro data so suppression of individual OES estimates will be minimized.
- 4. Cooperating with state operations review activities.

D. EXCLUSIONS

The deliverables and cost estimates for the OES program should reflect only activities associated with conducting a sample survey of establishments, and publishing BLS standard estimates of occupational employment and wages. Activities that are not part of the OES program include developing other estimates or projections of industry or occupational employment, and Foreign Labor Certification administrative activities.

E. EXPLANATION OF VARIANCES

NOTE: Please add additional pages as necessary

QUARTERLY CENSUS OF EMPLOYMENT AND WAGES

A. PROGRAM INFORMATION

The Quarterly Census of Employment and Wages (QCEW) provides data on monthly employment, total quarterly wages, taxable wages, employer contributions and other business identification information. The states prepare an Enhanced Quarterly Unemployment Insurance (EQUI) file each quarter. QCEW data are developed for the 50 states, the District of Columbia, Puerto Rico, and the Virgin Islands.

Since 1972, the Bureau of Labor Statistics (BLS) has successfully shared QCEW data with the Bureau of Economic Analysis (BEA). On a quarterly basis, the BEA uses QCEW data to develop county, state, regional, and national personal income estimates, a component of the Gross Domestic Product, and to conduct related statistical research and analysis.

The BLS funds and administers the QCEW program and provides conceptual, technical, and procedural guidance in all program activities. State agencies are responsible for data collection, insuring data quality, and publication in cooperation with the BLS. The QCEW program uses the standardized procedures described in the QCEW Operating Manual or on StateWeb, as well as in the work statement and BLS technical memoranda. Applicants should put an "X" or check mark in the spaces provided on the following pages to indicate agreement to comply with stated program requirements.

The redesign of a new state processing system is underway. It is allowable for states to use QCEW funds for a range of activities in preparation for and the implementation of this system such as: buying the standard configuration of hardware, reprogramming for new UI extracts, and for the wage record pre-processing features.

B. DELIVERABLES

Content	Agree To Comply (Check Box)	Due Dates	Agree To Comply (Check Box)
1. EQUI Name and Address File must be delivered for the BLS to operate the QCEW program. It must be delivered according to the schedule specified in the QCEW Operating Manual or on StateWeb, the work statement, and BLS technical memoranda. Estimates, acceptable to the BLS, will be used in the case of missing state files.	<input type="checkbox"/>	2016-2 October 13, 2016	<input type="checkbox"/>
		2016-3 January 10, 2017	
		2016-4 April 13, 2017	
		2017-1 July 13, 2017*	

*If the consensus of the QCEW Policy Council is that the test of the one week acceleration of the QCEW deliverable has been successful, the date for Deliverable B1 for 2017-1 will move up to July 6, 2017, ending the need for Deliverables B2 and B8.

B. DELIVERABLES (CONTINUED)

Content	Agree To Comply (Check Box)	Due Dates	Agree To Comply (Check Box)
2. Test EQUI Name and Address File must be delivered one week early for the BLS to test an acceleration of the QCEW program. It must be delivered according to the schedule specified in the QCEW Operating Manual or on StateWeb, the work statement, and BLS technical memoranda.	<input type="checkbox"/>	2016-2 October 6, 2016 2016-3 January 5, 2017 2016-4 April 6, 2017 2017-1 July 6, 2017*	<input type="checkbox"/>
<p>The Test Update File must be delivered on the due dates listed for Deliverable B1 for the BLS to test an acceleration of the QCEW program. The combination of the Test Update File and the Test EQUI Name and Address File will be accepted by BLS as Deliverable B1.</p>			
<p>States must inform the region each quarter regarding the status of deliverable B2 as a “no change” or “best effort” test file as described in S-16-02</p>			
<p>*If the consensus of the QCEW Policy Council is that the test of the one week acceleration of the QCEW deliverable has been successful, the date for Deliverable B1 for 2017-1 will move up to July 6, 2017, ending the need for Deliverables B2 and B8.</p>			
3. In addition to the EQUI, summary macrodata files must be delivered to the BLS in accordance with the standardized procedures described in the QCEW Operating Manual or on StateWeb, as well as in the work statement and in BLS technical memoranda.	<input type="checkbox"/>		

B. DELIVERABLES (CONTINUED)

Content	Agree to Comply (Check Box)	Due Dates	Agree to Comply (Check Box)
4. States will publish QCEW data quarterly within seven months of the end of reference quarter at the state NAICS sub-sector level and county sector level. To be considered published, data must be released to the general public in the form of either a web database, downloadable data file(s), paper or electronic data files, or press release.	<input type="checkbox"/>		
5. State will publish BLS-provided seasonally adjusted Business Employment Dynamics data at the state level within 30 days of receipt from the BLS.	<input type="checkbox"/>		
6. If requested by the BLS, a subset microdata file of the largest gross corrections must be delivered to the BLS within seven working days after the EQUI due date for each quarter. This covers the need for quick responses on very large errors that are provided to BEA and CES, if necessary.	<input type="checkbox"/>		
7. Submit a file of BLS requested or approved corrections, if needed, after the initial EQUI submittal and before the BLS clean designation. This covers the normal series of national office questions sent usually within 10 days of the EQUI. Automated corrections will also be sent through the states' systems as specified in technical memoranda or the QCEW Operating Manual.	<input type="checkbox"/>		

B. DELIVERABLES (CONTINUED)

Content	Agree To Comply (Check Box)	Due Dates	Agree To Comply (Check Box)
<p>8. For first quarter, the ten states with the largest percentage of national wages in the finance sector will submit an early EQUI to BLS three weeks earlier than the EQUI as specified in a BLS technical memorandum. These states will submit an Update file that BLS will combine with the early EQUI to constitute the usual contract microdata deliverable. It is recognized that these early submittals have not been fully processed and do not meet existing QCEW quality standards. The official EQUI date is not changed. This early submittal will improve the accuracy of BEA’s Gross Domestic Product measures. While the emphasis is on Finance, BEA will use the submitted data for each of the industries. The ten states are: California, New York, Connecticut, Florida, Illinois, Texas, Pennsylvania, New Jersey, Ohio and Massachusetts. Early EQUI and Update files from other states will also be accepted.</p>	<input type="checkbox"/>	June 30, 2017*	<input type="checkbox"/>
<p>* If the consensus of the QCEW Policy Council is that the test of the one week acceleration of the QCEW deliverable has been successful, the date for Deliverable B1 for 2017-1 will move to July 6, 2017, ending the need for this deliverable.</p>			

C. PROGRAM PERFORMANCE REQUIREMENTS

Specific methods for preparing the EQUI Files are described in the QCEW Operating Manual or on StateWeb and in technical memoranda provided by the BLS. Major elements are:

C. PROGRAM PERFORMANCE REQUIREMENTS (CONTINUED)

- | | | Agree To
Comply
(Check Box) |
|-------|--|-----------------------------------|
| 1. | Process and edit all required program data gathered from initial Status Determination Forms or automated employer registration process, Multiple Worksite Reports, Annual Refiling Survey (ARS), quarterly contribution reports, EDI Center, MWR-Web and quarterly Reports on Federal Employment and Wages conducted as part of the UCFE Program. | <input type="checkbox"/> |
| 2. | Follow up with: | |
| a) | All employers that have employment data missing from UI contribution reports; and | <input type="checkbox"/> |
| b) | Employers on questionable data | <input type="checkbox"/> |
| 3. | Impute for missing or delinquent data according to the guidelines in the QCEW Operating Manual or on StateWeb. States should review and verify all imputations for units with 100 and greater employees prior to each quarter's EQUI. | <input type="checkbox"/> |
| 4. a) | Participating states should provide their UI Tax Email Address files by established due dates. States should also load all response files (CARS and undeliverable accounts identified through NCOA processing) as directed. All updates to state contact information should be provided to BLS as soon as possible. States will maintain criteria and performance requirements (80 percent of employment usable response rate or 70 percent of units' usable response rate) calculated as specified in the QCEW Operating Manual or on StateWeb. | <input type="checkbox"/> |
| b) | The ARS control files must have physical location address information for 75 percent of the records. Work with the BLS to meet this requirement during the print file creation process for the next ARS cycle. | <input type="checkbox"/> |
| c) | Review, verify or update industry and county (or township) codes using returned ARS responses and any appropriate supplemental, BLS-provided, or follow-up information. | <input type="checkbox"/> |

C. PROGRAM PERFORMANCE REQUIREMENTS (CONTINUED)

	Agree To Comply (Check Box)
d) From the returned ARS responses, perform the following review activities: For newly identified multi-establishment worksites in the prior year ARS, assign the following codes: NAICS, county, ownership, and MEEI. Then, enter these codes along with Reporting Unit Numbers and the physical location addresses to solicit for the quarterly Multiple Worksite Report for those employers meeting the standards in the QCEW Operating Manual or on Stateweb. When applicable, review potential NAICS code assignment differences identified by other sources and adjust codes as necessary in the first quarter EQUI.	<input type="checkbox"/>
e) Updated physical location and mailing addresses information collected from the ARS must be added to the state micro file and submitted to the BLS no later than the first quarter EQUI deliverables file. Both sets of addresses should follow the standards in the QCEW Operating Manual or on StateWeb.	<input type="checkbox"/>
5. Assign valid NAICS, county, ownership and MEEI codes to new employer accounts using the procedures described in the QCEW Operating Manual or on StateWeb. Add physical location and mailing address information to the state QCEW micro file for these new accounts, if available. For new employer accounts with no product or economic activity and/or geographical information, provide a CARS NCA file to BLS or send a BLS-3023 NCA form to collect this information on a flow basis.	<input type="checkbox"/>
6. a) All units with a NAICS industry code of 999999 (unclassified) must be surveyed on a flow basis during the cooperative agreement period. All units with zero employment and wages for four complete consecutive quarters should be excluded.	<input type="checkbox"/>
b) NAICS 999999 should not be greater than 1.0 percent of employment in the total file in any quarter.	<input type="checkbox"/>
7. For systems operated and maintained in the states, install and use the latest version of EXPO-QCEW or WIN-202 and maintain conformance with the latest source code. Installation of all system updates should be completed within 30 days of receipt (minor or interim changes should be implemented within 7 days of receipt). States not using the Service Center will send written notification to the BLS as soon as the update is operational.	<input type="checkbox"/>
8. Where state policy allows, states will allow the BLS access to state microdata and macrodata files via EXPO-QCEW or WIN-202 for support of deliverables in critical circumstances.	<input type="checkbox"/>
9. Use the Multiple Worksite Report solicitation, informed consent letters, and refusal solicitation letters outlined in the QCEW Operating Manual or on StateWeb.	<input type="checkbox"/>

C. PROGRAM PERFORMANCE REQUIREMENTS (CONTINUED)

- | | | Agree To
Comply
(Check Box) |
|-----|---|-----------------------------------|
| 10. | a) Accept, edit and review Multiple Worksite Reports and Reports on Federal Employment and Wages from reporters or the BLS on electronic medium or from computer to computer in the standardized formats. Follow instructions and procedures enumerated in the QCEW Operating Manual, on StateWeb, and technical memoranda with regard to the central collection of these data by the BLS MWRweb or Electronic Data Interchange Center. | <input type="checkbox"/> |
| | b) States will review files from new respondents to the Electronic Data Interchange Center on a quarterly basis. States will assign RUNs and applicable Comment, NAICS, and CTY codes to each establishment. Workflow will be determined by the number of new respondents to EDI in a given quarter. | <input type="checkbox"/> |
| 11. | Extract, edit, and review Quarterly Contributions Report data from the Unemployment Insurance tax file at least twice each quarter for current quarter data. Extract, edit and review late and retroactive prior quarter data at least once during the current quarter. Any data extracted and loaded to the micro file for quarters earlier than prior quarter must also be edited and reviewed prior to submittal or publication. | <input type="checkbox"/> |
| 12. | Monitor updates and notify the BLS regional office of changes to the state UI program accounting and processing systems, specifically, but not limited to, changes resulting from One Stop, coverage and law changes, rate structure changes, SUTA dumping, UI numbering modifications, wage base level changes, processing of wage records, changes in data fields, tracking predecessor/successor full and partial transactions, and use of scanning or other technological changes in UI systems. States will modify UI extract programs in a manner to ensure accurate and complete data input files and timely deliverables.

States will seek the inclusion of payroll processor codes into the UI system where possible with the goal of filling the agent code field on the EQUI on a timely basis. Where possible, states will use the National Association of Computerized Tax Processors (NACTP) standard numbering system for payroll processors. | <input type="checkbox"/> |
| 13. | Employment in county code 995 and 999 when summarized should not be greater than 2.5 percent of total employment. | <input type="checkbox"/> |
| 14. | Review and resolve, as possible, Predecessor/Successor events, including apparent births and deaths, 95 percent of private sector units with 50-249 employment, and all private sector units 250 and greater each quarter as prescribed by QCEW technical memoranda and the QCEW Operating Manual or on StateWeb. | <input type="checkbox"/> |
| 15. | The state will implement and utilize predecessor/successor capabilities, the Possible Predecessor/Successor Matching and modified edits and parameters during the current and subsequent quarter's review and load wage records each quarter. | <input type="checkbox"/> |

C. PROGRAM PERFORMANCE REQUIREMENTS (CONTINUED)

- | | |
|--|-----------------------------------|
| | Agree To
Comply
(Check Box) |
| 16. Ninety (90) percent of private sector single and sub-units with employment of 100 or more will be geocodable by physical location address within the state at least to the ZIP Code level by submission of the 4th Quarter, EQUI. States will address 90 percent of units over 100 that have county codes that do not match geocoded county codes by fourth quarter. | <input type="checkbox"/> |

D. QUALITY ASSURANCE REQUIREMENTS

- | | |
|---|-----------------------------------|
| | Agree To
Comply
(Check Box) |
| The state agency will: | |
| 1. Incorporate the ARS control file data in first quarter processing. | <input type="checkbox"/> |
| 2. Run and review micro, integrated and scored edits prior to transmitting EQUI files to the BLS. | <input type="checkbox"/> |
| 3. Edit and review all new and updated records prior to submittal to the BLS. Ensure that the EQUI file is complete and not missing extracted data or data supplied via CARS, ARS Web, NVM Web, EDI, MWR Web, and MWR Print. | <input type="checkbox"/> |
| 4. Review QCEW and CES macrodata to aid in identifying potential differences. This is to be done prior to each EQUI submittal, including update and subset submittals. | <input type="checkbox"/> |
| 5. Provide electronic micro data corrections and/or explanations to questions arising from micro and macro edits of all QCEW data elements, including ARS information. | <input type="checkbox"/> |
| 6. Provide certification of data to the BLS regional office upon completion of the correction/review process. | <input type="checkbox"/> |
| 7. Cooperate with the BLS in resolving CES and QCEW microdata differences in establishment-level reporting, NAICS, ownership, and geographic coding. | <input type="checkbox"/> |
| 8. Follow QCEW Operating Manual or StateWeb guidelines on predecessor-successor, mergers/acquisitions, and multi-establishment breakouts and collapses. Use the Possible Predecessor/Successor Matching feature in EXPO-QCEW and WIN-202 programs to help match and link possible predecessor/successor accounts/units. | <input type="checkbox"/> |
| 9. Cooperate with industry coding quality control/quality assurance and State Operations Review activities. | <input type="checkbox"/> |

D. QUALITY ASSURANCE REQUIREMENTS (CONTINUED)

Agree To
Comply
(Check Box)

10. Improve the quality of data collected on the Multiple Worksite Report by:
- a) Collecting data at the worksite level,
 - b) Reviewing and updating physical location addresses for multi-establishment reporters,
 - c) Reviewing and updating trade names and reporting unit descriptions for multi-establishment reporters, and
 - d) Following QCEW Operating Manual or StateWeb instructions on reporting unit descriptions.
 - e) Mail or provide MWR Print files to BLS according to the schedule established in technical memorandum (S-11-11).
 - f) Participate in full solicitation of eligible units for MWRweb as described in technical memorandum (S-12-01).
11. Follow-up on BLS-provided lists of unusable physical location addresses and “mailing/other addresses” within BLS policies and guidelines.
12. Work with UI staff to address issues raised by the BLS on suggested improvements to content, collection and processing of Status Determination Forms and Quarterly Contributions Report data. Included are the collection of physical location address information, the proper definition of employment on all appropriate UI forms, instructions, handbooks, and electronic reporting system specifications, etc.
13. Work with the BLS to address issues raised on quality of information on state and local government.
14. Participate with the BLS in resolving up to 50 individual cases per year for selected industry and/or geographic differences identified under CIPSEA-sponsored data sharing. If other tax-related legislation is passed, the BLS will revisit this item.
15. States will work with regional offices to review and analyze causes of high employment imputation rates and to seek reductions. Regions will work with states with employment imputation rates greater than 6 percent.
16. States will work with regional offices to review and analyze causes of high wage imputation rates and to seek reductions. Regions will work with states with wages imputation rates greater than 10 percent.
17. States must review and discuss in a timely manner BLS-supplied NAICS codes for employer accounts reviewed and verified as a result of data sharing with the Census Bureau.

E. EXCLUSIONS

The QCEW program allowable costs should reflect only activities associated with the development of the EQUI mailing, macro and micro editing, and processing of the multiple worksite report and activities associated with the initial coding of new employer accounts, the Annual Refiling Survey, and publication of QCEW data in printed and/or electronic form. The following types of activities are not funded as part of the QCEW program:

1. Special tabulations of QCEW data for use by programs other than QCEW. Costs for such tabulations should be charged to the requestor.
2. Editing of wage records and any other unemployment insurance records with the exception of quarterly contribution reports and reports on Federal employment and wages conducted as part of the UCFE program. Wage records are only to be used as a source to verify levels of employment and wages, and predecessor/successor relationships, or to assist in breaking out establishments of multi-unit employers.
3. All functions (e.g., data entry, printing of forms, mailing of forms) associated with the collection and follow-up for late or missing data of the SWA Employer Quarterly Contributions Report. Costs for these activities should be borne by the UI tax unit as per ETA Fiscal Letter No. I-90 dated October 9, 1990.
4. With the exception of data provided by the BLS EDI center, soliciting, processing, and editing of data for multi-establishment employers that fall below the QCEW criterion of having ten (10) or more employees in secondary establishments.
5. Any and all activities related to the Census Bureau Longitudinal Employer Household Dynamics or related programs.

F. DATA SHARING BLANKET APPROVAL

Agree To
Comply
(Check Box)

1. The state authorizes the BLS to share the state's microdata and macrodata with assigned BLS researchers and Federal government agencies (other than BEA) and units for exclusively statistical purposes. This authorization is made based on the BLS assurance that the confidentiality of these data will be protected to the full extent permitted by law. (No variance is required if this box is not checked.)
2. The state authorizes the BLS to share **limited portions** of the state's microdata with the Bureau of Economic Analysis for exclusively statistical purposes. This authorization is made based on the BLS and BEA assurance that the confidentiality of these data will be protected to the full extent permitted by law.

BEA will receive a limited amount of microdata each quarter to aid in their analysis of QCEW macrodata -- only for records with comment codes or where a CCS change is indicated. The microdata files delivered to BEA are limited to a Comment Code File and a CCS File. The Comment Code File includes limited microdata for those records that contain comment codes. The CCS File includes limited microdata only for those records with a reported CCS change. (No variance is required if this box is not checked.)

F. DATA SHARING BLANKET APPROVAL (Continued)

- 3. The state authorizes the BLS to share **all information** contained in the state's microdata with the Bureau of Economic Analysis for exclusively statistical purposes. This authorization is made based on the BLS and BEA assurance that the confidentiality of these data will be protected to the full extent permitted by law. (No variance is required if this box is not checked.)

G. EXPLANATION OF VARIANCES

NOTE: Please add additional pages as necessary.

**BUREAU OF LABOR STATISTICS
BUDGET INFORMATION FORM**

U.S. DEPARTMENT OF LABOR

See complete instructions in LMI Cooperative Agreement, Part II, Application Instructions.

We estimate that it will take an average of 1 to 6 hours to complete this form including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the information. Your response is required to obtain or retain benefits under 29 USC 49L-1. If you have any comments on the estimates or the form, send them to BLS, Division of Financial Planning and Management (1220-0079), 2 Massachusetts Avenue, NE, Room 4135, Washington, DC 20212-0001. You are not required to respond to the collection of information unless it displays a currently valid OMB control number.
