

**Attachment 9b. Follow-up Survey, Burmese Immigrants and their Descendants**

**The Milwaukee Angler Project  
Project Feedback Survey**

1. How would you rate the ease of scheduling your in-person appointments? *Please circle the response that best represents your experience.*

Very easy      Easy      No Opinion      Inconvenient      Very inconvenient

2. How would you rate your overall experience as a participant in this project? *Please circle the response that best represents your experience.*

Outstanding      Good      Fair      Poor      Miserable

3. Did you feel you were sufficiently compensated for your time?      Yes      No

4. Were the project procedures clearly explained to you throughout your clinic visit?

Yes      No

If no, please tell us how we can improve our explanations:

5. Were the results of your blood and urine tests easy to understand? *Please circle one response.*

Very difficult      Difficult      Neutral      Easy      Very Easy

**Survey continues on the back →**

ATSDR estimates the average public reporting burden for this collection of information as 5 minutes per response, including the time for reviewing instructions, searching existing data/information sources, gathering and maintaining the data/information needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Information Collection Review Office, 1600 Clifton Road NE, MS D-74, Atlanta, Georgia 30333; ATTN: PRA (0923-171Y).

Biomonitoring of Great Lakes Populations Program III

6. How useful did you find each of the following project materials?

a. Blood and urine test results letters (*please circle one response*):

Very useful      Somewhat useful      No opinion      Not useful      Did not receive

b. Infographic of study results (*please circle one response*):

Very useful      Somewhat useful      No Opinion      Not useful      Did not receive

c. Public meetings (*please circle on response*):

Very useful      Somewhat useful      No Opinion      Not useful      Did not attend

7. After participating in this study, do you feel more knowledgeable about Wisconsin's Fish Consumption advisories?

Yes                                  No                                  No change

8. Do you plan to use the information provided in Wisconsin's Fish Consumption advisories when you eat fish?

Yes                                  No                                  Not sure

**Please tell us why or why not:**

9. How can we improve our reporting of study results in the future? (For example: simpler explanations or changes in layout)

10. What did you like about participating in this project?

## Biomonitoring of Great Lakes Populations Program III

11. What could be improved about this project?
