# Staff Child Report – Home Visitors Draft for OMB (Redacted)

This cross-walk version of the questionnaire includes items to be asked of home visitors working with pregnant women and families with children ages newborn to 36 months, flagged as appropriate for the relevant age forms:

- Version 0 (V0): Pregnant women
- Version 1 (V1): Newborn to 7 month
- Version 2 (V2): 8 months to 16 months
- Version 3 (V3): 17 months to 30 months
- Version 4 (V4): 31 months to 37 months

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB number for this information collection is 0970–0354 and the expiration date is XX/XX/XXXX.

## **ABOUT THIS SURVEY**

- The questions in this survey are about the Baby FACES [client/child's family] listed on the cover page of this form. This collection of information will be used to describe the characteristics of children and families served by Early Head Start, and the characteristics and features of programs and staff that serve them.
- Throughout this survey, we will be asking you to respond to questions about your interactions with this [client/child's parent]. [This can include the child's mother or a guardian who serves as the child's primary caregiver. When responding to these questions, please think about the parent who you interact with most often, unless otherwise noted.]
- The survey will take about 15 minutes to complete. The questions in this survey can be answered by marking an "X" in the box. For a few questions, you will be asked to write in a brief response.

- If you are unsure how to answer a question, please give the best answer you can rather than leaving it blank.
- Your participation in the study is voluntary. All information you provide will be kept private to the extent permitted by law. Neither your name nor the [child's or] family's name will be attached to any information you give us; and it will not be shared with others at your Early Head Start program.
- If you have any questions, please contact the Baby FACES team at Mathematica Policy Research at [TOLL-FREE NUMBER].

3  17-30 m	os], and 4 [31-37 mos]; same items for all age versions					
	SECTION A. BACKGROUND					
A1.	Are you currently the Early Head Start home visitor for the [client/child's family] listed on the cover page of this form?					
	ı ☐ Yes					
	_ ₀ □ No					
	A1a. For how many months have you been providing home visit services to this [client/family]?     MONTHS → [V0: D6 / V1: GO TO D1 / V2: GO TO A5 / V3-V4: GO TO B1]					
AŽ.	What is the main reason you are no longer this [client's/family's] home visitor?  MARK ONE ONLY  [Client/Family] transferred to another home visitor in the same [program/center]  Child moved from home- to center-based care in this program [N/A for version 0]  Child moved to another center in this program [N/A for version 0]					
	4 ☐ [Client/Family] left this Early Head Start program GO TO A4					
A3.	What is the name of this [client's/child's] current Early Head Start home visitor [or teacher]?					
	Name:					
A4.	Please record the last date you had this [client/family] on your caseload.					
	_  /    /					
	Please return this form to the					
	FOR VERSION OF INSTRUMENT FOR HV'S OF CHILDREN 8-16 MONTHS OLD. FOR THIS AGE FORM, HV'S ILDREN 8 TO 11 MONTHS WILL BE ROUTED OUT OF THE BITSEA.					

Is this child 12 months of age or older? A5.

- ₁ ☐ Yes
- $_{\circ}$   $\square$  No  $\longrightarrow$  GO TO C1 (PAGE XX)

#### SECTION B. SOCIAL SKILLS

B1. The first set of questions contains statements about 1- to 3-year-old children. Many statements describe normal feelings and behaviors, but some describe things that can be problems. Some may seem too young or too old for this child. Please do your best to answer every question.

For each statement, please mark the answer that best describes this child in the past month.

Items B1a to B1hh are protected under copyright and have been redacted from this instrument.

Source: Briggs-Gowan, M.J., and A.S. Carter. The Brief Infant–Toddler Social and Emotional Assessment (BITSEA). San Antonio, TX: Harcourt Assessment, 2006.

B2.	The following questions are about feelings and behaviors that can be problems for young children Some of the questions may be a bit hard to understand, especially if you have not seen them in child. Please do your best to answer them anyway.
	For each statement, please mark the answer that best describes this child in the past month.

SING THE RELEVANT AGE FORM: THESE AGE-BASED VOCABULARY

LISTS INCLUDE APPROXIMATELY 100 WORDS EACH AND ARE APPENDED AT THE END OF THIS DOCUMENT.

# SECTION C. LANGUAGE AND COMMUNICATION

C1. The following is a list of typical words in young children's vocabularies. We are interested specifically in the words this child understands or say in <a href="English">English</a>.

For words this child does not yet understand, mark the first column (does not understand). For words he/she understands but does not yet say, mark the second column (understands). For words he/she understands and also says, mark the third column (understands and says). If this child uses a different pronunciation of a word (for example, "raffe" for "giraffe" or "sketti" for "spaghetti") mark the word anyway. For each item, mark only one response.

Remember, this is a "catalogue" of words that are used by many different children. Don't worry if this child knows only a few right now.

These items are protected under copyright and have been redacted from this instrument. Source: MacArthur-Bates Communicative Development Inventories.

Source: MacArthur-Bates Communicative Development Inventories, Infant Long Form, First Communicative Gestures (12 items) (PROPRIETARY) Included in versions: 2 [8-16 mos] C2.1. When infants are first learning to communicate, they often use gestures to make their wishes known. For each item below, mark the response that describes this child's actions right now. Items C2.1a to C2.1I are protected under copyright and have been redacted from this instrument. Source: MacArthur-Bates Communicative Development Inventories. Source: MacArthur-Bates Communicative Development Inventories, Toddler Short Form and CDI-III, Combining words (PROPRIETARY) Included in versions: 3 [17-30 mos] and 4 [31-37 mos] C2.2. This item is protected under copyright and has been redacted from this instrument. Source: MacArthur-Bates Communicative Development Inventories

Source: MacArthur-Bates Communicative Development Inventories, Sentences, CDI-III (PROPRIETARY) Included in versions: 4 [31-37 mos] C2.3. For each pair of sentences below, mark the one that sounds most like the way this child talks at the moment. If this child is saying sentences even more complicated than the two provided, mark the second one. Items C2.3a to C2.3I are protected under copyright and have been redacted from this instrument. SECTION E	PARENI-	TOWE V	ISHOR	KFI 4	7 I IC)N2HIP

F1. Below are statements that describe ways a home visitor might think or feel about the [client/parent] with whom she/he is working. For each statement, please check the box that describes how often you think or feel that way. For example, if the statement describes the way you always think or feel, mark "always." Work fast, your first thoughts are the ones we would like to see. Please don't forget to respond to every item.

#### SECTION G. PARENT ENGAGEMENT

G1.	<ol> <li>In which, if any, of the following ways has this family participated in Early Head Start <u>since</u> <u>September</u>? If both parents are involved, please answer the questions concerning both parents.</li> </ol>							
		MARK ONE	PER ROW					
		Has this parent/fa	mily participated?					
ITE	MS B AND C NOT IN THIS VERSION	NO	YES					
a.	As members of a parent council or other governing bodies?	o 🗆	1 □					
d.	By helping at special events or activities?	о 🗆	1 🗆					
e.	By attending special events or activities, such as a children's performance, or a holiday party?	o 🗆	1□					
f.	By attending parent workshops?	o 🗆	1 🗆					
	[client/parent] has been in the program <u>since September</u> .  a. Thinking first about appointments, would you say							
	$_1\square$ [Client/Parent] kept most appointments scheduled since Se	ptember						
	[Client/Parent] kept some appointments, but cancelled others							
	<sup>3</sup> [Client/Parent] missed or cancelled most appointments							
	[Client/Parent] had no scheduled appointments since September							
IT	ITEM B NOT IN THIS VERSION							
c. Now thinking about this [client's/parent's] participation in activities offered by the program, would you say								
	$_1\square$ [Client/Parent] participated in many activities offered by the	program since So	eptember					
	[Client/Parent] participated in some activities, but passed on many others							

- d. Which best describes this [client's/parent's] attitude and receptivity to the program? Would you say...
  - [Client/Parent seemed very engaged, asked questions, was willing to try new things

[Client/Parent] participated in only a few activities offered by the program

[Client/Parent] did not participate in any activities since September

- [Client/Parent was somewhat engaged, asked a few questions, was hesitant to try a few new things
- [Client/Parent was not engaged, didn't ask many questions, little interest in new things
- e. How would you describe the family's participation in group socialization activities? Would you say...
  - They have attended all or nearly all the offered group socialization activities since September
  - They have attended some of the group socialization activities

They have attended at least one group socialization activity  They have not attended any group socialization activities since September	
G3. Please indicate today's date:	
/    _   _   _   _   _   _   _	
Please return this questionnaire to the Mathematica staff person when he/she visits your center.	
Thank you for your participation in Baby FACES!
