Chapter 4 explains the CDBG-specific activity setup screens.

Chapters 5 and 6 cover activity funding and drawdowns. Chapter 7 shows how to receipt program income and repayments of grant funds to the local account.

Chapter 8 explains how to process activities funded with Section 108 Loan Guarantee funds and loan program income.

Chapter 9 outlines the process of CDBG accomplishment reporting.

Chapters 10 through 14 give detailed instructions on reporting accomplishments and performance measures for CDBG area benefit (LMA), limited clientele benefit (LMC), low/mod housing benefit (LMH), low/mod job creation and retention (LMJ), slum/blight (SBA and SBS), and urgent need (URG) activities.

Chapter 15 discusses CDBG activities that have been flagged as at-risk.

Chapter 16 provides guidance on cancelling activities with CDBG draws.

Chapter 17 covers the grant function.

Chapter 18 explains the process of returning grant funds to the letter of credit or local account.

Chapter 19 covers the grantee function.

Supporting material is provided in the appendices.

Chapter 1

AN OVERVIEW OF IDIS

The Integrated Disbursement and Information System (IDIS) is the online system for CPD’s CDBG, ESG, HOME, and HOPWA formula grant programs and for the HOPWA Competitive Program. Grantees also use IDIS for three Recovery Act programs: CDBG-R (CDBG Recovery Act Funds), TCAP (Tax Credit Assistance Program), and HPRP (Homelessness Prevention and Rapid Re-Housing Program).

As its name suggests, IDIS serves two major purposes. Grantees use the system to track and draw down CPD funds and program income (the disbursement side of IDIS) and to record the results of CPD-funded activities (the information side).

HUD uses the data grantees provide in IDIS to report on the performance of the CPD programs to Congress and other program stakeholders.

COMPONENTS

The basic components of IDIS are:

- Grants, Subfunds, and Subgrants
- Consolidated Plan/Annual Action Plan
- Projects
- Activity Setup
- Activity Funding
- Receipts
- Drawdowns
- Accomplishment Reporting
- Reports
- Security and Data Access

Each is described below.

Grants, Subfunds, and Subgrants

State grantees receive a formula grant on an annual basis from the CDBG program. Information about each CDBG grant is sent to IDIS from LOCCS (Line of Credit Control System), including a grant number, an amount, and an obligation date. The grant number identifies the grantee. The amount is the current amount of the grant and is affected by formula allocation, reallocations, and deobligations. The obligation date is used to track the timeliness of grant expenditures.

Subfunding allows grantees to earmark and track grant funds by *specific use*—e.g., administration and subgrants. Subgranting allows grantees to earmark and track grant funds by *specific organization*—e.g., subgrants of program income funds can help States track individual program income balances retained by various local governments.

Consolidated Plan and Action Plan

Each year, a CPD formula grantee creates either a Consolidated Plan or an Action Plan (the section of the Consolidated Plan that is updated and submitted to HUD annually). In the Plan, the grantee identifies community needs, resources, and priorities, and describes the

projects to be undertaken with CDBG, HOME, ESG, and/or HOPWA funds in the upcoming year.

Projects

IDIS projects generally correspond to the grantee's Consolidated Plan/Annual Action Plan projects. These projects are high-level descriptions of what the grantee intends to accomplish over the next year. Information about each project, such as name, description, estimated budget, and expected accomplishments, is either uploaded into IDIS or input directly into the system by grantees. Each IDIS project is set up under a specific Plan year. Projects also serve as the chief mechanism for organizing and tracking related activities in IDIS.

Activity Setup

Each activity in IDIS is set up under one of the projects in an Action Plan. It is at the activity level that grantees supply HUD with details about the work they will carry out to meet project goals. Information entered at setup includes the activity name, location, proposed accomplishments, and program-specific data.

Activity Funding

An activity must be funded before draws can be made for the activity. CDBG funds can be committed to an activity only if all required CDBG setup information has been entered.

A single activity may be funded by multiple CPD programs, provided the setup information required by each of the funding programs has been entered.

Receipts

Grantees create receipts in IDIS to record CDBG funds deposited in their local CDBG accounts, including program income and repayments. These funds are to be used to pay CDBG program expenses before funds are drawn from the line of credit.

Drawdowns

Drawdowns may be made for an activity after it has been funded. The total amount drawn down cannot exceed the funded amount.

Accomplishment Reporting and Activity Completion

Proposed accomplishments for a CDBG activity are reported at activity setup. Actual accomplishments are provided for each program year the activity is underway. Upon completion of an activity, its status is updated to "completed." IDIS permits the update only after ensuring that all required information has been entered. Before marking the activity as completed, IDIS releases all undrawn funds that were committed to the activity and sets the funded amount equal to the amount disbursed.

Reports

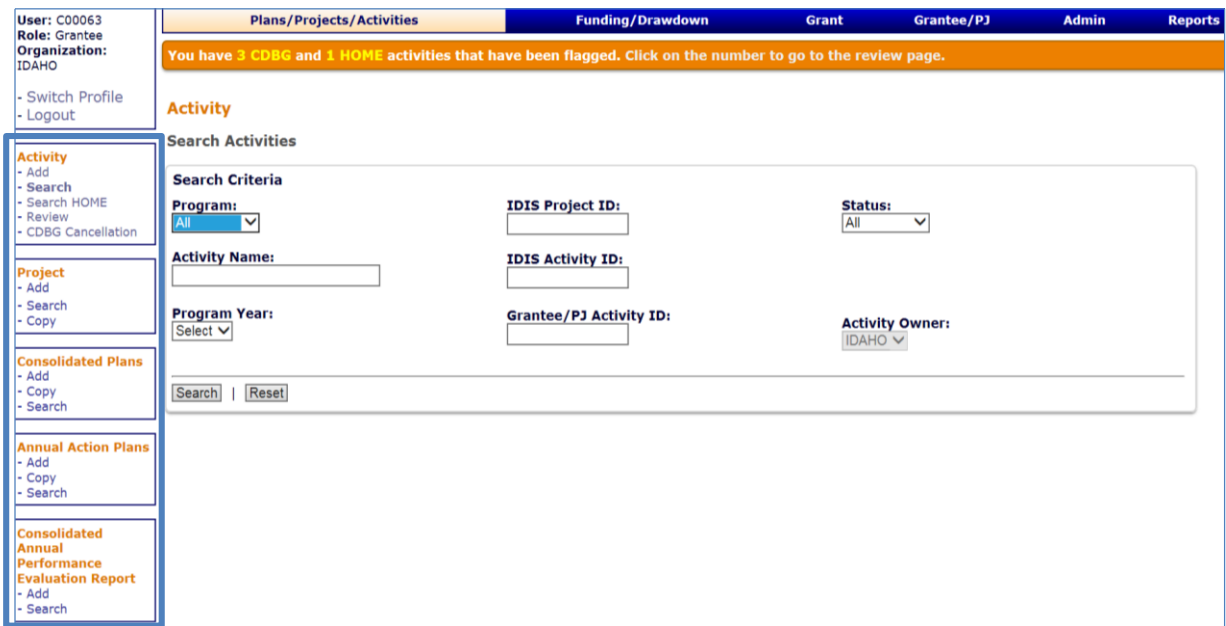

IDIS offers numerous reports to grantees, including program year, activity, and financial reports. Several of them, such as the Grantee Performance Report (PR03), Summary of Accomplishments (PR23), and the CDBG State PER (PR28), are specific to CDBG.

Security

IDIS enforces two types of security. The first type controls the functions that a user may perform. Some of the functions controlled by user ID are set up activity, revise activity, create drawdown, approve drawdown, and run reports. The second type of security controls a user’s access to IDIS data by grantee and by CPD program. A user might, for example, have access to his/her organization’s data for all CPD programs in IDIS, or be limited to accessing CDBG data only. Additionally, a user may be given access to the data for more than one grantee. That user’s security profile can be different for each grantee.

FUNCTIONS

IDIS functions are accessed by clicking tabs on the menu bar running across the top of the screen and then clicking links listed on the left side of the page. For example, clicking the Plans/Projects/Activities tab at the top of the Welcome page displays the screen below:

Links to Activity, Project, Consolidated Plan, Annual Action Plan, and CAPER functions are listed on the navigation bar at the left. To create a new project, you would click the Project Add link; to update an existing project, you would click the Project Search link. The functions that each tab on the menu bar accesses are:

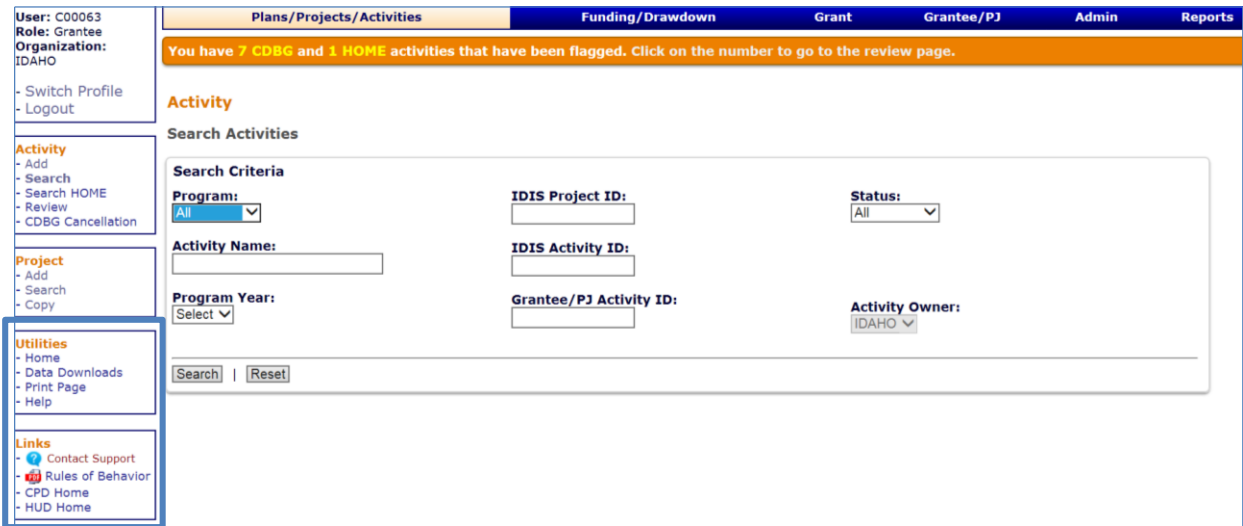

Tab	Functions
Plans/Projects/Activities	Activity Project Consolidated Plan Annual Action Plan CAPER
Funding/Drawdown	Activity Funding Drawdown Receipt Section 108 Loan

Tab	Functions
Grant	Grant Subfund Subgrant Subfund Program Income Subgrant Program Income
Grantee/PJ	Grantee/PJ Subordinate Carrying Out Organization
Admin	Not covered in this manual
Reports	View Reports Report Parameters

The tabs, functions, and links available to you depend on your security profile. For example, if you're not authorized to perform any Administrative functions, the Admin tab will not be displayed. If you are not authorized to access the Consolidated Plan, Annual Action Plan, and CAPER functions (which are not covered in this manual), they will not be listed after the Project links. If you're not authorized to create new activities, the Add link will not be displayed for the Activity function.

UTILITIES AND LINKS

Also listed on the navigation bar of every page are Utilities and Links:

The utilities are:

Home – Displays the IDIS Welcome page.

Data Downloads – Displays the Run Data Extract page. For instructions on running data downloads, go to the [main IDIS](#) page and click on the [IDIS OnLine Data Download Documentation](#) link under the Featured Topics heading.

Print Page – Prints the current page.

Help – Displays a help screen (if available) for the IDIS page you are on.

The available links are:

Contact Support – Provides access to HUD Exchange [Ask A Question](#), the help desk for IDIS.

Rules of Behavior – Displays a document outlining the specific responsibilities and expected behavior of IDIS users.

CPD Home – Displays the Community Planning and Development home page.

HUD Home – Displays the hud.gov page.

Clicking a utility or link does not log you out of IDIS.

FLAGGED CDBG ACTIVITIES

Notice the orange banner on the screen print below. It is displayed at the top of every IDIS screen if you have CDBG and/or HOME activities that have been flagged as being at risk:

The screenshot displays the IDIS user interface. At the top, a navigation bar includes 'Plans/Projects/Activities', 'Funding/Drawdown', 'Grant', 'Grantee/PJ', 'Admin', and 'Reports'. On the left, a sidebar shows user information: 'User: C00063', 'Role: Grantee', 'Organization: IDAHO', and options for 'Switch Profile' and 'Logout'. Below this are sections for 'Activity' (Add, Search, Search HOME, Review, CDBG Cancellation) and 'Project' (Add). The main content area features an orange banner with the message: 'You have 7 CDBG and 1 HOME activities that have been flagged. Click on the number to go to the review page.' A blue arrow points to the '7 CDBG' text. Below the banner is a search area with a link for 'Activity' and a 'Search Activities' section. The search criteria include a 'Program' dropdown menu set to 'All', a 'Status' dropdown menu set to 'All', and text input fields for 'IDIS Project ID' and 'IDIS Activity ID'.

Clicking the CDBG link in the banner displays the CDBG Review Activities screen, which is covered in Chapter 15. If no activities have been flagged, neither the banner nor the Activity Review link on the navigation bar is shown.

Chapter 2 PROJECTS

IDIS projects correspond to your Consolidated Plan/Action Plan projects, which describe the work you will be carrying out in the coming program year with the CPD grant funds you are awarded. Each IDIS project is set up under a specific plan year.

For grantees who use IDIS to submit their Consolidated Plan or Annual Action Plan, the Plan projects are added as IDIS projects when the Plan is approved. For more information on completing the Consolidated Plan and Annual Action Plan in IDIS, see [Consolidated Plan Guides and Tools](#).

ACCESSING THE PROJECT FUNCTIONS

Click the Plans/Projects/Activities tab at the top of any screen to display the Search Activities screen. On it and all other Plans/Projects/Activities screens, links to the project functions you are authorized to access are listed on the left:

The screenshot displays the IDIS Search Activities interface. On the left, a sidebar menu lists various functions: 'Activity' (Add, Search, Search HOME, Review, CDBG Cancellation), 'Project' (Add, Search, Copy), 'Utilities' (Home, Data Downloads, Print Page, Help), and 'Links' (Contact Support, Rules of Behavior, CPD Home, HUD Home). A blue bracket highlights the 'Project' menu. The main content area features a navigation bar with tabs for 'Plans/Projects/Activities', 'Funding/Drawdown', 'Grant', 'Grantee/PJ', and 'Admin'. Below the navigation bar, a notification banner states: 'You have 14 CDBG and 7 HOME activities that have been flagged. Click on the number to go to the review page.' The 'Activity' section is active, showing a 'Search Activities' form. The search criteria include: 'Program' (dropdown menu set to 'All'), 'Activity Name' (text input field), 'Program Year' (dropdown menu set to 'Select'), 'IDIS Project ID' (text input field), 'IDIS Activity ID' (text input field), 'Grantee/PJ Activity ID' (text input field), 'Status' (dropdown menu set to 'All'), and 'Activity Owner' (dropdown menu set to 'COLORADO'). At the bottom of the search form are 'Search' and 'Reset' buttons.

The Add, Search, and Copy functions are explained below.

ADD PROJECTS

This section explains how to add a project manually in IDIS. Note that if you submit your Consolidated Plan or Annual Action Plan via IDIS, any projects that you add manually will not be properly tied to the Action Plan.

Click the Project Add link on any Plans/Projects/Activities screen to display the Add Project screen:

The screen is divided into three sections: Search Criteria, Program Year, and Results.

Search Criteria

On initial display, all of your projects are listed. You can limit the results (and so reduce the amount of paging you may need to do) by running a search (see page 2-4 for details).

Program Year

Select the program year the project is to be copied to from the COPY PROJECT TO PROGRAM YEAR dropdown. If the year you want is not listed, leave this field blank and tab to COPY PROJECT TO NEW PROGRAM YEAR. Click the box, then type in the new year.

Results

Click the box in the Copy column of each project to be copied, then click the [Copy Projects] button at the top/bottom of the page. The Copy Projects page is redisplayed with the copied projects included in the results.

REOPEN A CANCELED PROJECT

To change the status of a project from Canceled back to Open, choose the [View](#) link for the canceled project on the Search Projects screen (see pages 2-4 and 2-5). The View Project screen is displayed:

Chapter 3

THE COMMON ACTIVITY SCREENS

CDBG, HOME, ESG, HOPWA, and the Recovery Act programs all use the same screens to add a new activity, access an existing activity for update, copy an activity, and reopen a completed or canceled activity. These common screens are explained in this chapter.

ACCESSING THE COMMON ACTIVITY FUNCTIONS

Click the Plans/Projects/Activities tab at the top of any page to display the Search Activities screen. On it and all other Plans/Projects/Activities screens, links to the activity functions you are authorized to access are listed on the left:

The Add link accesses the initial activity setup screen that must be filled in for every activity entered in IDIS. It is described starting on the next page.

The Search link displays the screen shown above, which is the starting point for processing existing activities. Turn to page 3-5 for details.

The Search HOME link is specific to the HOME Program and is not covered in this manual.

The Review link is listed only if the orange banner with a message alerting you that CDBG and/or HOME activities have been flagged is displayed at the top of the screen. It is explained in Chapter 15.

The CDBG Cancellation link lets you track your requests for Field Office approval to cancel CDBG activities with draws. See Chapter 16 for details.

UPDATING THE ACTIVITY STATUS TO COMPLETED

As mentioned earlier, the valid values for ACTIVITY STATUS are Open, Completed, and Canceled. IDIS automatically assigns a status of Open to a new activity. It is your responsibility to indicate when an activity has been completed or canceled.

The status of a CDBG activity should be set to Completed once all the funds have been spent, the national objective has been met, and all accomplishments have been reported.

Before changing the status, you should quickly review the setup data for accuracy and currency. Make sure, for example, that all information about the funds leveraged for an activity is complete and up-to-date.

IDIS will not allow the activity status to be updated until you run a "completion check." To do so, go to the Edit Activity screen (see page 3-7). You may need to scroll to the right to bring the Completion Check column into view:

This screen is discussed in detail on page 3-7. For now, look at the READY TO FUND field in the Activity box. If it is **No**, then required setup information is missing. It must be input before the activity can be funded. If it is **Yes**, then all required setup information has been input and you can proceed to the funding step. Clicking the [Activity Funding] button at the lower left of the Activity box accesses the funding option, the subject of the next chapter.

Chapter 5

ACTIVITY FUNDING

Once you complete the setup screens for an activity, it is ready to be funded. The purpose of funding is to specify the amounts and the types of funds to be used for the activity. With the transition from first-in, first-out (FIFO) to grant-specific accounting in IDIS*, grantees must also specify the year of the CDBG grant from which funds are to be committed for grant years 2015 and later.

The State CDBG fund types are:

Fund Type	Description
EN - Entitlement	Entitlement grant funds.
AD - Administration	Available if you have created an Administration subfund from EN funds (see Appendix K).
LA - Grant-Specific Repayment to Local Account	Available if you have received LA using the Receipts function (see Chapter 7).
PI - Program Income	Available if you have received PI using the Receipts function (see Chapter 7). Note: PI does not have to be funded before it can be drawn down in place of EN. For details, see page 5-4.
RL - Revolving Loan Funds	Available if you have received RL funds using the Receipts function (see Chapter 7).
SF - State Revolving Fund	Available if you have received SF funds using the Receipts function (see Chapter 7).

ACCESSING THE ACTIVITY FUNDING FUNCTIONS

To access the funding screens, you can click the Funding/Drawdown tab at the top of any page, click the Activity Funding [Search](#) link at the left on any Funding/Drawdown page, or click the [Activity Funding] button on the Edit Activity page. Coming from the Edit Activity page displays the Edit Activity Funding screen shown on page 5-4. Otherwise, the Search for Activities to Fund screen is displayed first.

SEARCH FOR ACTIVITIES TO FUND SCREEN

To fund an activity, you must first conduct a search to retrieve it:

To conduct a search, you can:

- Retrieve a specific activity by entering its IDIS ACTIVITY ID and clicking the [Search] button.
- Click the [Search] button to retrieve all of your activities.
- Specify criteria to limit the number of activities that will be displayed, as follows:

Search Field	Description
Program	To limit the results to a particular program, select it from the dropdown.
Activity Name	Limit the results to activities with a name containing the text string you input here.
Program Year	To limit the results to activities set up under the projects of a particular PROGRAM YEAR, select that year from the dropdown.
IDIS Project ID	To limit the results to activities set up under a particular project, enter that project ID.
IDIS Activity ID	The quickest way to retrieve a particular activity is to enter its IDIS ACTIVITY ID. Since this uniquely identifies an activity, there is no need to input any other search criteria.
Grantee/PJ Activity ID	Limit the results to activities with a grantee/PJ activity ID containing the text string you input here.

Search Field	Description
Activity Status	To limit the results to activities with a particular status, select Open , Completed , or Canceled .
Activity Owner	Most users will not be able to change this field. Those who can should select the grantee who owns the project under which the activity to be funded has been set up.

Click the [Search] button to run the search and redisplay the screen with the search results.

On initial display, the results are sorted by IDIS ACTIVITY ID in descending order. You can change the sort field and the sort order by clicking on any column header that is in blue.

To select an activity for further processing, click the [Add-Edit](#) or [View](#) link in the last column. If you select:

- **Add-Edit**, the Edit Activity Funding screen will be displayed.
- **View**, the View Activity Funding screen will be displayed. This will always be the ACTION for activities with a status of Completed or Canceled and for users who are not authorized to fund activities.

For activities with a status of Open, the ACTION column will show **Not Ready to Fund** if required setup data are missing. The missing data must be provided before the funding screens can be accessed.

The Edit and View screens are very similar except, of course, that data on the View screens cannot be changed. Only the Edit screens are shown in this chapter.

A note about PI: PI does not have to be explicitly funded before it can be drawn. When a draw is made for an activity, the system will automatically present the option of drawing available PI in place of EN. When unfunded PI is drawn in lieu of EN for an activity, EN funding is reduced and PI funding is increased by the amount of PI drawn.

Remember that CDBG regulations require you to spend available PI before drawing down EN.

Funding with PI, SF, and RL

IDIS will continue to fund and draw program income (fund types PI, SF, and RL) from the earliest annual receipt account with available funds (i.e., FIFO). Consequently, each of these fund types is displayed on the Add-Edit Funding Line Item screen as a single funding source. Chapter 6

DRAWDOWNS

Drawdowns may be made for an activity after it has been funded. Draws may only be applied to the funding source added to the activity (with the exception of PI), and the total amount drawn down cannot exceed the funded amount.

When working with drawdowns, keep in mind that program funds deposited in your local account (PI, SF, RL, and LA) are to be spent before CDBG grant funds are drawn down from the Treasury. See Chapter 7 for instructions on receipting local funds in IDIS.

ACCESSING THE DRAWDOWN FUNCTIONS

Click the Funding/Drawdown tab at the top of the page you are on to display the Search for Activities to Fund screen. On it and all other Funding/Drawdown screens, links to the draw functions you are authorized to access are listed on the left:

The three draw functions—Create Voucher, Search Voucher, and Approve Voucher—are discussed below.

Chapter 7

RECEIPTS

This chapter explains how to receipt CDBG program income (PI), income from State revolving funds (SF) and revolving loan funds (RL), repayments of grant funds to local accounts (LA), and Section 108 loan income (SI). The PI, SF, RL, LA, and SI you receipt here is committed to activities and drawn down (i.e., a voucher is created to record in IDIS the expenditure of funds from your local accounts).

Additionally, for FY 2014 and earlier grants, CDBG State grantees can track program income that is used for administrative purposes: the AD subfund for an FY 2014 or earlier grant can be increased above the regulatory maximum by an amount of up to 3% of the PI, SF, and RL receipted for a given year (see page K-4).

ACCESSING THE RECEIPT FUNCTIONS

Click the Funding/Drawdown tab at the top of the page you are on to display the Search for Activities to Fund screen. On it and all other Funding/Drawdown screens, links to the receipt functions you are authorized to access are listed on the left:

The screenshot shows the IDIS web application interface. At the top, there are navigation tabs: 'Plans/Projects/Activities', 'Funding/Drawdown' (which is highlighted), 'Grant', 'Grantee/PJ', and 'Admin'. Below the tabs, a notification bar states: 'You have 6 CDBG and 6 HOME activities that have been flagged. Click on the number to go to the review page.' The main content area is titled 'Activity Funding' and 'Search for Activities to Fund'. The search criteria section includes: 'Program:' with a dropdown menu set to 'All'; 'Activity Name:' with a text input field; 'Program Year:' with a dropdown menu set to 'All'; 'IDIS Project ID:' with a text input field; 'IDIS Activity ID:' with a text input field; 'Grantee/PJ Activity ID:' with a text input field; 'Activity Status:' with a dropdown menu set to 'Select'; and '*Activity Owner:' with a dropdown menu set to 'ILLINOIS'. At the bottom of the search criteria section, there are 'Search' and 'Reset' buttons. On the left side, there is a sidebar menu with the following items: 'User: C00063', 'Role: Grantee', 'Organization: ILLINOIS', '- Switch Profile', '- Logout', 'Activity Funding - Search', 'Drawdown - Create Voucher', 'Drawdown - Search Voucher', 'Drawdown - Approve Voucher', 'Receipt - Add', 'Receipt - Search', 'Receipt - Search Accounts', and 'Section 108 Loan - Search'. A blue bracket highlights the 'Receipt' menu item.

Each receipt function—Add, Search, and Search Accounts—is discussed below.

The grant number is the same as your CDBG grant for the PROGRAM YEAR OF RECEIPT you entered above.

Receipting LA

An LA receipt is to be created when grant funds (fund types EN, AD, SU, and TA) disbursed for an ineligible activity are repaid to a local account. For an overview of all the steps involved in processing a local repayment in IDIS, please see page 18-2.

Important: Before adding an LA receipt for a HUD-directed reimbursement, you must obtain approval from your Field Office to make the repayment to your local account instead of returning the funds to your line of credit (see page 18-1).

LA receipts should also be used for grantee-directed reimbursements from subrecipients, for which HUD approval is not required.

To create an LA receipt, fill in the Add Receipt screen as shown below:

Chapter 8

SECTION 108 LOANS

This chapter explains how to set up, fund, draw funds, and report accomplishments for Section 108 Loan Guarantee program activities. Because these functions are very nearly identical to CDBG activity processing, only the differences will be described here. For an overview of Section 108 loan processing in IDIS, please see the [Section 108 Loan Guarantee Quick Start Guide for IDIS Online](#).

Section 108 loan funds are available to commit and draw only if the loan has been loaded into IDIS. Use the View Loan function to confirm that a loan has been loaded.

VIEW LOANS

To view basic information about a loan, click the Funding/Drawdown tab at the top of any page and then click the Section 108 [Search](#) link. The Search Loans screen is displayed:

Activity Description:

Changing this field to “Yes” makes the Section 108 fund types available as a funding source for the activity, and also limits the choices on the ACTIVITY CATEGORY dropdown to Section 108-eligible matrix codes. Three of the codes are specific to Section 108 activities, while the other matrix codes can also be funded with EN or PI:

- 24A Payment of interest on Section 108 loans
- 24B Payment of costs of Section 108 financing
- 24C Debt service reserve

Except for these differences, the Add Activity screen is filled in the same as for other CDBG activities (see Chapter 3 for instructions).

For a 24A, 24B, or 24C activity, there are no additional screens to complete. Click the [Save] button. The screen is redisplayed in edit mode, and the activity is ready to be funded. For other matrix codes, fill in the CDBG setup detail screens exactly as you would for non-Section 108 activities (see Chapter 4 for detailed instructions).

ACTIVITY FUNDING

There are two Section 108 loan fund types:

- SL Section 108 Loan
- SI Section 108 Loan Income

SL is available as a funding source for an activity if the WILL THIS ACTIVITY USE SECTION 108 LOAN? field on the Add Activity screen is "Yes."

SI is available only if you have receipted Section 108 loan program income (see next page) and may only be used to fund activities with a matrix code of 19F, 19G, or 24A-24C.

Instructions for funding activities in IDIS are provided in Chapter 5.

Note that once an activity is funded with SL or SI, its matrix code cannot be changed to one that is not Section 108 eligible.

DRAWDOWNS

The process of drawing down SL and SI is the same as for other fund types (see Chapter 6) except that SL and SI vouchers must be approved by HUD. Once you approve an SL/SI draw, the status of the voucher changes to "Pending HQ Approval":

RECEIPTING LOAN INCOME

Please see Chapter 7 for instructions on receipting Section 108 Loan program income.

REPORTING ACCOMPLISHMENTS

Accomplishments and performance measures for a Section 108 loan-funded activity are reported exactly as they are for a CDBG activity. For details, see Chapter 9 and, depending on the national objective assigned to the activity, Chapters 10-14. Like CDBG administrative activities, there are no accomplishment screens for activities with a matrix code of 19F, 19G, or 24A-24C.

The final step in the completion process of every Section 108 loan-funded activity is to update the activity status to Completed. Please turn to page 3-10 for instructions.

Chapter 9

ACCOMPLISHMENT REPORTING

Accomplishments must be reported for all CDBG activities except those that do not meet a national objective (activities with a matrix code of 19F, 19G, 20, 21*, 22, or 24A-24C).

HUD urges you to report activity accomplishments as they are realized, but at least quarterly. You are required to report accomplishments for each program year the activity is open and at activity completion.

Follow the instructions on page 3-5 to access the activity for which accomplishments are to be reported. On the Edit Activity screen (see page 3-7), click the [Add CDBG Accomp.] or [Edit CDBG Accomp.] button to access the accomplishment screens for the activity. Fill in these screens with annual accomplishments for every year the activity is open. Do not input cumulative accomplishments.

The accomplishment screens that you will be required to complete depend on the national objective you have assigned to the activity:

If the national objective is...	Turn to...
LMA*	Chapter 10
LMC*	Chapter 11
LMH*	Chapter 12
LMJ*	Chapter 13
SBA, SBS, URG	Chapter 14

The importance of providing HUD with accurate accomplishment data on a timely basis cannot be overemphasized. Failing to do so results in the underreporting of CDBG accomplishments to Congress, the Office of Management and Budget, and other Federal oversight agencies, and may put future funding of the program at risk.

Chapter 10

LMA ACCOMPLISHMENT SCREENS

This chapter covers the accomplishment screens that are completed for activities with a national objective of:

- LMA Low/mod area benefit
- LMAFI Low/mod area benefit, community development financial institution (CDFI)
- LMASA Low/mod area benefit, community revitalization strategy area (CRSA)

To access the accomplishment screens for an activity, go to the Edit Activity screen and click the [Add CDBG Accomp.] or [Edit CDBG Accomp.] button (see page 3-7).

Totals: Hispanic/Latino	This read-only field shows the total number of beneficiaries of all races who are Hispanic.
[Add Another Race by Persons]	Click this button to add beneficiary counts for another race.

Income Levels

It is important to always report income levels in the appropriate categories. Some grantees, solely to minimize data entry, report all beneficiaries in the Moderate income category. This practice conveys the impression in reports to Congress and other Federal oversight agencies that grantees are ignoring the program’s legislative mandate not to benefit moderate-income persons to the exclusion of low-income persons.

Field	Description
Extremely Low	Enter the number of persons benefiting whose income is at or below 30% of the median family income for the area.
Low	Enter the number of persons benefiting whose income is above 30% and at or below 50% of the median family income for the area.
Moderate	Enter the number of persons benefiting whose income is above 50% and at or below 80% of the median family income for the area.
Non-Low/Moderate	Enter the number of persons benefiting whose income is above 80% of the median family income for the area.

Field	Description
Totals	This read-only field shows the sum of the values input in the previous four fields. The Income Levels TOTALS field and the Race/Ethnicity TOTALS by race field must be equal.
Percent Low/Mod	This read-only field shows the percentage of beneficiaries who are low/mod. It is equal to (EXTREMELY LOW + LOW + MODERATE) divided by TOTALS.

Follow these guidelines when reporting income levels for:

- **Presumed Benefit Activities:** If an LMC* activity is limited to assisting one or more of the presumptive benefit groups, report the number of persons benefiting under the following income categories unless you have information that supports reporting them under a different income category:

Group	Income Level
Abused children	Extremely low income
Battered spouses	Low income
Severely disabled adults	Low income
Homeless persons	Extremely low income
Illiterate adults	Low income
Persons with AIDS	Low income
Migrant farm workers	Low income
Elderly	If assistance is to acquire, construct, convert, and/or rehabilitate a senior center or to pay for providing center-based senior services, report the beneficiaries as moderate income. If assistance is for other services (not center-based), report the elderly beneficiaries as low income.

If an activity serves a combination of these groups, identify the number in each group and report those numbers under the appropriate income levels. Estimate race/ethnicity categories either by observation or by using numbers proportionate to the general population.

- **Nature/Location Activities:** Report all beneficiaries as moderate income unless you have information to support reporting them under another income category.
- **Activities Providing Access for Persons with Disabilities:** For LMC activities carried out under 570.483(b)(2)(iii), report all beneficiaries as low income unless you have information to support reporting them under another income category.

Unless you are entering data for an LMCMC activity, click the [Save and Continue] button to display the second accomplishment screen (turn to page 11-10).

DIRECT BENEFIT DATA BY HOUSEHOLDS

For LMC* activities with an accomplishment type of 04-Households or 10-Housing Units, race/ethnicity and income levels information is reported by households. Count each household as one, regardless of the number of persons in the household.

Income Levels

It is important to always report income levels in the appropriate categories. Some grantees, solely to minimize data entry, report all beneficiaries in the Moderate income category. This practice conveys the impression in reports to Congress and other Federal oversight agencies that grantees are ignoring the program’s legislative mandate not to benefit moderate-income persons to the exclusion of low-income persons.

Income Levels

It is important to always report income levels in the appropriate categories. Some grantees, solely to minimize data entry, report all beneficiaries in the Moderate income category. This practice conveys the impression in reports to Congress and other Federal oversight agencies that grantees are ignoring the program’s legislative mandate not to benefit moderate-income persons to the exclusion of low-income persons.

Field	Description
Extremely Low	Enter the number of persons benefiting whose income is at or below 30% of the median family income for the area.
Low	Enter the number of persons benefiting whose income is above 30% and at or below 50% of the median family income for the area.

Non-Low/Moderate	Enter the number of persons benefiting whose income is above 80% of the median family income for the area.
Totals	This read-only field shows the sum of the values input in the previous four fields. The Income Levels TOTALS field and the Race/Ethnicity TOTALS by race field must be equal.
Percent Low/Mod	This read-only field shows the percentage of beneficiaries who are low/mod. It is equal to (EXTREMELY LOW + LOW + MODERATE) divided by TOTALS.

If the activity did not involve the acquisition/construction of new rental units, skip this section.

Field	Description
Total Units	This read-only field shows the ACTUAL UNITS reported on the first accomplishment screen. It should include <u>all</u> units, not just new rental units.
All other fields	Report only on the number of new rental units included in the count of TOTAL UNITS. For field definitions, see page 12-17.

ASSISTANCE TO BUSINESSES

This section is displayed for an SB*/URG activity with a matrix code of 14E, 17*, or 18*:

Assistance to Businesses			
	Total	Number Expanding	Number Relocating
New Businesses Assisted	<input type="text"/>		
Existing Businesses Assisted	<input type="text"/>	<input type="text"/>	<input type="text"/>
Total	0 <input type="text"/>

Specify DUNS # for Each Business Assisted

DUNS #:	<input type="text"/>	Ext:	<input type="text"/>
<input type="button" value="Add Another DUNS #"/>			

If the matrix code is 18A or 18C: The fact that this screen lets you report more than one business assisted does not mean that assistance to individual businesses under 18A or 18C may be aggregated in one activity. Unless the activity is one identified at 570.483(b)(4)(vi) for which job aggregation is allowed, each business assisted under 18A or 18C must be set up as a separate activity.

Field	Description
New Businesses Assisted	Enter the number of start-up businesses assisted.
Existing Businesses Assisted	Enter the number of existing businesses assisted.
Number Expanding	Of the EXISTING BUSINESSES ASSISTED, enter the number that are expanding as a result of the assistance.
Number Relocating	Of the EXISTING BUSINESSES ASSISTED, enter the number that are relocating as a result of the assistance.
Total	A read-only field showing the total number of new and existing businesses assisted.
Number of Business Facades/Buildings Rehabilitated	Of the TOTAL businesses, enter the number receiving assistance for the rehabilitation of business facades/buildings.
Number of Businesses that Provide Goods or Services to Meet the Needs of a Service Area	Of the TOTAL businesses, enter the number providing goods or services to meet the needs of a service area, neighborhood, or community.
Specify DUNS # for Each Business Assisted	A DUNS number is required for a business that receives direct financial assistance. Otherwise it is optional.
DUNS # / Ext.	Enter the 9-digit DUNS number and the 4-digit extension.
[Add Another DUNS #]	For activities where aggregation of businesses is permitted, click this button to add a DUNS # for another business.

This is the last SB*/URG accomplishment screen. When you click [Save], the Edit Activity screen (see page 3-7) will be displayed.

Chapter 15

AT-RISK ACTIVITIES

A State CDBG activity is flagged as at risk if it meets one or more of the following conditions:

1. For a planning/admin activity (excluding 20A), no draws have been made for three years.
2. For a non-planning/admin activity, no draws have been made for two years from the initial funding date. Subsequent to the first draw for an activity, it will be flagged if no draws are made for one year.
3. The activity has been open for three years and no accomplishments have been reported.
4. 80% of the funded amount for the activity has been drawn down, but no accomplishments have been reported.

Note: Public facilities and economic development activities (except 18B) are exempt from the 80% drawn flag. The exempt matrix codes are 03* except for 03T, 14E, 17*, 18A, and 18C.

If any CDBG activities have been flagged, an orange banner alerting you to the number of flagged activities is displayed at the top of every screen:

The screenshot shows a web application interface. At the top, there is a navigation bar with tabs: Plans/Projects/Activities, Funding/Drawdown, Grant, Grantee/PJ, Admin, and Reports. On the left, there is a sidebar with user information: User: C00063, Role: Grantee, Organization: OKLAHOMA, and links for Switch Profile and Logout. Below this are sections for Activity, Project, and Utilities. The main content area features an orange banner with the text: "You have 21 CDBG and 4 HOME activities that have been flagged. Click on the number to go to the review page." A blue arrow points to the "21 CDBG" text. Below the banner is a search form titled "Search Activities" with the following fields: Program (dropdown menu set to "All"), IDIS Project ID (text input), Status (dropdown menu set to "All"), Activity Name (text input), IDIS Activity ID (text input), Program Year (dropdown menu set to "Select"), Grantee/PJ Activity ID (text input), and Activity Owner (dropdown menu set to "OKLAHOMA"). There are Search and Reset buttons at the bottom of the form.

Click on the CDBG link in the banner (or on the Activity [Review](#) link on the navigation bar) to display the CDBG Review Activities screen.

Before inputting a plan into the system, you may want to consult with your Field Office about the actions you intend to take and the timeline for completing them. Also be aware that once approved or rejected by the Field Office, a plan cannot be changed.

*If you complete or cancel the activity by the DUE DATE, a remediation plan is not needed.

If you haven't entered any data or do not want to save and submit your input, click the [Return to List](#) or [Next](#) link at the bottom lower right of the page.

AWAITING FIELD OFFICE REVIEW

After you submit a remediation plan for an at risk activity, it is listed under the "Awaiting Field Office Review" section on the Review Activities screen:

Awaiting Field Office Review (1 Activity)							
Activity Name	IDIS Activity ID	Project	1 Year No Draw	3 Year No Acc	80% Drawn No Acc	Due Date	Action
1 Canadian 15425 CD	13542	2012/138	✘			7/16/15	Edit Remediate

Between the time a plan is submitted and the time the Field Office approves or rejects it, you may update the plan or confirm that the remediation actions you specified in the plan have been completed.

Click the [Edit](#) link in the last column to update the plan's REASONS FOR DELAY, REMEDIATION ACTIONS, and/or TARGET COMPLETION DATE. Click one of the [Save] buttons to apply your updates or one of the links to exit without saving.

If the remediation actions you outlined in a plan are completed before the Field Office approves or rejects the plan, you can click the [Remediate](#) link, scroll to the bottom of the screen, and check the box labeled I CONFIRM THAT THE REMEDIATION ACTIONS DESCRIBED ON THIS PAGE HAVE BEEN COMPLETED. When this action is taken, the activity is reclassified on the Activity Review screen as "Remediation Completed by Grantee but Plan is Still Awaiting Field Office Review."

REMEDIATION COMPLETED BY GRANTEE BUT PLAN IS STILL AWAITING FIELD OFFICE REVIEW

Activities are listed in this section if the grantee confirms completion of the remediation actions before the Field Office acts on the plan.

AWAITING GRANTEE'S COMPLETION OF REMEDIATION ACTIONS

Once the Field Office approves a remediation plan for an at risk activity, it is listed under the "Awaiting Grantee's Completion of Remediation Actions" section on the Review Activities screen. The DUE DATE for confirming that the actions have been completed is shown in the next-to-last column:

On June 20, 2015, the Field Office reviewed the Reasons for Delay and approved the Remediation Plan.

The grantee must confirm the completion of the remediation action no later than August 8, 2015.

Reasons for Delay:
Changes in personel caused a lapse in activity.

Remediation Actions to be taken to resolve delay:
New GA in place now and project is back on track, and scheduled for a JUNE completion, and closeout in August.

Target Completion Date of Remediation Actions:

I confirm that the Remediation Actions described on this page have been completed.

[<< Previous](#) | [Return to List](#)

If confirmation is not made by the DUE DATE, the activity will be marked as "Overdue" on the Activity Review screen. Although the TARGET COMPLETION DATE cannot be updated, you will be able to confirm the overdue plan when the remediation actions have been completed.

GRANTEE’S REMEDIATION PLAN WAS REJECTED BY THE FIELD OFFICE

If the Field Office disapproves a remediation plan, the activity is listed on the review screen under the category “Grantee’s Remediation Plan was Rejected by the Field Office.”

When a remediation plan is rejected, you must either complete the activity or cancel it and reimburse all drawn funds. You should consult with your Field Office to determine the exact action to be taken.

PENDING AT RISK ACTIVITIES

An activity is placed on the "Pending at Risk" list if it is within three months of being flagged for no draws*, or if no accomplishments have been reported after two years and nine months, or if between 66% and 79% of the funded amount has been drawn and no accomplishments have been reported.

*An admin/planning activity is posted on the Pending at Risk list if there have been no draws for 1,000 days. A non-admin/planning activity is listed if there have been no draws within 635 days of the initial funding date; once funds have been drawn for the activity, it is identified as Pending at Risk 270 days after the date of the last draw.

IDIS Draw Balance	The grant balance according to IDIS, equal to AUTHORIZED AMOUNT minus NET DRAWN AMOUNT. If IDIS DRAW BALANCE minus DRAWDOWN PENDING AMOUNT is not equal to LOCCS DRAW BALANCE, the data in IDIS need to be reconciled with LOCCS.
LOCCS Draw Balance	The grant balance in LOCCS.
Subfunded Amount	The amount of the grant a grantee earmarks for subfunds. For CDBG States, the subfund types are AD (Administration), SU (Subgrant), and TA (Technical Assistance).
EN Funds (Authorized Amt minus Subfunded Amt)	The amount of the grant that has not been subfunded. For most CDBG grantees, AUTHORIZED AMOUNT and EN FUNDS will be equal.
Amount Committed to Activities	The total amount of this grant committed to activities via the Activity Funding function.
Amount Available to Commit to Activities	AUTHORIZED AMOUNT minus AMOUNT COMMITTED TO ACTIVITIES.
Amount Available to Draw	AUTHORIZED AMOUNT minus NET DRAWN AMOUNT. Note that the amounts available to commit and to draw are calculated independently of each other.

Chapter 18

GRANT REPAYMENTS

Repayments are CDBG funds that a grantee must repay when funds are disbursed for an ineligible activity. Prior to making a repayment, grantees must consult with their local HUD Field Office to determine the procedure to be followed. HUD will direct the grantee to repay the funds either to the letter of credit or to the local CDBG account.

REPAYING FUNDS TO THE LETTER OF CREDIT

Instructions for returning CDBG funds by check or wire transfer are posted at <https://www.hudexchange.info/resource/3089/instructions-for-returning-funds-to-the-line-of-credit-and-to-us-treasury/>.

When the check/wire transfer is received by HUD Fort Worth Accounting, a transaction is initiated that eventually becomes a collection voucher in IDIS. The voucher includes the grant number and shows the amount returned as a negative draw for IDIS Activity ID 2, the CDBG Funds Adjustment activity. All funds are returned to LOCCS as EN.

If the collection is to be applied to an activity as EN funds, the grantee can use the Maintain Voucher function in IDIS to revise the collection to the correct activity or activities. Follow these steps:

1. If necessary, revise the status of all activities involved in the revision to **Open**.
2. Click the Funding/Drawdown tab at the top of the screen.
3. Click the Drawdown [Search Voucher](#) link at the left to display the Search Vouchers screen.
4. In the IDIS ACTIVITY ID field, enter **2** and click the [Search] button to display the search results.
5. Locate the line item that reflects the repaid funds (it will be a negative amount) and click the [Maintain-Approve Voucher](#) link in the last column.
6. On the next screen, click the [Revise](#) link in the last column to display the Revise Voucher Line Item screen.
7. Scroll down to the Revise Funds to Another Activity box. In IDIS ACTV ID, enter the activity ID for which the funds were originally drawn. In the AMOUNT field, enter a minus sign followed by the amount to be "undrawn" (it need not be the entire returned amount). Example: If \$10,000 was drawn for activity 1234 and then repaid because the activity was ineligible, type **1234** in IDIS ACTV ID and **-10,000** in AMOUNT. Click the [Save] button.
8. Continue revising drawdowns associated with the returned funds as needed, or to \$0.
9. Once the voucher has been revised, defund the activity for which the funds were returned, and then change the activity status to **Canceled**.

If the collection is not to be applied as EN funds, the funds must be applied to activities manually. To have the manual change made, please contact HUD Exchange [Ask A Question](#). Be sure to provide the voucher number for the collection, the activities to which the

collection is to be applied, and the amount to be applied to each activity. If any of the activities has draws from multiple fund types or organizations (such as a CHDO), the amount that is to be applied to each fund type or organization must also be provided.

REPAYING FUNDS TO THE LOCAL ACCOUNT

In some cases, HUD allows grantees to make a repayment for an ineligible activity to a local account and use those funds for other eligible CDBG activities. Previously, these funds were not systematically tracked in IDIS. Grantees must now track repayments to local accounts through the Local Account Repayment receipt fund, or LA fund.

1. To report a repayment to the local account in IDIS, follow these steps:
2. Create an LA receipt. See pages 7-4 through 7-6 for instructions.
3. Submit a request to cancel the activity with draws, as explained in Chapter 16.
4. Once the request is approved, cancel the activity. Treat existing vouchers for the cancelled activity as follows:
 - Leave vouchers for grant funds (EN, AD, SU, and TA) untouched. These vouchers cannot be cancelled and the grantee shall NOT revise them. They will remain in place as a record of the draws against the ineligible activity. LA receipts for the activity will be reported as offsets against the vouchers.
 - Cancel any vouchers for program income funds (PI, RL, and SF) or local account (LA) funds and reduce the activity funding to zero for those fund types. When the funding is set to zero for those fund types, IDIS will automatically increase the available-for-funding balance of the associated fund type. Because of that system action, the grantee should not re-receipt the program income or LA funds.

By funding and drawing LA funds for new or existing activities, grantees will record in IDIS how CDBG grant funds repaid to their local account were expended and the accomplishments that were achieved with them.

MATRIX CODE DEFINITIONS

Matrix codes are used to indicate—but do not establish—activity eligibility. An activity must be eligible in accordance with the regulations at 570.482. Grantees need to refer to the regulations to determine an activity’s eligibility; the codes defined below are used in IDIS chiefly to categorize activities for reporting purposes.

Code	Definition
01	<p>Acquisition of Real Property</p> <p>Acquisition of real property that will be developed for a public purpose. Use code 01 for the CDBG-funded purchase of real property on which, for example, a public facility or housing will be constructed.</p> <p><i>When CDBG funds are used to:</i></p> <ul style="list-style-type: none"> • <i>acquire a public facility that will be rehabilitated with CDBG funds and continue to be used as a public facility, assign the appropriate 03* code.</i> • <i>acquire housing that will be rehabilitated, use code 14G.</i>
02	<p>Disposition of Real Property</p> <p>Costs related to the sale, lease, or donation of real property acquired with CDBG funds or under urban renewal. These include the costs of temporarily maintaining property pending disposition and costs incidental to disposition of the property.</p>
03A	<p>Senior Centers</p> <p>Acquisition, construction, or rehabilitation of facilities (except permanent housing) for seniors.</p> <p>03A may be used for a facility serving both the elderly and the handicapped, provided it is not intended primarily to serve persons with handicaps. If it is, use 03B instead.</p> <p><i>For the construction of permanent housing for the elderly, use code 12; for the rehabilitation of such housing, use the appropriate 14* code.</i></p>
03B	<p>Handicapped Centers</p> <p>Acquisition, construction, or rehabilitation of centers, group homes, and other facilities (except permanent housing) for the handicapped.</p> <p>03B may be used for a facility serving both the handicapped and the elderly provided it is not intended primarily to serve the elderly. If it is, use 03A instead.</p> <p><i>For the construction of permanent housing for the handicapped, use code 12; for the rehabilitation of such housing, use the appropriate 14* code.</i></p>
03C	<p>Homeless Facilities (not operating costs)</p> <p>Acquisition, construction, or rehabilitation of temporary shelters and transitional housing for the homeless, including battered spouses, disaster victims, runaway children, drug offenders, and parolees.</p> <p><i>For the construction of permanent housing for the homeless, use code 12; for the rehabilitation of such housing, use the appropriate 14* code.</i></p>

Code	Definition

These include playground and recreational facilities that are part of a youth center.</p> <p><i>For the acquisition, construction or rehabilitation of facilities intended primarily for children age 12 and under, use 03M; for facilities for abused and neglected children, use 03Q.</i></p>
03E	<p>Neighborhood Facilities</p> <p>Acquisition, construction, or rehabilitation of facilities that are principally designed to serve a neighborhood and that will be used for social services or for multiple purposes (including recreation). Such facilities may include libraries and community centers.</p>
03F	<p>Parks, Recreational Facilities</p> <p>Development of open space areas or facilities intended primarily for recreational use.</p>
03G	<p>Parking Facilities</p> <p>Acquisition, construction, or rehabilitation of parking lots and parking garages. Also use 03G if the primary purpose of rehabilitating a public facility or carrying out a street improvement activity is to improve parking.</p> <p><i>If parking improvements are only part of a larger street improvement activity, use 03K.</i></p>
03H	<p>Solid Waste Disposal Improvements</p> <p>Acquisition, construction, or rehabilitation of solid waste disposal facilities.</p>
03I	<p>Flood Drainage Improvements</p> <p>Acquisition, construction, or rehabilitation of flood drainage facilities, such as retention ponds or catch basins. Do not use 03I for construction/rehabilitation of storm sewers, street drains, or storm drains.</p> <p><i>Use 03J for storm sewers and 03K for street and storm drains.</i></p>
03J	<p>Water/Sewer Improvements</p> <p>Installation or replacement of water lines, sanitary sewers, storm sewers, and fire hydrants. Costs of street repairs (usually repaving) made necessary by water/sewer improvement activities are included under 03J.</p> <p><i>For water/sewer improvements that are part of:</i></p> <ul style="list-style-type: none"> • <i>more extensive street improvements, use 03K (assign 03K, for example, to an activity that involves paving six blocks of Main Street and installing 100 feet of new water lines in one of those blocks).</i> • <i>a housing rehabilitation activity, use the appropriate 14* matrix code.</i> <p><i>For construction or rehabilitation of flood drainage facilities, use 03I.</i></p>

Code	Definition
03K	<p>Street Improvements</p> <p>Installation or extension of the useful life of streets, street drains, storm drains, curbs and gutters, tunnels, bridges, and traffic lights/signs. Examples are daycare centers and Head Start preschool centers.</p> <p><i>For the construction or rehabilitation of facilities for abused and neglected children, use 03Q; for the construction or rehabilitation of facilities for teenagers, use 03D.</i></p>
03N	<p>Tree Planting</p> <p>Activities limited to tree planting (sometimes referred to as “beautification”).</p> <p><i>For streetscape activities that include tree planting, use 03K; for sidewalk improvement activities that include tree planting, use 03L.</i></p>

Code	Definition
03T	<p>Operating Costs of Homeless/AIDS Patients Programs</p> <p>Costs associated with the operation of programs for the homeless or for AIDS patients, such as staff costs, utilities, maintenance, and insurance.</p> <p>Because payment of operating costs for these programs is a public service under CDBG, all CDBG expenditures for 03T activities are included in the calculation of the Public Services cap.</p>
03	<p>Other Public Facilities and Improvements</p> <p>Do not use this code unless an activity does not fall under a more specific 03* code. Also, do not use one activity for multiple facilities and then assign it an 03 because the types of facilities are different.</p> <p>One legitimate use of 03 is for activities that assist persons with disabilities by removing architectural barriers from or providing ADA improvements to government buildings (activities that otherwise would not be eligible for CDBG funding).</p>

Code	Definition
05F	Substance Abuse Services Substance abuse recovery programs and substance abuse prevention/education activities. If the services are provided for a specific client group, the matrix code for that client group may be used instead. For example, substance abuse services that target teenagers may be coded either 05D or 05F.

05R	<p>Homeownership Assistance (not direct)</p> <p>Homeowner downpayment assistance provided as a public service. If housing counseling is provided to those applying for downpayment assistance, the counseling is considered part of the 05R activity.</p> <p>Assistance provided under 05R must meet the low/mod housing national objective. Therefore, unless the assistance is provided by a 105(a)(15) entity in a CRSA, it is subject to the public service cap and only low/mod households may be assisted. If the assistance is provided by a 105(a)(15) entity in a CRSA, the housing units for which CDBG funds are obligated in a program year may be aggregated and treated as a single structure for purposes of meeting the housing national objective (that is, only 51% of the units must be occupied by LMI households).</p> <p><i>For more extensive types of homeownership assistance provided under authority of the National Affordable Housing Act, use code 13.</i></p>

STRATEGY, LOCAL TARGET, AND CDFI AREAS

Strategy Areas

CDBG State grantees may establish Community Revitalization Strategy Areas (CRSAs). These are locally designated areas where geographically targeted revitalization efforts are carried out through multiple activities in a concentrated and coordinated manner.

To stimulate the development of CRSAs, HUD offers CDBG grantees incentives such as greater flexibility in program design and reduced recordkeeping requirements.

For more information, grantees should refer to:

- Notice CPD-97-01
- 24 CFR 91.315(e)(2)
- 24 CFR 570.483(e)(5)
- 24 CFR 570.482(f)(3)(v)(L) and (M)

CRSAs require HUD approval.

Local Target Areas

While CRSAs are established through a formal process that requires approval by HUD, many other target areas are locally defined. These local designations may have a variety of names—revitalization areas, target neighborhoods, priority zones, and so on.

CDFI Areas

CDFIs (Community Development Financial Institutions) are specialized financial institutions that work in market niches not adequately served by traditional financial institutions. CDFIs include community development banks, credit unions, loan funds, venture capital funds, and micro-enterprise loan funds.

Grantees have some flexibility within the regulations when CDBG-assisted activities are carried out by a CDFI serving a primarily residential area that is at least 51% LMI [see 24 CFR 570.483(e)(4)].

SELECTING AND ADDING SPECIAL AREAS ON CDBG SETUP DETAIL (PAGE 1)

When you select **Strategy Area**, **CDFI Area**, **Local Target Area**, or **Other Area** from the AREA TYPE dropdown, you must specify the name of the area in the next field. If it is not listed on the AREA NAME dropdown, or if you need to update information about one of the areas that is listed, follow the instructions below.

STRATEGY AREAS

Select **Strategy Area** from the AREA TYPE dropdown and tab to the AREA NAME field.

The screenshot shows a form titled "Target Area". On the left, there is a dropdown menu labeled "Area Type: (tip)" with a list of options: "CDFI area", "Select Option", "CDFI area", "Local Target area", "Other", and "Strategy area". The "Strategy area" option is currently selected and highlighted in blue. To the right of this dropdown is an empty text input field labeled "Area Name: (tip)". Below the input field is a button labeled "Add New Area".

Click the [Add New Area] button to display the View All Strategy Area (sic) screen. If your organization has never added any strategy areas, it will look like this:

The screenshot shows a screen titled "Admin" with a sub-header "View All Strategy Area". Below the sub-header is a table with the following columns: "ID", "Name", "HUD Approval Date", "% of Low/Mod", "Type of Revitalization Effort", and "Action". The table is currently empty, with a message "No areas were found." displayed below the header. At the bottom of the table area, there are two buttons: "Add" and "Back to CDBG".

Appendix G

REPORTING ENERGY STAR-CERTIFIED UNITS

Grantees must enter Energy Star-related data correctly. Installing replacement windows, performing weatherization improvements, or installing Energy Star-certified appliances alone does not make a home Energy Star-certified. Energy Star is a **system** for achieving and verifying a certain level of performance with respect to energy efficiency. To earn the Energy Star certification for an entire home, the home must meet strict guidelines for energy efficiency set by the U. S. Environmental Protection Agency. Homes achieve this level of performance through a **combination** of energy-efficient improvements, including effective insulation systems, high-performance windows, tight construction and ducts, efficient heating and cooling equipment, and Energy Star-certified lighting and appliances. Energy Star certification for a home requires third-party verification by a certified Home Energy Rater (or the equivalent), who works closely with the builder throughout the construction process and inspect the housing unit to determine compliance with requirements.

At the time this guidance was released, Energy Star-certified housing units funded by CDBG will be either newly constructed single-family detached homes, newly constructed multifamily properties, or multifamily properties that undergo significant gut rehabilitation, defined as requiring a change of use, the reconstruction of a vacant structure, or cause for the building to be out of service for at least 30 consecutive days. Gut or substantial rehabilitation of single family housing units with CDBG funds may also earn the Energy Star label. CDBG grantees initiating new Energy Star gut rehabilitation projects must meet or exceed Energy Star standards for New Homes, until the release of specific guidelines for gut rehabilitation by EPA. Please visit www.energystar.gov to find a wealth of information about Energy Star housing.

Many CDBG grantees are incorrectly identifying housing units as Energy Star-certified in IDIS, resulting in inflated, inaccurate numbers in IDIS reports and intensive efforts to determine the correct number of CDBG units that actually attained Energy Star certification. The number of Energy Star-certified units produced by CDBG grantees is reported to the Secretary of HUD and to the Office of Management and Budget each quarter to assess CDBG's progress in meeting the Energy Star goal in HUD's Strategic Plan. CDBG must be able to obtain Energy Star data in IDIS that is reliable and that does not routinely require verification.

Grantees should carefully review the New Home and Multifamily High Rise Energy Star requirements on <http://www.energystar.gov> to prevent recurrence of reporting errors. It should also be reiterated that performing one or more of the following improvements alone does **not** earn the housing unit the Energy Star label:

- Installation of replacement windows
- Installation of Energy Star-rated appliances
- Installation of insulation
- Installation of water efficient toilets
- Weatherization projects

While these are commendable energy conservation measures that the CDBG program encourages, they do not earn a housing unit Energy Star certification by themselves. Therefore, they should not be reported as Energy Star-certified housing units in IDIS.

Appendix I

REPORTING RACE/ETHNICITY DATA FOR ACTIVITIES PROVIDING ACCESS FOR PERSONS WITH DISABILITIES

If you are assisting an eligible activity under the LMC national objective at Section 105(a)(5) and cannot obtain information on the beneficiaries with disabilities, follow these guidelines for reporting race and ethnicity data on the LMC accomplishment screen.

HUD has a website with Census data on the number of persons with disabilities, by race and ethnicity, at the Census tract level. The web address is:

<https://www.hudexchange.info/manage-a-program/census/state-data/>

On this website, select a state. On the next page, scroll down to "Disability by Race & Ethnicity" and click on "Download Excel Spreadsheet."

Select the data you want by using the Place Name filter arrow in Column K. Once you have selected a place, use data from the following columns:

Column L:	Census tract
Column O:	Number of persons with disabilities in the Census tract
Columns P–U:	Number of persons with disabilities by race
Column V:	Number of persons with disabilities of Hispanic ethnicity

If more than one Census tract is served by the activity, total the columns for the appropriate Census tracts and use those totals to complete the accomplishment screen.

Note that the data in Column V on persons of Hispanic ethnicity is not broken down by race, which is how the information must be reported on the accomplishment screen. Grantees may use their own judgment in determining how to break down ethnicity by race.

Appendix J

HUD DEFINITIONS OF HOMELESSNESS

Definition of “Homeless”

In December 2011, HUD published the Homeless Emergency Assistance and Rapid Transition to Housing (HEARTH): Defining “Homeless” Final Rule, which redefined “homeless” in four broad categories:

- Literally homeless
- Imminent risk of homelessness
- Homeless under other Federal statutes
- Fleeing/attempting to flee domestic violence

Refer to Federal Register / Vol. 76, No. 233 / Monday, December 5, 2011 - [Docket No. FR-5333-F-02] for more information on the Final Rule and the current definition of “homeless,” including the criteria which must be met for each category.

Definition of “Chronically Homeless”

The HUD definition of “chronically homeless” was revised by the December 2011 Homeless Emergency Assistance and Rapid Transition to Housing: Emergency Solutions Grants Program and Consolidated Plan Conforming Amendments Interim Rule. “Chronically homeless” is defined as:

1. An individual who is homeless and lives in a place not meant for human habitation, a safe haven, or in an emergency shelter; and has been in this state continuously for at least one year or on at least four separate occasions in the last 3 years, where each homeless occasion was at least 15 days; and can be diagnosed with one or more of the following conditions: substance use disorder, serious mental illness, developmental disability, post-traumatic stress disorder, cognitive impairments resulting from brain injury, or chronic physical illness or disability;
2. An individual who has been residing in an institutional care facility, including a jail, substance abuse or mental health treatment facility, hospital, or other similar facility, for fewer than 90 days and met all of the criteria in paragraph (1) of this definition, before entering that facility; or
3. A family with an adult head of household (or if there is no adult in the family, a minor head of household) who meets all of the criteria in paragraph (1) of this definition, including a family whose composition has fluctuated while the head of household has been homeless.

Appendix K

SUBFUNDS

A subfund is a portion of a grant that has been earmarked for a specific use, and is identified by a fund type. For CDBG State grantees, the fund types are AD (Administration), SU (Subgrant), and TA (Technical Assistance). Grant funds that are not subfunded as AD, SU, or TA have a fund type of EN (Entitlement).

ACCESSING THE SUBFUND FUNCTIONS

Click the Grant tab at the top of any page to display the Search Grants screen. Links to the subfund functions you are authorized to access are listed on the left:

The screenshot shows a web application interface. At the top, there are navigation tabs: "Plans/Projects/Activities", "Funding/Drawdown", "Grant" (which is selected), "Grantee/PJ", and "Admin". Below the tabs is a notification bar: "You have 1 CDBG and 2 HOME activities that have been flagged. Click on the number to go to the review page." The main content area is titled "Grant" and "Search Grants". It contains a "Search Criteria" section with the following fields: "Grant Year: (tip)" with a "Select" dropdown menu, "State/Territory:" with a dropdown menu showing "AZ", and "Program:" with a dropdown menu showing "All". There is also a "Grant #: (tip)" text input field. At the bottom of the search criteria are "Search" and "Reset" buttons. On the left side, there is a sidebar menu with the following items: "User: C00063", "Role: Grantee", "Organization: ARIZONA", "- Switch Profile", "- Logout", "Grant - Search", "Subfund - Add", "Subfund - Search", "Subgrant - Add", "Subgrant - Search", "Subfund Program Income - Add", "Subfund Program Income - Search", "Subgrant Program Income - Add", and "Subgrant Program Income - Search". Blue brackets on the left side of the sidebar menu group the "Subfund" and "Subfund Program Income" items together, and the "Subgrant" and "Subgrant Program Income" items together.

The Subfund option is used to add, edit, and view CDBG subfunds and is explained starting on the next page.

The Subfund Program Income option does not apply to the CDBG program.
