Revised June 2017

The NTPS Portal is a web-based interface, the purpose of which is to allow schools to:

- Complete a screener survey, which collects basic information about the school, confirms the eligibility of the school in the NTPS, and establishes a point of contact at the school (a “survey coordinator”) for subsequent NTPS data collection operations;
- Submit their Teacher Listing Form (TLF) electronically;
- Check the status of each questionnaire assigned to the school;
- Request replacement questionnaires; and
- Access a resource center to learn additional information about NTPS and get ideas for how to encourage participation within the school.

ENCOURAGE PARTICIPATION

[Return to Resources](#)

Thank you for your continued assistance with the NTPS!

By reminding the staff in your school to complete their NTPS questionnaires, you are helping contribute to the success of this important survey. Below you can find some creative ideas to help encourage participation from the staff in your school.

Ideas to Encourage Participation

- Send a "sweet" reminder.
Attach a couple of cookies or a piece of candy to a note saying, "A sweet reminder to fill out your NTPS Teacher Questionnaire today!"
Put the sweet treat and note in the teacher's mail box.
- Ask the principal to send an e-mail to teachers who haven't responded yet.
Use the sample e-mails below.
- Visit the teacher's classroom.
Remind them that their voice will only be heard by decision makers if they fill out the survey.

Sample e-mails to send to participants

Below you will find sample e-mails to encourage teachers to fill out the NTPS Teacher questionnaire. You may use these "as is" or change them to better suit your needs.

Sample 1

Subject: Let your voice be heard!

Dear [teacher's name],

Would you please take a bit of time this week to fill out the NTPS? This survey gives a voice to educators who prepare and empower students to actively engage with and improve their world. You can add your voice and tell decision makers what they need to know to make better policies about education in our country.

Sample 2

Subject: It's worth your time to fill out the NTPS!

Dear [teacher's name],

I know that your time is valuable and it seems like filling out the NTPS is just another thing you've been asked to do. But did you know that your survey responses represent thousands of other teachers just like you? The time you spend answering the questions on the NTPS ensures that legislators and others who make decisions about our schools and classrooms have good information. Those decisions affect all of us. Won't you please help by filling out the survey today?

Sample 3

Subject: Please share your story!

Dear [teacher's name],

You have a story to tell - about how you became a teacher, about the subjects you teach, about your kids, about how you feel about this school and teaching as a profession. The NTPS is a way for you to share your story with those who make decisions that affect us all. Remember, your responses are not visible to anyone at the school, and your name will not be published in study reports. The results will only be published as summary statistics. Please take a few moments today to fill out the NTPS.

Sample 4

Subject: Time is running out!

Dear [teacher's name],

I've written before to ask you to lend your voice to those of other teachers who are filling out the NTPS to make sure that decision makers know what you think when they make policies about education. I wanted to make sure that you know that time is running out for you to take the survey and be heard in those discussions. If you will, please find some time within the next day or two to fill out the NTPS. I think it's important for all of us.

Sample 5

Subject: A final reminder to fill out the NTPS

Dear [teacher's name],

It's been really busy around here recently, and I know that you've been busy too. I wanted to remind you, though-- your chance to fill out the NTPS is almost over. After the survey period ends, you won't be able to lend your voice to the thousands of other teachers who are participating in this important survey. It will only take 40 minutes of your time and will provide really valuable information to decision makers about your views on education. They can only make good decisions with good information. Will you help by filling out the survey today?

FREQUENTLY ASKED QUESTIONS

[Return to Resources](#)

This is a list of frequently asked questions and their responses that you can refer to if you would like additional information about the National Teacher and Principal Survey.

[What is the purpose of the NTPS?](#)[How are the NTPS data used?](#)[Why is my school's participation important?](#)[How long does it take to complete a NTPS questionnaire?](#)[Will my school's name and individual staff members' data remain confidential?](#)[Who authorizes this survey?](#)[Who can answer general questions regarding this survey?](#)

WHAT IS THE PURPOSE OF THE NTPS?

The purpose of the NTPS is to provide policymakers and researchers with relevant and timely data on the characteristics and conditions of America's public schools and the professionals who work in them. The data collected permit detailed analyses of the characteristics of schools, principals, teachers, and students. The data also link the NTPS components, which enables researchers to examine the relationships among these elements of the education system. For example, researchers can study teacher attrition using information not only provided by teachers, but also from their principals.

The NTPS has been designed with input from state and local education agencies, school administrators, teachers, education policymakers, and researchers through the numerous organizations representing these various data providers and data users. For more information about the NTPS, please visit our website at <http://nces.ed.gov/surveys/ntps>.

[Go back to FAQ list](#)

HOW ARE THE NTPS DATA USED?

The data from the NTPS are used by Congress, the U.S. Department of Education, state education agencies, public school districts, and education research organizations to:

- Evaluate the effects of school workplace conditions, salaries, and training opportunities on the educational workforce;
- Assess school staffing practices and personnel policies;
- Aid in the Department of Education's program planning in the areas of teaching shortage incentives, teaching policies, and teacher education.

[Go back to FAQ list](#)

WHY IS MY SCHOOL'S PARTICIPATION IMPORTANT?

The survey is a primary source of information about what is happening in K-12 schools across the United States. Only a small percentage of schools are selected to participate; therefore, your school is important for the success of the survey.

[Go back to FAQ list](#)

HOW LONG DOES IT TAKE TO COMPLETE A NTPS QUESTIONNAIRE?

While the surveys will vary in length, each questionnaire will take approximately 13 to 40 minutes to complete.

[Go back to FAQ list](#)

WILL MY SCHOOL'S AND INDIVIDUAL STAFF MEMBERS' DATA REMAIN CONFIDENTIAL?

Accessibility

The Census Bureau is committed to making online forms and other public documents on its Internet server accessible to all. Currently, we are reviewing our web sites and making modifications to those pages, which are not in compliance with the Americans with Disabilities Act. We use Hypertext Markup Language (HTML) to create pages that are generally accessible to persons using screen-reading devices, and we are careful in our construction of HTML documents to ensure maximum accessibility. We include alternate text describing graphics.

Many Census Bureau Internet documents are in ASCII or HTML formats. These documents are accessible to persons using screen-reading software. We also have a large number of documents in Adobe Acrobat PDF (Portable Document Format) files. Currently, many people using screen-reading devices cannot read documents in PDF format, specifically those that were created from a scanned hard copy.

Adobe Systems, Inc. is producing various products designed to make Adobe Acrobat documents accessible to persons using screen-reading software. Adobe's [accessibility web pages](#) describe their efforts.

DATA ARE ENCRYPTED AT ALL TIMES

Our secure servers use Hypertext Transfer Protocol over Secure Socket Layer (HTTPS) to ensure the encrypted transmission of data between your browser and the U.S. Census Bureau. This means that instead of sending readable text over the Internet, both your browser and our servers encode (scramble) all text using a security key. That way, personal data sent to your browser and data you send back are extremely difficult to decode in the unlikely event of interception by an unauthorized party. As a result of this, your browser must be capable of using the required encryption protocol and strength in order to connect to our servers. If you cannot connect to our secure servers, please upgrade to a newer browser.

THIRD PARTY IDENTITY PROOFING

Our secure servers use a digital certificate (digital ID) issued by a trusted, third party Certificate Authority (CA) as proof of identity. The only way to be sure of a web site's authenticity is to view their digital ID. In this way, you can be assured that you are not being "spoofed" or tricked by an imposter. The digital ID will contain information such as the name of the organization that owns the web site, the site's registered internet name/address, and the name of the Certification Authority under which the digital ID was issued. The method for viewing a web site's Digital Certificate/ID varies depending on the web browser. Please see your browser's "Help" information for instructions on how to verify a web site's identity.

If the respondent indicates that the grades on file are incorrect by marking “No” to the first question and indicates that the lowest grade offered is Ungraded, Daycare, Prekindergarten, or Kindergarten and the highest grade offered is Ungraded on the second question, then (s)he is directed to Screener Interview Page 7 (Ungraded School). The following response combinations would trigger a skip to Screener Interview Page 7 (Ungraded School):
