

CMS Quality Payment Program

Submission Form for Other Payer Requests for Other Payer Advanced APM Determinations (Payer Initiated Submission Form)

Purpose

The Payer Initiated Submission Form (Form) may be used by State Medicaid programs, Medicare Health Plans (including Medicare Advantage, Medicare-Medicaid Plans, 1876 and 1833 Cost Plans, and Programs of All Inclusive Care for the Elderly (PACE) plans), or commercial or other private payers with payment arrangements in a CMS Multi-Payer Model to request that CMS determine whether such payment arrangements are Other Payer Advanced APMs under the Quality Payment Program as set forth in 42 CFR § 414.1420. This process is called the Payer Initiated Other Payer Advanced APM Determination Process (Payer Initiated Process). More information about the Quality Payment Program is available at <http://qpp.cms.gov/>.

Deadlines

Submission Deadlines are specific to payer type.

State Medicaid programs requesting a determination for any payment arrangement under Title XIX of the Social Security Act, including payment arrangements aligned with a CMS Multi-Payer Model, must submit this Form by **April 30** of the year prior to relevant All-Payer QP Performance Period.

Medicare Health Plans requesting a determination for a payment arrangement, including one aligned with a CMS Multi-Payer Model, must submit this Form by the annual **Medicare Advantage bid submission deadline** of the year prior to relevant All-Payer QP Performance Period.

Commercial or other private payers requesting a determination for a payment arrangement aligned with a CMS Multi-Payer Model must submit this Form by **June 30** of the year prior to relevant All-Payer QP Performance Period.

CMS will not review Forms submitted after the applicable Submission Deadline.

Different payment arrangements under the same payer or state must be submitted separately. Payers and states must submit the required information pertaining to each payment arrangement they wish to have reviewed.

Additional Information

CMS will review the payment arrangement information in this Form to determine whether the payment arrangement meets the Other Payer Advanced Alternative Payment Model (APM)

criteria. If a payer or state submits incomplete information and/or more information is required to make a determination, CMS will notify the payer or state and request the additional information that is needed. Payers and states must return the requested information no later than 10 business days from the notification date. If the payer or state does not submit sufficient information within this time period, CMS will not make a determination regarding the payment arrangement. As a result, the payment arrangement would not be considered an Other Payer Advanced APM for the year. These determinations are final and not subject to reconsideration.

Notification

CMS will notify the payer or state regarding determinations as soon as practicable after applicable Submission Deadline. CMS will also post a list of all the payment arrangements determined to be Other Payer Advanced APMs on a CMS website.

Instructions for Completing and Submitting this Form

All Forms must be completed and submitted electronically. Additional information for submission by payer type will be disseminated following publication of the CY 2018 Quality Payment Program Final Rule. Note that, if the submission mechanism for a given payer type, such as the Health Plan Management System (HPMS), already collects the data points listed in a section of the Submission Form, CMS will make reasonable efforts to ensure that there is no need for the payer to duplicate the entry of such data.

This Form contains the following sections:

Section 1: Payer Identifying Information

Section 2: Payment Arrangement Information

Section 2.1: Title XIX (Medicaid)

Section 2.2: Medicare Health Plans

Section 2.3: Commercial or Private Payer in a CMS Multi-Payer Model

Section 3: Supporting Documentation

Section 4: Certification Statement

Payers will complete all four sections, but will only complete the subsection in Section 2 that applies to their payer type. For example, a Medicaid Managed Care Plan will complete Section 2.1, but not Sections 2.2 or 2.3.

All required supporting documentation must be uploaded as attachments in the Supporting Documentation section of the Form.

SECTION 1: Payer Identifying Information

Medicare Health Plans will complete this Form through the Health Plan Management System (HPMS). When available, Payer Identifying Information will pre-populate for payers that already have HPMS accounts.
