

**Supporting Statement
Application for Mediation Services
National Mediation Board (NMB)**

A. JUSTIFICATION:

1. Section 5, First, of the Railway Labor Act, 45 U.S.C., 155, first, provides that both, or either, of the parties to a labor/management dispute may invoke the mediation services of the NMB. Congress has determined that it is in the nation's best interest to provide for governmental mediation as the primary dispute resolution mechanism to resolve collective bargaining disputes in the railroad and airline industries.

2. The extension of this form is necessary considering the information provided by the parties is used by the NMB to structure a mediation process that will be productive to the parties and result in a settlement hopefully, without resort to a strike or lockout. The NMB has been very successful in resolving labor disputes in the railroad and airline industries. Approximately 97 percent of all labor disputes we have handled since 1934 have been resolved without an interruption of transportation services. This success ratio would possibly be reduced if the NMB was unable to collect the brief information on the Application for Mediation Services.

3. There is no improved technological method for obtaining this information. The burden on the parties is minimal in completing the one-page Application for Mediation Services.

4. There is no duplication in obtaining this information. The information sought in the Application for Mediation Services constantly changes and is known at any given time only to the labor and management parties involved. Thus, there is no similar information reliable available elsewhere.

5. This collection does not impact small businesses or other small entities.

6. Although the Application for Mediation Services is required by 29, C.F.R. 1203.1, parties determine when to submit the applications. The NMB has no ability to control the frequency of applications or the technical or legal obstacles, which would reduce the burden.

**Supporting Statement
Application for Mediation Services
National Mediation Board (NMB)**

7. The information requested by the NMB is consistent with the general information collection guidelines of C.F.R. 1320.6. The NMB has no ability to control the data provided or timing of the invocation. The burden on the parties is minimal in completing the Application for Mediation Services.

8. A notice regarding the Application for Mediation Services was published in the Federal Register on March 27, pages 18631 and 18632, for public comment. The NMB did not receive any comments on this published notice. There have been no recent consultations regarding the form. (See attached copy of notice.)

9. No payments or gifts have been provided by the NMB to any respondents of the form.

10. Under the NMB's regulations, particularly 29 C.F.R. 1208.5, the invocation of mediation is releasable to a requestor of that information. The parties are aware, therefore, that this information is not confidential.

11. There are no questions of a sensitive nature on the form.

12. The total **time burden on respondents** is 12.50 hours annually – this is the time required to collect information. After consulting with a sample of people involved with the collection of this information, the time to complete this information collection is estimated to average 15 minutes per response, including gathering the data needed and completion and review of the information.

1. Number of respondents per year	50
2. Estimated time per respondent	15 minutes
3. Total Burden hours per year (50 x .25)	12.50

13. The total **collection and mail cost burden on respondents** is estimated at **\$348.50** annually (\$325.00 time cost burden + 23.50 mail cost burden.)

- a. The respondents will not incur any capital costs of start up costs for this collection.
- b. Cost burden on respondents – detail:

**Supporting Statement
Application for Mediation Services
National Mediation Board (NMB)**

The total time burden annual cost is \$325.00

Time Burden Basis: the total hourly burden per year, upon respondents, is 12.50.

Staff cost = \$325.00

\$26.00 per hour – based on mid level clerical salary

\$26.00 x 12.50 hours per year = \$325.00

We are estimating that a mid-level clerical person, with an average salary of \$26.00 per hour will be completing the Application for Mediation Services form. The total burden is estimated at 12.50 hours, therefore the total time burden cost is estimated at \$325.00 per year.

The collection of this information is not mandatory; it is a voluntary request from airline and railroad carrier employees seeking to invoke mediation services.

The total annual mailing cost to respondents is \$23.50

- | | |
|--|---------|
| 1. Number of applications mailed by Respondents per year | 50 |
| 2. Total estimated cost (50 x .47 stamp) | \$23.50 |

The collection of this information is not mandatory; it is a voluntary request from airline and railroad carrier employees seeking to invoke mediation services. NMB will send the forms to the carriers and organizations upon request. The Form is available on the internet which is now the primary source of the form.

14. The total **annualized Federal cost is \$539.20** – this involves color copying, mailing the forms upon request of the parties, and processing the Application for Mediation Services when mediation is invoked. The completed applications are maintained by the Deputy Chief of Staff of the NMB.

- | | |
|------------------|----------|
| a. Copy cost | \$ 10.00 |
| b. Mailing costs | \$ 32.70 |

Basis (mail cost): Forms are requested 10 times per year and it takes 5 minutes to prepare the form for mail

Postage cost = \$4.70

**Supporting Statement
Application for Mediation Services
National Mediation Board (NMB)**

10 (times per year) x .47 (cost of postage)
Staff cost = \$28.00
\$.56 per minute (GS 9/10 \$69,460 = \$33.28 per hr. ÷ 60)
\$.56 x 5 minutes per mailing = \$2.80
\$2.80 x 10 times per year = \$28.00
Total Mailing Costs = \$22.70 (\$4.70 + \$28.00)

c. Processing Costs = \$560.00

Basis (processing cost): Mediation is requested approximately 50 times per year and it takes 20 minutes to process each application
Staff cost = \$560.00

\$.56 per minute (GS 9/10 \$69,460 = \$33.28 per hr. ÷ 60)
\$.56 x 20 minutes per application = \$11.20
\$11.20 x 50 times per year = \$560.00

15. Item 13 – no change in annual reporting and recordkeeping hour burden.

16. The information collected by the application will not be published.

17. The NMB will display the OMB expiration date on the form.

18.

19 (c) – the form does not reduce the burden on small entities; however, the burden is minimized and voluntary.

19 (f) – the form does not indicate the retention period for record keeping requirements.

19 (i) - the form is not part of a statistical survey.

functions; (2) of employees the employer reasonably suspects of involvement in a workplace incident resulting in economic loss or injury to the employer's business; (3) of some prospective employees of private armored cars, security alarm and security guard firms; and (4) of some current and prospective employees of certain firms authorized to manufacture, distribute, or dispense controlled substances. The WHD may assess civil money penalties of up to \$19,787 against employers who violate any EPPA provision. This amount increases annually due to the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015. On November 2, 2015, President Obama signed into law the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015 to advance the effectiveness of civil money penalties and to strengthen their deterrent effect. Outdated penalties are a problem because civil penalties are less effective when they do not keep pace with the cost of living. The new law directs agencies across the federal government to adjust their penalties for inflation each year in January.

II. *Review Focus*: The Department of Labor is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Enhance the quality, utility, and clarity of the information to be collected;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

III. *Current Actions*: The Department of Labor seeks an approval for the extension of this information collection in order to ensure effective administration of the Employee Polygraph Protection Act.

Type of Review: Extension.

Agency: Wage and Hour Division.

Title: Application of the Employee Polygraph Protection Act.

OMB Number: 1235-0005.

Affected Public: Business or other for-profit, Not-for-profit institutions, Farms, State, Local, or Tribal Government.

Total Respondents: 593,400.

Total Annual Responses: 593,400.

Estimated Total Burden Hours: 68,739.

Estimated Time per Response: 30–45 minutes.

Frequency: On occasion.

Total Burden Cost (capital/startup): \$0.

Total Burden Cost (operation/maintenance): \$0.

NATIONAL MEDIATION BOARD

Notice of Proposed Information Collection Requests

AGENCY: National Mediation Board.

SUMMARY: The Assistant Chief of Staff, Administration invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments within 30 days from the date of this publication.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Assistant Chief of Staff, Administration publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection contains the following: (1) Type of review requested, e.g. new, revision extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Record keeping burden. OMB invites public comment.

Currently, the National Mediation Board is soliciting comments

concerning the proposed extension of the Application for Mediation Services and is interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the agency; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the agency enhance the quality, utility, and clarity of the information to be collected; and (5) how might the agency minimize the burden of this collection on the respondents, including through the use of information technology.

Dated: December 13, 2016.

Samantha Jones,

Assistant Chief of Staff, Administration, National Mediation Board.

Application for Mediation Services

Type of Review: Extension.

Title: Application for Mediation Services, OMB Number: 3140-0002.

Frequency: On occasion.

Affected Public: Carrier and Union Officials, and employees of railroads and airlines.

Reporting and Recordkeeping Hour Burden:

Responses: 50 annually.

Burden Hours: 12.50.

Abstract: Section 5, First of the Railway Labor Act, 45 U.S.C., 155, First, provides that both, or either, of the parties to the labor-management dispute may invoke the mediation services of the National Mediation Board. Congress has determined that it is in the nation's best interest to provide for governmental mediation as the primary dispute resolution mechanism to resolve labor-management disputes in the railroad and airline industries. The Railway Labor Act is silent as to how the invocation of mediation is to be accomplished and the Board has not promulgated regulations requiring any specific vehicle. Nonetheless, 29 CFR1203.1 provides that applications for mediation services be made on printed forms which may be secured from the National Mediation Board. This section of the regulations provides that applications should be submitted in duplicate, show the exact nature of the dispute, the number of employees involved, name of the carrier and name of the labor organization, date of agreement between the parties, date and copy of notice served by the invoking party to the other and date of final conference between the parties. The application should be signed by the highest officer of the carrier who has been designated to handle disputes under the Railway Labor Act or by the chief executive of the labor

organization, whichever party files the application.

The extension of this form is necessary considering the information provided by the parties is used by the Board to structure a mediation process that will be productive to the parties and result in a settlement without resort to strike or lockout. The Board has been very successful in resolving labor disputes in the railroad and airline industries. Historically, some 97 percent of all NMB mediation cases have been successfully resolved without interruptions to public service. Since 1980, only slightly more than 1 percent of cases have involved a disruption of service. This success ratio would possibly be reduced if the Board was unable to collect the brief information that it does in the application for mediation services.

Requests for copies of the proposed information collection request may be accessed from www.nmb.gov or should be addressed to Denise Murdock, NMB, 1301 K Street NW., Suite 250 E, Washington, DC 20005 or addressed to the email address murdock@nmb.gov or faxed to 202-692-5081. Please specify the complete title of the information collection when making your request.

Comments regarding burden and/or the collection activity requirements should be directed to Samantha Jones at 202-692-5010 or via internet address jones@nmb.gov. Individuals who use a telecommunications device for the deaf (TDD/TDY) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339.

NATIONAL SCIENCE FOUNDATION

Agency Information Collection Activities: Comment Request

AGENCY: National Science Foundation.
ACTION: Submission for OMB review; comment request.

SUMMARY: The National Science Foundation (NSF) has submitted the following information collection requirement to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3501 *et seq.*). This is the second notice for public comment; the first was published in the **Federal Register** at 81 FR 49689, and one comment was received. NSF is forwarding the proposed renewal submission to the Office of Management and Budget (OMB) for clearance simultaneously with the publication of

this second notice. The full submission may be found at: <http://www.reginfo.gov/public/do/PRAMain>.

Comments: Comments regarding (a) whether the collection of information is necessary for the proper performance of the functions of the NSF, including whether the information will have practical utility; (b) the accuracy of the NSF's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility and clarity of the information to be collected, including through the use of automated collection techniques or other forms of information technology; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated or other forms of information technology should be addressed to: Office of Information and Regulatory Affairs of OMB, Attention: Desk Officer for National Science Foundation, 725 7th Street NW., Room 10235, Washington, DC 20503, and to Suzanne H. Plimpton, Reports Clearance Officer, National Science Foundation, 4201 Wilson Boulevard, Suite 1265, Arlington, Virginia 22230 or send email to splimpto@nsf.gov.

DATES: Comments regarding these information collections are best assured of having their full effect if received within 30 days of this notification. Copies of the submission may be obtained by calling 703-292-7556. NSF may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

SUPPLEMENTARY INFORMATION

Comments: As required by 5 CFR 1320.8(d), comments on the information collection activities as part of this study were solicited through publication of a 60-Day Notice in the **Federal Register** on July 28, 2016, at 81 FR 49689. We received one comment, to which we here respond.

Commenter: The comment requested NSF consider the use of administrative records, specifically the National Student Clearinghouse, to obtain information on education background in lieu of asking this information from respondents on the National Survey of College Graduates (NSCG).

Response: NSF informed the commenter that, at the request of NSF, the Census Bureau's Center for

Administrative Records Research and Application is conducting research to compare administrative records data with the NSCG respondent-provided data. This research will inform survey content discussions for future NSCG cycles and will provide insight on the necessity of certain NSCG questionnaire items including the education background items.

After consideration of this comment, we are moving forward with our submission to OMB.

Title of Collection: 2015 National Survey of College Graduates.

OMB Approval Number: 3145-0141.

Type of Request: Intent to seek approval to renew an information collection for three years.

Abstract: The National Survey of College Graduates (NSCG) has been conducted biennially since the 1970s. The 2017 NSCG sample will be selected from the 2015 American Community Survey (ACS) and the 2015 NSCG. By selecting sample from these two sources, the 2017 NSCG will provide coverage of the college graduate population residing in the United States. The purpose of this longitudinal survey is to collect data that will be used to provide national estimates on the science and engineering workforce and changes in their employment, education, and demographic characteristics.

The National Science Foundation Act of 1950, as subsequently amended, includes a statutory charge to “. . . provide a central clearinghouse for the collection, interpretation, and analysis of data on scientific and engineering resources, and to provide a source of information for policy formulation by other agencies of the Federal Government.” The NSCG is designed to comply with these mandates by providing information on the supply and utilization of the nation's scientists and engineers.

The U.S. Census Bureau, as in the past, will conduct the NSCG for NSF. The survey data collection will begin in March 2017 using web and mail questionnaires. Nonrespondents to the web or mail questionnaire will be followed up by computer-assisted telephone interviewing. The individual's response to the survey is voluntary. The survey will be conducted in conformance with Census Bureau statistical quality standards and, as such, the NSCG data will be afforded protection under the applicable Census Bureau confidentiality statutes.

Use of the Information: NSF uses the information from the NSCG to prepare congressionally mandated reports such as *Women, Minorities and Persons with*

including conservatorship and liquidation actions.

It is NCUA's understanding that no Federally Insured Credit Unions have sought to open any branches covered by this requirement over the last three years. However, we are seeking to maintain the OMB control number in the event that a credit union wishes to exercise this option.

This information is necessary to evaluate the safety and soundness of the decision to open the branch and to protect the interests of the National Credit Union Share Insurance Fund.

Type of Review: Extension of a previously approved collection.

Estimated No. Respondents: Federally-insured credit unions.

Estimated No. of Respondents: One.

Frequency of Response: Once per foreign branch.

Estimated Burden Hours per Response: 32.

Estimated Total Annual Burden Hours: 32.

Request for Comments: Comments submitted in response to this notice will be summarized and included in the request for Office of Management and Budget approval. All comments will become a matter of public record. The public is invited to submit comments concerning: (a) Whether the collection of information is necessary for the proper execution of the function of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of the information on the respondents, including the use of automated collection techniques or other forms of information technology.

By John Brolin, Acting Secretary of the Board, the National Credit Union Administration, on September 19, 2016.

Dated: September 19, 2016.
