

Public reporting burden for this collection of information is estimated to average 1 hour per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. **An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.** Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0001). Do not return the completed form to this address.

G.320 - PHS 398 Modular Budget Form

Who should use the PHS 398 Modular Budget Form?

There are two primary types of Budget Forms: the detailed R&R and PHS 398 modular. Generally, you must use the PHS Modular Budget Form if you are submitting a research grant application from a domestic organization and you are applying for \$250,000 or less per budget period in direct costs. You must use the R&R Budget Form if you are applying for more than \$250,000 per budget period in direct costs. However, there are exceptions and other distinctions. Refer to your FOA and to the following instructions for guidance on which Budget Form to use.

Special Instructions for Foreign Organizations (Non-domestic [non-U.S. Entities]): Foreign organizations must use the R&R Budget Form in [G.300 - R&R Budget Form](#).

Note that the terms “detailed budget” and “R&R Budget” are used interchangeably.

For more information:

For more information on how to prepare your budget, see NIH's [Develop Your Budget](#) page.

Also see NIH's [Modular Research Grant Applications](#) page.

Modular Budget Guidelines:

Modular budgets are simplified; therefore, detailed categorical information is not to be submitted with the application.

For all modular budgets, request total direct costs (**in modules of \$25,000**), reflecting appropriate support for the project. There will be no future year escalations. A typical modular grant application will request the same number of modules in each budget period. Provide an additional narrative budget justification (in the [Additional Narrative Justification](#) section) for any variation in the number of modules requested.

Prior to award, NIH may request additional budget justification in exceptional circumstances.

Using the Modular Budget Form:

The Modular Budget Form provides budget fields for up to 5 periods of support (e.g., Budget Periods 1 - 5). A budget period is typically 1 year of support. If requesting fewer than 5 periods/years of support, complete only the applicable budget periods and leave the others blank. The fields are the same for all budget periods.

The form will generate information for the [Cumulative Budget Information](#) section, which reflects information for the total project period.

The following instructions (under “Budget Period 1”) can be used for each Budget Period (1-5).

Budget Period 1

Start Date:

This field is required. Enter the requested/proposed start date of the budget period. Use the following format: MM/DD/YYYY. For period 1, the start date is typically the same date as the Proposed Project Start Date on the SF 424 (R&R) Form.

End Date:

This field is required. Enter the requested/proposed end date of the budget period. Use the following format: MM/DD/YYYY.

A. Direct Costs

Direct Cost less Consortium Indirect (F&A):

This field is required.

Enter the amount of direct costs, but do not include actual consortium indirect (F&A) costs. This figure must be in \$25,000 increments, and it may not exceed \$250,000 in a budget period. See the NIH Glossary’s definitions of [Direct Cost](#) and [Indirect Cost](#).

Consortium Indirect (F&A):

If this project involves a subaward/consortium, enter the actual consortium indirect (F&A) costs for the budget period. If this project does not involve a subaward/consortium, leave the field blank.

Total Direct Costs:

This field will be automatically calculated based on the sum of the “Direct Cost less Consortium Indirect (F&A)” and “Consortium Indirect (F&A)” fields.

B. Indirect (F&A) Costs

Indirect costs (Facilities & Administrative [F&A] costs) are defined as costs that are incurred by a grantee for common or joint objectives and that, therefore, cannot be identified specifically with a particular project or program. See the NIH Glossary’s definition of [Indirect Costs](#).

For more information:

You are encouraged to visit the following Defense Finance and Accounting Services (DFAS) Websites or call DFAS staff at 301-496-2444 for guidance: [Main DFAS](#) website, DFAS [Frequently Asked Questions](#). The following website has a listing of unallowable and unallocable costs and the related Federal Acquisition Regulation (FAR) citation for each: [NIH Office of Management's Unallowable/Unallocated costs](#).

Refer to the [NIH Grants Policy Statement, Section 7.4: Reimbursement of Facilities and Administrative Costs](#) for more information.

Indirect (F&A) Type:

Enter the type/base of indirect cost (e.g., Salary & Wages, Modified Total Direct Costs) and whether the cost is off-site. If more than one rate or base is involved for a given type of indirect cost, then list them as separate entries. If you do not have a current indirect (F&A) rate(s) approved by a federal agency, indicate “None—will negotiate” and

include information for a proposed rate. Use the [Budget Justification](#) if additional space is needed.

Indirect (F&A) Rate (%):

Indicate the most recent Indirect (F&A) cost rate(s) established with the cognizant federal office, or in the case of for-profit organizations, the rate(s) established with the appropriate agency. If you have a cognizant/oversight agency and are selected for an award, you must submit your indirect rate proposal to the NIH awarding IC or to the PHS awarding office for approval. If you do not have a cognizant/oversight agency, contact the awarding agency. This field should be entered using a rate such as "55.5."

Indirect (F&A) Base (\$):

Enter the amount of the base for each indirect cost type.

Funds Requested (\$):

Enter the funds requested for each indirect cost type.

Cognizant Agency (Agency Name, POC Name and Phone Number):

Enter the name of the cognizant Federal Agency and the name and phone number of the individual responsible for negotiating your rate (your point of contact). If no cognizant agency is known, enter "None."

Indirect (F&A) Rate Agreement Date:

If you have a negotiated rate agreement, enter the agreement date.

Total Indirect (F&A) Costs:

This field will be automatically calculated based on the sum of the "Funds Requested" fields from all of the Indirect (F&A) Costs.

C. Total Direct and Indirect (F&A) Costs (A+B)

Funds Requested (\$):

This field will be automatically calculated based on the sum of the "Total Direct Costs" and "Total Indirect (F&A) Costs" fields.

Cumulative Budget Information

1. Total Costs, Entire Project Period

All values for the "Total Costs, Entire Project Period" section are automatically calculated and the fields are pre-populated. They present the summations of the amounts you entered for each of the individual budget periods. Therefore, no data entry is allowed or required in the "Total Costs, Entire Project Period" section.

If any of the amounts displayed in this "Total Costs, Entire Project Period" section appear to be incorrect, you may correct it by adjusting one or more of the values that contribute to that total. To make any such corrections, you will need to revisit the appropriate budget period form(s).

2. Budget Justifications

Personnel Justification:

Format:

Attach only one file.

Attach this information as a PDF file. See NIH's [Format Attachments](#) page.

Content:

List all personnel, including names, percent effort (use the [Person Months](#) metric), and roles on the project.

Do not provide individual salary information. You must use the current legislatively imposed salary limitation when estimating the number of modules. For guidance on current salary limitations, contact your office of sponsored programs.

Administrative, Secretarial, and Clerical Support Salaries: In most circumstances, the salaries of administrative, secretarial, or clerical staff at educational institutions and nonprofit organizations are included as part of indirect costs. However, examples of situations where direct charging of these salaries may be appropriate may be found at [45 CFR 75.403](#).

Inclusion of such costs may be appropriate only if all of the following conditions are met:

1. Administrative or clerical services are integral to a project or activity;
2. Individuals involved can be specifically identified with the project or activity;
3. Such costs are explicitly included in the budget or have prior written approval of the federal awarding agency; and
4. The costs are not also recovered as indirect costs.

Requests for direct charging for administrative, secretarial, or clerical personnel must be appropriately justified here in the "Personnel Justification." For each individual classified as administrative/secretarial/clerical, provide the name; percent effort; role; and a justification documenting how they meet all four conditions. NIH ICs may request additional information for these positions in order to assess allowability.

Graduate student compensation: NIH grants also limit compensation for graduate students. Compensation includes salary or wages, fringe benefits, and tuition remission. While actual institutional-based compensation should be requested and justified, this may be adjusted at the time of award. This limit should also be used when estimating the number of modules. For more guidance on this policy, see the NIH Guide Notice on [Graduate Student Compensation](#).

Consortium Justification:

Format:

Attach this information as a PDF file. See the NIH's [Format Attachment](#) page.

Content:

Provide an estimate of total consortium/subaward costs (direct costs plus indirect [F&A] costs) for each budget period, rounded to the nearest \$1,000.

List the individuals/organizations with whom consortium or contractual arrangements have been made and indicate whether the collaborating institution is foreign or domestic.

List all personnel, including names, percent effort (use the [Person Months](#) metric), and roles on the project.

Do not provide individual salary information.

Additional Narrative Justification:

If the requested budget requires any additional justification (e.g, variations in the number of modules requested), save the information in a single file and attach this information as a PDF file. See NIH's [Format Attachment](#) page.
