

## Appendix C: Student Interview

### MTSS-B SITE VISIT INTERVIEW PROTOCOLS

Data collectors are to select at least 2 students from each grade level (i.e. K-5) for a minimum of 12 students. Please attempt to select students from various race/ethnic backgrounds and gender represented at the school.

Hi, my name is \_\_\_\_\_ and I work for a research group. We are here to learn more about your school. Can I ask you a few questions about your school? You don't have to answer these questions, but we hope you will.

#### Questions

1. What are the school rules? **(Record the number of rules known. If the child has not attended the school for at least 1 month do not include the data in the scoring nor in the number of interviews required.)**
2. Have you received a (name of the **school-wide** reward)? When was the last time...? (within the last 2 months) Both answers must be a yes to earn a Yes score.
