RTI, a non-profit research organization, is working with the FDA to conduct this study. We are contacting you again to determine whether anything has changed, or if it has stayed the same. Before beginning the study, please answer a few questions to determine whether you are eligible. You are one of approximately 6,500 young adults within 24 cities across the United States that is being invited to take part. Your answers to the questions will be kept private to the fullest extent allowable by law, and your participation is voluntary.
