

subject to the Federal Advisory Committee Act.

RSTAC currently consists of 19 members. Of this number, 15 members are appointed by the Chairman of the Board, and the remaining four members are comprised of the Secretary of Transportation and the Members of the Board, who serve as *ex officio*, nonvoting members.¹ Of the 15 members, nine members are voting members and are appointed from senior executive officers of organizations engaged in the railroad and rail shipping industries. At least four of the voting members must be representatives of small shippers as determined by the Chairman, and at least four of the voting members must be representatives of Class II or III railroads. The remaining six members to be appointed—three representing Class I railroads and three representing large shipper organizations—serve in a nonvoting, advisory capacity, but are entitled to participate in RSTAC deliberations.

RSTAC is required by statute to meet at least semi-annually. In recent years, RSTAC has met four times a year. Meetings are generally held at the Board's headquarters in Washington, DC, although some are held in other locations.

RSTAC members receive no compensation for their services and are required to provide for the expenses incidental to their service, including travel expenses, as the Board cannot provide for these expenses. RSTAC may solicit and use private funding for its activities, again subject to certain restrictions in ICCTA. RSTAC members currently have elected to submit annual dues to pay for RSTAC expenses.

RSTAC members must be citizens of the United States and represent as broadly as practicable the various segments of the railroad and rail shipper industries. They may not be full-time employees of the United States. According to revised guidance issued by the Office of Management and Budget, it is permissible for federally registered lobbyists to serve on advisory committees, such as RSTAC, as long as they do so in a representative capacity, rather than an individual capacity. See *Revised Guidance on Appointment of Lobbyists to Fed. Advisory Comms., Bds., & Comm'n's.*, 79 FR 47482 (Aug. 13, 2014). Members of RSTAC are appointed to serve in a representative capacity.

¹ The Surface Transportation Board Reauthorization Act of 2015, Pub. L. 114-110 (2015), increased the number of Board Members from three to five. Once additional Board Members are appointed, they will also serve as RSTAC *ex officio*, nonvoting members.

RSTAC members are appointed for three-year terms. A member may serve after the expiration of his or her term until a successor has been appointed. No member will be eligible to serve in excess of two consecutive terms.

Due to the expiration of an RSTAC member's term, a vacancy exists for an at-large (public interest) representative. Upon appointment by the Chairman, the new representative will serve for three years and may be eligible to serve a second three-year term following the end of his or her first term.

Suggestions for candidates to fill this vacancy should be submitted in letter form, identify the name of the candidate, provide a summary of why the candidate is qualified to serve on RSTAC, and contain a representation that the candidate is willing to serve as a member of RSTAC effective immediately upon appointment. RSTAC candidate suggestions should be filed with the Board by June 29, 2017. Members selected to serve on RSTAC are chosen at the discretion of the Board's Chairman. Please note that submissions will be available to the public at the Board's offices and posted on the Board's Web site under Docket No. EP 526 (Sub-No. 9).

Authority: 49 U.S.C. 1325.

Decided: May 30, 2017.

By the Board, Rachel D. Campbell,
Director, Office of Proceedings.

Kenyatta Clay,
Clearance Clerk.

Agency Information Collection Activities: Submission for OMB Review; Joint Comment Request

AGENCY: Office of the Comptroller of the Currency (OCC), Treasury; Board of Governors of the Federal Reserve System (Board); and Federal Deposit Insurance Corporation (FDIC).

ACTION: Joint notice and request for comment.

SUMMARY: In accordance with the requirements of the Paperwork Reduction Act (PRA) of 1995, the OCC, the Board, and the FDIC (the agencies)

may not conduct or sponsor, and the respondent is not required to respond to, an information collection unless it displays a currently valid Office of Management and Budget (OMB) control number.

On March 1, 2017, the agencies, under the auspices of the Federal Financial Institutions Examination Council (FFIEC), requested public comment on a proposal to extend, with revision, the Regulatory Capital Reporting for Institutions Subject to the Advanced Capital Adequacy Framework (FFIEC 101). The FFIEC 101 is completed only by banking organizations subject to the advanced approaches risk-based capital rule. Generally, this rule applies to banking organizations with \$250 billion or more in total consolidated assets or \$10 billion or more in on-balance sheet foreign exposures (advanced approaches banking organizations).

The agencies proposed to remove two credit valuation adjustment (CVA) items from the exposure at default (EAD) column on FFIEC 101 Schedule B, Summary Risk-Weighted Asset Information for Banks Approved to Use Advanced Internal Ratings-Based and Advanced Measurement Approaches for Regulatory Capital Purposes (items 31.a and 31.b, column D).

The comment period for this proposal expired on May 1, 2017. The agencies did not receive any comments addressing the proposed changes and are now submitting requests to OMB for review and approval of the extension, with revision, of the FFIEC 101. These reporting changes would take effect as of the September 30, 2017, report date.

DATES: Comments must be submitted on or before July 3, 2017.

General Description of Reports

Each advanced approaches banking organization is required to file quarterly regulatory capital data on the FFIEC 101. The FFIEC 101 information collection is mandatory for advanced approaches banking organizations: 12 U.S.C. 161 (national banks), 12 U.S.C. 324 (state member banks), 12 U.S.C. 1844(c) (bank holding companies), 12 U.S.C. 1467a(b) (savings and loan holding companies), 12 U.S.C. 1817 (insured state nonmember commercial and savings banks), 12 U.S.C. 1464 (savings associations), and 12 U.S.C. 1844(c), 3106, and 3108 (intermediate holding companies).

The agencies use these data to assess and monitor the levels and components of each reporting entity's capital requirements and the adequacy of the

entity's capital under the Advanced Capital Adequacy Framework; to evaluate the impact of the Advanced Capital Adequacy Framework on individual reporting entities and on an industry-wide basis and its competitive implications; and to supplement on-site examination processes. The reporting schedules also assist advanced approaches banking organizations in understanding expectations relating to the system development necessary for implementation and validation of the Advanced Capital Adequacy Framework. Submitted data that are released publicly will also provide other interested parties with information about advanced approaches banking organizations' regulatory capital.

Current Actions

On March 1, 2017, the agencies requested comment on proposed revisions to the FFIEC 101 reporting requirements.¹ The proposed revisions would remove EAD information related to CVAs that already is captured in a separate item on FFIEC 101 Schedule B. Specifically, the agencies proposed to remove column D (EAD) for items 31.a, "Credit valuation adjustments—simple approach," and 31.b, "Credit valuation adjustments—advanced approach." These line items were added to the FFIEC 101 report in March of 2014, and were intended to provide data pertaining to the CVA requirements under the agencies' regulatory capital rules² for over-the-counter (OTC) derivative activities.

The agencies subsequently determined that the EAD information reported in column D of items 31.a and 31.b on FFIEC 101 Schedule B is already captured in column D of item 10 (OTC derivatives—no cross-product netting—EAD adjustment method) on FFIEC 101 Schedule B. Continuing to collect the same EAD information in both places is not only redundant, but also may be misinterpreted by the users of FFIEC 101 data as additional default risk held by the reporting entity. For these reasons, the agencies proposed removing column D for items 31.a and 31.b on FFIEC 101 Schedule B. The agencies would continue to collect the amount of risk-weighted assets for CVAs in column G of items 31.a and 31.b on FFIEC 101 Schedule B.

The comment period for this proposal expired on May 1, 2017. The agencies did not receive any comments on the

proposal and are now submitting requests to OMB for review and approval of the extension, with revision, of the FFIEC 101. While the agencies originally proposed making the changes effective as of the June 30, 2017, report date, due to the time required for the PRA revision process, the agencies have revised the proposal. As revised, the reporting changes would instead take effect as of the September 30, 2017, report date. However, as the two items being removed are not made public or otherwise shared outside the agencies, reporting entities may elect to adopt the changes immediately by ceasing to report column D of items 31.a and 31.b on FFIEC 101 Schedule B.
