Overview

This appendix provides a facsimile of the High School Longitudinal Study of 2009 (HSL:09) student records instrument. As part of NCEs' initiative to align the data elements requested from institutions across studies (thereby reducing burden on participating institutions), the HSL:09 student records instrument has been designed to be consistent with other upcoming student records instruments – specifically, NPSAS:16 and BPS student records collections.

A preliminary student records instrument was approved for HSL:09 (OMB #0850-0582 v.18) and for use in BPS qualitative evaluation interviews (OMB #1850-0803 v.152). These interviews took place in June and July of 2016 and were intended to assess the usability of the student records instrument when adapted for a multiyear collection, identify any challenges presented by collecting data elements across several academic years, and identify strategies for reducing burden on participating institutions. The BPS qualitative evaluation instrument was consistent with the student records instrument approved for HSL:09, and the results of the evaluation interviews were used to improve the instruments for both studies.

The facsimile presented in this appendix represents updates made based on the results of the qualitative evaluation, and is consistent with the student records instrument submitted as part of the BPS:12/17 full-scale package (OMB #1850-0631 v.10). Table 1 provides a summary of the changes to the content of the instrument when compared to the instrument originally cleared for HSL:09. The table includes color coding to indicate whether items have remained the same (black), were revised (purple), removed (red), or added (green). Changes from the previously approved instrument are intended to reduce respondent burden and improve data quality. The instrument was also revised to include data elements for the 2011-2012; these items are exact duplicates of the parallel items from academic years 2012-2013 through 2016-2017. This academic year was added for two reasons: first, to make the HSL:09 and BPS instruments completely consistent; second, to reduce potential confusion for institutions that are participating in HSL:09 and BPS student record collections simultaneously; and third, to allow for the collection of postsecondary data for those HSL:09 study members that began their postsecondary careers earlier than most other students in their cohort.

PRA statement

The following PRA statement will be included on the data collection website:

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control numbers for the voluntary information collections using this website are listed below. The time required to complete the information collections is estimated to average the number of minutes or hours listed below per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection.

If you have any comments concerning the accuracy of the time estimate, suggestions for improving the collections, or any comments or concerns regarding the status of your individual submission of these data, please write to: Postsecondary Data Portal studies, National Center for Education Statistics, PCP, 550 12th St., SW, 4th floor, Washington, DC 20202.

Help Text

Provide term names and dates for each term within the academic years requested. For details about which terms should be included, review Step 4 below.

Report enrollment status for each calendar month within the academic year. Recommended for institutions that enroll continuously throughout the academic year, or for institutions with more than 12 terms in the academic year.

Subsection Name **Terms (REVISED)**

Wording Please provide your institution’s terms for each of the academic years listed below. Later, you will be asked to indicate each sampled student’s enrollment status (e.g. full-time, half-time) during each of the terms you provide.

Enter the name, start date, and end date of each of the terms/enrollment periods occurring at [institution name] between July 1 and June 30 in each academic year.

Please include:

- Summer sessions.
- Short sessions longer than two weeks in duration.
- Terms for special types of students (e.g. medical students).

NOTE: Terms may start prior to June 1 or end after June 30, but some portion of the term must occur between July 1 and June 30.

Note that summer sessions should be included if any portion of the term falls within the period of July 1 through June 30. For additional help on how to report summer sessions, click [here].

Help Text For example, an institution with the following term schedule should report four terms for the 2015-2016 academic year: Summer II 2015, Fall 2015, Spring 2016, and Summer I 2016.

Term Name	Start Date	End Date
Summer I 2015	May 18, 2015	June 19, 2015
Summer II 2015	July 13, 2015	August 14, 2015
