- You **MUST** mark any and all aircraft with your number before you operate them.
- The number must be visible without using tools. You may mark it inside the battery compartment if that is accessible. You may use any method to affix the number that ensures it remains visible, including permanent marker, label, or engraving.
- To operate as a hobbyist, you must operate according to the safety guidance you have acknowledged and in accordance with a community based set of safety guidance. For further information on the safety guidance visit faa.gov/uas/model_aircraft/
